1. Amendment of subsection (b) filed 11-13-80 as an emergency; effective upon filing (Register 80, No. 46). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 3-13-81.
2. Certificate of Compliance transmitted to OAL 3-13-81 and filed 4-14-81 (Register 81, No. 16).

§ 7872. Site Selection.

Proposed development sites must be certified by the Agency as meeting the following criteria:

(a) The site and neighborhood must be suitable for the type of housing proposed.

(b) The site must be free from severe adverse environmental or social conditions, or such conditions must be mitigated when the housing is completed.

(c) The housing must be accessible to employment and to appropriate social, recreational, educational, commercial and health services that are typically found in market-rate residential neighborhoods.

(d) The project must not be built on a site that has occupied residential structures or has had such structures within the six months prior to application to the applicant.

(e) The project may not be built in an area identified as having special flood hazards unless the project is covered by flood insurance.

NOTE: Authority cited: Section 50737, Health and Safety Code. Reference: Sections 50737, 50737.5, Health and Safety Code.

§ 7874. Development Standards and Costs.

(a) All rental housing developments shall conform to all State and local building codes, zoning ordinances, and general plan requirements.

(b) A project must not separate, segregate or otherwise physically distinguish assisted units from non-assisted units.

(c) Amenities in the development generally must be limited to those which are generally provided in unassisted housing of modest design in the area. All amenities will be subject to strict scrutiny. The use of energy-efficient construction techniques or materials, or more durable, high quality materials, to control or reduce maintenance, repair, or replacement costs will not be considered an excess amenity.

(d) The standards of this section shall be utilized by the Agency in applying priorities pursuant to Section 7876.

NOTE: Authority cited: Section 50737, Health and Safety Code. Reference: Section 50737, Health and Safety Code.

§ 7876. Interagency Operating Agreement.

The Department and the Agency shall enter into an Interagency Operating Agreement which shall specify their respective obligations. The Interagency Operating Agreement shall include, but not be limited to, the following items:

(a) The Department shall establish an allocation plan which shall provide the Department with a mechanism for balancing the Program's requirements while providing flexibility to the Agency to seek to balance its overall production in order to meet its statutory requirements. The plan, prepared at regular intervals by the Department, shall establish allocations for the number, type, geographic distribution and other relevant criteria of assisted units to be submitted to the Department for approval within a specified period.

(b) In accordance with the allocation plan, the Agency shall, on a project-by-project basis, select projects after considering the program priorities and their consistency with other Program requirements and objectives.

(c) The Department and Agency shall specify the means by which the Department may enforce the breach of any Agreement between the Agency and a Sponsor.

(d) The Agency and Department shall agree to a method of resolving any differences of opinion as to the requirements, objectives, or intent of the Program.

(e) The Department shall agree to set aside forty percent (40%) of the moneys in the fund as of July 1, 1980, to assist rental housing developments financed by or through the Agency. Such funds shall be approved for expenditure by application approval within two (2) years after promulgation of the initial allocation plan; funds remaining at that time shall become available to local finance entities, housing authorities, or the Agency on an equal basis.

(f) Prior to any disbursement of funds to the Agency, the Agency and Department shall enter into a state contract for each development in accordance with Section 7882. The state contract shall be recorded or referenced in the office of the county recorder as set forth in Section 7882 (e).

(g) At the time of Department approval of an application, the Department shall transfer to the Agency a sum equivalent to 120% of the amount of assistance approved for a specific development, or such lesser amount as requested by the Agency. Within one year thereafter unless an extension is granted by the Department, the agency shall fund the loan for the development; if the loan is not funded within the approved term, the sum and all interest collected thereon shall be transferred to the Department.

(h) Upon receipt of the funds from the Department, the Agency shall establish an appropriate project account and, pending disbursements by the Agency, shall invest the funds in an interest-bearing account or security. Funds from the account shall not be disbursed for the development except as permitted by this subchapter, the Interagency Agreement, and the state contract.

(i) The Agency may apply to the Department for funds not to exceed an amount proportionate to its set-aside from the feasibility account and the management reserve account pursuant to the procedure set forth in Section 7878 except that the application shall contain only that information reasonably required by the Department and relevant to the specific application.

(j) The Agency and Department shall agree that any excess funds returned to or retained by the Agency shall be promptly returned to the Department for deposit in the Agency set-aside.

HISTORY

1. Amendment filed 11-13-80 as an emergency; effective upon filing (Register 80, No. 46). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 3-13-81.
2. Certificate of Compliance transmitted to OAL 3-13-81 and filed 4-14-81 (Register 81, No. 16).

§ 7878. Application Procedure.

(a) Subject to the Program and the allocation plan, after the Agency has approved a site for a proposed project, it may apply to the Department requesting authority to set-aside moneys to assist the project.

(b) The application shall consist of:

(1) a description of the proposed project including the number and size of assisted units,

(2) a description of the amount and form of assistance requested and an assurance that the assisted units will be made affordable.

(3) a certification that the sponsor is capable of meeting all other responsibilities necessary to develop, construct, market, and manage the project in a manner consistent with the goals and requirements of the Program,

(4) a description of special construction techniques and energy efficiency characteristics, if any,

(5) certifications that the proposed project will be consistent with local planning requirements,

(6) certification that the project will be economically feasible,

(7) a certification that the project complies with the appropriate allocation plan, and

(8) an explanation of the extent to which the proposed project qualifies under the priorities of the Program.

(c) Upon submission of the application to the Department, the Department shall review the application and accept as correct any statement in the application unless the Department has substantial reason to question the completeness of the application or the correctness or completeness of any element in the application. When the Department so questions, it shall promptly notify the Agency, and the Agency may provide additional documentation to the application or in support of any element thereof. When the Agency provides such documentation, the Department will act in accordance with the Agency's judgment or evaluation and may not deny the application unless the Department determines that the application or any element thereof is not complete or is clearly not supported by the facts. If the Agency does not provide additional documentation, the Department shall take its action based upon the information and certifications already provided. In addition to the review set forth in this subdivision, the Department shall determine whether the proposed development complies with the local housing element or extension thereof; such a determination shall be required for approval.

(d) The agency shall submit each application according to a schedule established by the Department. Within 35 days after each such submission, the Director shall notify the Agency and Committee in writing that the application is:

(1) approved,

(2) approved only if specified deficiencies are corrected and the Department receives amendments to the application necessary to correct the deficiencies within a specified time, or

(3) not approved with a statement of the reasons for disapproval. The Director's decision shall be valid unless within 45 days or at the next Committee meeting at which the matter can be properly included in the agenda whichever occurs first, the Committee reviews and recommends denial of any decision on an application by the Director, excluding appeals. Such a recommendation shall be deemed to be a denial of the application.

(e) If the Agency is dissatisfied with the denial of its application, the reduction of the amount applied for, actions pursuant to Section 7871, or any conditions attached to the approval of its application, it may, within thirty days of the date of the decision, appeal in writing to the Director of the Department, stating and fully supporting the grounds of its appeal.

(f) If the Agency appeals to the Director pursuant to subdivision (e) the Director shall:

(1) within twenty (20) days of the date of documented receipt of the appeal hold an open hearing at which the Agency, sponsor, program staff and any interested person may make oral or written submission as to the action the department should take with respect to the application, and

(2) within thirty (30) days of the date of documented receipt of the appeal notify in writing the Agency of the Director's determination of the appeal. The Director's determination of the appeal shall be final.

HISTORY

1. Amendment of subsection (d) filed 11–13–80 as an emergency; effective upon filing (Register 80, No. 46). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 3–13–81.
2. Certificate of Compliance transmitted to OAL 3–13–81 and filed 4–14–81 (Register 81, No. 16).

§ 7880. Financing.

(a) Projects assisted pursuant to the Interagency Operating Agreement shall utilize below market interest rate financing consistent with the objectives of the Program and acceptable to the Department. Such financing shall be on terms and conditions set forth or approved by the Agency and may be for construction loans and/or permanent mortgage loans.

(b) With respect to each project assisted pursuant to this Article, the Agency shall employ such methods, techniques, investigations, tests, analyses, studies and evaluations which in the Agency's judgment, are necessary to assure that the projects proposed for assistance meet the objectives and requirements of the Program, and are substantially consistent with the approved application.

(c) The Agency shall establish such accounts as it deems necessary to comply with the requirements of the Program.

HISTORY

1. Amendment of subsection (a) filed 11–13–80 as an emergency; effective upon filing (Register 80, No. 46). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 3–13–81.
2. Certificate of Compliance transmitted to OAL 3–13–81 and filed 4–14–81 (Register 81, No. 16).

§ 7882. Contracts and Agreements.

All developments financed by the Agency shall be governed by contracts and agreements, including but not limited to:

(a) a state contract which shall contain, at a minimum, provisions which:

(1) describe how the assistance under the Program will be used to ensure that each assisted unit will remain available to or occupied by eligible households for a period of not less than thirty (30) years or the term of the below market interest financing, if any, whichever is greater,

(2) specify the amount, manner, terms, and timing of payments by the Department and the Agency under this contract and the Agency and sponsor under the regulatory agreement or assistance payments contract, as appropriate, so as to ensure the economic feasibility of the rental housing development and to protect the interests of the State,

(3) specify all terms and conditions of the application approval,

(4) specify the requirements for reporting in accordance with Section 7884,

(5) provide that the terms of such agreements, as they affect the assisted units shall be binding upon the successors in interest to the parties thereto,

(6) establish that the terms of repayment of excess funds and rental payments by the Agency to the Department, and

(7) establish the grounds upon which the Agency may reduce the number of assisted units in a rental housing development only if the assistance provided by the Department or Agency cannot provide adequate assistance to maintain the development's fiscal integrity. Any such reduction shall be reviewed no less often than annually as to its continued necessity.

(b) a Management Agreement,

(c) an Assistance Payments Contract which shall set forth terms, conditions, and requirements governing the payment, receipt and use of assistance payment moneys,

(d) a Regulatory Agreement which shall contain, at a minimum, provisions which:

(1) restrict availability and occupancy of assisted units to eligible households, at affordable rents,

(2) specify the number of units and assisted units in the rental housing development and the projected rents for those units, and the manner and conditions under which the ratio of assisted to non–assisted units may be changed,

(3) specify procedures for setting rents and calculating utility allowances consistent with this subchapter,

(4) require payment of prevailing wage rates and hiring of apprentices with respect to construction of the project,

(5) provide for return on investment pursuant to Section 7890,

(6) keep the regulatory agreement in effect so long as Agency financing for the housing development remains outstanding, or thirty (30) years, whichever is greater, and to adequately secure such an agreement,

(7) require that the sponsor agree to abide by the directive of the Agency regarding assistance payments where the project, in the Agency's judgment, can operate consistent with the Program with less or no assistance,

(8) require regular reports as required by the Agency,

(9) specify tenant selection and occupancy standards in accordance with the Program,

(10) specify the terms of occupancy agreements,

(11) require that copies of appropriate documents be available in the language(s) commonly used by residents of the area, and

(12) incorporate additional reasonable requirements of the Department or the Agency.

(e) The Department, after Committee approval, may require such additional contracts and agreements between the Department and Agency or the Agency and sponsors as it deems necessary to meet the purposes of the Program or the requirements of the Code.

(f) All agreements and contracts, other than the Interagency Operating Agreement, or one document referencing all other documents, shall be recorded in the office of the county recorder in the county in which the rental housing development to which they relate is located. When so recorded, they shall constitute a lien on the rental housing development in accordance with this subchapter for the performance of conditions, including the payment of any money, as specified herein. Recorded agreements shall be indexed in the grantor index to the name of the sponsor and in the grantee index to the State of California.

(g) Any amendment to any agreement or contract which has a material effect on the interests of the Department, must be approved in advance, by the Department. Any amendment to any document approved by the Department pursuant to this subchapter shall be reported at the time reports pursuant to Section 7884 are made.

(h) Prior to their use, any agreement, contract, or other document which effects the interest of the Department, must be approved in form and substance, by the Department. This requirement does not apply to approval of each individual document before execution or use, but only to general review, unless substantive changes or additions are made tot he contract at or before the time of execution. Copies of all loan closing documents shall be provided to the Department.

HISTORY

1. Amendment of subsection (f) filed 11-13-80 as an emergency; effective upon filing (Register 80, No. 46). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 3-13-81.
2. Certificate of Compliance transmitted to OAL 3-13-81 and filed 4-14-81 (Register 81, No. 16).

§ 7884. Reporting.

(a) The regulatory agreement between the sponsor and the Agency shall contain a requirement that the sponsor report to the Agency at least annually.

(b) The Interagency Operating Agreement shall contain a requirement that the Agency report annually to the Department in a form approved by the Department. Each report shall deal separately with each rental housing development for which the Agency is responsible and shall be submitted to the Department no later than October 31 in each year. The report shall contain such information as the Department may reasonably require, including but not limited to:

(1) the fiscal condition of the rental housing development, including an audited financial statement indicating surpluses or deficits in operating accounts and the amounts of any fiscal reserves,

(2) the substantial defects in physical condition of the rental housing development including a description of any major repair or maintenance work undertaken in the reporting year,

(3) the occupancy of the rental housing development indicating:

(A) the number and sizes of assisted units available to or occupied by eligible households,

(B) the distribution of incomes of eligible households,

(C) the ethnic groups to which the eligible households belong, and

(D) the number of eligible very low income and other lower income households on waiting lists for the assisted units,

(4) general management performance including tenant relations and other relevant information.

2. Certificate of Compliance transmitted to OAL 3-13-81 and filed 4-14-81 (Register 81, No. 16).

§ 7888. Rent Adjustment Procedures.

(a) With respect to the assisted units, tenant's incomes shall be recertified once each year for households in family projects and at least once every two years for households in elderly projects.

(b) If, upon recertification, there have been changes in the household income, the household's rent shall be re-established in accordance with Section 7806, or established at market rent, whichever is indicated.

(c) Base rents may be adjusted at any time following adjustment of cost of living increases pursuant to Section 11453 of the Welfare and Institutions Code and publication of new area median incomes by the Department, and utility cost adjustments shall be made pursuant to Section 7806. A 30-day notice of utility allowance or base rent change shall be given to the tenant prior to the effective date of such an increase or decrease.

(d) Following completion of recertification of tenant income, a 30-day notice to the tenant of rent increase or decrease must be given prior to the effective date of such an adjustment.

(e) Prior to any change in rent, the sponsor shall notify each tenant, in writing, of informal meetings with the sponsor to discuss the rent changes.

(f) Where rents in assisted units are established and charged pursuant to Section 7806(g), then rents shall be adjusted in accordance with the rules and regulations governing the Federal Section 8 program.

3. New subsection (f) filed 10-25-82; effective upon filing pursuant to Government Code Section 11346.2(d) (Register 82, No. 44).

§ 7890. Return on Investment.

(a) A sponsor which is not a nonprofit corporation or a governmental agency shall be entitled to distribute earnings in an annual amount not to exceed six percent (6%) of the sponsor's actual investment in a rental housing development, excluding unaccrued liabilities of the sponsor.

(b) Notwithstanding subdivision (a), the Committee may authorize the distribution of earnings of an amount greater than six percent (6%) but not to exceed ten percent (10%) on a family rental housing development if, at the request of the Agency, it determines:

(1) that without the allowance of such greater rate of return the agency would not be able to comply with the requirements of this subchapter, and

(2) that such greater rate of return is reasonable taking into account of the circumstances of the rental housing development.

(c) By a time to be determined by the Agency, the Agency shall report to the Department as to the amount of the sponsor's investment on which

the allowable return will calculated. Such amount shall include the sponsor's actual investment in the rental housing development, other than any unaccrued liabilities of the sponsor.

2. Certificate of Compliance transmitted to OAL 3–13–81 and filed 4–14–81 (Register 81, No. 16).

§ 7892. Transfer, Foreclosure, Breach, or Termination of Assistance.

(a) If the sponsor intends to sell or convey the rental housing development, express, prior written approval of the Agency is required and may be given provided that the following terms shall be incorporated:

(1) The successor in interest to the grantor agrees to assume the obligations of the grantor relating to the Program specified in the regulatory agreement.

(2) The successor in interest is an eligible sponsor and demonstrates that it can successfully own and operate the rental housing development.

(b) The Agency, at its discretion, may demand repayment of the grant or a lesser amount equivalent to the value of prior use of the premises or seek enforcement by proceedings at law and/or in equity, at the option of the Agency, against any person or persons or entity violating or attempting to violate any covenant or condition of the regulatory agreement.

(c) Prior to taking any action under subdivision (b) or (c), the Agency shall:

(1) provide the sponsor with 30 days written notice of the breach or default, and seek and encourage correction or compliance,

(2) provide the Department 24 hours notice of the breach and the intention to foreclose, default, or litigate, and

(3) consult with the Department regarding action intended.

Subchapter 11. Homeownership Assistance Program

Article 1. General

§ 7900. Scope and Authority.

(a) These regulations implement and interpret the Homeownership Assistance Program, Sections 50775 through 50779, inclusive, of the Health and Safety Code. They establish procedures for the allocation of financial assistance to eligible households to enable them to acquire ownership of housing which they would otherwise be unable to purchase. They also delegate authority from the Director of the Department of Housing and Community Development to a committee established pursuant to Title 25, California Administrative Code, Section 6902 (d) for the review and recommendation of financial assistance under the Program.

(b) The program is divided into four main components which delineate the different situations in which purchases will be assisted for eligible households. The four main components consist of:

(1) assistance to eligible households to purchase rental housing (including spaces in mobilehome parks) being converted to condominium or cooperative ownership;

(2) assistance to eligible households to purchase mobilehomes on permanent foundations and not located within mobilehome parks;

(3) assistance to nonprofit and stock cooperative corporations to purchase or develop mobilehome parks; and

(4) assistance to eligible households to purchase shares in a cooperative corporation which owns a mobilehome park.

Article 2. Program Requirements

§ 7904. Eligible Use of Funds.

The Department shall provide financial assistance from the Fund, either directly or through a mortgage lender, to enable eligible recipients to purchase or develop property as provided in this section.

(a) Financial assistance may be used for the following purposes:

(1) to enable an eligible household, which has occupied for at least 120 days prior to the date of submission of an application under Section 7916 a rental unit being converted, to purchase the unit it has occupied or another rental unit in the same rental housing development being converted, provided that such other rental unit is not being purchased by its occupant(s), or to purchase a share in a cooperative corporation which entitles the holder to occupy a converted rental unit;

(2) to enable an eligible household to purchase a mobilehome affixed to a permanent foundation, not located or to be located in a mobilehome park;

(3) to enable, on an interim basis, a nonprofit corporation to develop or purchase a mobilehome park where, within a reasonable time thereafter, ownership of the mobilehome park will have been transferred to it occupants, either as individual owners or a shareholders in a cooperative corporation which owns the mobilehome park or;

(4) to enable an eligible household to purchase a share in a cooperative corporation which entitles the holder to reside in a mobilehome park.

(b) In no event shall financial assistance provided under the Program exceed forty– nine (49) percent of the purchase price of the property. The remaining fifty–one (51) percent of the purchase price shall consist of a loan secured by the recipient through a mortgage lender certified under the Program and any required downpayment. With regard to the purchase or development of a mobilehome park, financial assistance shall not exceed forty–nine (49) percent of the purchase price or development costs which can be attributed to the number or ratio of eligible households who will occupy the park.

(c) Where State financial assistance will be used in conjunction with a Federal housing assistance program and a conflict exist between State and Federal program requirements, the requirements of the State Homeownership Assistance Program regulations may be waived only to the extent necessary to permit Federal participation, provided that such a waiver does not conflict with any State legal requirements.

(d) The Department may require that a specified percentage of the total units in a proposed development be pre–sold without state financial assistance at prices at least equal to the prices of units to be purchased with state financial assistance.

(e) Not less than fifty (50) percent of the monies in the Fund shall be used to assist lower income households as defined in Title 25, California Administrative Code, Section 6928.

(f) Not less than twenty (20) percent of the dwelling units assisted under this Program shall be located in rural areas.

HISTORY

1. Amendment filed 11–13–80 as an emergency; effective upon filing (Register 80, No. 46). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 3–13–81.
2. Certificate of Compliance including amendment transmitted to OAL 3–13–81 and file 4–14–81 (Register 81, No.16).
3. Amendment filed 6–11–81 as an emergency; effective upon filing (Register 81, No. 25).
4. Order of Repeal of 6–11–81 emergency order filed 6–19–81 by OAL pursuant to Government Code Section 11349.6 (Register 81, No. 25).

§ 7906. Eligible Applicants.

Governmental agencies may apply to the Department for a funding commitment under the Program on behalf of eligible households and nonprofit or stock cooperative corporations. To be eligible for a funding commitment under the Program, a governmental agency must meet the following criteria:

(a) It must be certified by the Department as an eligible participant in accordance with Section 7910.

(b) The city and/or county having jurisdiction over the area in which assistance is proposed to be provided, must:

(1) have an adopted housing element which is in conformance with Section 65302 (c) of the Government Code; or

(2) been granted an extension to prepare a Housing Element by the Office of Planning and Research pursuant to Government Code Section 65302.6 prior to approval of the application; or

(3) the Department must make a finding that there exists in the region a severe housing shortage for low and moderate income households, and notwithstanding the locality's failure to comply with state housing element requirements, there exists such an overriding need for the proposed housing assistance that state funding is justified.

Where the housing development for which assistance is proposed is a subdivision under the State Subdivision Map Act, the requirements of this Act, including Government Code Section 66473.5, shall be met.

(c) Unless the governmental agency is an exempt governing body of an Indian reservation or rancheria, the governmental agency must agree to implement a program of assistance to eligible recipients in accordance with Section 7912 which serves to implement the local housing element and Housing Assistance Plan. With respect to assistance programs involving converted rental units, such programs must in addition be part of a comprehensive approach by such agency to the problem of rental unit conversion in the agency's jurisdiction.

(d) It must agree to execute a contract with the Department as provided in Section 7914.

5. Amendment of subsection (c) filed 4–30–82; effective thirtieth day thereafter (Register 82, No. 18).

§ 7908. Need for Assistance.

A household shall not be eligible under the Program unless it has been determined that such household will be unable to acquire the property without financial assistance from the Fund.

(a) A household shall be determined to be unable to acquire property without financial assistance under the Program if:

(1) the monthly housing cost associated with the property to be purchased would exceed thirty–five (35) percent of the household's income; and

(2) the household's assets do not exceed the total of the following:

(A) the amount necessary to pay the estimated closing cost and downpayment for the property to be purchased;

(B) the amount necessary to pay six (6) months of the monthly housing costs associated with the unit to be purchased; and

(C) five thousand dollars (5,000).

(b) For the purposes of the Program, "assets" means the value of a household's savings and any equity in stocks, bonds, real property, or other forms of capital investment. "Assets" does not include items reasonably necessary for the personal use of the household, such as personal effects, furniture, appliances, automobiles, real or personal property used in a business or undertaking which is a primary sources of livelihood for such household, and a mobilehome to be located on property for which financial assistance will be provided.

§ 7910. Certification of Program Participants.

(a) Before the Department enters into any contract with, or makes any payment to a governmental agency or a mortgage lender, the Department shall certify upon receipt of a proposal and application for assistance that such agency or lender is capable of fulfilling its responsibilities with respect to the Program and such contract or payment.

(b) In determining the capability of a governmental agency under this section, the Department shall consider whether such agency is:

(1) administratively responsible, as evidenced by the experience of such agency, or the administrative responsibility of staff or consultants employed or to be employed by such agency, in implementing housing rehabilitation, rental assistance, homeownership assistance or other related housing assistance programs; and

(2) capable of proceeding promptly to carry out a program of assistance in accordance with this subchapter.

(c) In determining the capability of a mortgage lender under this section, the Department shall consider:

(1) whether such lender is able to, and has undertaken to, originate, process, close and service loans for the purchase or development (if appropriate) of property; and

(2) whether such lender is:

(A) an approved seller and servicer of conventional loans for the Federal National Mortgage Association or the Federal Home Loan Mortgage Corporation,

(B) a mortgagee approved by the Federal Housing Administration or the United State Veterans Administration, or

(C) a lender approved by the California Housing Finance Agency.

(d) At the time a governmental agency applies to the Department for financial assistance under the Program for the benefit of a stock cooperative or nonprofit corporation, the Department shall certify that the corporation has the administrative and financial capability to develop, own or lease, and manage (when applicable) a mobilehome park in accordance with this subchapter. In making its certification the Department shall consider the following:

(1) the experience of the cooperative or nonprofit corporation, or staff or consultants employed or to be employed by such a cooperative or nonprofit corporation, in the design, construction or development, and management (when applicable) of publicly- assisted or non-assisted mobilehome park developments, or rental or cooperatively-owned housing developments; and

(2) whether the cooperative or nonprofit corporation possesses sufficient funds, liquid assets or the ability to borrow, to provide adequately for the predevelopment costs of the proposed mobilehome park and for unforeseen or contingent expenses.

§ 7912. Program of Assistance.

A program of assistance to eligible recipients shall be implemented by participating governmental agencies.

(a) The program of assistance to eligible households shall contain the following elements applicable to the type of assistance being provided:

(1) where assistance is provided pursuant to Section 7904 (a) (1), notification to tenants in the rental housing development being converted that financial assistance under this program is available, regardless of race, sex, marital status, color, religion, national origin or ancestry;

(2) where assistance is provided pursuant to Section 7904 (a) (2) and (4), notification to eligible households as provided under Section 7934 that financial assistance under this Program is available, regardless of race, sex, marital status, color religion, national origin or ancestry;

(3) provision of counseling and training to prospective purchasers regarding their rights and responsibilities as homeowners including budgeting for mortgage payments and related housing costs;

(4) notification to eligible households of the names and locations of mortgage lenders certified to make loans in conjunction with the state under the Programs;

(5) assistance to eligible households in making applications for loans.

(b) The program of assistance to stock cooperatives or nonprofit corporations purchasing or developing mobilehome parks shall contain the following elements:

(1) development and implementation of an affirmative marketing plan in accordance with Section 7934 and approved by the Department for occupancy of the mobilehome park by eligible households;

(2) ensure compliance with relevant state and federal laws including CEQA; and

(3) where the city and/or county having jurisdiction over the area in which the mobilehome park is to be developed or purchased has assumed responsibility for enforcement of the Mobilehome Parks Act in accordance with Section 18300 of the Code, assurances that the city and/or county will:

(A) review, approve and submit to the Department for review and approval, all preliminary plans submitted by stock cooperative or nonprofit corporation in its application for a permit to construct, ensuring compliance with the Mobilehome parks Act, Title 25, California Administrative Code, Sections 1000 *et seq.*, and all relevant local planning, health, utility and fire requirements; and

(B) issue all appropriate permits required by the Mobilehome Parks Act after receipt of Department approval as provided in the preceding subdivision.

(c) The program of assistance shall include such other activities deemed necessary by the Department to ensure that the objectives and requirements of the Program are fulfilled.

2. Certificate of Compliance transmitted to OAL 3-13-81 and filed 4-14-81 (Register 81, No. 16).
3. Amendment filed 6-11-81 as an emergency; effective upon filing (Register 81, No. 25).
4. Order of repeal of 6-11-81 emergency order filed 6-19-81 by OAL pursuant to Government Code Section 11349.6 (Register 81, No. 25).
5. Amendment of subsections (a)(2) and (a)(4) filed 7-6-81 as an emergency; effective upon filing (Register 81, No. 28). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 11-3-81.
6. Certificate of Compliance as to 7-6-81 order transmitted to OAL 10-23-81 and filed 11-18-81 (Register 81, No. 47).
7. Amendment of subsection (a)(5) filed 4-30-82; effective thirtieth day thereafter (Register 82, No. 18).

§ 7914. Contracts and Agreements.

(a) All financial assistance provided by the Department shall be governed by contracts binding all recipients of such financial assistance as provided in this section. The Department may require such additional contracts, agreements, or amendments thereto, as it deems necessary to meet the purposes of the Program or requirements of the Code.

(b) Whenever the Department makes a funding commitment to a governmental agency applying for assistance on behalf of eligible recipients, the commitment of funds shall be governed by a state contract between the Department and the governmental agency. The state contract shall contain such terms and conditions as the Department considers necessary for the purposes of the Program and to meet the requirements of the Code, including but not limited to:

(1) a provision specifying the maximum amount of funds committed and the duration of the commitment by the Department to a governmental agency for the purpose of providing financial assistance to eligible recipients;

(2) a provision specifying the proposed sources, terms and conditions of public or private financing to be used in combination with funds from the Program;

(3) a description of the specific location of the housing development(s) in which the properties to be assisted are located;

(4) a provision specifying the minimum number of households to be assisted, including the minimum number of such households which are of lower income;

(5) a provision specifying that the maximum amount of assistance to be provided to eligible households or nonprofit corporations shall not exceed the amount provided in Section 7904(b);

(6) a description of the program of assistance to be provided by the governmental agency to eligible recipients which will receive financial assistance under the Program;

(7) a provision specifying the terms and conditions relating to breach of the state contract or this subchapter by the governmental agency; and

(8) a provision for periodic progress reports to the Department relating to implementation of the Program.

(c) Where financial assistance is provided to eligible households pursuant to Section 7904 (a) (1),(2) or (4), such assistance shall be provided either directly or indirectly by the Department in the form of a loan to such households. State loans shall be made in conjunction with loans made by a certified mortgage lender. During the term of its loan, the mortgage lender shall be repaid in monthly or periodic installments while repayment of the State's loan shall be deferred until the time of sale or transfer of the property or until repayment is required due to loss of eligibility. The purchaser shall execute a promissory note and deed of trust securing the State's loan. The form and content of the note and deed of trust utilized may vary provided that the State's loan is adequately secured and the following provisions are included:

(1) a description of the property being purchased;

(2) a provision requiring the purchaser to repay to the Department upon sale or transfer of the assisted property an amount of the sales proceeds of the assisted property proportionate to the percentage of the original purchase price contributed by the Department, incorporating any adjustments for improvements or partial repayments in accordance with Sections 7926 and 7928;

(3) a provision specifying that the assisted property shall not be sold for an amount substantially below its fair market value for the purpose of reducing the state's share in the sale proceeds;

(4) a provision for voluntary repayment to the Department of the total amount which would be owed to the Department if the property were sold at fair market value pursuant to Section 7930 at the time of such repayment;

(5) a provision allowing the purchaser to increase its equity in the assisted property by paying the Department less than the full amount owed to the state, as provided in Section 7928;

(6) provisions requiring the purchaser to:

(A) occupy the assisted property as its principal place of residence and not use such property as rental property during the term of the loan;

(B) pay all property and other taxes, fees and impounds levied with respect to the property;

(C) keep the property insured against fire;

(D) maintain the property in good condition; and

(E) comply with all terms and conditions of, and make all payments required by the promissory note and deed of trust;

(7) a provision requiring prior Department approval of any improvement to be made to the assisted property by the purchaser when a readjustment pursuant to Section 7926 will be sought;

(8) a provision prohibiting the purchaser from further encumbering the property with liens or deeds of trust without the express prior written approval of the Department;

(9) a provision requiring repayment or partial repayment to the Department if such repayment is determined to be necessary in accordance with Section 7936;

(10) a provision specifying that if the purchaser breaches any covenant or condition of the promissory note or deed of trust, a demand may be made for repayment of the full amount to the State would be entitled if the property were sold at fair market value and that, in the event of non-repayment, non-judicial foreclosure may be pursued;

(11) a provision specifying that if non-judicial foreclosure is pursued as a result of an alleged breach of the promissory note or deed of trust by the purchaser, the purchaser shall be notified of his/her right to dispute the alleged breach in a hearing before the Department as provided in Section 7938.

(d) Where financial assistance under the Program is provided to stock cooperatives or nonprofit corporations pursuant to Section 7904 (a) (3), the recipient shall execute a promissory note and deed of trust securing the State's loan. The form and content of the note and deed of trust utilized may vary provided that the State's loan is adequately secure, and the following provisions are contained in the note or deed of trust or in a contract prescribed by the State:

(1) the provisions required by subdivisions (c)(1) through (c)(11) inclusive of this section, except subdivisions (c)(2),(c)(6)(A), and (c)(9);

(2) a provision specifying that state funds shall not be released until a permanent financing commitment has been secured by the recipient corporation. In no event shall the period of interim financing exceed two (2) years where a park is to be developed or one (1) year where a park is to be purchased;

(3) a provision requiring that if during the period of interim financing the nonprofit or cooperative corporation intends to charge space rent to eligible households to be assisted under the Program, that such rent when added to other monthly housing costs not exceed thirty-five (35) percent of the eligible household's gross income or that such rent not exceed the space rent existing prior to the purchase of the mobilehome park with assistance under the Program, whichever is less;

(4) a provision requiring the recipient corporation to repay to the Department at the time permanent financing is secured, or upon sale or transfer of the property, whichever occurs first, an amount proportionate to the percentage of the development costs or purchase price provided by the

Department, incorporating any adjustments for improvements, in accordance with Section 7926;

(5) where a mobilehome park is to be developed, provisions which require, pursuant to state or federal law the use of affirmative action in hiring by all contractors and subcontractors involved in the construction of a mobilehome park, and that the park will be developed in accordance with the Mobilehome Parks Act, Title 25, California Administrative Code Section 1000 *et seq.*;

(6) a provision requiring that ownership of the park be transfered to a cooperative corporation with shareholders who will occupy the park or to individual owners who will occupy the park, at the termination of interim financing;

(7) a provision specifying the number of eligible households, including lower income households, which will occupy the mobilehome park for the purpose of determining the amount of assistance to be provided to the nonprofit or cooperative corporation;

(8) a provision requiring compliance by the cooperative or nonprofit corporation with an approved affirmative marketing plan as provided in Section 7934;

(9) a provision requiring the recipient corporation to pay reasonable actual moving expenses of households displaced as a result of the development of a mobilehome park using financial assistance under the Program. Only those displaced persons who occupied their dwelling at the time an application was submitted to the Department in accordance with Section 7916 shall be eligible for moving expense payments;

(e) Notwithstanding subdivisions (c) (2) and (d) (4) of this section, the promissory note and deed of trust may require that the Department not receive in repayment less than the amount of assistance originally provided.

(f) All promissory notes and deeds of trust shall be recorded in the office of the county recorder in which the assisted property is located.

(g) The Department shall enter into agreement(s) with the entity or entities that will originate and service State loans under the Program. The agreement(s) shall include but not limited to the following:

(1) a provision requiring Department approval prior to the close of escrow of each purchaser's loan application and other loan documents required by the Department;

(2) a provision requiring prior Department approval of the eligibility of improvements for reimbursement pursuant to Section 7926;

(3) a provision requiring prior Department approval before a recipient of funds may further encumber assisted property with liens or deeds of trust, other than those securing a loan under the Program;

(4) a provision requiring determination of the value of claimed improvements by a servicer of the state loans as provided in Section 7926;

(5) a provision requiring a loan servicer to make all necessary readjustments for improvements and partial repayments in accordance with Sections 7926 and 7928 and to maintain a record of any such readjustment and forward copies to the Department and the governmental agency;

(6) a provision requiring a loan servicer to periodically recertify the eligibility of the purchaser and to secure repayment on behalf of the Department as required by Section 7936;

(7) a provision requiring a loan servicer to notify the Department in writing in the event that it becomes aware of a default by a recipient in the performance of its obligations under this Section; and

(8) a provision requiring a loan servicer to secure repayment on behalf of the Department when assisted property is sold and to ensure that the assisted property is not sold for an amount substantially below its fair market value for the purpose of reducing the state's share in the sale proceeds.

(4) planning aspects of the mobilehome park, including conformity with the local General Plan, including the housing element, Housing As-

sistance Plan, local growth policy, appropriate zoning requirements, and access to public utilities.

(e) Application for financial assistance to develop a mobilehome park under Section 7904 (a) (3) shall consist of a pre–application and final application by the local governmental agency and shall be submitted to the Department in accordance with Department instructions.

(1) the pre–application shall include the information contained in subdivision (a) above and the following additional information:

(A) evidence of the administrative and financial capability of the non–profit or stock cooperative corporation pursuant to Section 7910 (d);

(B) identification and description of the mobilehome park proposed to be developed;

(C) a site map indicating the location of the proposed assisted and non–assisted spaces;

(D) preliminary drawings of the assisted and non–assisted spaces;

(E) information as to the financial aspects of the mobilehome park, including evidence of site control, the presence of any occupied structure on the site, a general breakdown of development costs, anticipated sources and terms of financing, projected operating expenses and projected utility costs;

(F) information as to the proposed construction of the mobilehome park development, including the general contractor's name and experience, method of construction and any special design features;

(G) information as to the marketability of spaces in the mobilehome park, including area housing needs and income levels, regional and local vacancy rates, projected occupancy of the mobilehome park and details of the plan for affirmative marketing;

(H) information as to the planning aspects of the mobilehome park, including anticipated or actual conformity with the local growth policy, and appropriate zoning requirements; and

(I) information as to access to utilities, services and employment.

(2) The final application for financial assistance shall include the following information:

(A) a construction timetable and incorporation of affirmative action requirements;

(B) a set of architectural drawings; and

(C) information as to the actual sources and terms of financing.

(f) Applicants for activities which are subject to CEQA, will act as Lead Agency and will prepare necessary environmental documents for the project. Applicants will provide the Department with assurances that the provisions of CEQA, where applicable, have been or will be complied with.

(g) Guidelines and instructions under this section shall require the applicant to provide such other information as the Department may consider necessary to meet the purposes of the Program of the requirements of the Code.

HISTORY

1. Amendment filed 11–13–80 as an emergency; effective upon filing (Register 80, No. 46). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 3–13–81.
2. Certificate of Compliance transmitted to OAL 3–13–81 and filed 4–14–81 (Register 81, No. 16).
3. Amendment of NOTE filed 4–30–82; effective thirtieth day thereafter (Register 82, No. 18).

§ 7918. Staff Review of Applications.

(a) Program staff shall review all applications by governmental agencies to determine the eligibility of such governmental agencies and the economic feasibility, desirability and appropriateness of the proposed uses for assistance.

(b) In conducting its review, program staff shall consider:

(1) the capability of the governmental agency, mortgage lender and the cooperative or nonprofit corporation, if any, to implement the requirements of the Program;

(2) local efforts to adopt and implement the housing element of the General Plan of the local jurisdiction for which the assistance program is proposed in accordance with Section 65302(c) of the government Code, if applicable, and the conformity of the application with such housing element;

(3) the governmental agency's program of assistance and comprehensive housing strategy;

(4) whether the proposed project will result in the displacement of low and moderate income households as defined in Section 6912 of Title 25, California Administrative Code;

(5) whether the proposal for assistance will result in a timely and efficient use of available funds;

(6) the percentage of funds proposed to be used to assist lower income households in accordance with Section 7904(c);

(7) the local priorities for allocating financial assistance among eligible households;

(8) whether, and how much, additional public and private resources will be used in conjunction with assistance under the Program;

(9) the geographic distribution of assisted units in accordance with Section 7904(d);

(10) compliance with other requirements of this subchapter; and

(11) other criteria deemed necessary by the Department to ensure that the objectives of the Program are fulfilled.

(c) On the basis of its review of the applications, program staff will prepare recommendations for each application and submit them to the Committee for its consideration and decision. When an application is submitted to the Committee for review, the applicant shall be notified of the recommendation and date and time of the Committee hearing.

(d) Where a pre–application has been submitted to the Department for financial assistance to develop a mobilehome park, program staff will review such pre–applications to determine if they are complete, accurate and generally in compliance with this subchapter and to determine their eligibility and the appropriateness of providing assistance from the Fund in accordance with subdivision (b) of this section.

(1) On the basis of its review of the pre–application, program staff will prepare recommendations for each pre–application and submit them to the Committee for its consideration and decision as to preliminary commitment.

(2) When a pre–application is submitted to the Committee for review, the applicant shall be notified of the recommendation and the date and time of the Committee hearing considering the pre–application.

(3) After preliminary commitment, the staff shall review the final application to determine compliance with all preliminary commitment conditions. Material noncompliance with any condition, lack of progress in fulfilling conditions, and other material facts shall be reported to the Committee.

HISTORY

1. Amendment of subsection (b) (2) filed 11–13–80 as an emergency; effective upon filing (Register 80, No. 46). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 3–31–81.
2. Certificate of Compliance transmitted to OAL 3–13–81 and filed 4–14–81 (Register 81, No. 16).
3. Amendment filed 6–11–81 as an emergency; effective upon filing (Register 81, No. 25).
4. Order of Repeal of 6–11–81 emergency order filed 6–9–81 by OAL pursuant to Government Code Section 11349.6 (Register 81, No. 25).
5. Amendment of subsection (b) (2), (c) and (d) (1) (2) filed 4–30–82; effective thirtieth day thereafter (Register 82, No. 18).

§ 7920. Committee Review of Applications and Other Matters.

(a) The Committee shall be responsible for the review and disposition of all applications for financial assistance by governmental agencies. It shall adopt operating policies and procedures for the program, and shall perform other functions and duties as may be required by the Director of the Department or by law.

(b) the Committee shall consist of members and shall operate as set forth in subchapter 1 (commencing with Section 6900) of Chapter 6.5 of Part 1 of Title 25, California Administrative Code.

(c) In taking any action, the Committee shall consider the recommendations of program staff, the application and any written or oral testimony of an applicant or other interested person.

(d) Approval or denial of any action by a loan committee shall constitute a recommendation to the Director who shall consider the committee's recommendation in making a decision on the action.

(e) The Committee shall base its final recommendation as to each application or any other action pursuant to the subchapter on the criteria contained in Section 7918(b) and such other considerations as are consistent with the terms and objectives of the Program.

(f) The Committee shall within fifteen (15) days of the date on which it considers any request for action, inform the applicant in writing of its recommendation stating:

(1) that it has approved, postponed consideration of, or rejected the request or application:

(2) the reasons for refusal or postponement of consideration; and

(3) that the applicant or recipient has a right of appeal as specified in Section 7922.

(g) The Committee, in any recommended approval of a pre-application, shall specify any terms, conditions or special requirements which are not present in the pre-application, as well as the form, term and timing of assistance. The recommended approval shall include a commitment of funds for a sum of no more than one hundred ten percent (110%) of the amount of assistance approved for the specific project.

(h) The Committee shall specify in any recommended approval of an application:

(1) the amount and purpose of financial assistance to be provided to the applicant and minimum number of households to benefit from such assistance;

(2) the form, terms and timing of such financial assistance; and

(3) any conditions attached to the approval of its application.

HISTORY

1. Amendment of subsections (d)–(h) filed 11–13–80 as an emergency; effective upon filing (Register 80, No. 46). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will repealed on 3–13–81.
2. Certificate of Compliance transmitted to OAL 3–13–81 and filed 4–14–81 (Register 81, No. 16).
3. Amendment of NOTE filed 4–30–82; effective thirtieth day thereafter (Register 82, No. 18).

§ 7922. Appeals.

(a) If an applicant or recipient is dissatisfied with:

(1) the refusal or postponement of consideration of the application or any other matter pursuant to this subchapter,

(2) a reduction of the amount applied for, or

(3) any conditions attached to the recommended approval of the application or any other matter pursuant to this subchapter, it may within thirty (30) days of the date of the Committee's decision appeal in writing to the Director of the Department, stating and fully supporting the grounds of its appeal.

(b) If an applicant or recipient appeals to the Director pursuant to subsection (a) of this section, the Director shall:

(1) within thirty (30) days of the date of documented receipt of the appeal hold an open informal meeting at which the applicant, recipient, program staff and any interested person may make submissions as to the action the Department should take with respect to the application or matter being considered; and

(2) within forty-five (45) days of the date of documented receipt of the appeal notify the applicant or recipient in writing of the Director's determination of the appeal.

(c) The director's determination of the appeal shall be final.

HISTORY

1. Amendment of subsections (a) (3) and (b) (1) filed 11–13–80 as an emergency; effective upon filing (Register 80, No. 46). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 3–13–81.
2. Certificate of Compliance transmitted to OAL 3–13–81 and filed 4–14–81 (Register 81, No. 16).
3. Amendment of NOTE filed 4–30–82; effective thirtieth day thereafter (Register 82, No. 18).

Article 4. Program Operation

§ 7924. Amount of Assistance.

(a) the amount of financial assistance to be provided to an eligible household shall be determined in the following manner:

(1) The eligible household shall contribute at least thirty-five (35) percent of its gross monthly income to monthly housing cost in connection with the purchase of assisted property.

(2) An eligible household may be allowed to assume a greater responsibility for monthly housing costs if:

(A) the proposed housing costs are approximately the same as the present housing costs of the household,

(B) a satisfactory credit record has been maintained by the household, and

(C) the household has demonstrated an ability sustain its present housing expense without serious difficulty; or

(D) it has been otherwise determined that the eligible household can assume such greater responsibility.

(3) The eligible household shall contribute at least three (3) percent of the purchase price of the assisted property as a downpayment.

(4) At the time the household applies to a mortgage lender originating State loans under the Program, such lender shall determine, using its normal underwriting standards and the provisions of this section, the minimum amount of state financial assistance necessary to qualify the household for a mortgage loan.

(5) In no event shall the amount of financial assistance provided to an eligible household under the Program exceed forty-nine (49) percent of the purchase price or appraised value of the assisted property, whichever is less.

(b) Where financial assistance is being provided to a nonprofit corporation for purchase or development of a mobilehome park, the amount of assistance to be provided shall be based on the costs directly attributable to the number or ratio of eligible households who will occupy the park. The amount of financial assistance shall be determined in the following manner:

(1) The nonprofit corporation shall be eligible to receive financial assistance in an amount equal to either forty-nine (49) percent of the costs attributable to the development of the spaces to be occupied by eligible households or forty-nine (49) percent of the purchase price attributable to the purchase of spaces to be occupied by eligible households.

HISTORY

1. Amendment of subsection (a) filed 11–13–80 as an emergency; effective upon filing (Register 80, No.46). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 3–13–81.
2. Certificate of Compliance transmitted to OAL 3–13–81 and filed 4–14–81 (Register 81, No. 16).
3. Amendment filed 6–11–81 as an emergency; effective upon filing (Register 81, No. 25).
4. Order of Repeal of 6–11–81 emergency order filed 6–19–81 by OAL pursuant to Government Code Section 11349.6 (Register 81, No. 25).
5. Amendment of subsection (a)(4) filed 7–6–81 as an emergency; effective upon filing (Register 81, No. 28) A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 11–3–81.
6. Certificate of Compliance as to 7–6–81 order transmitted to OAL 10–23–81 and filed 11–18–81 (Register 81, No. 47).
7. Amendment of subsection (a)(2)(D) filed 4–30–82; effective thirtieth day thereafter (Register 82, No. 18).

§ 7926. Improvements.

(a) The recipient must obtain approval by the Department as to the eligibility of contemplated improvements prior to initiating such improvements.

(b) The value of improvements to assisted property shall be determined at the time such improvements are made, in the following manner:

(1) Where improvements are made which increase the value of the property, the value of such improvements shall be the amount, if any, by which the value of the property after the improvements are made exceeds the value of the property before the improvements are made,

(A) less the amount, if any, by which the value of the property has been increased by other work not constituting improvements performed between the two valuations, and

(B) plus the cost to the recipient of the appraisals to determine the value of the property before and after the improvements were made in accordance with this section.

The improvements adjustment to be made to the purchase price under Section 7914(c) (4) and (d) (5) shall be calculated in accordance with the following formula:

$$E = \frac{(V_I \times E_I) + I}{V_I + I}$$

E is the proportion of the value to which the household is entitled after improvements

V_I is the value of the property immediately before the improvements are made

I is the value of the improvements (in accordance with subdivisions (1) of this section)

E_I is the proportion of the value of the property to which the household is entitled immediately before the improvements were made

On each occasion that the property is improved, a new value for E shall be determined by applying the formula. The value of E thus determined will be used as E_I the next occasion on which improvements are made. The amount to which the household shall be entitled on sale or termination of state financial assistance shall be the sale price or fair market value multiplied by the value of E at the time of sale or termination.

(2) Where the improvements made do not increase the value of the dwelling but bring the dwelling into conformance with local and state building or housing standards, the adjustment for improvements under Section 7914(c) (4) and (d) (5) shall be calculated in accordance with Section 7928(c), except that the value for "R" shall be the actual costs of improvements as supported through receipts, plus the cost to the recipient of an appraisal.

(c) Improvements shall not be the basis for a readjustment of the proportional amounts to which the Department and recipient are entitled upon sale of an assisted unit unless the costs to the recipient of making such improvements is at least five hundred dollars ($500.00).

(d) Whenever there is an adjustment to the proportional amounts to which the Department and recipient are entitled upon sale, the servicer of State loans shall ensure that a record of such an adjustment is kept and shall forward a copy to the Department and the governmental agency.

HISTORY

1. Amendment filed 11-13-80 as an emergency; effective upon filing (Register 80, No. 46). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 3-13-81.
2. Certificate of Compliance transmitted to OAL 3-13-81 and filed 4-14-81 (Register 81, No. 16).
3. Amendment filed 6-11-81 as an emergency; effective upon filing (Register 81, No. 25).
4. Order of Repeal of 6-11-81 emergency order filed 6-19-81 by OAL pursuant to Government Code Section 11349.6 (Register 81, No. 25).
5. Amendment of subsections (b) and (d) filed 7-6-81 as an emergency; effective upon filing (Register 81, No. 28). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 11-3-81.
6. Certificate of Compliance as to 7-6-81 order transmitted to OAL 10-23-81 and filed 11-18-81 (Register 81, No. 47).
7. Amendment of subsections (a) and (c) filed 4-30-82; effective thirtieth day thereafter (Register 82, No. 18).

§ 7928. Partial Repayment.

(a) A purchaser of property assisted under the Program may repay a portion of the financial assistance provided by the state and increase its equity in the property if:

(1) the State requires or approves such partial repayment;

(2) no more than one partial repayment is made within any period of twelve (12) months; and

(3) such partial repayment is not less than one thousand dollars ($1,000).

(b) Where a purchaser wishes to increase its equity in the assisted property, the entitlements of the purchaser and the Department respectively shall be calculated in accordance with the following formula:

$$E = \frac{(V \times E_R) + R}{V}$$

Eis the proportion of the value of the property to which the purchaser is entitled after partial repayment

V is the value of the property at the time of the partial repayment

E_R is the proportion of the value of the property to which the purchaser is entitled immediately before the partial repayment is made

R is the amount of the partial repayment plus the cost to the recipient of an appraisal

On each occasion that a partial repayment is made, a new value for E shall be determined by applying the formula. The value of E thus determined will be used as E_R the next occasion on which a part repayment is made or as the proportion of the purchaser's equity in the property at sale or transfer. The amount to which a household shall be entitled on sale or termination of state financial assistance shall be the sale price or fair market value multiplied by the value of E at the time of sale or termination.

(c) Whenever there is an adjustment to the proportional amounts to which the Department and purchaser are entitled upon sale, a servicer of State loans shall keep a record of such an adjustment and shall forward a copy to the Department and governmental agency.

6. Certificate of Compliance as to 7-6-81 order transmitted to OAL 10-23-81 and filed 11-18-81 (Register 81, No. 47).

§ 7930. Determination of Fair Market Value.

(a) For the purpose of the Program, "fair market value" means the highest price on the date of valuation that would be agreed to by a seller, being willing to sell but under no compulsion to do so; and a buyer, being ready, willing and able to buy but under no compulsion to do so; each dealing with the other with full knowledge of all the uses and purposes for which the property is reasonably adaptable and available, as set forth in Section 1263.320 of the California Code of Civil Procedure.

(b) The fair market value of assisted property shall be determined by an appraisal or other method expressly approved in advance by the Department. The appraisal shall be conducted by an appraiser accredited with one of the major testing and certifying appraisal societies, including the society of Real Estate Appraisers, the American Society of Appraisers and the American Institute of Real Estate Appraisers.

(c) Any appraisal shall be documented on a form specified by the Department.

6. Certificate of Compliance as to 7-6-81 order transmitted to OAL 10-23-81 and filed 11-18-81 (Register 81, No. 47).

§ 7932. Maximum Purchase Prices.

(a) The Committee may by resolution adopt maximum purchase prices for converted rental units, and mobilehomes on permanent foundations not located within mobilehome parks.

(b) In adopting such maximum purchase prices, the Committee may take into account:

(1) the need to make the optimum use of Program funds by providing financial assistance to as many households as possible;

(2) the extent to which the beneficiaries of financial assistance under the Program are able to obtain financing and make loan or other necessary payments with respect to housing assisted under the Program;

(3) comparative land and housing costs in the region and locality for which the financial assistance is proposed; and

(4) such other matters as the Committee considers appropriate.

HISTORY

1. Amendment of subsection (a) filed 11-13-80 as an emergency; effective upon filing (Register 80, No. 46). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 3-13-81.
2. Certificate of Compliance transmitted to OAL 3-13-81 and filed 4-14-81 (Register 81, No. 16).
3. Amendment of NOTE filed 4-30-82; effective thirtieth day thereafter (Register 82, No. 18).

§ 7934. Affirmative Marketing Plan.

(a) Governmental agencies, stock cooperative corporations, and nonprofit corporations shall be responsible for development and implementation of an affirmative marketing plan to attract eligible purchasers of all minority and non-minority groups to participate in the Program. One purpose of this plan is to assure that any group (s) or persons normally not likely to apply for the housing without special outreach efforts (due to sales prices, existing neighborhood racial or ethnic patterns, and/or other factors) are made aware of the availability of financial assistance, encouraged to apply, and have the opportunity to purchase using financial assistance under this Program.

(b) The plan shall set out the minimum number of households to receive financial assistance under this Program with incomes below eighty (80) percent and between eighty (80) and one hundred (100) percent of the median for the county; the methods and media for advertising the availability of assistance under the Program; names of community groups/organizations located in the housing market area which the governmental agency will establish and maintain contact with as part of its outreach efforts; and any other efforts the applicant is proposing to attract eligible households to participate in the Program.

(c) The requirements of this Section shall not apply to a duly constituted government body of an Indian reservation or rancheria.

6. Certificate of Compliance as to 7-6-81 order transmitted to OAL 10-23-81 and filed 11-18-81 (Register 81, No. 47).

§ 7936. Recertification of Eligibility.

(a) Except where assistance is provided to a nonprofit corporation or stock cooperative corporation, a servicer of State loans shall be responsible for recertifying household eligibility and reevaluating the need for State assistance. Total or partial repayment to the state shall be required if the ratio of current housing costs to the purchaser's current gross monthly income has decreased by more than ten (10) percentage points below that ration which existed at the time of purchase of the assisted unit. Total repayment shall be required if the purchaser has acquired residential real property in addition to the property being assisted under the Program.

(b) The amount and method of repayment shall be determined jointly by the servicer of State loans and purchaser. Absent agreement by both parties, repayment shall not result in the proportion of the purchaser's income applied towards total monthly housing costs, exceeding that proportion in existence at the time of purchase. Repayment for the purpose of this section shall be conducted in accordance with Section 7928.

(c) The recertification and reevaluation shall be conducted every five (5) years until the State is either totally repaid or the assisted property is sold or its title transferred, whichever comes first. During the initial five (5) year period an additional review shall be conducted at the end of the second year.

§ 7938. Foreclosure.

(a) Whenever a notice of default and intent to sell an assisted dwelling unit is issued pursuant to Civil Code Section 2924 alleging that a recipient has defaulted in performing its obligations under the agreements required by Section 7914, the recipient shall be notified in writing of its right to contest the grounds for declaring such a default in a hearing before the Department.

(b) The notice of right to a hearing shall be issued concurrently with the issuance of a notice of default. The notice of right to a hearing shall include a form prescribed by the Department which the recipient shall use to notify the Department of its intention to contest the basis for declaring a default. The notice of hearing shall provide as follows:

(1) it shall require the recipient to specify in the prescribed form the grounds upon which the recipient relies in disputing the alleged default;

(2) it shall specify a date by which the prescribed form must be postmarked or returned to the Department and must allow the recipient at least fourteen (14) days to respond; and

(3) it shall specify that if the prescribed form is not received or postmarked by the specified date, the recipient shall have waived its right to a hearing before the Department.

(c) Upon receipt of a request for a hearing, the Department shall immediately notify the recipient of the date set for the hearing. The notice of hearing shall be mailed at least fourteen (14) days prior to the date set for the hearing and shall inform the recipient of the following:

(1) the date, time and place for the hearing;

(2) the right of the recipient to present at the hearing any evidence or arguments in support of its position;

(3) the right of the recipient to examine or copy, at the recipient's expense, all documents, records, and regulations relating to the disputed default;

(4) the right to be represented by counsel or other person chosen by the recipient as its personal representative; and

(5) the right of the recipient to submit its evidence and arguments in writing prior to the hearing date in lieu of a personal appearance at the hearing.

(d) The hearing shall be conducted informally by the General Counsel of the Department or the General Counsel's designee. The following procedures shall govern hearings before the Department:

(1) The recipient shall be given the opportunity to confront or examine and controvert all witnesses and documents upon which the claimed default is based. The opportunity to confront a witness is not required where both parties have expressly agreed in writing that the appearance of such a witness is unnecessary.

(2) Oral or documentary evidence relevant to the facts and issues raised by the recipient may be received without regard to admissibility under judicial rules of evidence, but with appropriate regard to credibility, authenticity, relevance and materiality.

At the conclusion of the hearing the General Counsel shall review all the evidence and arguments presented and, within seven (7) days thereafter, shall prepare a tentative ruling on the issue of default which shall be submitted to the Director for a final determination.

(e) In the event a recipient fails to appear at a hearing, the Department may decide that the recipient has waived its right to a hearing and the General Counsel may proceed to make his/her findings and recommendation to the Director.

(f) After receipt of a tentative ruling, the Director shall review the record of the proceedings and the findings of the General Counsel and shall decide whether the recipient has defaulted in its obligations and whether the notice of default shall be rescinded.

(1) If the Director finds there is no default by the recipient, the notice of default shall immediately be rescinded and the contested action to foreclose terminated.

(2) If the Director finds that the recipient has defaulted in performance of its obligations under Section 7914:

(A) the notice of default shall remain effective and the action to foreclose shall continue; or

(B) the Director, in his/her discretion, may permit the recipient to cure its default and have the notice of default rescinded.

(g) The provisions of this section shall not apply to any mortgage lender making loans to recipients in conjunction with the State, but not utilizing the same note and deed of trust as the State is using to secure its loan. Where the State and a mortgage lender are making a joint mortgage loan utilizing the same note and deed of trust this section shall be applicable, except that the Director may not exercise his/her discretion under subdivision (f)(2)(b) when the recipient has defaulted in its obligation to make payments on the mortgage lender's portion of the assisted loan or defaulted in its obligation to make required tax and insurance payments in connection with the assisted unit and the mortgage lender will not agree to permit the recipient to cure.

Subchapter 12. Emergency Housing and Assistance Program

§ 7950. Definitions.

"Allowable costs" mean expenditures for eligible activities. See Section 7961.

"Capital Development Grant" means a grant of up to $150,000 from the EHAF made to defray costs of capital development activities such as the acquisition, construction, conversion, expansion, reconstruction or rehabilitation of real property or the purchase of equipment for emergency shelter or transitional housing where the combined cost of these activities at a single site exceeds $20,000. See section 7966.

"Client" is the person or household provided client housing or rental assistance funded by a program grant.

"Client housing" is the general term used in these regulations to describe emergency shelter, transitional housing, or vouchers provided to the client to meet emergency or transitional housing needs pursuant to this subchapter.

"Construction" means building a new structure, or expanding an existing structure, which will provide emergency shelter and/or transitional housing.

"Construction or service contractor" refers to the parties with whom a grantee contracts for construction services or equipment.

"Conversion" means the alteration of nonresidential space within an existing structure to create space for emergency shelter and/or transitional housing.

"Day" means calendar day.

"Department" means the California Department of Housing and Community Development.

"Director" means the Director of the Department of Housing and Community Development.

"DLB" is the acronym for "designated local board" which is a group, including social service providers and a representative of local government, that has met Department requirements for distribution of grants allocated by the Department pursuant to chapter 11.5 of the Health and Safety Code. See section 7952.

"EHAF" is the acronym for the "Emergency Housing and Assistance Fund established by section 50800.5 of the Health and Safety Code.

"EHAP" is the acronym for the "Emergency Housing and Assistance Program" established by Health and Safety Code section 50800.

"Eligible activities" mean those activities upon which program funds may be expended. See section 7961.

"Eligible organization" means an agency of local government or a nonprofit corporation that provides, or contracts with community organizations to provide, emergency shelter or transitional housing, or both. See section 7959.

"Emergency shelter" means housing with minimal supportive services for homeless persons that is limited to occupancy of six months or less by a homeless person and that is not withheld due to a client's inability to pay.

"Grant" or "program grant" means a grant of monies from the Emergency Housing and Assistance Fund.

"Grantee" is the recipient of a grant, who enters into a Standard Agreement with the Department to provide specified eligible activities.

"Interested party or parties" means, for Department or DLB purposes, anyone who has informed the Department or the DLB, respectively, that they wish to receive information concerning the Department's or the DLB's EHAP activities and shall include any person who has spoken at a meeting of the Department or the DLB regarding EHAP or communicated in writing with the Department or the DLB concerning its EHAP activities during the prior year.

"LESS" is the acronym for "local emergency shelter strategy," a planning and evaluation document which is developed for a region by a DLB and which provides the basis for the selection of grantees and for monitoring subsequent grantee activities. See section 7955.

"Local organization" is the local group eligible to apply to the Department for designation as a DLB. See sections 7952 and 7953.

"Milestone" means a measurable objective toward the achievement of the project or program goals.

"NOFA" is the acronym for a "notice of funding availability" described in section 7958.

"Nonurban county" means any county with a population of less than 200,000, as published in the most recent edition of Population Estimates of California Cities and Counties, E–1, prepared by the Department of Finance, Population Research Unit.

"Operating Facility Grant" means a grant of up to $50,000 in program funds made to defray costs of eligible activities including facility operations and administration, residential rental assistance, leasing or renting rooms for provision of temporary shelter, and up to $20,000 per site in capital development–type activities, as described in Health and Safety Code section 50803 and in section 7963.

"Program" means the Emergency Housing and Assistance Program (EHAP).

"Rank" means the order of eligible applications for funding based only on the rating established pursuant to the applicable grant selection criteria.

"Rating" means the process by which eligible applications are evaluated and given an overall numerical or relative value based on the numerical or relative value(s) assigned to each of the identified selection criteria described in the NOFA to which the applicant is responding.

"Reconstruction" means replacing an existing structure with a structure of similar size and type, which will be used to provide emergency shelter and/or transitional housing.

"Region" means a county or a consortium of counties voluntarily banding together by action of a designated local board.

"Rehabilitation" means making repairs or improvements to a building necessary to correct substandard conditions as defined by section 17920.3 of the Health and Safety Code. As used in these regulations, rehabilitation may include reconstruction or conversion.

"RTE" is the acronym for "responsible technical entity", an entity determined by the Department to have the expertise in housing construction and development necessary to make determinations about the feasibility of a proposed capital development project for which program funding is sought. See section 7954.

"Site" means a given parcel or contiguous parcel(s) of land, generally distinguished by a tax assessor's parcel number(s), developed or to be developed with emergency shelter and/or transitional housing.

"Transitional housing" means housing with supportive services that is limited to occupancy of up to 24 months that is exclusively designated and targeted for recently homeless persons. Transitional housing includes self–sufficiency development services, with the ultimate goals of moving recently homeless persons to permanent housing as quickly as possible, and limits rents and service fees to an ability–to–pay formula reasonably consistent with the United States Department of Housing and Urban Development's requirements for subsidized housing for low–income persons.

"Urban county" means any county that is not a "nonurban county."

§ 7952. Designated Local Board.

(a) A region shall have no more than one DLB at any time.

(b) The membership of the DLB shall be representative of the local community, as described in section 7953(d).

(c) Upon designation by the Department pursuant to section 7953 each DLB shall prepare or amend its LESS pursuant to sections 7955 and 7956 and approved by the Department pursuant to section 7956.

(d) A DLB shall be responsible for the selection of operating grant(s) within the region and shall monitor the subsequent performance of each grantee.

(e) A DLB shall be responsible for the selection of capital development grants only if the DLB has obtained from the Department a designation as an "RTE", pursuant to the requirements of section 7954.

(f) A DLB shall not initiate the local grant selection process until the Department has approved the DLB's LESS for the funding period.

(g) In the event of the termination of designation or the failure of the DLB to obtain approval of the LESS as required, the Department shall assure the continuation of EHAP funding to the region by issuing a separate regional NOFA and evaluating the subsequent applications pursuant to subsections 7967(b) and (c).

(h) A DLB shall comply fully with the requirements of the California Public Records Act (Government Code sections 6250 through 6267) and the Bagley–Keene Open Meeting Act (Government Code sections 11120 through 11132.)

(i) A DLB shall notify the Department of any change in its membership. Within thirty days of the announced resignation of a DLB member, the DLB shall select a replacement member who ensures that the DLB's membership continues to represent the local community.

(j) Pursuant to its evaluation of a DLB per section 7976, the Department may place conditions on a designation in order to correct any deficiencies in the performance of a DLB.

5. Repealer and new section refiled 6–15–95 as an emergency; operative 6–15–95 (Register 95, No. 24). A Certificate of Compliance must be transmitted to OAL by 10–13–95 or emergency language will be repealed by operation of law on the following day.
6. Certificate of Compliance as to 6–15–95 order including amendment of section and NOTE transmitted to OAL 6–26–95 and filed 7–12–95 (Register 95, No. 28).

§ 7953. Local Board Designation Process.

(a) In order to apply for designation as a DLB, a local organization shall submit to the Department a written application containing the information identified in subsection (b).

(b) The written application for designation shall include the following information:

(1) The membership of the local organization;

(2) The address of the local organization;

(3) The proposed regional boundaries;

(4) An explanation of each potential member's experience and expertise relevant to program activities;

(5) The demonstrations and certifications required by section 7954, if applicable;

(6) An explanation and supporting documentation of how the requirements of subsections (c) and (d) will be or have been met, including proof of publication of notice pursuant to subsection (c)(1); and

(7) The certifications required by subsection (e).

(c) The local organization shall provide notice of the application for designation as a DLB to the public within the region and shall invite the public to submit comments to the Department about the application pursuant to all of the following:

(1) Notice shall be provided through publication in at least one newspaper of general circulation in each county in the region.

(2) Notice shall be mailed to all interested parties.

(3) Notice shall be provided prior to submittal of the application.

(4) The notice shall provide the name, address, and telephone number of a person the public can contact for further information.

(5) The notice shall provide the public with thirty days within which to submit comments to the Department about the application.

(6) The thirty–day comment period shall begin the day after the notice is mailed or the day after the notice is published, whichever is later.

(d) The membership of the local organization and of the subsequent DLB shall be representative of the local community, and shall:

(1) Provide a range of community representation and expertise; and

(2) Represent such interests as shelter providers, local funding agencies, public officials, private industry, mental health groups, law enforcement, the courts, planning agencies, social services, and homeless advocates.

(e) Within its application to the Department for designation, the proposed DLB shall certify in writing that it:

(1) Accepts responsibility for the distribution and re–distribution of funds allocated to the region;

(2) Will monitor grantee performance;

(3) Will comply with all requirements of this subchapter;

(4) Will provide any data or information required by the Department for the evaluation of the performance of the DLB; and

(5) Will comply with and enforce the conflict of interest restrictions set forth in subsection (f).

(f) No individual, including DLB staff and any DLB subcommittee member, participating in determining eligibility, feasibility, readiness, rating or ranking of grant applications shall be a board member, an officer, employee, or agent of any eligible organization applying for funds nor have any financial interest in any eligible organization applying for funds.

(g) Within fifteen days of the receipt of an application for designation, the Department shall notify the applicant in writing if the application is incomplete and identify the information and/or certifications that are missing.

(h) Within thirty days of the receipt of a complete application, the Department shall provide the applicant with written notice as to whether the local organization has received the Department's designation as a DLB. If an applicant has not received designation, the written notice shall provide each specific reason for not designating the local organization as a DLB.

(i) The Department shall withdraw the designation of a DLB if the activities of the DLB do not comply fully with the requirements of this subchapter.

(1) The Department shall provide the DLB with written notification of the withdrawal of designation and of the effective date of the withdrawal. The written notification shall identify each compliance issue upon which the withdrawal of designation is based.

(2) If a former DLB chooses to protest the Department's decision to withdraw designation and/or the findings upon which the decision was based, the DLB shall submit a written petition for a hearing to the Department, within fifteen days of the date of the Department's written notification.

(3) The petition shall request a hearing and shall provide a clear, concise statement of the reasons the hearing is being requested, the information and/or activities under discussion, and the remedy sought by the former DLB.

(4) Within fifteen days of the date the petition is received by the Department, the Department shall schedule a hearing and shall provide the petitioner with written notice of the date, time and place of the hearing. The date of the hearing shall be within forty-five days of the date of the Department's written notification of the withdrawal of designation and no sooner than ten days after the date of the hearing notice.

(5) The hearing shall provide the petitioner with the opportunity to be heard and to show cause why the withdrawal of designation should be modified or repealed.

(6) Within fifteen days of the hearing, the Department shall provide the petitioner with a written decision that repeals, modifies, or sustains the Department's decision to withdraw designation. The written decision shall respond specifically to each issue commented upon by the petitioner.

(j) A former DLB shall surrender custody of all program records, including applications, correspondence, and related documentation, to the Department within seven days of the effective date of the Department's withdrawal of designation, or at the conclusion of the appeal process when it maintains the Department's decision to withdraw the designation.

HISTORY

1. New section filed 3-18-94 as an emergency; operative 3-18-94 (Register 94, No. 11). A Certificate of Compliance must be transmitted to OAL 7-18-94 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7-8-94 with repealer and new subsection (f) as an emergency; operative 7-8-94 (Register 94, No. 27). A Certificate of Compliance must be transmitted to OAL by 11-7-94 or emergency language will be repealed by operation of law on the following day.
3. Repealer and new section refiled 10-31-94 as an emergency; operative 10-31-94 (Register 94, No. 44). A Certificate of Compliance must be transmitted to OAL by 2-28-95 or emergency language will be repealed by operation of law on the following day.
4. Repealer and new section refiled 2-15-95 as an emergency; operative 2-15-95 (Register 95, No. 7). A Certificate of Compliance must be transmitted to OAL by 6-15-95 or emergency language will be repealed by operation of law on the following day.
5. Repealer and new section refiled 6-15-95 as an emergency; operative 6-15-95 (Register 95, No. 24). A Certificate of Compliance must be transmitted to OAL by 10-13-95 or emergency language will be repealed by operation of law on the following day.
6. Certificate of Compliance as to 6-15-95 order including amendment of section heading, section and NOTE transmitted to OAL 6-26-95 and filed 7-12-95 (Register 95, No. 28).

§ 7954. Responsible Technical Entity.

(a) The following types of entities are eligible to demonstrate to the Department for designation as an RTE compliance with the requirements of subsections (d) through (g):

(1) A DLB;

(2) A Local government entity;

(3) A nonprofit corporation; and

(4) A private, for-profit entity.

(b) In order to be designated as an RTE and be responsible for the selection of capital development grants, a DLB shall:

(1) Demonstrate to the Department that the DLB membership meets the requirements of an RTE as set forth in subsections (d) through (g); or

(2) Provide the certification required by subsection (h) that the DLB has delegated feasibility determinations involving capital development grants to an entity which has demonstrated to the Department that it meets the requirements of an RTE as set forth in subsections (a) and (d) through (g).

(c) The demonstration shall consist of written evidence of compliance with the requirements of subsections (a) and (d) through (g) and written certification by the proposed RTE of acceptance of these requirements.

(d) An RTE shall have direct experience with the development of emergency shelter and/or transitional housing projects in the region, whether new construction, conversion, or rehabilitation. Staff persons committed to the task shall cumulatively possess experience and expertise in construction, real estate, finance, and the development of housing projects.

(e) An RTE shall commit to assist the DLB with the selection of capital development projects for funding by determining the feasibility and readiness of the projects proposed in all eligible capital development grant applications.

(f) For the purpose of reviewing, ranking, or selecting applications for funding, each member of the RTE or DLB subcommittee shall comply with subsection 7953(f).

(g) An RTE shall commit to provide the DLB with advice about project acquisition, construction and/or rehabilitation, during capital development grant monitoring and close-out activities.

(h) Where separate entities, the RTE and the DLB shall each certify in writing to a statement which delegates to the RTE the responsibilities stated in subsections (d) through (g).

(i) The demonstrations and certifications required by this section shall be provided with the local organization's application for designation as a DLB. The timeframes for the Department's review shall be the same as those provided in subsections 7953(g) and (h).

(j) If a DLB enters into an agreement pursuant to subsection (h) with an entity other than the original RTE approved by the Department, the entity shall apply for Department approval pursuant to the requirements of this section. The new entity shall not participate in review and selection activities of the DLB until the Department provides written notice of approval of the entity as an RTE.

(k) In regions with no RTE, or where an RTE fails to complete its duties pursuant to this subchapter, the Department shall receive, review and select all applications for capital development grants.

§ 7955. Local Emergency Shelter Strategy.

Each LESS shall include:

(a) An assessment of the needs within the region for client housing.

(b) A summary of the existing resources available within the region to meet the needs identified pursuant to subsection (a). To the extent practical, the summary shall identify each existing program by the type and amount of client housing provided, and the geographical area served.

(c) A statement of the regional goals for addressing the identified client housing needs not met by existing resources.

(d) A description of each local priority and restriction that will be placed on the distribution of program funds including:

(1) The anticipated apportionment of the local county allocation between operating facility grants and capital development grants;

(2) Each category of client housing for which the local distribution of funds may have a priority or a restriction (for example, emergency shelter rather than transitional housing);

(3) Any other restrictions that may be placed on grant applications, such as a minimum or maximum grant level or a limit on the number of grants that will be funded.

(e) A description of the grant application process, including:

(1) The anticipated schedule for the solicitation, receipt, review and selection of applications;

(2) The procedures for notifying potential applicants of the availability of funds and the eligibility requirements;

(3) The procedures that will apply to the submission of applications;

(4) A list of the anticipated documentation, in addition to that required by section 7960, that will be required for each application;

(5) A description of all technical assistance available to applicants;

(6) The procedures for determining applicant and application eligibility pursuant to the requirements of sections 7959, 7960, and 7961;

(7) The procedures for reviewing, rating, ranking and selecting eligible applications for grant awards;

(8) The process for awarding funds to eligible applicants in accordance with the requirements of section 7967;

(9) Where applicable, the process for DLB selection of capital development grants, including the process of RTE participation where the RTE is a different entity than the DLB, and including the provisions of sections 7966 and 7967;

(10) The procedures, including those required by section 7967, for providing applicants with notice of whether their respective applications were selected for funding;

(11) The anticipated process for the redistribution of any unawarded funds.

(f) The procedures that will be employed to ensure that the activities of the DLB are conducted in an open, fair and competitive manner including procedures for:

(1) Providing adequate public notice of the activities of the DLB, by, for example, publishing notices in newspapers of general circulation, posting notices in designated places, and mailing notices to interested parties who have requested such information; and

(2) Providing notice to all interested parties no less than ten days in advance of each scheduled meeting or hearing, in accordance with Government Code sections 11120 through 11132.

(g) A description of the local process for applicants to appeal grant selection or other DLB activities, in a fair manner and in accordance with the requirements of section 7968 and including:

(1) The timeframes for each step of the process, which cumulatively ensure the timely consideration of the petition and which do not exceed the timeframes set in subsection 7968(a);

(2) Who will make the initial determination on an appeal; and

(3) How an appellant can make a subsequent appeal to the Department for review of local determinations involving DLB procedures.

(h) The procedures that will be followed by the DLB, and the RTE, if applicable, to monitor and evaluate the performance of grantees including:

(1) Monitoring grantee progress in relationship to established milestones;

(2) Procedures for monitoring the execution and completion of grant contractors and scheduled draw-down of program funds;

(3) Procedures for the periodic review of grantee expenditures to ensure compliance with the requirements for the use of program funds;

(4) Periodic review of each grantee's record-keeping effort;

(5) Any local grantee reporting requirements.

(i) The following attachments:

(1) The mailing list of service providers that has been and will be used by the DLB to provide notice as required throughout this subchapter;

(2) A copy of the DLB's latest application for designation including the certifications required by subsection 7953(e);

(3) Copies of application forms and any other documents that the DLB will require for use or will use to determine eligibility, to evaluate applications and/or to select applications for funding;

(4) A summary of the region's awards for the prior funding round(s), including who was funded, and for what amounts and activities.

(5) A copy of the current written notice of designation issued to the DLB by the Department, pursuant to section 7953;

(6) A copy of the most recent DLB evaluation performed by the Department pursuant to section 7976;

(7) Agreements and conditions regarding the RTE, where applicable;

(8) A summary of all public meetings held pursuant to section 7956(b), including copies of the notices published and mailed; and

(9) A copy of all written comments submitted regarding the LESS and a summary of all oral comments received during the public meetings, and a summary of the DLB's responses to the public comments received.

1. New section filed 3-18-94 as an emergency; operative 3-18-94 (Register 94, No. 11). A Certificate of Compliance must be transmitted to OAL 7-18-94 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7-8-94 as an emergency; operative 7-8-94 (Register 94, No. 27). A Certificate of Compliance must be transmitted to OAL by 11-7-94 or emergency language will be repealed by operation of law on the following day.
3. Repealer and new section refiled 10-31-94 as an emergency; operative 10-31-94 (Register 94, No. 44). A Certificate of Compliance must be transmitted to OAL by 2-28-95 or emergency language will be repealed by operation of law on the following day.
4. Repealer and new section refiled 2-15-95 as an emergency; operative 2-15-95 (Register 95, No. 7). A Certificate of Compliance must be transmitted to OAL by 6-15-95 or emergency language will be repealed by operation of law on the following day.
5. Repealer and new section refiled 6-15-95 as an emergency; operative 6-15-95 (Register 95, No. 24). A Certificate of Compliance must be transmitted to OAL by 10-13-95 or emergency language will be repealed by operation of law on the following day.
6. Certificate of Compliance as to 6-15-95 order including amendment of section transmitted to OAL 6-26-95 and filed 7-12-95 (Register 95, No. 28).

§ 7956. Local Emergency Shelter Strategy Preparation, Review and Approval Process.

(a) Each DLB shall submit two copies of its proposed LESS or LESS amendments to the Department for approval no later than the first day of September each year unless otherwise notified in writing by the Department.

(b) Prior to submitting the LESS to the Department, the DLB shall conduct at least one noticed public meeting within each county within the region. During each meeting, the DLB members shall explain the contents of the proposed LESS and shall provide an opportunity for and shall receive public comments about the contents of the LESS.

(c) The Department shall review each LESS to ensure that it includes all the information required pursuant to this section and section 7955, and that it demonstrates that the DLB process will be open, fair, and competitive.

(d) Within thirty days of the receipt of a request to approve a LESS, the Department shall notify the DLB in writing if the request is incomplete, pursuant to the requirements of this section and section 7955, and identify the specific information that is missing or needs clarification.

(e) Within twenty days of the date of the Department's notice, the DLB shall provide the requested information.

(f) Within 30 days after receipt of a complete LESS per section 7955, the Department shall provide the DLB with a written determination of the result of the Department's review of the LESS.

(1) The Department's determination shall be one of the following:

(A) Approved,

(B) Approved with conditions, or

(C) Disapproved.

(2) For a determination other than an approval pursuant to subsection (f)(1)(A), the Department's written notice shall explain each of the reasons for the determination.

(g) If a LESS is not approved, or is approved with conditions, the DLB may revise the LESS and resubmit it with a request for the Department's approval no later than fifteen days after the date of the Department's notice of non-approval.

(h) An amendment to an approved LESS may be prepared subject to the following requirements and procedures:

(1) The DLB's request for the Department's approval of a LESS amendment shall include a written statement providing the reasons why the LESS must be amended, and justification for the terms of the proposed amendment.

(2) Where policy or procedural changes are proposed, the DLB shall propose the amendment pursuant to the meeting requirements listed in subsection (b) and shall include in its request for approval the information listed in section 7955(i)(8) and (9).

(3) Within thirty days of the receipt of a complete amendment submittal, the Department shall provide the DLB with a written determination of whether the amendment is:

(A) Approved,

(B) Approved with conditions, or

(C) Disapproved.

(4) With the exception of a determination that approves an amendment as provided in subsection (h)(3)(A), the Department's written determination shall include a detailed explanation of the reasons for the determination.

(i) In any case where the LESS or any provision thereof conflicts with the program statute or regulations, the statute or regulations, respectively, prevail.

HISTORY

1. Repealer and new section filed 3-18-94 as an emergency; operative 3-18-94 (Register 94, No. 11). A Certificate of Compliance must be transmitted to OAL 7-18-94 or emergency language will be repealed by operation of law on the following day. For prior history, see Register 85, No. 37.
2. Repealer and new section refiled 7-8-94 as an emergency; operative 7-8-94 (Register 94, No. 27). A Certificate of Compliance must be transmitted to OAL by 11-7-94 or emergency language will be repealed by operation of law on the following day.
3. Repealer and new section refiled 10-31-94 as an emergency; operative 10-31-94 (Register 94, No. 44). A Certificate of Compliance must be transmitted to OAL by 2-28-95 or emergency language will be repealed by operation of law on the following day.
4. Repealer and new section refiled 2-15-95 as an emergency; operative 2-15-95 (Register 95, No. 7). A Certificate of Compliance must be transmitted to OAL by 6-15-95 or emergency language will be repealed by operation of law on the following day.
5. Repealer and new section refiled 6-15-95 as an emergency; operative 6-15-95 (Register 95, No. 24). A Certificate of Compliance must be transmitted to OAL by 10-13-95 or emergency language will be repealed by operation of law on the following day.
6. Certificate of Compliance as to 6-15-95 order including amendment of section heading and section transmitted to OAL 6-26-95 and filed 7-12-95 (Register 95, No. 28).

§ 7957. Allocation and Distribution of Funds.

(a) The allocation to urban counties shall not exceed eighty percent of the funds available each fiscal year. Urban county allocations shall be based solely upon the following two factors:

(1) The ratio of: the number of persons in the urban county living below the poverty line to the total number of persons living below the poverty line in all urban counties of the State according to the most recent federal census, updated, if possible, with an estimate by the California Department of Finance; and

(2) The ratio of: the number of persons unemployed in the urban county to the total number of persons unemployed in all urban counties of the State based on the most recent one-year period for which data is available.

(b) Each allocation to an urban county shall be determined based upon the sum of the urban county's ratios as calculated per subsection (a).

(1) All urban counties shall be ranked in the order of the highest ratio sum to the lowest ratio sum, and urban counties with equal ratio sums shall be grouped.

(2) A minimum allocation of $10,000 shall be made available to each urban county within the group with the lowest ratio sum.

(3) Each ratio sum, other than the lowest sum, shall be converted to a percentage, with the sum of the percentages equaling 100%.

(4) Following the deduction of the minimum allocations from the funds available, the balance of the funds shall be divided into groups in proportion to the percentages determined by the calculation required by subsection (b)(3).

(5) The amount of funds available to each group shall be allocated in equal proportions to each of the urban counties within the group.

(c) The allocation to nonurban counties shall not be less than twenty percent of the funds available each fiscal year. Nonurban regional allocations shall be based solely upon the following two factors:

(1) The ratio of: the number of persons in the nonurban county living below the poverty line to the total number of persons living below the poverty line in all nonurban counties of the State according to the most recent federal census, updated, if possible, with an estimate by the California Department of Finance; and

(2) The ratio of: the number of persons unemployed in the nonurban county to the total number of persons unemployed in all nonurban counties of the State, based on the most recent one-year period for which data is available.

(d) Each allocation to a nonurban county shall be determined based upon the sum of the nonurban county's ratios for persons living below the poverty line and for persons unemployed as calculated per subsection (c).

(1) All nonurban counties shall be ranked in the order of the highest ratio sum to the lowest ratio sum, and nonurban counties with equal ratio sums shall be grouped.

(2) A minimum allocation of $10,000 shall be made available to each nonurban county within the group with the lowest ratio sum.

(3) Each ratio sum, other than the lowest sum, shall be converted to a percentage, with the sum of the percentages equaling 100%.

(4) Following the deduction of the minimum allocations from the funds available, the balance of the funds shall be divided into groups in proportion to the percentages determined by the calculation required by subsection (d)(3).

(5) The amount of funds available to each group shall be allocated in equal proportions to each of the nonurban counties within the group.

(e) If two or more counties form a consortium under a DLB, the total allocation for that subsequent region shall be the sum of the individual county allocations available as described in the Statewide NOFA. Each county shall receive its respective share of the allocation in client housing and/or rental assistance.

(f) The Department may designate, the eligible use(s) for which a specified allocation of funds is restricted when:

(1) The original source of the funds allocated to the Department restricts the use of those funds (e.g., bond funds for capital development); or

(2) The Department identifies a particular Statewide need among eligible activities and facilities for funding; or

(3) The total allocation to the Department for program use is less than the amount needed to fund the minimum allocation of $10,000 per county.

(g) The Department shall provide a written explanation of the necessity for designating the eligible use of a specific allocation. This explanation shall appear in the NOFA issued by the Department for the specific allocation, pursuant to section 7958.

(h) The allocation term is two years, beginning the date the Department issues the Statewide NOFA for the specific allocation.

(i) At the end of the two-year allocation term, any allocation balance not encumbered shall be returned to the Emergency Housing and Assistance Fund for allocation as part of the next Statewide NOFA.

(j) For any county without a DLB, when there are no applicants, the allocation balance will revert to the EHAF and be allocated as part of the next Statewide NOFA.

(k) The minimum grant is $10,000 except as follows:

(1) For counties with an allocation greater than $20,000, one grant less than $10,000 may be awarded if necessary to fully utilize the county's allocation.

(2) For counties with an allocation of up to $20,000, up to two grants of less than $10,000 may be awarded.

(l) The maximum grant amounts are as stated in sections 7963 and 7966, or, for regions with a DLB, such lesser amounts as a DLB has established in its approved LESS.

§ 7958. Notices of Funding Availability.

(a) A Statewide or regional NOFA is the document issued by the Department or the DLB, respectively, which notifies all interested persons,

(1) That the program has been allocated funds;

(2) The types and amounts of funds available for specified eligible activities;

(3) That the funds will be distributed to eligible applicants through a competitive process;

(4) The specified minimum and maximum grant amount(s) consistent with this subchapter, and, for regional NOFAs, with the LESS:

(5) The specified timeframes which apply to the application and grant selection processes, including the deadline for filing of applications;

(6) That copies of EHAP's governing statutes and regulations can be obtained from a contact person whose name, address and telephone number are provided; and

(b) In addition to the items listed in subsection (a), a Statewide NOFA shall include:

(1) A list of the allocations available to each county;

(2) Identification of the counties for which the Department shall receive and review eligible applications, select applications for grant awards, and fully monitor the performance of grantees;

(3) The name, address and telephone number of a contact person within the Department, who can provide further information and the application package for counties the Department will serve;

(4) Identification of the regions and corresponding counties for which DLBs shall receive and review eligible applications, select applications for grant awards, and monitor the subsequent performance of grantees; and

(5) The name, address and telephone number of a contact person within each DLB, who can provide further information and an application package.

(6) The grant selection criteria described in subsection 7967(b).

(c) In addition to the items listed in subsection (a), a regional NOFA shall include:

(1) The amount of the regional allocation;

(2) Any restrictions imposed upon the use of the funds by the terms of the Statewide NOFA;

(3) Any priorities or restrictions imposed upon the use of the funds pursuant to the approved LESS;

(4) The name, address and phone number of a contact person, who can provide a copy of the LESS and the regional application;

(5) The grant selection criteria described in section 7967(c).

(d) A regional NOFA shall be provided by a DLB to all providers of client housing and/or client services, within its region, including the providers on the list attached to the LESS, pursuant to subsection 7955(i)(1).

5. Repealer and new section refiled 6-15-95 as an emergency; operative 6-15-95 (Register 95, No. 24). A Certificate of Compliance must be transmitted to OAL by 10-13-95 or emergency language will be repealed by operation of law on the following day.
6. Certificate of Compliance as to 6-15-95 order including amendment of section heading and section transmitted to OAL 6-26-95 and filed 7-12-95 (Register 95, No. 28).

§ 7959. Eligibility Requirements for Applicants and Grantees.

(a) An agency of local government or a nonprofit corporation, which provides or contracts with community organizations to provide emergency shelter or transitional housing, or both, is eligible to apply for program funds, if the application demonstrates compliance with the eligibility requirements of this section.

(b) A grantee shall maintain continuous compliance with the requirements of this subchapter.

(c) As of the publication date of the Statewide NOFA, an applicant or a grantee shall have provided client housing continuously each day throughout the prior twelve months or, for cold-weather shelter providers, each day throughout the region's prior cold-weather season.

(d) An applicant or a grantee shall not require, as a condition of client housing, participation by clients in any religious or philosophical ritual, service, meeting, or rite.

(e) An applicant or a grantee shall not provide client housing in a manner which denies benefits on the basis of race, religion, age, sex, marital status, ethnicity, place of origin, physical or mental disability, or any other arbitrary basis. This section shall not be construed to preclude the provision of client housing designed to accommodate women or men only.

(f) An applicant or a grantee shall not provide client housing or rental assistance in a structure which contains any of the conditions of a substandard building listed in section 17920.3 of the Health and Safety Code and

shall comply with all applicable State and local construction, maintenance and occupancy standards.

(g) An applicant or a grantee which provides emergency shelter and related client services shall provide access to the shelter and services on a first-come, first-served basis, for whatever time periods are established by the grantee.

(h) An applicant or a grantee providing emergency shelter to clients shall not:

(1) Condition the provision of emergency shelter on the receipt of public or private payment vouchers or cash payment from the client;

(2) Reserve space in the emergency shelter for any person(s) except as allowed by statute and described in subsection (i); or

(3) Deny shelter or services to any client due to the inability to pay.

(i) Notwithstanding the provisions of subsections (g) and (h), a grantee may accept payment vouchers provided through any other public or private program for clients in emergency shelters so long as no shelter beds are reserved beyond sundown for that purpose.

(j) An applicant or a grantee providing emergency shelter shall establish rules for client occupancy which shall:

(1) Include a statement of the maximum consecutive number of days during which a client is eligible to occupy the shelter;

(2) Be conspicuously posted at the emergency shelter.

(k) An applicant or a grantee providing transitional housing may charge rent only if a minimum of ten percent of all monies collected for each client are reserved to assist that client in moving to permanent housing. In addition:

(1) The reserve of monies for each client must be accounted for separately; and,

(2) If monies reserved for a client remain unused due to the absence of the client for a year or more, the monies shall be used to assist another client in moving to permanent housing.

(l) An applicant or grantee providing transitional housing shall demonstrate that the housing meets all of the following tests:

(1) Occupancy is limited to a maximum of two years; and,

(2) Every client is offered at least three types of self-sufficiency development services such as job counseling or instruction, personal budgeting or home economics instruction, tenant skills instruction, landlord/tenant law, victim's rights counseling, or apartment search skills instruction; and,

(3) Any client must participate in at least one self-sufficiency development service offered by the client housing provider as a condition for receiving client housing; and,

(4) Every client accumulates funds to be applied to first and last months' rent for permanent housing pursuant to subsection 7959(k); and,

(5) Every client is provided referrals or placements to permanent housing.

§ 7961. Eligible Use of Funds.

The use of grants of program funds shall be restricted to the following eligible activities and allowable costs.

(a) Eligible activities for which grant funds may be used to defray the costs of providing direct client housing include:

(1) Operating facilities to provide emergency shelter or transitional housing;

(2) Acquiring, constructing, converting, expanding, or rehabilitating emergency shelter or transitional housing sites pursuant to section 7966;

(3) Leasing facilities for emergency shelter or transitional housing;

(4) Administrative costs up to five percent of the total grant amount;

(5) Supervising and counseling clients;

(6) Residential rental assistance;

(7) Housing vouchers;

(8) Purchase of equipment; and

(9) Subcontracting with other eligible organizations to provide vouchers for temporary shelter and/or to provide residential rental assistance.

(b) Allowable costs within operating facility grants include, but are not limited to, costs of:

(1) Supervisory and line staff who provide services directly to clients;

(2) Counseling clients and supervising the counseling services;

(3) Utilities, telephone, office supplies, document duplication, printing and mailing;

(4) Routine maintenance and repair (such as interior painting and cleaning; repairs to heating, ventilating, air-conditioning, plumbing, and electrical systems; repairs of tenant damages; and other items not constituting a capital expenditure);

(5) Debt reduction, limited to no more than the one year's principle and interest on fully-amortized installment loans, excluding any balloon payments;

(6) Rent or lease payments for a shelter or transitional housing facility;

(7) Insurance and taxes;

(8) Administration (administrative staff and overhead costs up to five percent of the grant amount);

(9) Costs of paying rents in arrears and costs of paying initial rents for residential rental assistance in compliance with section 7964;

(10) Issuing vouchers for the purpose of leasing or renting individual units, hotel rooms, or motel rooms for use as emergency shelter, pursuant to subsection (a)(7), section 7965 and subject to the limitations of Health and Safety Code section 50803(b) (i.e., no more than 15% of an urban county's allocation).

(11) Up to $20,000 per site for costs of capital development-type activities and equipment such as described in subsection (c).

(c) Allowable costs within capital development grants include, but are not limited to costs of:

(1) Site acquisition, such as purchasing land and improvements, purchasing and moving an existing structure to the site, purchasing and moving a modular or manufactured structure to the site, necessary architectural and engineering services, and escrow, title and other standard closing costs;

(2) Site construction, rehabilitation or conversion, such as materials, labor, local government fees, and architectural and engineering services;

(3) Equipment required in the provision of client housing.

6. Certificate of Compliance as to 6-15-95 order including amendment of section and NOTE transmitted to OAL 6-26-95 and filed 7-12-95 (Register 95, No. 28).

§ 7964. Residential Rental Assistance.

The following requirements apply to the use of program funds under an operating grant to provide residential rental assistance to clients.

(a) The payment of rent in arrears shall not exceed one month's rent plus a reasonable late charge. Program funds shall be used only if:

(1) The client is unable to pay the rent in arrears and is threatened with eviction; and

(2) No other resources or assistance are available to pay the rent in arrears; and

(3) The client has not received more than one EHAP payment of rent arrears in the immediate past two years.

(b) The payment of initial rent shall consist of no more than the first month's rent or the last month's rent, or both if required as a condition of the occupancy of permanent housing. Program funds shall be used only if:

(1) No other resources or assistance are available to pay the initial rent; and

(2) The client has not received more than one EHAP payment of initial rent in the immediate past two years.

(c) Grant funds to be used for residential rental assistance shall be accounted for separately.

(d) Interest earned on the grant funds set aside for rental assistance shall be continuously credited to the rental assistance account.

(e) Prior to providing residential rental assistance, the grantee shall verify that:

(1) The client is eligible to participate in the program and has income sufficient to pay the monthly rent; and

(2) An appropriately sized and priced rental unit is available and suitable for occupancy by the client.

(f) The client shall not have direct use of grant funds. Grant funds shall be distributed directly from the grantee to the landlord.

(g) A grantee providing residential rental assistance shall:

(1) Make determinations regarding the eligibility of clients based upon a written application from the client;

(2) Provide information to clients on the tenant–landlord relationship, on the appropriate treatment of rental property, on appropriate behavior within the neighborhood, and on the importance of timely rental payments; and

(3) Provide staff who shall be reasonably available to landlords and tenants to answer questions or complaints about the program.

§ 7966. Capital Development Grants.

(a) A capital development grant includes any single eligible activity or combination of eligible activities described in section 7961(a)(2) and (8), for which these combined costs at a single site exceed $20,000.

(b) Allowable costs for a capital development grant are those identified in subsection 7961(c), and limited to expenditures for approved eligible activities completed within the term of the standard agreement.

(c) The maximum capital development grant shall be $150,00 per site.

(d) The term of a capital development grant is 24 months from the effective date of the contract, with the possibility of a one–year extension pursuant to section 7970(c)(2).

(e) Applications for capital development grants must be made separately from applications for operating facilities grants.

(f) For regions where the DLB is authorized to select capital development grant applications, such applications shall be submitted to the DLB for selection pursuant to this subchapter and the approved LESS.

(g) For regions where there is no DLB, or the DLB is not authorized to select capital development grants, capital development grant applications shall be submitted to the Department for determination of eligibility, rating and ranking. These applications shall provide the information necessary for the Department's evaluation pursuant to subsections (i) and 7967(b).

(h) For regions where the DLB is not authorized to select capital development grants, the DLB may elect to preclude applications for capital development grants, provided this determination and the treatment of any capital development grant allocation is identified in the LESS.

(i) A capital development project shall be deemed feasible, where an evaluation by the RTE, as applicable, demonstrates and certifies to all of the following:

(1) The legal status, finances and projected cash–flow, technical feasibility, and the accuracy of the project's schedule demonstrate the probability of a successful completion of the project;

(2) The project's design and materials and the proposed labor needs and costs demonstrate that the project is devoid of non–essential or luxury design or materials;

(3) The current ownership and potential ownership of the real property demonstrate that control of the real property is sufficient to enable the project to be completed and to be operated for at least five years beyond completion, without jeopardizing the Department's security;

(4) The proposed schedule corresponds with the scope of the project and demonstrates that the project shall be completed within the term of the grant.

(5) The management team proposed for the project has the experience and ability to efficiently and successfully complete the project as proposed.

HISTORY

1. Repealer and new section filed 3–18–94 as an emergency; operative 3–18–94 (Register 94, No. 11). A Certificate of Compliance must be transmitted to OAL 7–18–94 or emergency language will be repealed by operation of law on the following day.
2. Repealer and new section refiled 7–8–94 as an emergency; operative 7–8–94 (Register 94, No. 27). A Certificate of Compliance must be transmitted to OAL by 11–7–94 or emergency language will be repealed by operation of law on the following day.
3. Repealer and new section refiled 10–31–94 as an emergency; operative 10–31–94 (Register 94, No. 44). A Certificate of Compliance must be transmitted to OAL by 2–28–95 or emergency language will be repealed by operation of law on the following day.
4. Repealer and new section refiled 2–15–95 as an emergency; operative 2–15–95 (Register 95, No. 7). A Certificate of Compliance must be transmitted to OAL by 6–15–95 or emergency language will be repealed by operation of law on the following day.
5. Repealer and new section refiled 6–15–95 as an emergency; operative 6–15–95 (Register 95, No. 24). A Certificate of Compliance must be transmitted to OAL by 10–13–95 or emergency language will be repealed by operation of law on the following day.
6. Certificate of Compliance as to 6–15–95 order including amendment of section transmitted to OAL 6–26–95 and filed 7–12–95 (Register 95, No. 28).

§ 7967. Grant Selection Process.

(a) A grant selection process shall involve eligible applications received by a DLB or the Department in response to the applicable NOFA.

(b) Each of the following selection criteria shall be specified in the Statewide NOFA:

(1) The applicant's capability of achieving the activities and results proposed in the application. An applicant's capability will be evaluated based on such items as its history of providing client housing; organizational structure and staffing; experience of establishing, administering, and successfully completing homeless programs; experience of public and private fundraising and resource development; established financial management systems; financial stability and solvency; and demonstrated ability and readiness for accomplishing its proposed activities.

(2) The impact and effectiveness of the client housing provided and proposed to be provided by the applicant. Impact and effectiveness will be evaluated based on such items as the range and quality of client housing provided, including the self–sufficiency development services provided with transitional housing; how the proposed activity(ies) address community needs; and the demonstrated effectiveness of the applicants' current and proposed programs to move homeless persons into a self–supporting environment.

(3) The cost–efficiency of the proposed use of grant funds for providing client housing. Cost efficiency will be evaluated based on such items as the type and amount of client housing provided compared to the project budget; the demonstrated availability of other financial resources besides EHAP to support achievement of the proposed activity(ies); the need for EHAP funds; leveraging of EHAP with other funds; non–duplication of services; and coordination with other organizations.

(c) Each of the following selection criteria shall be specified in the regional NOFA:

(1) The applicant's capability of achieving the activities and results proposed in the application;

(2) The impact and effectiveness of the client housing provided and to be provided by the applicant;

(3) The cost–efficiency of the proposed use of grant funds for providing client housing;

(4) The extent to which the local needs, goals and priorities identified in the LESS are met and achieved, respectively, by the applicant's proposed activities; and

(5) Any additional criteria as identified in the LESS approved by the Department pursuant to section 7956.

(d) The Department or DLB, respectively, shall provide in the NOFA the subcriteria and the point system to be used for selecting grantees for awards from that allocation.

(e) Applications shall be individually rated and then ranked in descending order. Funds will be awarded to eligible applicants in each region in descending rank order for the amount requested in the corresponding eligible application, until the remaining funds are insufficient to fully fund the next highest ranked application(s). Then,

(1) The next highest rated and ranked unfunded application following the full funding of the highest rated and ranked applications shall be partially funded if the funded activities can be adequately completed with the EHAP funds awarded.

(2) In the event of a tie for applicants in the lowest–ranked position to be funded, the Department or DLB, as applicable, will review the tied applications again and break the tie before continuing the award process.

(f) Each application submitted to a DLB for a capital development grant shall be evaluated by an RTE, which shall:

(1) Determine whether the application is feasible, pursuant to a competent, comprehensive evaluation pursuant to the standards provided in subsection 7966(i); and

(2) Provide a written and certified summary of its evaluation and determination, and append this to the application.

(g) A DLB shall make the final rating and ranking of eligible applications in sufficient time to allow for appeals prior to the date the DLB transmits the subsequent initial grant selections to the Department for confirmation.

(h) A DLB shall transmit the initial grant selections to the Department for confirmation no later than 150 days after the date the LESSes are due for the annual allocations from which the selections were made. Up to a 30–day extension of the deadline may be granted by the Department upon written request by the DLB for circumstances beyond DLB control.

HISTORY

1. New section filed 3–18–94 as an emergency; operative 3–18–94 (Register 94, No. 11). A Certificate of Compliance must be transmitted to OAL 7–18–94 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7–8–94 as an emergency; operative 7–8–94 (Register 94, No. 27). A Certificate of Compliance must be transmitted to OAL by 11–7–94 or emergency language will be repealed by operation of law on the following day.
3. Repealer and new section refiled 10–31–94 as an emergency; operative 10–31–94 (Register 94, No. 44). A Certificate of Compliance must be transmitted to OAL by 2–28–95 or emergency language will be repealed by operation of law on the following day.
4. Repealer and new section refiled 2–15–95 as an emergency; operative 2–15–95 (Register 95, No. 7). A Certificate of Compliance must be transmitted to OAL by 6–15–95 or emergency language will be repealed by operation of law on the following day.
5. Repealer and new section refiled 6–15–95 as an emergency; operative 6–15–95 (Register 95, No. 24). A Certificate of Compliance must be transmitted to OAL by 10–13–95 or emergency language will be repealed by operation of law on the following day.
6. Certificate of Compliance as to 6–15–95 order including amendment of section transmitted to OAL 6–26–95 and filed 7–12–95 (Register 95, No. 28).

§ 7968. Appeal Process.

(a) Any applicant shall be entitled to appeal the grant selection activities or other activities of the DLB for the region it serves and to which it applied, by submitting a written petition for a hearing to the DLB within seven days following the date the DLB makes the final rating and ranking of eligible applications available to the public.

(1) The written petition shall:

(A) Provide the name, address and telephone number of the petitioner;

(B) Clearly describe each activity disputed;

(C) Clearly explain why the activity is disputed; and

(D) State the remedy the petitioner is seeking.

(2) Upon receipt of the complete petition, the DLB shall set a time and place for a hearing and shall provide the petitioner with written notice of the scheduled hearing. The hearing shall be scheduled for a date no more than fifteen days following the date of the petition.

(3) The hearing shall provide the petitioner with the opportunity to be heard and to show cause why the DLB's grant selection or other activity is disputed and why the remedy sought is appropriate.

(4) Within seven days following the hearing, the DLB shall provide the petitioner with a written determination of the appeal.

(b) A petitioner who has received a negative determination from a DLB shall be entitled to appeal to the Department for a review of the determination if the appeal is regarding the DLB's failure to follow the procedures established in the LESS or for violating the program regulations or statute. The petitioner's written petition must be received for review by the Department, within ten days after the petitioner's receipt of the DLB's determination of its appeal, or upon failure of the DLB to follow the appeal procedures contained in the LESS.

(1) The written petition shall:

(A) Include the information listed in subsection (a)(1);

(B) Clearly explain why the activity continues to be disputed; and

(C) Include copies of the original petition to the DLB, the determination issued by the DLB, and all documentation the petitioner possesses that is relevant to the appeal.

(2) Upon receipt of the petition, the Department shall determine whether the petition challenges the judgment or the procedures of the DLB.

(A) If the Department determines that the petition challenges the judgment of the DLB, or challenges the procedures established in the approved LESS approved by the Department, the Department shall deny the petition.

(B) If the Department determines that the challenge in the petition is that the procedures used by the DLB were not established in the LESS approved by the Department, the Department shall review the records and the petition and shall issue a written determination within 21 days of the receipt of the appeal petition.

(C) If the Department determines that the procedures established in the LESS approved by the Department were not followed, the Department shall issue a written determination to that effect and shall initiate corrective action.

(3) Corrective action shall include, as appropriate, imposing restrictions on the activities of the DLB or requiring the DLB to repeat the grant selection process and/or revoking the designation of the local board.

(c) Any applicant from a region without a DLB shall be entitled to appeal the grant selection activities of the Department by submitting a written petition to the Department. The petition must be received within ten days following the date the Department makes the final rating and ranking of eligible applications available to the public.

(1) The written petition shall include the information listed in subsection (a)(1).

(2) Within 21 days of receipt of the petition, the Department shall respond in writing to the petition and make a determination based on the information available.

(3) Each determination shall clearly state the findings upon which the Department's determination is based, and identify any corrective action to be taken.

§ 7969. Confirmation Process for Initial Grant Selections of a Designated Local Board.

(a) All grant selections made by DLBs shall be subject to confirmation by the Director.

(b) The transmittal of initial grant selections by a DLB to the Department shall include all of the following:

(1) An overview of the DLB actions taken on all applications,

(A) Organized into three groups: those applications deemed ineligible, those deemed eligible and selected for funding, and those deemed eligible but not selected for funding; and

(B) Identifying each application by applicant name, grant type, grant amount requested, eligibility, the rate and rank achieved by each eligible application during the selection process, and the DLB's initial funding determination; and

(C) Providing, for each application deemed ineligible, an explanation of the basis for that determination; or

(D) Providing, for each application deemed eligible a summary of the score achieved on each criterion, and the proposed grant amount.

(2) A certification by the DLB that it complied with the LESS as approved by the Department;

(3) For each application for a capital development grant, certified copies of the evaluations and determination of the RTE as required by subsection 7966(h), including copies of all supporting documentation upon which the evaluations and determination are based;

(4) For all applications recommended for funding, certification that the DLB reviewed and identified no irregularities with,

(A) The eligibility of the applicants, applications, and activities recommended for funding;

(B) The applicant's fiscal records for the prior fiscal year;

(C) The proposed client housing and/or client services and intake procedures;

(D) The availability of the additional operating funds necessary to provide the proposed client housing; and

(E) Conformance with regulations.

(c) If the transmittal is incomplete, the Department shall notify the DLB in writing within 20 days and shall include specific requests for additional documentation.

(d) If the transmittal is complete but a portion of one or more of the selected applications is found to be ineligible (such as an ineligible activity), the Department shall notify the DLB and may adjust the application to eliminate the problem if this adjustment does not affect the DLB's overall funding recommendations.

(e) Within 45 days of the receipt of a complete transmittal of initial grant selections from a DLB, the Department shall provide written notification to the DLB and to each applicant selected by the DLB of one of the following determinations:

(1) The selection by the DLB is confirmed; or

(2) The DLB's application selection is confirmed with specified conditions; or

(3) The DLB's applicant selection is not confirmed.

4. Repealer and new section refiled 2–15–95 as an emergency; operative 2–15–95 (Register 95, No. 7). A Certificate of Compliance must be transmitted to OAL by 6–15–95 or emergency language will be repealed by operation of law on the following day.
5. Repealer and new section refiled 6–15–95 as an emergency; operative 6–15–95 (Register 95, No. 24). A Certificate of Compliance must be transmitted to OAL by 10–13–95 or emergency language will be repealed by operation of law on the following day.
6. Certificate of Compliance as to 6–15–95 order including amendment of section transmitted to OAL 6–26–95 and filed 7–12–95 (Register 95, No. 28).

§ 7970. Grantee Contract Requirements.

(a) Following a grant award by the Director, the Department shall contract directly with the grantee. The contract shall be known as the "standard agreement" and shall include the items specified in this section.

(b) The following information shall appear in each standard agreement:

(1) A clear and accurate identification of the grantee and the Department;

(2) The timeframe for the performance of the approved project activities;

(3) The amount of the grant, clearly expressed as the maximum amount, and the basis upon which payment is to be made; and

(4) A clear and complete statement of the activities and services the grantee will perform and provide.

(c) Timeframes for the performance of approved project activities shall be as follows:

(1) Approved project activities for operating facility grants shall commence within two months of the effective date of the standard agreement and shall be completed within fourteen months of the effective date of the standard agreement. No extension of this contract term shall be granted.

(2) Approved project activities for a capital development grant shall commence within six months of the effective date of the standard agreement and shall be completed within two years of the effective date of the standard agreement.

(A) The commencement of project activities for a capital development grant shall mean either closing escrow on the purchase of a facility or acquiring a building permit for construction, conversion or rehabilitation.

(B) The completion of project activities for a capital development grant shall mean acquiring a certificate of occupancy, where applicable.

(C) If requested by the grantee, the Department may approve an extension to a standard agreement for a capital development grant not to exceed twelve months, if the Department finds that such an extension is essential for the successful completion of approved project activities.

(d) Each standard agreement shall provide that a grantee shall request and receive grant payments only under conditions which protect the Department's interests.

(e) The following performance requirements shall appear in each standard agreement and shall include additional provisions specific to each grantee:

(1) That the grantee shall submit to the Department and the DLB, as applicable, reports on the progress toward the completion of approved activities during the term of the standard agreement;

(2) That the grantee shall maintain accounting books and records in accordance with generally accepted accounting standards;

(3) That the capital development grantee shall provide the Department with a security interest in any real or personal property acquired or improved with program funds. The security interest shall be sufficient to secure the continued compliance by the grantee with specified terms of the standard agreement.

(f) The standard agreement may require monitoring utilizing a workplan prepared by the grantee as part of its application and incorporated by reference as part of the standard agreement.

6. Certificate of Compliance as to 6–15–95 order including amendment of section transmitted to OAL 6–26–95 and filed 7–12–95 (Register 95, No. 28).

§ 7971. Procedures and Requirements for Procuring Contracts for Services or Materials Under a Capital Development Grant.

(a) Each grantee awarded a capital development grant shall ensure that the requirements of this section are complied with

(1) In all its contracts or subcontracts for services and materials to be paid for with grant proceeds; and

(2) By all its contractors and/or subcontractors providing or contracting for services and/or materials to be paid for with grant proceeds.

(b) Prior to the disbursement of grant funds for any contract for services or materials required for eligible activities under a capital development grant, all construction or service contractors or subcontractors shall provide evidence satisfactory to the Department, of compliance with the requirements of this section.

(1) The grantee shall provide to the Department copies of the proposals from consultants and/or contractors for the Department's review and approval.

(2) The Department's review and approval shall be based on the proposed budget, the applicant's experience, the price of the services, and related factors, and shall be completed within 15 days of receipt of complete information from the grantee.

(c) No contract or subcontract using EHAP funds in excess of $25,000 shall be awarded without the prior review of the Department and without written approval from the Department. The Department shall not unreasonably withhold approval of said contracts.

(d) Each grantee entering into contracts for construction or rehabilitation services or materials shall have:

(1) Written bidding procedures and shall have invited bids from as many prospective bidders as is practical;

(2) Awarded the contract to the lowest responsible bidder or shall have rejected all bids;

(3) Established a method of monitoring the contract; and

(4) Maintained and make available to the Department detailed records and accounts of contracts for services and or the purchase of materials.

(e) Each contract for construction or rehabilitation services or materials shall comply with all applicable program requirements and all applicable terms and provisions of the standard agreement.

(f) Each contract shall include a provision stating that the records of the contracting parties shall be subject to audit by the Department for a period of five years after the termination of the Standard Agreement.

(g) Each contract shall include a provision stating the method and schedule of payments and shall provide for the retention of an amount of not less than ten percent from each progress payment, until such time as the lien-free completion of the project is ensured.

(h) Each construction or rehabilitation contract of $25,000 or more shall include a security provision requiring the contractor to provide a performance and payment bond or an alternate, yet equivalent, form of security, such as a letter of credit.

(1) Any form of security, required of such a contractor and/or a subcontractor, other than a performance and payment bond, is subject to the prior review and approval of the Department.

(2) The security shall be in an amount equal to one-hundred percent of the amount of the successful bid.

(i) Each construction or service contractor or subcontractor shall be appropriately licensed by the California State Contractors Licensing Board and shall be insured as required by State law.

(j) The grantee shall establish procedures which ensure that disbursements are properly expended by, or on behalf of, the grantee. Such procedures shall include:

(1) Performing on-site inspections of the construction or rehabilitation work; and

(2) Using progress inspection reports as the basis for issuing payments to contractors or subcontractors.

§ 7973. Budget Changes.

(a) After the award is made, the Department may approve changes to a project budget provided the requested budget change complies with either subsection (b) or (c).

(b) The proposed budget change:

(1) Does not substantially change the specific clients served by the approved project activities; and

(2) Continues to meet the priorities and criteria imposed during the respective grant selection process; and

(3) Results in a product, substantially the same as the originally-approved product, that costs the same as or less than the originally proposed product; and

(4) Will be completed by substantially the same date as allowed for the originally proposed product.

(5) In competitive regions, does not affect the list of awarded applications in a manner which would cause any application to be added to or removed from the list.

(c) The proposed budget change will result in a significant increase in benefits related to the local program.

§ 7974. Disbursement Procedures.

(a) Funds shall be disbursed on the basis described in the standard agreement.

(b) For capital development grants, the Department may require the grantee have an escrow account, a construction fund control account, or a comparable type of account for acquisition, construction, conversion and rehabilitation activity, as applicable.

(c) The Department may rely on the grantee's certification that expenditures claimed in a request for disbursement are eligible and necessary, provided that the grantee also certifies that detailed supporting documentation verifying each expenditure is available and shall be retained by the grantee for five years after the termination of the standard agreement.

(d) Upon receipt and review of acceptable documentation the Department may provide an initial advance disbursement of up to fifty percent of the grant amount for operating expenditures. Advances are not permitted for capital development-type expenditures.

(e) As necessary, the Department shall establish minimum disbursement amounts or other related procedures necessary for the efficient administration of the program.

(f) If a grantee uses program funds for the costs of ineligible activities, the grantee shall be required to reimburse the funds to the EHAF and shall be prohibited from applying for subsequent allocations until fully repaid.

6. Certificate of Compliance as to 6–15–95 order including amendment of section and NOTE transmitted to OAL 6–26–95 and filed 7–12–95 (Register 95, No. 28).

§ 7975. Monitoring Grant Activities and Closing–out Grants.

(a) Each DLB shall monitor the subsequent activities funded by grants from an allocation to the DLB's region.

(b) The Department shall monitor activities funded by grants selected and awarded by the Department pursuant to a Statewide NOFA or where the DLB's designation has been terminated and it has transferred its records to the Department per section 7953(j) and may monitor grantees in DLB regions pursuant to the terms of the standard agreement.

(c) When a DLB is responsible for monitoring grant performance, the DLB may review and approve each request for disbursement from grant funds prior to submittal to the Department for review, approval, and payment.

(d) A DLB shall report immediately to the Department

(1) Any failure by a grantee to comply with the requirements of the program and/or the standard agreement; and

(2) Any need for the Department to halt the disbursement of grant funds or to halt activities funded by a grant.

(e) In order to close–out a grant the grantee shall:

(1) Provide a summary of the activities serving clients during the period of the grant, an estimate of the number of clients served with EHAP funds, and the corresponding expenditures for each approved eligible activity; and

(2) Demonstrate that all expenditures are supported by invoices and receipts.

(f) If a DLB supervises the close–out activities, the DLB shall provide a written certification that all grant–supported activities were conducted in compliance with program requirements.

(g) If it is determined that a grantee falsified any certification, application information, financial or contract reporting, the grantee shall be required to reimburse the full amount of the grant to the EHAF and shall be prohibited from any further participation in the EHAP.

§ 7976. Performance Evaluation of a Designated Local Board.

(a) The Department shall evaluate the performance of each DLB on an annual basis.

(b) This process shall involve an evaluation of the degree to which:

(1) Eligible recipients in the region participate in the development of the LESS;

(2) The performance of the DLB conforms to the procedures and requirements of the LESS and the requirements of this subchapter;

(3) The DLB achieves the goals and objectives established in the LESS, as measured by the eligible applications received and selected within the region;

(4) The participation of the DLB resulted in the increased efficient and effective use of program funds allocated to the region; and

(5) Program grant activities within the region are monitored and, consequently, the degree to which grant activities conform to program requirements.

Subchapter 13. Mobile Home Park Resident Ownership Program

Article 1. General

§ 8000. Scope and Authority.

These regulations establish the Mobilehome Park Resident Ownership Program and the policies and procedures for the allocation and use of financial assistance from the Mobilehome Park Purchase Fund consistent with the objectives and requirements of the statutes. The department may provide financing from the fund for the following types of program loans:

[The next page is 425.]

(a) conversion loans, pursuant to Section 8006;

(b) blanket loans, pursuant to Section 8008; and

(c) individual loans, pursuant to Section 8010.

HISTORY

1. New Subchapter 13 (Sections 8000–8032, not consecutive) filed 11–25–85; effective upon filing pursuant to Government Code Section 11346.2(d) (Register 85, No. 48).

2. Amendment of subchapter heading, section and NOTE filed 5–11–2001; operative 5–11–2001 pursuant to Government Code section 11343.4 (Register 2001, No. 19).

§ 8002. Definitions.

In addition to the definitions found in Section 50781 and Chapter 2 (commencing with Section 50050) of the Health and Safety Code, the following terms and definitions shall apply to this subchapter.

"Affordable housing costs" means that the housing costs for a low–income resident shall not exceed 30% of that resident's monthly gross income unless the department approves an amount exceeding this standard based on one or more of the following conditions which provide overriding and special reasons for exceeding this goal:

(a) the project would be financially infeasible without housing costs in excess of this standard due to factors such as lenders' more stringent underwriting requirements for park conversions, lack of adequate financial assistance, unique factors which limit project rental income, exceptional conversion costs beyond the control of the residents, or other similar extraordinary factors approved by the department; or

(b) a satisfactory credit record has been maintained by the household, and the household has demonstrated an ability to sustain the proposed housing expense; or the department determines that the eligible household can assume such greater responsibility based on an analysis of future anticipated income or reduction in debt.

If the 30% of income standard cannot be achieved, under no circumstances shall the housing costs of a low–income resident exceed the greater of 40% of the resident's gross monthly income or the resident's housing prior to the conversion.

"Code" means the California Health and Safety Code.

"Committee" means the committee designated by the director pursuant to Subchapter 1 (commencing with Section 6900) of Chapter 6.5 of this Part.

"Equity" means a cash contribution or interest in the property pledged as collateral, but does not include secured debt junior to the department's loan.

"Gross income" means all income as defined by Section 6914 of this Part received by a resident except that the value of net family assets shall be limited to the actual amount of income derived from those assets.

"Housing costs" means the housing cost of a purchaser as defined in Section 6920 of this Part.

"Individual interest" means an individual interest in a mobilehome park as defined in Section 50781 (f) of the Code.

"Loan Originator" means an entity approved by the department to underwrite or originate loans, or evaluate the eligibility of applicants for program assistance.

"Local public entity" has the same meaning as set forth in Section 50079 of the Code.

"Low–income resident" means a person or household who is a resident of the mobilehome park and who is a lower– income household as defined in Section 50079.5 of the Code and Subchapter 2 of Chapter 6.5 of this Part, with the exception that gross income shall be calculated pursuant to the definition in this subchapter.

"Mobilehome" means any of the following:

(a) a mobilehome as defined in Section 18008 of the Code.

(b) a manufactured home as defined in Section 18007 of the Code.

(c) a recreational vehicle as defined in Section 18010 of the Code.

(d) factory–built housing as defined in Section 19971 of the Code.

"Mobilehome park" means mobilehome park as defined in Section 50781(i) of the code.

"Mortgage lender" means a bank or trust company, mortgage banker, federal or state chartered savings and loan association, credit union or other financial institution, or a local public entity.

"Need for Assistance" means the amount of program assistance required to achieve affordable housing costs for low–income residents.

"Program" means the Mobilehome Park Resident Ownership Program.

"Project" means a mobilehome park which has received a loan commitment or loan pursuant to this subchapter.

"Qualified nonprofit housing sponsor" means a nonprofit housing sponsor as defined in Section 50781(k) of the Code.

"Rehabilitation" means substantial repairs and improvements to the project which are necessary to a) conform with legally authorized requirements of state or local government in order to receive approval to convert the park to resident ownership, b) meet reasonable and minimum property standards established by a lender for the project, and c) alleviate all substandard conditions which violate the Mobilehome Parks Act, Section 18200, et. seq., of the Code.

"Resident" means an individual or household who actually resides in a mobilehome park as that person's principal residence.

"Resident organization" means an organization of mobilehome park residents which has all of the following characteristics:

(a) is a legally recognized entity;

(b) is able to enter into a contract;

(c) is capable of suing or being sued;

(d) may include residents from more than one park; and

(e) has as members no less than two–thirds of the residents from each park that is represented by the organization.

"Resident ownership" means the ownership of an interest in a mobilehome park by a resident organization, which entitles the resident organization to regulate the operations of the mobilehome park for a term of no less than 15 years, or the ownership of individual interests by residents in a mobilehome park, or both.

Article 2. Program Requirements

§ 8004. General Provisions.

(a) The department shall make loans to eligible borrowers for eligible projects pursuant to this subchapter. Program loans shall be subject to terms and conditions which meet the requirements of the Code and this subchapter. Loans shall be secured by the best available security. In all cases, the term of any loan shall not exceed the lesser of either the term of the ownership interest or the economic life of the property. Program loans shall bear interest at the rate of three percent (3%) simple interest per annum, unless a different statutory rate is specified. Monthly payments shall be required for all loans unless an alternative repayment schedule is approved pursuant to subsection (d). The department may assess late fees or penalties for late payments not to exceed more than 5% of the scheduled payment. Loans provided pursuant to this subchapter shall not be assumable by another borrower, except where the department determines that an assumption by another eligible borrower is necessary to prevent a financial loss. The terms of assumption may be different than originally underwritten and offer the greatest opportunity for full repayment as determined by the department.

(b) In order to be eligible to apply for assistance pursuant to this subchapter, a project must be a mobilehome park in which at least one low income household is a resident. Parks to be acquired by nonprofit housing sponsors and local public entities must have the support of at least two-thirds of the residents living in the park in order to be eligible to apply for program funding. In a resident owned park, the resident organization must have the support of at least 2/3rds of the residents at the time of application, and 2/3rds of the residents must participate as members of the resident organization at the time of funding. The park upon completion of the conversion must meet the minimum standards of the Mobilehome Parks Act. Eligible Projects costs may include conventionally constructed dwellings and nonresidential structures provided that such structures and the underlying land are used by the resident organization as common recreational facilities, office or storage space, or which generate revenue for the benefit of all residents of the park, or which serve other purposes available to all residents of the park.

(c) The department shall establish maximum limits on the amount of funds which may be committed to a project pursuant to this subchapter. The maximum loan limit for any single project shall be based upon factors such as the amount of funds available, anticipated program revenue, the required rural set-aside, and the size of anticipated or pending loan applications. The limitation on commitment size will be specified in each request for proposals and approved by the Director when it is issued for this program.

(d) The department may consider requests for alternative repayment schedules for program loans from applicants and borrowers. Such requests shall propose the repayment schedule desired and provide evidence that an alternative schedule is necessary for the financial feasibility of the project and/or to achieve affordable housing costs. The department may approve the request, in whole or in part, if the need is demonstrated and the program's security interest will be adequately protected through the alternative schedule. The decision to approve an alternative repayment schedule shall be within the sole discretion of the department. All loan applications for conversion or blanket loans that request an alternate repayment schedule shall be reviewed by the committee prior to the director's approval.

(e) Program funds may not be used to facilitate the purchase of a park by a qualified nonprofit corporation or a local public entity from a public entity that acquired the park prior to the commitment of the loan from the program.

§ 8006. Conversion Loans.

(a) Conversion loans from the fund shall provide short term financing for conversion costs to resident organizations, qualified nonprofit housing sponsors, and local public entities. Conversion loans shall not exceed any of the following:

(1) To the extent possible, 50 percent of the conversion costs for the project. However, the loan may be up to 95 percent of the approved conversion costs attributable to the percentage of lower income households in the park when approved by the department.

(2) the maximum loan amount established in each request for proposals pursuant to Section 8004(c).

In addition, the total debt secured in a senior position to the department's loan plus the department's loan shall not exceed the value of the collateral securing the loan. The amount of any item of conversion cost shall be subject to department approval based on its necessity, reasonableness, eligibility, and impact on the financial feasibility and security of the project. The loans shall have a maximum term of three years. Borrowers shall make monthly payments of interest only during the loan term unless an alternative repayment term has been approved pursuant to Section 8004(d) and shall repay the loans upon the recordation of permanent financing documents to complete the conversion of the project.

(b) Conversion loans shall provide only supplemental interim financing for conversion costs directly related to the conversion and shall be prorated or limited pursuant to subdivision (a). Conversion loans may be used for conversion costs including, but not limited to, the following items to the extent approved by the department:

(1) the acquisition cost of the mobilehome park;

(2) loan origination, appraisal, inspection, and other related financing costs;

(3) title and escrow fees, recording fees, and other related closing costs;

(4) engineering, legal and other professional fees;

(5) expenditures required to obtain governmental approvals;

(6) relocation costs pursuant to Section 8020;

(7) rehabilitation costs; and

(8) contingency funds.

(c) Conversion loans to local public entities shall comply with the following requirements in addition to those requirements in subdivision (a) and (b):

(1) Program commitments to local public entities must be made prior to the acquisition of the park:

(2) At the time of funding the park to be acquired must have at least 30% low income residents;

(3) Residents participation must be ensured by either resident representation on the Board of Directors of the entity that acquires permanent ownership of the park or by representation on a permanent resident advisory board.

(4) Where a park is acquired by a local public entity for transfer to a nonprofit sponsor or resident organization, the transfer must occur within 3 years or the loan must be repaid in full to the department. An additional 3 years may be granted upon a determination by the department that a good faith effort to transfer the park has been made.

(5) Where loans are made to a qualifying nonprofit housing sponsor or a local public entity, a regulatory agreement which regulates occupancy, rents and park operations shall be recorded.

HISTORY

1. Amendment of section and NOTE filed 5-11-2001; operative 5-11-2001 pursuant to Government Code section 11343.4 (Register 2001, No. 19).

§ 8008. Blanket Loans.

(a) Blanket loans from the fund shall provide long term permanent financing to resident organizations, qualified nonprofit housing sponsors and local public entities for the purpose of achieving affordable housing costs for low-income residents.

The loans shall not exceed any of the following:

(1) To the extent possible, 50 percent of the conversion costs attributable to low-income spaces. The department may approve loan amounts up to 95 percent of the approved conversion costs attributable to the percentage of lower income households in the park. The department may grant the higher loan amounts only if the project applicants demonstrate that no other funds are available and the project would not otherwise be feasible.

(2) the aggregate need for assistance of low-income residents who possess the tenancy rights of Sections 798.12 of the Civil Code. The amount approved for a blanket loan, as a percentage of the total project cost, shall not exceed the percentage of park residents who are low income.

(3) the loan limit established pursuant to Section 8004(c).

Projects receiving blanket loans shall have department-approved programs of assistance for low-income residents. A program of assistance shall establish the financial mechanism used by a resident organization to direct the benefits of a blanket loan to low-income residents, which may include, but is not limited to rent skewing and internal loans. The amount of any item eligible for funding with a blanket loan shall be sub-

ject to department approval based on its necessity, reasonableness, eligibility, and impact on the financial feasibility and security of the project.

Blanket loans shall not have terms in excess of 30 years. The loans shall have monthly payments amortized over the term of the loan unless an alternative repayment schedule has been approved pursuant to Section 8004 (d). In addition, the total debt secured in a senior position to the department's loan plus the department's loan shall not exceed the value of the collateral.

(b) Blanket loans may provide funds to eligible borrowers for the following eligible costs, to be prorated or limited to pursuant to subdivision (a):

(1) to repay a conversion loan or replace interim or short–term financing that was used to acquire or rehabilitate the park. For purposes of this subchapter, "short–term" means not over three years;

(2) to pay, to the extent approved by the department, any costs eligible for conversion loans listed in subdivision 8006(b);

(3) to establish operating reserves;

(4) to provide long–term financing for a project;

(5) to supplement other public or private financing;

(6) to enable low–income residents to obtain individual interests; or

(7) to enable low–income residents to remain in the project.

(8) subject to Section 50784(h) of the Code, program funding may be used to finance the cost of relocating the residents of a mobilehome park to a more suitable site within the same jurisdiction.

(9) to pay developer fees for qualified nonprofit housing sponsors, not to exceed tax credit limits if the project receives federal tax credits, or if the project does not receive tax credits, five percent of total project cost or $100,000, whichever is greater.

(c) Nonprofit Housing Sponsors shall comply with the following requirements in addition to those in subdivision a and b:

(1) The parks must have at least 30% low income residents at the time of funding.

(2) Parks that are acquired by a nonprofit housing sponsors shall ensure resident participation by either having resident representation on their Board or by establishment of a permanent resident advisory board.

HISTORY

1. Amendment of section and NOTE filed 5–11–2001; operative 5–11–2001 pursuant to Government Code section 11343.4 (Register 2001, No. 19).

§ 8010. Individual Loans.

Individual loans from the fund shall provide long term permanent financing to low–income residents for the purposes of acquiring an individual interest and achieving affordable housing costs. In order to be eligible for an individual loan, a low–income resident must possess the tenancy rights of Section 798.12 of the Civil Code, or have entered into one or more agreements to rent and occupy a park space and mobilehome prior to project application. The loans shall not exceed any of the following:

(1) To the extent possible, 50 percent of the acquisition cost of the individual interests including nonrecurring closing costs,

(2) the need for assistance or

(3) the maximum loan amount established pursuant to Section 8004(c). However, the loan amount may be approved for up to 95 percent of the approved acquisition costs of the individual interest in the park if the lower income resident can demonstrate that no other funding is available and the purchase would not otherwise be feasible. In addition, borrowers of individual loans shall possess no less than 5 percent equity in the collateral securing the loan. For the purposes of this section, equity does not include secured debt junior to the department's loan. The amount of any item eligible for funding with an individual loan shall be subject to departmental approval based on its necessity, reasonableness, eligibility and impact on the financial feasibility and security of the project. Individual loans shall not have terms in excess of 30 years. The loans shall have monthly payments amortized over the term of the loan unless an alternative repayment schedule has been approved pursuant to Section 8004(d).

Where a local public entity acquires a park and applies for program assistance for the purchase of individual interests, the program may make individual loans when a simple majority of households residing in the park actually purchase, or have opened escrow to purchase, interests or spaces in the park.

Article 3. Application and Funding Procedures

§ 8012. Applications for Loan Commitments.

(a) The department shall award loan commitments through the issuance of requests for proposals. The requests for proposals shall identify whether applications will be accepted on a competitive basis with a specified deadline and/or on an over–the–counter basis. The department will determine which method will best implement the goals and purposes of the program. Applicants may submit applications for loan commitments only in response to a request for proposals issued by the department. A single application shall be submitted for a commitment for all program loans desired for the project.

(b) Department forms shall be used for applications which shall include the following.

(1) evidence of the eligibility of the applicants, project, and all activities;

(2) a description of the project and how the program funds will be used;

(3) a detailed plan and scheduled for implementing and administering the project;

(4) a detailed financial plan for the project which identifies the anticipated sources of all financing and the proposed specific uses for program funds;

(5) the qualifications of the parties implementing and administering the project;

(6) evidence or a certification of compliance with relevant state and local laws and ordinances, or a detailed description of how and when compliance will be achieved;

(7) evidence signed by a representative of the local government that the project complements the implementation of a local housing program to preserve or increase the supply of housing for persons and families of low and moderate income, and will be consistent with local zoning and land use policies upon completion.

(8) evidence that the resident organization has site control which means the right or ability to obtain possession of the mobilehome park for a period of not less than 15 years. Such evidence includes, but is not limited to, an executed contract to purchase, an executed irrevocable option agreement, or a written agreement from the property owner to convert the mobilehome park to resident ownership;

(9) a program of assistance for low–income residents if a blanket loan is requested;

(10) a statement concerning the potential for displacement of residents from the project and a plan to provide specific mitigation measures or relocation benefits consistent with Section 8020;

(11) a commitment from a loan originator selected by the applicant or a plan for selecting a loan originator to originate individual loans if the application is exclusively for such loans;

(12) written authorization from the applicant's governing boards in the form of a certified resolution to submit an application for a loan commitment;

(13) any commitments from the local public entity and/or other sources to provide financial and other assistance to the project; and

(14) other information required by the department to determine the eligibility of, evaluate the feasibility of, and rate the project.

(c) The department shall have sole discretion to approve or disapprove the adequacy of each item in the application based on the criteria for review in Section 8014. Where the department concludes that information is inadequate it may return applications for additional information or reject applications if it deems that the inadequacies cannot be cured within a reasonable time.

(d) The department shall condition any release of funds on completion of any items which are not completed at the time of application.

HISTORY

1. Amendment filed 5-11-2001; operative 5-11-2001 pursuant to Government Code section 11343.4 (Register 2001, No. 19).
2. Amendment of subsections (a), (b)(12) and (b)(14) filed 7-11-2005; operative 8-10-2005 (Register 2005, No. 28).

§ 8014. Review and Rating of Projects.

(a) The department shall rate applications and award funds based upon the following criteria:

(1) the extent to which the project achieves the goal of limiting housing costs for low-income residents to 30% of gross monthly income;

(2) the extent to which there will be no involuntary displacement from the project;

(3) the extent to which the project is prepared to convert based upon the speed and ease with which the project can be completed once funds are awarded;

(4) the capacity of the borrower, loan originator, consultants and other parties to complete the project and fulfill the requirements established for the program by this subchapter;

(5) the extent to which the proposed ownership structure provides long-term security of tenure.

(6) the extent to which the project complements local programs or plans to preserve or increase the supply of low and moderate income housing and mobilehome park spaces;

(7) the degree of support provided to the project by the residents, local government and other parties;

(8) the financial feasibility of the whole project, including the rents from all residents and their relationship to reasonable market rents, the total cost of conversion and operation, and other factors which relate to the security of the department's loans;

(9) the extent to which program funds will be used in the most efficient manner to assist the maximum number of low-income residents;

(10) the extent to which the project has the lowest possible costs given program requirements and local market conditions;

(11) the extent to which the project will receive below market financing and other assistance, including the value of administrative functions provided by a local public entity pursuant to Section 8018(c). The department shall take into account the resources which are available to the local public entity when considering this factor;

(12) the allocation of funds throughout the State pursuant to Section 50785 of the Code; and

(13) the awarding of additional points for applications from resident owned parks.

(b) In the event that eligible applications are received requesting more funds than are available for award, the department will rank applications according to scores received pursuant to paragraph (a) of this section.

(c) In each request for proposals, the department shall allocate no less than 20% of the funds available for this program to rural areas. In the event that there is an inadequate number of rural project applications that are feasible based on the factors in subsection (a), the department may make additional awards to non-rural projects.

2. Amendment of section heading and subsection (a), new subsection (b) and subsection relettering filed 7-11-2005; operative 8-10-2005 (Register 2005, No. 28).

§ 8016. Approval of Projects and Commitment of Funds.

(a) Program staff shall review applications for loan commitments and prepare recommendations based on the above factors. Applicants shall be notified of the staff recommendation and of the date and time that the committee will consider their applications.

(b) The committee shall evaluate applications and make recommendations to the director pursuant to Section 6904 of this Part.

(c) The director shall review the committee recommendations and approve, approve with amendments, or disapprove the applications. The director's decision shall be final. Written notification of the approval of an application shall constitute a conditional loan commitment from the fund.

(d) The department shall inform the applicant in writing of the director's decision. An approval shall set forth the terms and conditions, if any, placed on the approval.

HISTORY

1. Repealer filed 5-11-2001; operative 5-11-2001 pursuant to Government Code section 11343.4 (Register 2001, No. 19).

§ 8020. Displacement and Relocation.

(a) The project shall ensure that no resident is involuntarily displaced from the project without proper notice, assistance and compensation. A resident who is offered an opportunity to remain in the park after the conversion through continuation of the tenancy at generally the same terms as existed prior to conversion, shall not be considered involuntarily displaced.

(b) In all situations where a resident may be involuntarily displaced, the following shall apply:

(1) The project shall comply with the Mobilehome Residency Law, Section 798, et. seq., of the Civil Code.

(2) Where the park is converted pursuant to the Subdivision Map Act, Division 2 of Title 7 of the Government Code, the project shall comply with Section 66427.4 and Section 66427.5 of the Government Code. For the purposes of this section, the term preconversion rent as used within Government Code Section 66427.5 shall mean for public entity acquisitions those rents which were in effect at the time of the initiations of the negotiations; or for resident organization or nonprofit entity acquisitions those rents which were in effect at the time of the initial agreement for sale. For the purpose of calculating allowable rent levels which may be charged pursuant to Government Code Section 66427.5(d)(1), project sponsors may achieve market rents over the permissible four-year period through equal annual increases. The amounts of such equal annual increases are to be calculated based on the difference between the pre-conversion rents and market rents at the time of conversion. To the extent that the rent levels at the end of the fourth year lag behind market rents at that time, rents may be raised to current market levels in the fifth year.

(3) Where the park is converted to a limited-equity housing cooperative pursuant to Section 33007.5 of the Code, the project shall comply with Section 65863.7 of the Government Code.

(4) Where applicable, the project shall provide assistance and payments consistent with the requirements of the Relocation Act Section 7260, et. seq., of the Government Code and the relocation guidelines contained in Chapter 6 (commencing with Section 6000) of Part 1 of this Title.

(5) The project shall comply with all other applicable federal, state and local ordinances, laws or regulations which have requirements in excess of those of this section.

(c) Program funding may not be used to relieve a park owner of any responsibility for mitigating the impacts of a park closure on tenants.

§ 8022. Transaction Documents.

(a) Applicants shall submit all legal documents related to the conversion or operation of the project for department review and approval.

(b) The department shall prepare and execute standard loan agreements with applicants who receive loan commitments pursuant to Section 8016 (c). The standard agreement shall specify the terms and conditions which govern the loans and shall require the subsequent execution of conversion agreements, regulatory agreements, notes, and other instruments securing the department's interest.

(c) The department may enter into conversion agreements with borrowers who receive conversion loans and may required other entities who have a vested interest in the projects to be a party to the agreements. The conversion agreements shall specify the terms and conditions governing the use of conversion loan funds and the funding of blanket and individual loans.

(d) The department shall enter into regulatory agreements with borrowers who receive conversion or blanket loans and may require other entities who have a vested interest in the projects to be a party to the agreements. The regulatory agreements shall specify the terms and conditions governing the management and operations of the project and the program of assistance for low-income residents. For a qualifying nonprofit housing sponsor or local public entity, a regulatory agreement shall include but not be limited to provisions that regulate occupancy, rents, and park operations.

(e) Borrowers shall execute promissory notes and deeds of trust and/or other instruments securing state loans as required by the department. The form and content of these documents shall ensure that the loans are adequately secured.

§ 8024. Loan Origination and Servicing Agreements.

(a) The department shall require the project applicant to execute loan origination and/or servicing agreements with the loan originator specified by the project applicant and approved by the department. It shall be the responsibility of loan originators or loan servicers, where servicing responsibilities are not performed by the department, to do the following:

(1) accept and review applications for blanket and individual loans and verify information pertaining to the applications;

(2) determine each applicant's eligibility for assistance and his/her credit worthiness and ability to make any required payments;

(3) make recommendations to approve or deny each application, determine the amount of assistance and submit these recommendations to the department for approval;

(4) prepare all loan documents and make necessary arrangements to close the loans;

(5) submit loan packages, all documents determining assistance, including executed loan documents to the department subsequent to the close of escrow;

(6) transmit loan payments to the department according to a schedule established by the department;

(7) notify the department of defaults and delinquencies on program loans and loans which are senior to program loans; and

(8) enforce the terms of the notes and deeds of trust or other instruments securing repayment of the program loans.

(b) Loan originators and loan servicers shall report to the department and provide certifications to the department concerning their compliance with the terms and conditions of the origination and/or servicing agreement. The department shall periodically monitor the activities of loan originators or loan servicers to verify compliance.

(c) Prior to funding any loan the department shall review and approve the loan origination fees and any other fees proposed to be charged by the loan originator or loan servicer. The department may pay such fees to loan originators or loan servicers as provided in the origination and servicing agreement. Such fees shall not exceed the prevailing rate charged by the industry for comparable loans.

§ 8026. Blanket and Individual Loan Origination.

(a) Low-income residents who apply for individual loans or the benefit of blanket loans shall use forms and follow instructions approved by the department. Such applications shall include, but not be limited to, the following:

(1) evidence of eligibility for an individual loan or the benefit of a blanket loan;

(2) information on the income, debts and credit worthiness of the applicant;

(3) authorization to investigate and verify the information provided by the applicant;

(4) authorization for the loan originator, local public entity and department to share information in order to make decisions concerning action on the application; and

(5) a certification that the information provided by the applicant is true and accurate.

(b) Applications for individual assistance under blanket loans shall consist of separate applications from individual residents who will benefit from the blanket loan.

§ 8028. Disbursement of Loan Funds.

(a) The department shall disburse funds pursuant to the terms and conditions specified in the transaction documents with the departments.

(1) The department shall condition the disbursement of funds on the execution and recordation of those documents necessary to secure its financial and statutory interests, which may include, but are not limited to: promissory notes, deeds of trust, or regulatory agreements.

(2) The department may disburse funds directly to parties other than to signatories to the standard agreement if payments to those parties are specified in the standard agreement.

(3) The department may disburse funds prior to the borrower satisfying all of the conditions of Section 50786(d) of the Code if the funds will be held by a local public entity, mortgage lender or escrow company until conditions are met.

(4) Advance payments not exceeding 25% of the loan amount may be made if the department determines they are necessary to complete the project and if the State's interest and security are met.

(b) The department shall establish presale requirements for each project which must be met prior to the closing for a blanket or individual loans. The presale requirements may include additional requirements such as a higher, minimum percentage of sales if needed to protect the security of program loans. Where program loan funds are being used to purchase individual ownership interests, the minimum percentage of 67

percent (67%) of occupied spaces may be increased to 67 percent (67%) of all spaces in the park. Sales, for the purpose of calculating this percentage, shall include previously consummated sales, sales to be financed with program loans that are ready to close, and sales with other financing that will be consummated simultaneously with the closing of the program loans.

(c) The department may fund blanket loans and individual loans in escrow from the repayment of conversion loans for the project. The department may provide partial releases from the deed of trust and the regulatory agreement as individual loans are funded and recorded.

§ 8030. Monitoring and Reporting.

(a) The department shall, directly or through a third party, monitor the activities of borrowers and the progress of projects for the following purposes:

(1) to verify compliance with the terms and conditions of contracts and agreements;

(2) to ensure the success of the project; and

(3) to protect the security of program loans.

(b) The department shall require borrowers to provide periodic reports using a department-approved format which will provide the information necessary to fulfill the requirement of Section 50786 of the Code and all other requirements of the program.

HISTORY

1. Amendment of section and NOTE filed 5-11-2001; operative 5-11-2001 pursuant to Government Code section 11343.4 (Register 2001, No. 19).

§ 8032. Defaults, Workouts and Foreclosures.

(a) In the event of a breach or violation by the borrower of any of the provisions of the standard agreement, the regulatory agreement, the promissory note, or the deed of trust, or any other agreement pertaining or securing the MPROP loan, the department may give written notice to the borrower to cure the breach or violation within a period of not less than 30 days. If the breach or violation is not cured to the satisfaction of the department within the specified time period, the department, at its option, may declare a default under the relevant documents and may seek legal remedies for the default including the following:

(1) The department may accelerate all amounts, including outstanding principal and interest, due under the loan and demand immediate repayment thereof. Upon a failure to repay such accelerated amount in full, the department may proceed with a foreclosure in accordance with the provisions of the deed of trust and state law regarding foreclosures.

(2) The department may seek, in a court of competent jurisdiction, an order for specific performance of the defaulted obligation or the appointment of a receiver to operate the park in accordance with program requirements.

(3) The department may seek such other remedies as may be available under the relevant agreement or any law.

(b) In the event that the breach or violation involves charging rent or other charges in excess of those permitted under the regulatory agreement, the department may demand the return or compensation of such excess rents or other charges to the affected households. In any action to enforce the provisions of the regulatory agreement, the department may seek as additional remedy, the repayment of such overcharges.

(c) Loan commitments may be cancelled by the department under any of the following conditions:

(1) the objectives and requirements of the program cannot be met;

(2) implementation cannot proceed in a timely fashion in accordance with the approved plans and schedules;

(3) special conditions have not been fulfilled within required time periods;

(4) the conversion has not commenced or been completed within three years of the date of loan approval;

(5) there has been a material change in the principals or management of the sponsor or project, which was not approved by the department.

Upon receipt of a notice of intent to cancel the loan from the department, the borrower shall have the right to appeal to the Director.

(d) The department may use amounts available in the fund for the purpose of curing, or avoiding, defaults on the terms of any loan or other obligation which jeopardize the fiscal integrity of the park or the integrity of any individual interest in a park. Such defaults include defaults or impending defaults in payments on mortgages, failures to pay taxes, or failures to maintain insurance or required operating reserves. The payment or advance of funds by the department pursuant to this subdivision shall be solely within the discretion of the department. All funds so advanced shall be part of and added to the loan and, upon demand, due and payable to the department.

Where it becomes necessary to use the fund for the purpose of assisting a project to avoid threatened defaults or foreclosures, the department shall take those actions necessary, including but not limited to, foreclosure or forced sale of the project property, to prevent similar occurrences and insure compliance with the terms of the applicable agreements.

HISTORY

1. Amendment of section heading, repealer and new section, and amendment of NOTE filed 5-11-2001; operative 5-11-2001 pursuant to Government Code section 11343.4 (Register 2001, No. 19).

Subchapter 14. California Housing Rehabilitation Program for Owner-Occupied Housing

Article 1. General

§ 8040. Purpose and Scope.

(a) This subchapter establishes the California Housing Rehabilitation Program for Owner-Occupied Housing and implements and interprets chapter 6.5 (commencing with section 50660) of part 2 of division 31 of the Health and Safety Code, and chapter 12.45 (commencing with section 8878.15) of division 1 of title 2 of the Government Code.

(b) These regulations establish procedures for the award, disbursement, management and repayment of loans and establish policies and procedures for use of these funds to rehabilitate owner-occupied housing.

(c) Notwithstanding section 7670(c) of this part, until July 1, 1990, unless extended by statute, loans entered into after the effective date of this subchapter from all deferred payment loan programs for owner-occupant property authorized by chapter 6.5 (commencing with section 50660) of part 2 of division 31 of the Health and Safety Code, except the programs specified in Health and Safety Code sections 50662.5 and 50662.7, shall be governed by this subchapter. For loans on owner-occupied property, entered into after the effective date of this subchapter and until July 1, 1990 unless extended by statute, this subchapter supersedes the provisions of subchapter 5.5 (commencing with section 7450) of chapter 7 of this part.

NOTE: Authority cited: Section 50668.5(g), Health and Safety Code. Reference: Sections 50660, 50662.5, 50668.5, and 50671, Health and Safety Code; and Section 8878.21, Government Code.

§ 8044. Eligible Use of Funds.

(a) Proceeds from the account for deferred payment loans to borrowers may be used only for eligible costs that are incurred in the rehabilitation of the property as set forth in this section. In addition, eligible costs must be necessary and consistent with the lowest reasonable cost in the area. In addition to eligible costs set forth in statute, eligible costs include, but are not limited to, the following:

(1) costs of rehabilitation of the property;

(2) costs of room additions when other rehabilitation work is being performed;

(3) costs of improvements necessary to ensure accessibility of the property to physically handicapped borrowers or dependents occupying the property, when other rehabilitation work is being performed;

(4) costs of improvements required to correct unsafe, unhealthy, or unsanitary conditions, including general property improvements when such improvements are necessary or integral to the rehabilitation work;

[The next page is 431.]

(5) costs incurred in originating the loan including the following:

(A) title insurance;

(B) credit reports;

(C) appraisal reports;

(D) first year insurance premiums;

(E) recording fees; and

(F) property tax and title monitoring service fees.

(6) costs of building permits and other related government fees; and

(7) costs of architectural, engineering, and other consultant services which are directly related to the rehabilitation of the property, which may include the costs of an environmental assessment if such an assessment is required as a condition of the loan by the department.

(b) Payments may be made to local entities for administrative expenses, which shall be in the form of grants from the department pursuant to section 8059. Administrative grant funds shall only be used for eligible costs that are incurred in the administration of a local program and in accordance with the proposed budget submitted with the application pursuant to section 8054. Administrative grants shall be a maximum of $2,500.00 or 20 percent of each deferred payment loan amount, whichever is less. Eligible categories of cost include:

(1) personal services, including the following:

(A) staff salaries, wages and benefits; and

(B) contract services which are directly related to the administration of the local program.

(2) operating expenses and office equipment, including the following:

(A) office supplies, printing and copying, and telephone charges;

(B) travel;

(C) office rent and utilities related to the local program;

(D) rented office equipment; and

(E) insurance and fidelity bonds.

(3) construction fund disbursement fees; and

(4) escrow fees.

(c) All local entities shall be eligible to receive grants for administrative costs of operating a local program. Administrative grants will be paid on a loan–by–loan basis in the following manner:

(1) Local entities that are not leveraging deferred payment loan funds with other funding sources shall receive their actual loan processing cost or 20 percent of each deferred payment loan amount, up to $2,500.00.

(2) Local entities that are leveraging deferred payment loan funds with other funding sources which do not provide administrative funding shall receive their actual loan processing cost or 20 percent of each deferred payment loan amount, up to $2,500.00.

(3) Local entities that are leveraging deferred payment loan funds with other funding sources which do provide administrative funding shall receive the difference between the amount received through the other financing source for their actual loan processing cost and the deferred payment loan or 20 percent of each deferred payment loan amount, up to $2,500.00.

(4) Local entities that are leveraging deferred payment loan funds with Entitlement Community Development Block Grant funds shall receive no administrative funding from the program for those loans in which deferred payment funds are leveraged with Entitlement Community Development Block Grant funds.

(d) Local entities requesting administrative grant funding shall demonstrate to the department's satisfaction the administrative funding received from other financing sources is insufficient to implement and assure compliance with the program. Such demonstration shall include a certification from the local entity regarding the need for administrative funds.

(e) Local entities shall not substitute fund commitments from the account for other available local funds. This restriction applies to the local entity's overall rehabilitation activities, rather than on a loan–by–loan basis.

§ 8045. Local Program Administration.

(a) The local entity shall implement the local program and be responsible for the following activities:

(1) marketing the local program in a manner which ensures that the goals and timeframes stated in the Standard Agreement pursuant to section 8056(a) are met;

(2) originating, packaging, and closing deferred payment loans in accordance with program requirements;

(3) approval of deferred payment loans upon certification by the department pursuant to section 8057(f);

(4) completing the construction requirements specified pursuant to section 8046;

(5) disbursing funds on behalf of borrowers during construction;

(6) maintaining complete and accurate records of all deferred payment loan disbursements and administrative grant expenditures to ensure adherence to proper accounting procedures for the deferred payment loan and administrative grant funds, which may be verified by the department and may be subject to a fiscal audit;

(7) complying with reporting requirements pursuant to section 8060; and

(8) meeting all other local entity requirements set forth in this subchapter.

(b) Local entities may employ consultants or other entities to perform any of the requirements specified in subdivision (a) of this section. The consultant or other entities designated to implement all or any portion of the program shall meet the standard specified in section 8042(a)(1). The local entity shall be responsible for ensuring that the actions of the consultants or other entities are in compliance with the requirements of this subchapter.

2. New section refiled 3–26–90 as an emergency; operative 3–30–90 (Register 90, No. 16). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 7–30–90.
3. New section filed 7–26–90 as an emergency; operative 7–26–90 (Register 90, No. 38). A Certificate of Compliance must be transmitted to OAL by 11–23–90 or emergency language will be repealed by operation of law on the following day.
4. Amendment of subsection (a) filed 8–27–90 as an emergency; operative 8–27–90 (Register 90, No. 42). A Certificate of Compliance must be trans-

mitted to OAL by 12–26–90 or emergency language will be repealed by operation of law on the following day.

5. New section refiled 11–16–90 as an emergency; operative 11–16–90 (Register 90, No. 51). A Certificate of Compliance must be transmitted to OAL by 3–18–91 or emergency language will be repealed by operation of law on the following day.
6. Readoption of 8–27–90 order filed 12–21–90 as an emergency; operative 12–21–90 (Register 91, No. 7). A Certificate of Compliance must be transmitted to OAL by 4–22–91 or emergency language will be repealed by operation of law on the following day.
7. Certificate of Compliance as to 11–30–89 order, readopted and operative on 3–30–90, 7–26–90 and 11–16–90, including amendment of subsection (b) transmitted to OAL 11–30–90 and filed 12–31–90 (Register 91, No. 7).

§ 8046. Construction Requirements.

(a) The local entity shall determine the rehabilitation work to be performed on the property by conducting an initial property inspection. Upon such inspection, the local entity shall:

(1) prepare a work write–up which accurately describes the existing conditions and the necessary repairs and improvements consistent with the rehabilitation standards adopted by the local entity and approved by the department. The work write–up shall indicate which items are code violations, incipient code violations, handicapped accessibility improvements, and general property improvements; and

(2) prepare a cost estimate for the rehabilitation work, building permits, government fees and the costs of architectural and engineering services directly related to the rehabilitation work.

(b) The local entity shall ensure that the rehabilitation work funded pursuant to this subchapter shall be performed in a competent, professional manner at the lowest reasonable cost consistent with current market conditions. Except as outlined in subsection (g), the local entity shall solicit, at a minimum, three written bids based on a bid package distributed to potential contractors. Such bid package shall include:

(1) the work write–up which details the rehabilitation performance specifications;

(2) bid instructions which describe the local program requirements for construction;

(3) a bid proposal form which incorporates the work write–up; and

(4) a sample construction contract which has been approved by the department.

(c) The local entity shall evaluate submitted bids in relation to its cost estimate. If three written bids are not received, or the bids received are higher than its cost estimates, the local entity shall include an explanation in the deferred payment loan file documenting the process employed to determine the reasonableness of costs. The local entity shall review all bids with the borrower, and the borrower shall select a bid which would result in the work being performed in a competent, professional manner at the lowest reasonable cost consistent with current market conditions and the local entity's cost estimate.

(d) The local entity may include a contingency amount, not to exceed 10 percent of the selected bid amount or the maximum loan amount established pursuant to section 8048(a), to be used for unforeseen costs incurred in order to complete the rehabilitation as defined in this subchapter. Any unused contingency funds shall be returned to the department for deposit to the account, and shall be treated as a borrower payment to the deferred payment loan.

(e) The local entity shall ensure that all general contractors and subcontractors selected by the borrower are licensed by the California State Contractors Licensing Board and that they maintain Worker's Compensation and Employer's Liability insurance to the extent required by State law. The contractor selected shall complete the work in accordance with a construction contract executed between the contractor and the borrower and approved by the local entity. The construction contract shall, at a minimum, contain provisions which:

(1) require that the contractor complete the work in accordance with the contractor's bid, work plans and specifications, and applicable local, State, and Federal laws, regulations, and building codes;

(2) require the contractor to proceed with and complete the work in accordance with the approved work schedule;

(3) specify a total contract price consistent with the approved contractor's bid;

(4) provide for a method of payment to the contractor consistent with program requirements which may include progress payments and payment retentions;

(5) provide for a contractor contingency amount, if any;

(6) permit the local entity and the department and their designated agents and employees the right to inspect the property and all books, records and documents maintained by the contractor in connection with the work;

(7) obligate the contractor to warrant the work for a period of not less than one year;

(8) require that the contractor provide all lien releases and pay all amounts when due for labor, materials, supplies and equipment provided for completing the work; and

(9) provide for liquidated damages.

(f) The local entity shall monitor construction for compliance with the construction contract and program requirements, and establish practices to ensure that payments to the contractor are properly expended by, or on behalf of, the borrower. Such practices shall include:

(1) conducting on–site inspections of the rehabilitation work; and

(2) preparing progress inspection reports which authorize the issuance of payments to borrowers and contractors.

(g) The borrower may perform all or a part of the labor, or provide materials, necessary to rehabilitate his or her property if all of the following conditions are met:

(1) the cost of the rehabilitation work for the portion to be performed by the borrower is less than 90 percent of the local entity's cost estimate, exclusive of profit and overhead for the general contractor;

(2) proceeds from the deferred payment loan shall not be used to pay for materials for which no paid receipt is provided or for any borrower or non–contracted worker's labor;

(3) the borrower has entered into a written contract pursuant to subdivision (e) of this section with any subcontractor retained by the borrower; and

(4) the local entity has demonstrated to the department that it has the capacity to manage and supervise rehabilitation projects utilizing borrower labor or that it will contract with a consultant or other entity that has demonstrated the capability to operate borrower–performed rehabilitation activities. Prior to the approval of the first deferred payment loan utilizing borrower–performed rehabilitation activities, the local entity shall submit the following to the department for approval of its ability to ensure that the requirements of this program will be met when borrower–performed rehabilitation is involved:

(A) the extent of the local entity's past involvement in borrower–performed rehabilitation activities;

(B) evidence of local entity administrative funding in an amount adequate to ensure proper management of borrower–performed rehabilitation activities;

(C) the criteria used in determining a borrower's ability to perform rehabilitation work;

(D) the accounting system used for purchasing materials, disbursing loan funds, and conducting inspections of the rehabilitation work;

(E) provisions for completing the rehabilitation if a borrower fails to complete the project.

7. Certificate of Compliance as to 11–30–89 order, readopted and operative on 3–30–90, 7–26–90 and 11–16–90, including amendment of subsections (b), (c), (d), (e), and (g) transmitted to OAL 11–30–90 and filed 12–31–90 (Register 91, No. 7).

Article 3. Deferred Payment Loan Requirements

§ 8047. Term of Loan.

(a) The initial loan term of a deferred payment loan to non–elderly borrowers shall be five years. In the case of elderly borrowers, deferred payment loans shall be due upon transfer of title to the property. Deferred payment loans to both elderly and non–elderly borrowers shall be due and payable if the borrower no longer occupies the property as his or her principal residence for reasons other than medical treatment or disability which require a temporary alternate residence.

(b) The department shall allow additional five–year terms to a non–elderly borrower, based on provided evidence which demonstrates that:

(1) the title to the property has not been sold or transferred except to the borrower's spouse or assumed by an eligible borrower as allowed in section 8051(a) and (d);

(2) the borrower continues to occupy the property as a principal residence; and

(3) the borrower's income is such that the deferred payment loan could not be repaid by refinancing from other sources without the borrower exceeding the ability to afford his or her housing costs. Such evidence may include income verifications and written rejections of refinancing applications from lending institutions which provide the reasons for rejection.

(c) A borrower seeking an extension shall do the following:

(1) submit a written request to the department for extension of the deferred payment loan;

(2) provide the evidence required in subdivision (b) of this section; and

(3) execute the documents required in section 8056(c).

(d) A loan extension shall be conditioned on amortized payments made by the borrower pursuant to section 8049(d).

(e) If a non–elderly borrower becomes elderly during the term of the deferred payment loan, the terms and conditions specified for elderly borrowers shall apply.

HISTORY

1. New section filed 11–30–89 as an emergency; operative 11–30–89 (Register 89, No. 49). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 3–30–90.
2. New section refiled 3–26–90 as an emergency; operative 3–30–90 (Register 90, No. 16). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 7–30–90.
3. New section filed 7–26–90 as an emergency; operative 7–26–90 (Register 90, No. 38). A Certificate of Compliance must be transmitted to OAL by 11–23–90 or emergency language will be repealed by operation of law on the following day.
4. Amendment of subsection (a) filed 8–27–90 as an emergency; operative 8–27–90 (Register 90, No. 42). A Certificate of Compliance must be transmitted to OAL by 12–26–90 or emergency language will be repealed by operation of law on the following day.
5. New section refiled 11–16–90 as an emergency; operative 11–16–90 (Register 90, No. 51). A Certificate of Compliance must be transmitted to OAL by 3–18–91 or emergency language will be repealed by operation of law on the following day.
6. Readoption of 8–27–90 order filed 12–21–90 as an emergency; operative 12–21–90 (Register 91, No. 7). A Certificate of Compliance must be transmitted to OAL by 4–22–91 or emergency language will be repealed by operation of law on the following day.
7. Certificate of Compliance as to 11–30–89 order, readopted and operative on 3–30–90, 7–26–90 and 11–16–90, including amendment of subsections (a), (b), (c), and (d) transmitted to OAL 11–30–90 and filed 12–31–90 (Register 91, No. 7).

§ 8048. Maximum Loan Amounts.

(a) The maximum amount of a deferred payment loan to a borrower shall be as follows:

(1) $20,000; or

(2) $30,000, when the rehabilitation involves one or more room additions, except that the total cost of room additions shall not exceed $10,000.

(b) Deferred payment loans shall be limited to the amount necessary to cover eligible costs which cannot otherwise be financed by other funds unless the local entity determines that:

the payment on, or costs of administration and processing of, a loan from other sources would cause the borrower to exceed the ability to afford his or her housing costs.

(c) Upon request by the local entity to the department, the maximum loan amounts established pursuant to subdivision (a) of this section shall be increased if the department determines that all of the following circumstances exist:

(1) the estimated rehabilitation costs are consistent with the lowest reasonable costs of similar projects in the same area meeting minimum rehabilitation standards and local building and land use requirements;

(2) an increase is necessary to correct health and safety defects or to meet handicapped accessibility standards; and

(3) the local entity has documented that no other funds are available for the rehabilitation work.

2. New section refiled 3–26–90 as an emergency; operative 3–30–90 (Register 90, No. 16). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 7–30–90.
3. New section filed 7–26–90 as an emergency; operative 7–26–90 (Register 90, No. 38). A Certificate of Compliance must be transmitted to OAL by 11–23–90 or emergency language will be repealed by operation of law on the following day.
4. Amendment of subsection (a) filed 8–27–90 as an emergency; operative 8–27–90 (Register 90, No. 42). A Certificate of Compliance must be transmitted to OAL by 12–26–90 or emergency language will be repealed by operation of law on the following day.
5. New section refiled 11–16–90 as an emergency; operative 11–16–90 (Register 90, No. 51). A Certificate of Compliance must be transmitted to OAL by 3–18–91 or emergency language will be repealed by operation of law on the following day.
6. Readoption of 8–27–90 order filed 12–21–90 as an emergency; operative 12–21–90 (Register 91, No. 7). A Certificate of Compliance must be transmitted to OAL by 4–22–91 or emergency language will be repealed by operation of law on the following day.
7. Certificate of Compliance as to 11–30–89 order, readopted and operative on 3–30–90, 7–26–90 and 11–16–90, including amendment of subsection (b) transmitted to OAL 11–30–90 and filed 12–31–90 (Register 91, No. 7).

§ 8049. Interest Rate and Loan Repayments.

(a) Deferred payment loans shall bear simple interest of three percent per annum on the unpaid principal balance. Interest shall accrue on the deferred payment loan from the date on which the construction is completed and shall continue to accrue at such a rate until the deferred payment loan principal and interest are paid in full.

(b) The total amount of outstanding principal and interest shall be due and payable in full at the end of the loan term. A borrower may repay the entire deferred payment loan amount at any time without penalty.

(c) Upon request by the borrower, the department may approve a voluntary prepayment plan, either at loan closing or any time thereafter. The plan may allow for the periodic payment of interest, or principal and interest, prior to the end of the loan term, unless the administration and processing of such prepayments would exceed the department's processing cost. At the request of the borrower, the plan may be revised or cancelled without penalty.

(d) If the deferred payment loan is extended by the department pursuant to section 8047(b), the borrower shall be required to make amortized payments of interest, or principal and interest to the extent that:

(1) amortized payments when combined with other housing payments may equal, but not exceed the borrower's ability to afford his or her housing costs; or

(2) the administration and processing of such payments would not exceed the department's processing cost.

2. New section refiled 3-26-90 as an emergency; operative 3-30-90 (Register 90, No. 16). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 7-30-90.
3. New section filed 7-26-90 as an emergency; operative 7-26-90 (Register 90, No. 38). A Certificate of Compliance must be transmitted to OAL by 11-23-90 or emergency language will be repealed by operation of law on the following day.
4. Amendment of subsection (a) filed 8-27-90 as an emergency; operative 8-27-90 (Register 90, No. 42). A Certificate of Compliance must be transmitted to OAL by 12-26-90 or emergency language will be repealed by operation of law on the following day.
5. New section refiled 11-16-90 as an emergency; operative 11-16-90 (Register 90, No. 51). A Certificate of Compliance must be transmitted to OAL by 3-18-91 or emergency language will be repealed by operation of law on the following day.
6. Readoption of 8-27-90 order filed 12-21-90 as an emergency; operative 12-21-90 (Register 91, No. 7). A Certificate of Compliance must be transmitted to OAL by 4-22-91 or emergency language will be repealed by operation of law on the following day.
7. Certificate of Compliance as to 11-30-89 order, readopted and operative on 3-30-90, 7-26-90 and 11-16-90, including amendment of subsections (a), (c) and (d) transmitted to OAL 11-30-90 and filed 12-31-90 (Register 91, No. 7).

§ 8050. Loan-to-Value Limits.

(a) The loan-to-value ratio of a deferred payment loan shall not exceed 90 percent of the value of the borrower's property calculated as follows:

(1) The loan-to-value ratio shall be calculated using: (a) the County Tax Assessor's current valuation of the property and (b) all indebtedness which will be senior to the deferred payment loan after the rehabilitation, plus the proposed deferred payment loan (hereinafter referred to as the "total indebtedness"). If the loan-to-value ratio exceeds 90 percent, then the loan-to-value ratio shall be calculated as set forth in (2) below.

(2) The loan-to-value ratio shall be calculated using: (a) the current estimated value of the property as determined by qualified local entity staff who have been given prior approval by the department to conduct property value analyses and (b) the total indebtedness. If the loan-to-value ratio exceeds 90 percent, then the loan-to-value ratio shall be calculated as set forth in (3) below. Any such staff analyses shall be accompanied by data showing current comparable sales in the market area.

(3) The loan-to-value ratio shall be calculated using: (a) a fee appraisal of the after rehabilitation value of the property and (b) only those liens which will be senior to the deferred payment loan, excluding senior citizen property tax deferral liens, plus the deferred payment loan. This loan-to-value ratio shall not exceed 90 percent of the after-rehabilitation value of the borrower's property. The appraisal shall be undertaken at the borrower's expense. The appraisal may be included as an eligible cost in the borrower's deferred payment loan. The appraisal shall take into consideration the estimated value of the rehabilitation to be completed on the property and shall:

(A) be prepared by an independent appraiser who:

(1.) has the knowledge and experience necessary to appraise residential property competently;

(2.) is aware of, understands, and correctly employs those recognized methods and techniques that are necessary to produce a credible appraisal; and

(3.) in reporting the results of the appraisal, communicates such analysis, opinion, and conclusion in a manner that is not misleading as to the true value and condition of the property.

(B) utilize all of the following methods to determine value:

(1.) sales of comparable properties; and

(C) include the pre-rehabilitation value.

(b) The department shall not accept any appraisal that does not conform to the provisions of subdivision (a)(3).

(c) Upon request by a local entity, the department may allow a loan-to-value ratio greater than 90 percent, but less than 100 percent as calculated pursuant to subdivision (a)(3), if the local entity provides evidence acceptable to the department that the following exist:

(1) rehabilitation which requires a deferred payment loan amount which would cause the loan-to-value ratio as calculated pursuant to subdivision(a)(3) to exceed 90 percent and

(2) the borrower has the ability to afford all payment obligations.

(d) If the local entity is lending additional funds for t he rehabilitation, regardless of the source, the local entity loans shall be recorded in a subordinate position to the deferred payment loan.

2. New section refiled 3-26-90 as an emergency; operative 3-30-90 (Register 90, No. 16). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 7-30-90.
3. New section filed 7-26-90 as an emergency; operative 7-26-90 (Register 90, No. 38). A Certificate of Compliance must be transmitted to OAL by 11-23-90 or emergency language will be repealed by operation of law on the following day.
4. Amendment of subsection (a) filed 8-27-90 as an emergency; operative 8-27-90 (Register 90, No. 42). A Certificate of Compliance must be transmitted to OAL by 12-26-90 or emergency language will be repealed by operation of law on the following day.
5. New section refiled 11-16-90 as an emergency; operative 11-16-90 (Register 90, No. 51). A Certificate of Compliance must be transmitted to OAL by 3-18-91 or emergency language will be repealed by operation of law on the following day.
6. Readoption of 8-27-90 order filed 12-21-90 as an emergency; operative 12-21-90 (Register 91, No. 7). A Certificate of Compliance must be transmitted to OAL by 4-22-91 or emergency language will be repealed by operation of law on the following day.
7. Certificate of Compliance as to 11-30-89 order, readopted and operative on 3-30-90, 7-26-90 and 11-16-90, including amendment of subsections (a), (b), (c) and (d) transmitted to OAL 11-30-90 and filed 12-31-90 (Register 91, No. 7).

§ 8051. Sales, Transfers, Encumbrances, and Assumptions.

(a) Deferred payment loans shall be due and repaid upon sale, conveyance, or transfer of the property or any interest therein, except in the case of the transfer of the property to a borrower's spouse as a consequence of marriage, dissolution of marriage, death, or unless assumed by an eligible borrower.

(b) The borrower shall not encumber, pledge, or hypothecate the property or any interest therein or portion thereof with liens which are recorded in a senior position to that of the deferred payment loan without the prior written approval of the department. The borrower shall cure any unapproved lien, charge, or assessment against the property as required

by the department pursuant to section 8052(b). The department may subordinate the deferred payment loan and permit refinancing of existing liens or additional financing secured by the property to the extent that such financing does not exceed the loan-to-value ratio pursuant to section 8050(a) and (c).

(c) When a deferred payment loan is repaid, the loan agreement required pursuant to section 8056(b) shall be terminated, the deed of trust shall be reconveyed, and any other security documents shall be terminated.

(d) With prior approval of the department, the deferred payment loan may be assumed by a borrower who meets the eligibility requirements and who shall be subject to the requirements of this subchapter.

§ 8052. Defaults on Borrower Loans.

(a) If a borrower or successor-in-interest breaches or violates any provision of (1) the loan agreement entered into pursuant to section 8056 (b), (2) the promissory note, (3) the deed of trust, (4) any other agreement pertaining to the deferred payment loan, or (5) these regulations, the department shall give written notice to the borrower to cure the breach or violation within a period of not less than 30 days from such notice. If the breach or violation is not cured to the satisfaction of the department within the specified time period, the department, at its option, may declare a default under the relevant document and seek legal remedies for the default which shall include the following:

(1) The department shall accelerate all amounts, including outstanding principal and interest, due under the deferred payment loan and demand immediate repayment. Upon a failure to repay such accelerated amount in full, the department shall proceed with a foreclosure in accordance with the provisions of the deed of trust; or

(2) The department may seek such other remedies as may be available under the relevant agreement or any law.

(b) The department may use any amounts available in the default reserve subaccount established pursuant to section 8062(a) for the purpose of curing or avoiding a borrower's default on the terms of the loan which jeopardize the department's security in the property.

(1) The payment or advance of funds from the default reserve subaccount to cure or avoid a borrower's default on the terms of a loan shall be solely within the discretion of the department. No borrower shall be entitled to payment of funds from the default reserve subaccount.

(2) All funds so advanced on behalf of the borrower shall become part of the deferred payment loan and, upon demand, due and payable to the department.

(3) If funds from the default reserve subaccount are used to assist a borrower to avoid a threatened default or foreclosure, the department shall take those actions necessary to prevent similar occurrences and to insure compliance with the terms of the applicable agreements. Such actions by the department shall include foreclosure or forced sale of the borrower's property.

Article 4. Application for Funding Procedures

§ 8053. Application Process.

(a) The department shall issue a Notice of Funding Availability (NOFA) which specifies the total amount of funds available under the NOFA, the application requirements, the allocation of rating points, and the general terms and conditions of funding commitments. Applications in response to each NOFA will be accepted on a continuous basis and ranked at least quarterly.

(b) The maximum amount of funds available to a local entity under each NOFA shall be specified in the NOFA.

(c) The department shall process an application in accordance with the following schedule:

(1) Within 30 calendar days of receipt of an application, the department shall provide the applicant with written notice as to whether the application is complete pursuant to section 8054. If the application is not complete, the notice shall specify the information or documentation necessary to complete the application.

(2) Within 45 calendar days of notification that the application is complete, the department shall provide the applicant with written notice whether the application has qualified to be rated pursuant to section 8055 (c). If the application does not qualify for rating, the notice shall provide an explanation of the reasons for disqualification.

(3) Within 45 calendar days of providing notice that an application qualifies for rating, the department shall provide the local entity with written notice whether an application will be considered for funding and, if considered for funding, the scheduled date for that consideration. If an application is not considered for funding, the local entity shall be notified in writing, including an explanation of the rating and the reasons for denial.

(4) Within 10 working days after a local program has been considered for funding, the department shall provide the local entity with written notification of the decision. Local programs selected for funding shall be approved at loan amounts, terms and conditions specified by the department.

(d) The department shall allocate not less than 20 percent of the monies from the program to local programs in rural areas. If necessary the department may:

(1) issue a special NOFA for rural local programs; or

(2) reserve a portion of funds specified in each NOFA for rural local programs.

§ 8055. Local Program Selection.

(a) Local programs shall not be considered for funding unless the application demonstrates that all of the following conditions exist:

(1) the applicant is eligible pursuant to section 8042;

(2) all proposed uses of program funds are eligible pursuant to section 8044(a) and (b);

(3) the application is complete pursuant to section 8054(c); and

(4) the total amount of funds requested does not exceed the local program funding limit which is stated in the NOFA pursuant to section 8053(b).

(b) Local programs shall be funded according to the following procedure subject to the availability of funds:

(1) An application for a local program must receive a minimum of 60 points to be considered for funding. Local programs which are approved for funding shall be funded in the order they are rated.

(2) If two or more applications have the same number of points, the department shall first fund the local program for which a complete application was first submitted.

(c) Each local program considered for funding shall be rated using the following criteria and maximum possible rating points:

(1) The percentage of total properties occupied by very low–income households to be rehabilitated under the local program. (20 points)

(2) The percentage of total properties which contain three or more bedrooms to be rehabilitated under the local program. (20 points)

(3) Need for rehabilitation of owner–occupied properties as indicated in supporting documentation, which may include the local housing element. (20 points)

(4) The extent to which the proposed local program complements an existing housing program in the local jurisdiction in which the proposed local program is located. Points shall be allocated based upon the following criteria:

(A) The extent to which the city's, county's or city and county's housing element complies with the requirements of law. (10 points)

(B) The extent to which a local public entity is implementing other programs which promote the availability of affordable housing. (10 points)

Article 5. Program Operations

§ 8056. Legal Documents.

(a) The department shall enter into a Standard Agreement with the local entity. This contract shall require the parties to comply with the regulations and provisions described in this subchapter. The Standard Agreement shall encumber monies from the account in an amount sufficient to fund the approved local program. The agreement shall also stipulate performance goals required for continued local program compliance and funding. The Standard Agreement shall contain, but not be limited to, provisions related to the following:

(1) the granting and cancellation of commitments of state funds to the local entity;

(2) local entity responsibilities for local program operation, including program timeframes, performance goals, marketing, loan processing, loan funding, construction monitoring, construction disbursement, report submissions, and loan file documentation;

(3) eligible uses of deferred payment loan funds for rehabilitation costs and grant funds for local program administration expenses;

(4) standards and processes for certification and decertification of the local entity's ability to approve borrower deferred payment loans;

(5) reporting requirements, including quarterly reports, pursuant to section 8060;

(6) local entity responsibility for the use of escrow companies and interest–bearing escrow accounts for the disbursement of loan funds and the use of other consultants providing third–party services necessary for local program administration;

(7) the criteria to be used in evaluating Prospective borrower eligibility for a deferred payment loan, including income, ownership, credit history, loan security, rehabilitation cost, and monthly housing expense;

(8) the loan approval process requiring that the local entity evaluate and document applications for deferred payment loans pursuant to section 8057;

(9) deferred payment loan terms and conditions;

(10) fund disbursement requirements, including provisions for receipt, use, and accounting of department funds pursuant to section 8058;

(11) rehabilitation work requirements such as drawings, construction schedules, rehabilitation specifications and standards, work write-ups, cost breakdowns, bid procedures, construction contracts, inspections, licenses, insurance, lien releases, cost accounting and documentation, and owner-performed work;

(12) requirements that the local entity not discriminate or permit discrimination on account of race, color, religion, ancestry, sex, age, national origin, marital status, and mental or physical handicap, in accordance with all local, State, and Federal laws governing and restricting such discrimination or requiring affirmative action. To further ensure that deferred payment loans are made in a nondiscriminatory manner, the local entity shall agree to abide by the restrictions placed upon financial institutions under the Holden Act (Health and Safety Code division 24, part 6, "Financial Discrimination" commencing with section 35800);

(13) remedies available to the department in the event of a violation, breach, or default of the Standard Agreement to ensure compliance with program requirements for the full term of the agreement, including repayment of all costs of enforcement;

(14) requirements for the execution and, where appropriate, the recordation of the agreements and documents required under the program;

(15) requirement that the local entity assign the borrower loan agreement to the department;

(16) any terms and conditions as required by local, State, or Federal law; and

(17) other provisions necessary to ensure compliance with the requirements of this program.

(b) A borrower shall enter into a loan agreement with the local entity governing the rehabilitation and loan terms. The loan agreement shall contain the following terms and conditions:

(1) the deferred payment loan amount, term, and rate of interest, including specific terms of repayment of interest and principal pursuant to sections 8047, 8048, and 8049;

(2) a timeframe for the work to be performed;

(3) the approved cost of the work to be performed;

(4) method of contractor selection, including terms and conditions of nondiscrimination as required by law;

(5) the method and schedule for disbursement of funds to borrowers and/or contractors;

(6) compliance with local, State, or Federal laws, ordinances, and regulations applicable to rehabilitation of the property, including zoning ordinances, building codes, planning, historical preservation, and environmental regulations;

(7) requirements regarding contractor performance, construction agreements, and borrower-performed rehabilitation activities;

(8) provisions allowing the local entity or department, or its designees or employees, after reasonable notice to the borrower, to enter upon and inspect the property at any time during or after rehabilitation; or to inspect the books and records of the borrower related to the deferred payment loan funds at any time during or after rehabilitation of the property which is assisted by the deferred payment loan;

(9) provisions relating to deferred payment loan extensions, refinancing, and subordination;

(10) provisions relating to sales, transfers, and encumbrances pursuant to section 8051;

(11) terms and conditions relating to defaults in repayment or breach of the loan agreement and remedies available to the parties thereto, pursuant to section 8052;

(12) property insurance requirements pursuant to section 8057(e)(2)(b);

(13) provisions that indemnify the State for all claims and losses in performance of this agreement;

(14) a provision for the loan agreement to be assignable to the department; and

(15) any other provisions necessary to ensure compliance with the requirements of this program.

(c) A borrower shall execute the following deferred payment loan documents prior to transfer of any funds to the local entity:

(1) a promissory note naming the department as payee;

(2) a deed of trust naming the department as beneficiary and sufficient to secure the obligations of the promissory note;

(3) a truth-in-lending disclosure statement;

(4) a notice of right to cancel; and

(5) any other documents as required by the department to protect the interests of the State.

7. Certificate of Compliance as to 11-30-89 order, readopted and operative on 3-30-90, 7-26-90 and 11-16-90, including amendment of subsections (a) and (b) transmitted to OAL 11-30-90 and filed 12-31-90 (Register 91, No. 7).

§ 8057. Loan Approvals.

(a) The local entity shall review and evaluate each prospective borrower's application for a deferred payment loan to determine whether the requirements of this subchapter would be met if the loan were funded. In performing this review, the local entity shall evaluate whether the State's security interest would be protected and whether the loan funds will be repaid. The local entity's evaluation shall also include a determination on each of the specific criteria set forth below in subdivision (d) of this section.

(b) For those loans which it recommends for funding, the local entity shall submit loan files to the department, which contain copies of the documents described in subdivision (e)(1) of this section, as well as the local entity's determination on each of the specific criteria set forth in subdivision (d) of this section. The department may disapprove a deferred payment loan submitted by the local entity if the deferred payment loan does not meet the requirements of this subchapter, and shall notify the local entity in writing within 30 working days following receipt of the deferred payment loan file of the reasons for denial.

(c) Where there are indications that the prospective borrower may not meet the deferred payment loan requirements of subdivision (a) of this section, the local entity may request departmental approval of the deferred payment loan, providing there are mitigating circumstances, which apply to the prospective borrower.

(d) When reviewing loans for approval, the local entity evaluation shall include determinations on each of the following criteria:

(1) The prospective borrower's loan application is consistent with the performance goals set forth in the Standard Agreement;

(2) the prospective borrower's loan application is complete and accurate;

(3) the deferred payment loan amount is consistent with the requirements of section 8048;

(4) the prospective borrower is eligible pursuant to section 8043;

(5) the loan security shall meet the requirements as specified in section 8050;

(6) the prospective borrower's credit report indicates an ability to repay all debts, including:

(A) no credit accounts past due at the time the prospective borrower's deferred payment loan is recorded;

(B) no outstanding unpaid judgments or involuntary liens; and

(C) no bankruptcies, which have not been dismissed prior to deferred payment loan recordation;

(7) the preliminary title report shows:

(A) proper vesting of title with the prospective borrower;

1. If the prospective borrower holds title with another party also who is not applying for the loan, the other party shall sign all required loan documents.

2. In cases where a joint tenancy or tenants–in–common is dissolved, the title documents must be corrected to reflect the change.

(B) the legal description of property;

(C) all encumbrances on the property. Any encumbrances which have been repaid shall be reconveyed and recorded prior to recording of the deferred payment loan; and

(D) no judgments, mechanic liens, or property tax liens due on the property.

(8) the mortgage verification for each existing encumbrance on the property indicates:

(A) a date not more than three months prior to deferred payment loan approval;

(B) that payments are current at the time of verification and, in the past, have not been more than 60 days delinquent;

(C) the financing terms including, but not limited to, variable interest rate, balloon payments, or negatively amortizing loans, which may jeopardize the state's security and the borrower's ability to repay the deferred payment loan; and

(D) the current balance of the mortgage and of any impound accounts for taxes and assessments.

(9) the prospective borrower has demonstrated an ability to maintain the property;

(10) the proposed uses of funds are eligible pursuant to section 8044(a);

(11) the cost estimates and work write–ups adequately describe the existing conditions and problems which require rehabilitation and accurately specify the rehabilitation work, room additions and improvements and accurately specify the work necessary to correct the deficiencies;

(12) the selected contractor's bid proposal is reasonable and meets the requirements of section 8046(e); and

(13) all other provisions of this subchapter have been met.

(e) The local entity shall maintain a loan file for each deferred payment loan application which shall contain, at a minimum, the following documents which shall be obtained in accordance with the following schedule:

(1) prior to loan approval:

(A) loan application;

(B) verification of the prospective borrower's income;

(C) a credit report;

(D) a preliminary title report;

(E) mortgage verifications;

(F) property appraisal;

(G) a cost estimate and work write–up;

(H) a contractors' selection statement which indicates all bids received and the contractor selected;

(I) the selected contractor's bid proposal, drawings, specifications, and proposed contract;

(J) commitment letters from other funding sources used to leverage state funds in completing a rehabilitation project;

(K) map of the property location;

(L) any other documents or justifications necessary to determine the eligibility of the borrower and to approve the deferred payment loan.

(2) After loan approval, but prior, or concurrent with, loan recordation:

(A) the properly executed and recorded deferred payment loan documents pursuant to section 8056(c);

(B) proof of hazard insurance, which names the department as loss payee, in an amount sufficient to cover the amount of the deferred payment loan and all liens recorded in a senior position, or the replacement value of the property, whichever is less;

(C) a title insurance policy insuring the department in the amount of the deferred payment loan, which shall also include a legal description of the property, the property street address, the county tax assessor's value, property tax information, the deferred payment loan as recorded, and any superior liens recorded against the property;

(D) the construction contract between the contractor and the borrower;

(E) verification of the worker's compensation and liability insurance maintained by the contractor and verification of the contractor's license as required in the construction agreement; and

(F) evidence of commitment of other funds that are leveraging state funds to complete the rehabilitation.

(3) After loan closing and prior to disbursement of final contractor retention payment:

(A) all records of contractor progress payments;

(B) all change orders;

(C) all building permits with appropriate approvals;

(D) a copy of the properly recorded Notice of Completion;

(E) copies of lien releases from the general contractor or general contractors; and

(F) a title update, which reflects all trust deeds, liens, judgements, attachments and all encumbrances, voluntary or involuntary, on title.

(f) Notwithstanding the requirement specified in subdivision (b) of this section that the local entity shall submit deferred payment loan files for department approval, the department may authorize the local entity to directly approve deferred payment loan files in accordance with the following requirements:

(1) The department shall review at least the first five deferred payment loans containing the documents specified in subdivision (e)(1) of this section and provide written comments on each file to the local entity regarding its compliance with program requirements pursuant to this subchapter. The department has the sole decision on the number of deferred payment loans to be reviewed prior to granting authorization to a local entity to approve deferred payment loans and shall base that decision on evidence that the local entity is fully capable of meeting all applicable requirements of this subchapter. Upon written request by the local entity and determination by the department that the local entity has the capability to evaluate and package deferred payment loans, the department shall certify the local entity and delegate approval authority.

(2) After certifying the local entity and delegating approval authority, the department shall periodically review deferred payment loans that have closed and provide a written review to the local entity on compliance with the program and contract requirements. The department shall randomly select any loan files for review. The local entity shall be notified that continued problems in the local entity's evaluation and approval of deferred payment loans pursuant to subdivision (a) of this section shall result in the discontinuation of the authorization and certification.

(3) The department shall condition its certification of the local entity and authorization to approve deferred payment loans on the basis of certification of specific loan officers employed by the local entity. If the certified loan officer ceases to serve in the capacity of approving loans, the local entity must notify the department and the authorization to approve

deferred payment loans shall be discontinued by the department until such time as a new loan officer employed by the local entity is certified by the department.

(4) When the local entity has been certified to approve deferred payment loans, the local entity shall request department approval of the deferred payment loan if the borrower is seeking an exception to the deferred payment loan limits or loan-to-value requirements.

(g) Notwithstanding subdivision (f) of this section, local entity approval authority may be rescinded, and future deferred payment loans shall be subject to department approval prior to the disbursement of funds. Rescission of deferred payment loan approval authority shall occur if the department determines that local entity performance no longer indicates capability to make deferred payment loans in accordance with the requirements of this subchapter. The local entity may appeal the rescission of authority to the director.

(h) The local entity shall transmit to the department for monitoring and management each completed deferred payment loan file containing the original documents specified in subdivision (e) of this section within forty-five days following completion of construction and disbursement of the final retention payment. Local entities shall keep copies of all deferred payment loan files for five years after completion of rehabilitation work and recordation of the notice of completion. The department shall require the local entity to rectify any errors or omissions discovered in the deferred payment loan files.

§ 8076. Definitions.

In addition to the definitions found in chapter 2 (commencing with section 50050), of part 1 of division 1 of the Health and Safety Code and subchapter 2 (commencing with section 6910) of chapter 6.5 of this title, the following definitions shall apply to this subchapter. In the event of a conflict between the following definitions and those recited above, the following definitions prevail for the purposes of this subchapter:

(a) "Article XXXIV approval" means the approval by local electors which must be obtained before a low rent housing project can be developed, constructed, or acquired in any city, town or county in California. This approval is required by section 1 of article XXXIV of the Constitution of California.

(b) "Assisted unit" means a dwelling unit, or a residential hotel unit, or a bedroom in a group home, designated for occupancy or occupied by eligible households in accordance with a Regulatory Agreement between the department and the sponsor entered into pursuant to section 8096(c).

(c) "Debt service coverage ratio" means the ratio of (1) operating income less operating expenses to (2) debt service payments, excluding voluntary prepayments.

(d) "Department" means the Department of Housing and Community Development.

(e) "Director" means the Director of the Department of Housing and Community Development.

(f) "Distributions" means the amount of cash or other benefits received from the operation of the rental housing development and available to be distributed pursuant to section 8089 to the sponsor or any party having a beneficial interest in the sponsor entity, after payment of all due and outstanding obligations incurred in connection with the rental housing development. Distributions do not include payments for debt service, voluntary loan prepayments, operations, maintenance, payments to required reserve accounts, incentive payments pursuant to section 8082, land lease payments to parties that do not have a beneficial interest in the sponsor entity, or payments for property management or other services as set forth in the Regulatory Agreement for the rental housing development.

(g) "Eligible households" means very low-income households or other lower income households.

(h) "Fiscal integrity" means that the total of operating income plus funds released pursuant to the Regulatory Agreement from the operating reserve account is sufficient to:

(1) pay all current operating expenses,

(2) pay all current debt service (excluding deferred interest),

(3) fully fund all reserve accounts (other than the operating reserve account) established pursuant to the Regulatory Agreement,

(4) maintain a debt service coverage ratio, where specified in the Regulatory Agreement, and

(5) pay other extraordinary costs permitted by the Regulatory Agreement. The ability to pay any or all of the annual permitted distribution shall not be considered in determining fiscal integrity.

(i) "Fund" means the Rental Housing Construction Fund.

(j) "Group home" means a residential structure or structures, including a residential hotel, where five or more handicapped persons or households reside, share common facilities and receive direct and supportive services provided under the supervision or oversight of the local public official responsible for services to the designated tenant population, including a residential facility as defined by section 1502 of the Health and Safety Code. Intermediate care or skilled nursing facilities are not considered group homes and are not eligible for funding.

(k) "Handicapped" means a family in which the head of the household is suffering from an orthopedic disability impairing personal mobility or a physical disability affecting his or her ability to obtain employment or a single person with such an orthopedic disability or a physical disability, where the family or person requires special care or facilities in the home. "Handicapped" also includes a family in which the head of household suffers from a developmental disability specified in subdivision (a) of section 38010 of the Health and Safety Code or a mental disorder which would render him or her eligible to participate in programs of rehabilitation or social services conducted by or on behalf of a public agency, or a single person with such a developmental disability or mental disorder.

(l) "Household income" means the same as "gross income" as defined in section 6914 of this title.

(m) "Initial operating year" means the initial period of operation of the rental housing development, beginning at the time of the initial occupancy of the first assisted unit in the development and ending on the last day of the fiscal year of the development.

(n) "Limited equity housing cooperative" means an entity defined by section 50076.5 of the Health and Safety Code. Except as otherwise provided, all requirements in this subchapter shall be applicable to limited equity housing cooperatives assisted pursuant to this subchapter.

(o) "Lower income household" means persons or families as defined in section 50079.5 of the Health and Safety Code.

(p) "Lower income nonassisted unit" means a dwelling unit, or a residential hotel unit, or a bedroom in a group home, other than an assisted unit, which is regulated by virtue of participation in the federal tax credit program (section 42, title 26 U.S.C.) or state tax credit program (chapter 166, California Statutes of 1990), the HUD section 202 program (section 1701q, title 12 U.S.C.), the HUD section 8 program (section 1437f, title 42 U.S.C.), or other governmental program where the occupancy and rent requirements, and the term of the occupancy and rent requirements are equal to or greater than the requirements of the federal tax credit program referenced above.

(q) "Lower income unit" means an assisted unit designated for occupancy or occupied by any lower income household.

(r) "Nonprofit corporation" means the same as defined in section 50091 of the Health and Safety Code.

(s) "Operating expenses" means the amount approved by the department that is necessary to pay for the recurring expenses of the project, such as utilities, maintenance, management, taxes, and licenses, but not including debt service, required reserve account deposits, or costs for direct or supportive tenant services that tenants are not required to pay for as a condition of occupancy.

(t) "Operating income" means all income generated in connection with operation of the rental housing development including rental income for assisted and nonassisted units, rental income for commercial space, laundry and equipment rental fees, rental subsidy payments, and interest on any accounts related to the rental housing development. "Operating income" does not include security and equipment deposits, payments for direct or supportive tenant services that tenants are not required to pay for as a condition of occupancy, or tax benefits received by the sponsor.

(u) "Other lower income household" means persons or families as defined in section 6928 of title 25.

(v) "Program" means the Rental Housing Construction Program.

(w) "Project" means a rental housing development, the development, construction and operation thereof, using program funds, and the financing structure and all agreements and documentation approved in connection therewith.

(x) "Rent" means all mandatory charges, other than deposits, paid by the tenant for the use and occupancy of an assisted unit. In a group home, when mandatory charges include direct and supportive tenant services, "rent" means that portion of the tenant's payment required to pay for debt service, reserves required by the department, and operating expenses, excluding expenses for the mandatory direct and supportive tenant services. Direct and supportive tenant services means meals, transportation, housekeeping services, recreational and social activities, independent living training, vocational training, counseling, and similar services provided or organized by the sponsor or its agent.

(y) "Rent-up costs" means costs incurred in connection with marketing and preparing an assisted unit for occupancy while the unit is on the housing market but not rented to its first tenant.

(z) "Rental housing development" means a development of five or more rental or limited equity housing cooperative units on one or more sites and includes a mobilehome park with five or more mobilehome units, a group home, and a residential hotel.

(aa) "Residential hotel" means any building which contains six or more residential hotel units where a majority of the units are residential hotel units.

(bb) "Residential hotel unit", also referred to as a "single room occupancy" unit or an SRO, means a room used for sleeping purposes that:

(1) is occupied as a primary residence,

(2) lacks, in the unit itself, either or both a kitchen or bathroom, and

(3) is subject to state landlord-tenant law pursuant to chapter 2 (commencing with section 1940) of title 5 of part 4 of division 3 of the Civil Code.

(cc) "RHCP" means the Rental Housing Construction Program.

(dd) "Rural area" means the same as defined in section 50101 of the Health and Safety Code.

(ee) "Single room occupancy" unit or "SRO" means the same as "residential hotel unit."

(ff) "Very low-income household" means persons or families as defined in section 50105 of the Health and Safety Code.

(gg) "Very low-income nonassisted unit" means a lower income nonassisted unit in which occupancy is limited to very low-income households and rents are limited to an amount not exceeding thirty percent of the maximum income for a very low-income household, less a reasonable utility allowance.

(hh) "Very low-income unit" means an assisted unit designated for occupancy or occupied by a very low-income household.

Article 2. Program Requirements

§ 8077. Eligible Project.

(a) To be eligible for funding, a proposed project must involve the development and construction of a new rental housing development.

(b) Except as specified in subdivision (c), proposed projects are ineligible if construction work, excluding:

(1) site improvements intended for public dedication,

(2) demolition,

(3) site preparation, and

(4) grading, has begun prior to the date that the department awards a commitment of program funds.

(c) Where construction work, other than that allowed pursuant to subdivision (b), has begun on the rental housing development prior to the date that the Department awards a commitment of program funds, proposed projects are eligible only under the following circumstances:

(1) construction has been halted, and the project property has been foreclosed upon or is in foreclosure;

(2) construction has been halted, and the project property has been deeded to a lender in lieu of foreclosure; or

(3) construction has been halted, and there is a substantial likelihood that a lender will initiate foreclosure due to the inability of the project's developer to complete construction.

(d) Proposed projects involving the demolition of residential rental units are eligible only under the following circumstances:

(1) the units to be demolished are substandard, and not economically feasible to rehabilitate or if the number of assisted units in the new project is at least twice the total number of units in the demolished structures; and

(2) the sponsor complies with the relocation requirements set forth in section 8091.

(e) To be eligible for funding, a proposed group home project must have the support of the local official responsible for services to the designated tenant population, such as the Mental Health Director or Regional Center Director, in the jurisdiction in which the proposed project is located, and must be designated by the local official as being an intrinsic part of that agency's established social service delivery system.

§ 8078. Eligible Sponsor.

(a) A sponsor shall be any individual, joint venture, partnership, limited partnership, trust, corporation, limited equity housing cooperative, local public entity, duly constituted governing body of an Indian reservation or rancheria, or other legal entity, or any combination thereof which is certified by the department as meeting the requirements of subdivision (c).

(b) A sponsor shall be organized on a for-profit, including limited profit, or nonprofit basis.

(c) In order to be certified as eligible for funding, an applicant must be a sponsor who must:

(1) demonstrate ability or experience relevant to owning, developing, constructing, and operating rental housing through any of the following:

(A) prior ownership, development, construction and operation of rental housing;

(B) employment of a staff with demonstrated ability or experience owning, developing, constructing and operating rental housing; or

(C) contracting with a consultant or consultants with demonstrated ability or experience assisting with the owning, development, construction and operation of rental housing; and

(2) have site control of the proposed project property by one of the following:

(A) fee title;

(B) a leasehold interest on the project property with provisions that enable the lessee to make improvements on and encumber the property provided that the terms and conditions of any proposed lease shall permit compliance with all program requirements;

(C) an option to purchase or lease;

(D) a disposition and development agreement with a public agency;

(E) a land sales contract, or other enforceable agreement for the acquisition of the property.

HISTORY

1. New section filed 12-29-89 as an emergency; operative 12-29-89 (Register 90, No. 3). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 4-30-90.
2. New section refiled 4-26-90 as an emergency; operative 4-26-90 (Register 90, No. 23). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 8-24-90.
3. New section refiled 8-27-90 as an emergency; operative 8-27-90 (Register 90, No. 42). A Certificate of Compliance must be transmitted to OAL by 12-26-90 or emergency language will be repealed by operation of law on the following day.
4. New section refiled 12-19-90 as an emergency pursuant to Health and Safety Code section 50771.3; operative 12-19-90 (Register 91, No. 4). A Certificate of Compliance must be transmitted to OAL by 4-18-91 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 12-19-90 order transmitted to OAL 1-4-91; disapproved by OAL 2-4-91 (Register 91, No. 13).
6. New section refiled 2-20-91 as an emergency; operative 2-20-91 (Register 91, No. 13). A Certificate of Compliance must be transmitted to OAL by 6-17-91 or emergency language will be repealed by operation of law on the following day.
7. Certificate of Compliance as to 6-14-91 order including amendment of subsections (a), (b) and (c) transmitted to OAL 5-15-91 and filed 6-14-91 (Register 91, No. 38).

§ 8079. Eligible Uses of Funds.

(a) Funds shall be used only for approved eligible costs that are incurred on the project as set forth in this section. In addition, the costs must be necessary and must be consistent with the lowest reasonable cost consistent with the project's scope and area.

(b) Eligible categories of costs include the following:

(1) land acquisition;

(2) acquisition of projects under construction satisfying the requirements of section 8077(c);

(3) land lease payments;

(4) construction work;

(5) offsite improvements, such as sewers, utilities and streets, related to the rental housing development;

(6) onsite improvements related to the rental housing development;

(7) architectural, appraisal, engineering, legal and other consulting costs and fees, which are directly related to the planning and execution of the project and which are incurred through third-party contracts;

(8) administrative expenses pursuant to section 8085;

(9) rent-up costs;

(10) carrying costs during construction, including insurance, construction financing fees and interest, taxes, and any other expenses necessary to hold the property while the rental housing development is under construction;

(11) building permits and state and local fees;

(12) initial operating reserve balances required pursuant to section 8102;

(13) escrow, title insurance, recording and other related costs;

(14) costs for items intended to assure the completion of construction, such as contractor bond premiums; and

(15) environmental hazard reports, surveys, and investigations.

(c) Except where required to secure local government approvals essential to completion of the project, costs associated with the following items are ineligible for funding with program loan proceeds, and cannot be paid for from syndication proceeds or loans supported by rents from assisted units:

(1) building and roof shapes, ornamentation, and exterior finish schemes whose costs are in excess of the typical costs of these features in modestly designed rental housing;

(2) fireplaces, tennis courts, and similar amenities not typically found in modestly designed rental housing;

(3) shake and tile roofs, custom-made windows, ceramic tile floors and counters, hardwood floors, and similar features using materials not typically found in modestly designed rental housing, except where such materials have lower life-cycle costs due to lower operating, maintenance and replacement costs.

(d) No program funds shall be used for costs associated exclusively with nonassisted units or commercial space. If only a portion of the rental housing development consists of assisted units, the program loan amount shall not exceed the sum of the following:

(1) the costs of all items specified in subdivision (b) associated exclusively with the assisted units;

(2) a share of the costs of common areas used primarily by residential tenants. This share shall be in direct proportion to the ratio between the gross floor area of the assisted units and the gross floor areas of all residential units; and

(3) a share of the cost of other items, such as roofs, that cannot specifically be allocated to assisted units, nonassisted units, or commercial space. This share shall be in direct proportion to the ratio between

(A) the gross floor area of the assisted units, plus a share of the gross floor area of common areas used primarily by residential tenants in direct proportion to the ratio between the gross floor area of the assisted units and the gross floor area of all units; and

(B) the total gross floor area of the structure or structures.

§ 8080. Type and Term of Loan.

(a) Sponsors shall elect to receive program financing as either combination construction and permanent loans or permanent loans only.

(b) The initial term of the loan shall be 40 years, commencing on the date of initial occupancy of an assisted unit.

(c) Upon request by the sponsor, the department shall approve an initial loan term longer than that set forth in subdivision (b) provided that such longer term does not exceed the useful life of the rental housing development as determined by the department utilizing assessments provided by professionals from the construction and real estate industries, such as the conclusions of an appraiser or a structural engineer.

(d) Upon request by the sponsor, the department may approve a ten–year extension of the loan term if the department determines both of the following are met:

(1) The sponsor is in compliance with the Regulatory Agreement and agrees to continue to comply during the extended term; and

(2) The extension is necessary to continue operations consistent with program requirements.

(e) The department may condition the extension on such terms as it deems necessary to ensure compliance with the requirements of this program.

§ 8081. Maximum Loan Amounts.

The loan amount is limited to the total amount of eligible costs required, when considered with other available financing and assistance, in order to achieve all of the following:

(a) to enable the development and construction of the rental housing development;

(b) to ensure that rents for assisted units are in accordance with program requirements;

(c) to operate in compliance with all other program requirements; and

(d) to allow a debt service coverage ratio in an amount sufficient to satisfy the requirements of other lenders providing financing for the rental housing development, but not to exceed 115 percent.

7. Certificate of Compliance as to 6–14–91 order transmitted to OAL 5–15–91 and filed 6–14–91 (Register 91, No. 38).

§ 8082. Interest Rate and Loan Repayments.

(a) Loans shall bear simple interest of three percent per annum on the unpaid principal balance. Interest shall accrue from the date that funds are disbursed by the department to or on behalf of the sponsor.

(b) Accrued interest shall be payable out of operating income remaining after payment of approved operating expenses, debt service on other loans, reserve deposits, and sponsor distributions. Such interest, to the extent it is available, shall be payable to the department commencing on the last day of the initial operating year and continuing on each anniversary date thereafter until the loan is paid in full.

(c) Upon request by the sponsor, at the time of application or any time thereafter, the department shall approve the deferral of accrued interest for such periods and subject to such conditions as are necessary to enable the sponsor to maintain affordable rents, maintain the fiscal integrity of the project and pay allowable distributions pursuant to section 8089.

(d) Upon request by the sponsor, the department shall permit payments of a portion of the program loan principal annually following approval of the annual report required pursuant to section 8101, provided that the resulting additional debt service will not jeopardize the fiscal integrity of the project or the sponsor's ability to maintain rents in accordance with program requirements. The department shall approve a schedule for such principal payments at loan closing or any time thereafter, subject to the following:

(1) The schedule shall be based on actual or projected net cash flow which shall be calculated by subtracting from operating income the sum of the amounts necessary for project fiscal integrity plus the amount of allowable distributions pursuant to section 8089.

(2) The schedule may include provision for incentive payments to the sponsor. Such payments to the sponsor shall be in addition to the sponsor's permitted distribution pursuant to section 8089, and shall be allowed only after payment in full of all interest, including deferred interest, accrued on the program loan. The amount of such payments to the sponsor for a particular year shall not exceed the lesser of

(A) the amount of payments applied to the program loan principal for that year; or

(B) twice the amount of sponsor distributions allowed pursuant to section 8089(b)(1), where this subdivision is applicable, or twenty-four percent of the sponsor's actual investment in the assisted units, where it is not.

(e) Commencing thirty years from the date of the loan, the sponsor shall make annual payments of interest and principal as follows:

(1) If the loan term, including any extensions, is fifty years or more, the amount of such payments shall not be less than one-half of net cash flow until the loan is paid in full. Net cash flow shall be calculated as described in subsection (d)(1).

(2) If the loan term, including any extensions, is less than fifty years, the amount of such payments shall be the lesser of

(A) the full amount of net cash flow, calculated as described in subsection (e)(1); or

(B) that amount required to fully amortize the loan during its remaining term.

(f) All program loan payments shall be applied first to interest and second to principal.

(g) The total amount of the outstanding principal and interest, including deferred interest, shall be due and payable in full to the department at the end of the loan term including any extension granted by the department.

(h) Upon request by the sponsor, and providing that any additional resulting debt service will not jeopardize the fiscal integrity of the project or the sponsor's ability to maintain rents in accordance with program requirements, the Department may establish an interest rate for the program loan exceeding three percent.

(i) For purposes of this section only, and for projects where distributions from nonassisted units are not limited, in accordance with section 8089(b)(2), operating income shall not include income attributable to nonassisted units or commercial space, and fiscal integrity shall be evaluated without consideration of income or expenses attributed to nonassisted units or commercial space.

§ 8083. Appraisal and Market Study Requirements.

(a) As a condition of funding, the department shall require an appraisal or market study, or both, where required to achieve the following objectives:

(1) To establish a market value for the land to be purchased or leased as part of the project for purposes of evaluating the reasonableness of the purchase price or lease terms pursuant to section 8079 and determining sponsor equity pursuant to section 8084.

(2) To assist with establishing reasonable costs for other development cost categories pursuant to section 8079.

(3) To assess fiscal integrity.

(b) Any appraisal required by the department shall be prepared at the sponsor's expense by an individual who

(1) has the knowledge and experience necessary to appraise income property competently;

(2) is aware of, understands, and correctly employs those recognized methods and techniques that are necessary to produce a credible appraisal; and

(3) in reporting the results of the appraisal, communicates each analysis, opinion and conclusion in a manner that is not misleading as to the true value and condition of the property.

(c) Any market study required by the department shall be prepared at the sponsor's expense by an individual who:

(1) has the knowledge and experience necessary to conduct a market study for rental property competently;

(2) is aware of, understands, and correctly employs those recognized methods and techniques that are necessary to produce a credible market study; and

(3) in reporting the results of the market study, communicates each analysis, opinion and conclusion in a manner that is not misleading as to the true value and condition of the property.

§ 8084. Minimum Equity Requirements.

(a) Sponsors of projects where more than 80 percent of all units are assisted units must provide equity in an amount not less than ten percent of total development costs, excluding costs of syndication. Sponsors of other projects shall not be subject to any minimum equity requirement.

(b) Equity, for purposes of this subdivision, includes cash and land, whether contributed by the sponsor from its own resources or granted to the sponsor by another party. Equity also includes other items of monetary value contributed by the sponsor and applied towards project costs, including

(1) personal property;

(2) the capitalized value of any exemption from local taxes on real property. The amount of the exemption shall be established by the department prior to loan closing based on its estimate of the probable assessed value of the rental housing development and its interpretation of state law governing eligibility for exemptions, as set forth in Revenue and Taxation Code section 214, et seq.; and

(3) the value of any administrative expenses not funded by the program, but which would have been eligible for funding pursuant to section 8085(d).

5. Certificate of Compliance as to 12–19–90 order transmitted to OAL 1–4–91; disapproved by OAL 2–4–91 (Register 91, No. 13).
6. New section refiled 2–20–91 as an emergency; operative 2–20–91 (Register 91, No. 13). A Certificate of Compliance must be transmitted to OAL by 6–17–91 or emergency language will be repealed by operation of law on the following day.
7. Certificate of Compliance as to 6–14–91 order including amendment of subsection (b) transmitted to OAL 5–15–91 and filed 6–14–91 (Register 91, No. 38).

§ 8085. Administrative Expenses.

(a) Administrative expenses are those expenses incurred by the sponsor related to the planning and execution of the project prior to initial occupancy. Such expenses include, but are not limited to the following:

(1) salaries, wages, and related costs of the sponsor's staff engaged in the planning and execution of the project, including general legal services, accounting and auditing relating to the sponsor's operations, and financial packaging;

(2) travel costs and other general overhead costs which are attributable to the project;

(3) expenses for sponsor's administrative services performed and paid for under third–party contracts.

(b) Administrative expenses do not include those legal, architectural, engineering, or financial fees which are directly related to the planning and execution of the project and which are incurred by the sponsor through third–party contracts eligible for funding pursuant to section 8079(b)(7).

(c) Sponsors seeking program funds for administrative expenses shall include in their application a statement of administrative expenses incurred to date, and a budget for anticipated administrative expenses. The statement and budget shall include sufficient detail and explanation to permit the department to determine eligibility and reasonableness of the expenses. The department shall include in the loan amount those administrative expenses shown in the statement and anticipated budget provided it determines that those expenses are reasonable and necessary considering the nature and scope of the project.

(d) Administrative expenses in amounts equal to or less than the maximum amounts shown in the following schedule shall be deemed reasonable and necessary upon certification by the sponsor that they have been incurred.

Approved Program Loan Amount	*Maximum Administrative Expenses*
Up to $500,000	5% of the approved program loan amount
Over $500,000	$25,000 plus 1% of the approved program loan amount over $500,000, up to a maximum of $50,000

(e) The department shall not fund administrative expenses in excess of 10 percent of the approved loan amount unless the sponsor can demonstrate to the department's satisfaction that costs in excess of this limitation are the result of expenses for architectural, engineering, and legal services, which would otherwise qualify for funding as consultant services pursuant to section 8079(b)(7).

§ 8086. Occupancy Requirements.

(a) In each rental housing development assisted by the program, and for the full term of the program loan, the following requirements shall apply:

(1) Not less than thirty percent of all units shall be assisted units.

(2) Not less than two–thirds of the assisted units shall be very low–income units.

(b) Assisted units shall not differ substantially in size or amenity level from nonassisted units with the same number of bedrooms, and lower income units shall not differ from very low–income units. Assisted units shall not be segregated from nonassisted units, and very low–income units shall not be segregated from lower income units. Within these limits, sponsors may change the designation of a particular unit from assisted to nonassisted, or lower income to very low–income, and vice versa, over time.

(c) The number, size, type, and amenity level of lower income and very low–income units shall not be fewer than the number nor different from the size, type and amenity level described in the Regulatory Agreement for the full loan term.

§ 8087. Tenancy Standards.

(a) Sponsors shall select only eligible households as tenants of assisted units, and shall annually verify household income and size to determine continued eligibility. As part of the management plan required by section 8100(d), the sponsor shall develop a tenant selection plan for assisted units which shall be subject to the approval of the department. Any

change to the plan shall be subject to the approval of the department. The plan shall include the following:

(1) an affirmative marketing plan for eligible households which shall include policies and steps to ensure equal access to all housing units in the rental housing development for all persons in any category protected by federal, state or local laws governing discrimination. Where a significant number of persons in the area of the rental housing development have limited fluency in English, the plan shall require that publications implementing the affirmative marketing plan be provided in the native language of those persons.

(2) reasonable criteria for selection or rejection which shall not discriminate in violation of any federal, state or local laws governing discrimination, or any other arbitrary factor.

(3) prohibition of local residency requirements.

(4) tenant selection procedures that include the following requirements:

(A) selection of tenants based on order of application, lottery or other reasonable method approved by the department;

(B) notification to tenant applicants of eligibility for residency and, based on turnover history, for units in the rental housing development, and the approximate date when a unit may be available;

(C) notification of tenant applicants of ineligibility to occupy an assisted unit and the reason for the ineligibility and their right to appeal this determination pursuant to section 8087(e); and

(D) maintenance of a waiting list of eligible households applying to occupy assisted units and if applicable, distinguish between lower- and very low-income applicants.

(5) tenant occupancy standards that shall be used by the sponsor upon both initial occupancy and recertification to determine a tenant's unit size, as follows:

Unit	*No. of Persons in Household*	
Size	*Minimum*	*Maximum*
SRO	1	2
0-BR	1	2
1-BR	1	3
2-BR	2	5
3-BR	4	7
4-BR	6	9
5-BR	8	11

(A) Flexibility for assignment by a sponsor to a different sized unit is permitted if the sponsor reasonably determines that special circumstances warrant such an assignment and the reasons are documented in the tenant's file.

(B) If at the time of recertification, the tenant's household size has changed and no longer meets the occupancy standards pursuant to this subdivision, tenant household shall be required to move to the next available appropriately sized unit pursuant to this subdivision.

(b) Upon prior written approval by the department, the sponsor may set income limits for lower income units at a level below the upper limit for lower-income households.

(c) In limited equity housing cooperatives, share purchase terms for assisted-units shall be limited as follows:

(1) the total share purchase price for the initial occupant shall be not less than two months carrying costs and not more than five percent of the prorated development cost of the unit.

(2) share appreciation upon resale shall be at a rate approved by the department not to exceed eight percent of the paid-in portion of the share purchase price per annum.

(3) for lower-income households, the required cash contribution to be applied towards the total share purchase price upon initial occupancy shall not exceed 2.5 percent of the prorated development cost of the unit, plus allowed appreciation. For very low-income households, the required cash contribution shall not exceed ten percent of the household's income over the twelve months prior to occupancy.

(4) the sponsor may loan members of the cooperative the difference between the total share purchase price and the member's initial cash contribution. The terms and conditions of such loans shall be subject to department approval.

(d) The sponsor shall submit for department approval the form of the rental or occupancy agreement for assisted units prior to its use. The form shall include the following:

(1) provisions requiring good cause for termination of tenancy. One or more of the following constitutes "good cause":

(A) failure by the tenant to maintain eligibility under the program;

(B) material noncompliance by the tenant with the lease, including one or more substantial violations of the lease or habitual minor violations of the lease which

1. adversely affect the health and safety of any person or the right of any tenant to the quiet enjoyment of the leased premises and related project facilities;

2. substantially interfere with the management, maintenance, or operation of the rental housing development;

3. result from the failure or refusal to pay, in a timely fashion, rent or other permitted charges when due. Failure or refusal to pay in a timely fashion is a minor violation if payment is made during the three-day notice period.

(C) material failure by the tenant to carry out obligations under state or local law; or

(D) subletting, by the tenant, of all or any portion of the assisted unit;

(E) any other action or conduct of the tenant constituting significant problems which can be reasonably resolved only by eviction of the tenant, provided that the sponsor has previously notified the tenant that the conduct or action in questions would be considered cause for eviction. Examples of action or conduct in this category include the refusal of a tenant, after written notice, to accept reasonable rules or any reasonable changes in the lease or the refusal to recertify income or household size;

(2) a provision requiring that the facts constituting the grounds for any eviction be set forth in the notice provided to the tenant pursuant to state law;

(3) notice of grievance procedures for hearing complaints of tenants and appeal of management action; and

(4) a requirement that the tenant annually recertify household income and size.

(e) The sponsor shall adopt an appeal and grievance procedure to resolve grievances filed by tenants and appeals of actions taken by sponsors with respect to tenants' occupancy in the rental housing development and prospective tenants' applications for occupancy.

(1) the appeal and grievance procedure shall be included in the sponsor's management plan described in section 8100(d) and shall, at a minimum, include the following:

(A) a requirement for delivery to each tenant and applicant of a written copy of the appeal and grievance procedure;

(B) procedures for informal dispute resolution;

(C) a right to a hearing before an impartial body, which shall consist of one or more persons, with the power to render a final decision on the appeal or grievance;

(D) procedures for the conduct of such hearing and the appointment of the impartial hearing body. The procedures shall include the right to present evidence without regard to formal rules of evidence, the right to be represented by any other person and the right to a written decision from the hearing body. The decision of the hearing body shall be based solely on evidence presented at the hearing; and

(E) a requirement that the sponsor extend any time period imposed pursuant to a formal eviction procedure, including any filing in a court of competent jurisdiction, during the pendency of the hearing.

(2) Neither utilization of nor participation in any of the appeal and grievance procedures shall constitute a waiver of or affect the rights of the tenant, prospective tenant, or sponsor to a trial de novo or judicial review in any judicial proceeding which may thereafter be brought in the matter.

(f) If, at the time of recertification, the tenant's household income exceeds the upper limit for lower–income households, the tenant's lease for the unit as an assisted unit shall terminate six months after the date of recertification.

(1) In rental housing developments containing nonassisted units, the tenant shall have the right of first refusal for any available nonassisted unit of a size consistent with the occupancy standards set forth in section 8087(a)(5). This right shall begin upon recertification and shall expire upon termination of the tenant's lease of the assisted unit.

(2) If the tenant provides to the sponsor additional evidence which establishes income eligibility prior to the expiration of the tenant's lease, the tenant's lease shall not be terminated.

(3) The sponsor may approve one additional six–month extension of the lease if the project:

(A) is located in a market area where the vacancy rate for rental housing is less than five percent; and

(B) is located is an area where the Fair Market Rent exceeds the average of the Fair Market Rents for all metropolitan statistical areas in California. For purposes of this subsection, "Fair Market Rent" means the most current fair market rent for existing housing for two–bedroom units, as published annually in the "Federal Register" by the U.S. Department of Housing and Urban Development pursuant to section 8(c)(1) of the United States Housing Act of 1937.

(4) If the assisted unit is subject to state or federal rules governing low–income housing tax credits, as referenced in section 10300, title 4, California Code of Regulations, those eligibility provisions shall govern continued eligibility for occupancy.

(5) In a limited equity housing cooperative where the household income of a cooperative member occupying an assisted unit exceeds the upper limit for lower income households, the member shall not be required to vacate the assisted unit.

(A) After recertification and determination of ineligibility, the sponsor shall immediately notify the member that the carrying charge will increase to a market rate payment six months after said notification. Market rate payment shall be the carrying charge paid for a comparable nonassisted unit, without an allowance for utilities, or where there are no comparable nonassisted units, the rent charged for comparable units in the area. This market rate payment shall be subject to department approval.

(B) The next available membership share for occupancy in a comparable unit shall be sold to an eligible household until the mix between lower– and very low–income units required by the Regulatory Agreement is achieved.

(6) If the tenant's income exceeds the limit for lower–income units established by the sponsor pursuant to subdivision (b), but remains below the lower–income limit, that fact alone shall not be cause for termination of the tenant's lease or for requiring the tenant to vacate their unit.

(g) If the income of a household residing in a very low–income unit changes from very low–income to other lower–income at the time of recertification, the following shall apply:

(1) The household shall not be required to vacate the unit;

(2) The sponsor shall charge rent that does not exceed the current rent allowed for any comparable lower–income unit pursuant to section 8088, or where there are no such units, the maximum rent which would be allowed pursuant to section 8088;

(3) The sponsor shall designate the unit as a lower–income unit; and

(4) The sponsor shall designate the next available comparable assisted unit as a very low–income unit until the mix between lower–income and very low–income units required by the Regulatory Agreement is achieved.

(5) In a limited equity housing cooperative, where the tenant member in a very low–income unit becomes an other lower–income household, the sponsor shall comply with the provisions of subdivisions (g)(1) through (g)(4).

§ 8088. Rent Standards.

(a) The department shall establish initial rents for assisted units in each project in accordance with the tables in section 6932 and the following:

(1) At the time of the initial occupancy of a unit, rents for very low–income units, and for units in residential hotels and group homes, shall not exceed 30 percent of 35 percent of area median income, divided by 12, adjusted by unit size pursuant to subdivision (a)(3), and with an allowance for utility costs pursuant to subdivision (a)(4). The unit size adjustment in subdivision (a)(3) is employed by identifying the size of the unit for which rent must be determined and reading across to determine the applicable household size for that unit. Area median income is determined by selecting from the tables provided in section 6932 for the county in which the unit is located, the amount of income provided as the very low–income standard for the "number of persons in the family," which equates with the "applicable household size" identified in subdivision (a)(3).

(2) Except for residential hotel units and rooms in group homes, at the time of the initial occupancy of a unit, rents for lower–income units shall not exceed 30 percent of 60 percent of area median income, divided by 12, adjusted by unit size pursuant to subdivision (a)(3), and with an allowance for utility costs pursuant to subdivision (a)(4). The unit size adjustment in subdivision (a)(3) is employed by identifying the size of the unit for which rent must be determined and reading across to determine the applicable household size for that unit. Area median income is determined by selecting from the tables provided in section 6932 for the county in which the unit is located, the amount of income provided as the lower–income standard for the "number of persons in the family," which equates with the "applicable household size" identified in subdivision (a)(3).

(3) Maximum rent calculated pursuant to (a)(1) and (a)(2) above shall be adjusted by unit size as follows:

Unit Size	*Applicable Household Size to Determine Rent Limit*
residential hotel unit or 0 bedroom	1 person
group home bedroom with one occupant	1 person
group home bedroom with two occupants	1 person (Maximum rent shall be twice the maximum rent for bedrooms with one occupant.)
1 bedroom	2 persons
2 bedrooms	3 persons
3 bedrooms	4 persons
4 bedrooms	6 persons
5 bedrooms	8 persons

(4) The maximum rent to be charged to tenants shall be determined by deducting from the maximum amounts calculated pursuant to (a)(1), (a)(2) and (a)(3) a utility allowance for the appropriate unit size. Where a tenant does not directly pay for utilities, the utility allowance deduction shall be zero. The utility allowance shall be the allowance for monthly utility costs made or approved by the U.S. Department of Housing and Urban Development pursuant to 24 CFR section 813.102. In order to obtain the current utility allowances for cities and unincorporated areas located in the following counties, please contact the Department of Housing and Community Development, Attention: Housing Assistance Program, Post Office Box 952054, Sacramento, CA 95252-2054 or phone (916) 324-7696:

Amador	Modoc
Calaveras	Mono
Colusa	Nevada
El Dorado	Placer
Glenn	Sierra
Inyo	Siskiyou
Lassen	Trinity
Lake	Tuolumne
Mendocino	

Utility allowances for the balance of cities and unincorporated areas in California not located in the above noted counties may be obtained by contacting the Housing Authority established for that county pursuant to section 34240 of the Health and Safety Code.

(5) Upon demonstration by the sponsor that the amount of utility costs per unit anticipated for the proposed project differs from the amount of the utility allowance per unit derived pursuant to the preceding subdivision, the department shall allow as a utility allowance use of the utility cost per unit demonstrated by the sponsor. The demonstration by the sponsor shall consist of the submittal of actual utility usage cost data per unit for an existing project constructed within the last five years; of the same type of construction as the proposed project; and with the same type of tenant population as the proposed project.

(6) As used in this section "rent" does not include any payment to a sponsor under section 8 of the United States Housing Act of 1937 or any comparable federal or state rental assistance program.

(b) After the initial operating year, rents in assisted units may be adjusted no more often than annually. The amount of adjustment for assisted units shall be in accordance with the following:

(1) Rents may be increased at a rate not to exceed the most recent annual average percentage change in the Western Region for residential rents for all urban consumers as published by the United States Department of Labor, Bureau of Labor Statistics in the monthly publication, "CPI Detailed Report," multiplied by the ratio of the previous year's budgeted operating expenses attributed to assisted units plus required reserves attributed to assisted units to the previous year's budgeted operating income attributed to assisted units.

(2) In addition to the rent increase allowed pursuant to subdivision (b)(1), rents shall be increased by an amount not to exceed the amount necessary to increase the operating income to cover changes in debt service:

(A) on an adjustable rate mortgage approved by the department as part of the project; or

(B) resulting from a refinancing approved by the department and required to maintain fiscal integrity.

(3) Notwithstanding the provisions of subdivisions (b)(1) and (b)(2), rents shall be decreased, or the amount of the otherwise allowable increase reduced, if there is a reduction in the amount of required payments on an adjustable rate mortgage on the project due to a decrease in the interest rate for that mortgage. The aggregate monthly amount of this rent decrease, or reduction in an otherwise allowable increase, shall be equal to the amount of the monthly payment reduction attributable to assisted units;

(4) Any rent adjustment at the end of the initial operating year shall be prorated based on the length of the initial operating year.

(c) The sponsor shall be allowed to implement a greater rent increase if the sponsor can demonstrate, to the department's satisfaction, that the increase is necessary to pay for unusual or unforeseeable increases in costs related to the assisted units and to preserve fiscal integrity. The sponsor shall not receive a greater rent increase on the grounds that fiscal integrity is threatened by a shortfall in income, unanticipated expenses or other financial problems attributable to commercial space or nonassisted units.

(d) Any allowable rent increase or portion thereof not implemented by the sponsor in any given year shall not be accumulated for implementation in subsequent years.

(e) Where the assisted units are rent restricted as a condition of the low-income housing tax credit or other state and federal rent subsidy programs, the initial rent for assisted units and subsequent rent increases shall be the lower of those permitted under subdivisions (a), (b), or (c), or those permitted under the applicable tax credit or other programs.

(f) The sponsor shall submit requests for rent adjustments pursuant to subdivision (c) above as part of the annual operating budget pursuant to section 8102.

6. New section refiled 2-20-91 as an emergency; operative 2-20-91 (Register 91, No. 13). A Certificate of Compliance must be transmitted to OAL by 6-17-91 or emergency language will be repealed by operation of law on the following day.
7. Certificate of Compliance as to 6-14-91 order including amendment of section transmitted to OAL 5-15-91 and filed 6-14-91 (Register 91, No. 38).

§ 8089. Limits on Distribution.

(a) A nonprofit corporation shall be limited to an annual distribution on the sponsor's actual investment in the entire project in an amount not to exceed eight percent per annum.

(b) A for-profit sponsor shall elect, prior to loan closing, to be limited in accordance with one of the following options:

(1) The sponsor shall be limited to an annual distribution on the sponsor's actual investment in the entire project in an amount not to exceed eight percent per annum; or

(2) The sponsor shall receive no distribution from assisted units, and shall not be subject to any limitations on the amount of the distribution it receives from nonassisted units.

(c) A sponsor may not accumulate distributions from year to year. A sponsor may deposit all or a portion of the amount permitted for distributions into a project account for distribution in subsequent years. Such future distributions shall not reduce the otherwise permitted distribution in those subsequent years.

(d) Actual investment, for the purposes of this section, includes cash and the market value of property contributed to the project by the sponsor. For projects receiving state or federal low-income housing tax credits, the amount of actual investment recognized by the department for the purpose of calculating allowable distributions shall not exceed fifteen percent of total project development costs. Actual investment does not include any payments of project funds to the sponsor. In syndicated projects, actual investment shall be calculated net of the costs of syndication, such as the syndicator's fee and syndication-related legal expenses.

(e) In its initial operating budget, the sponsor shall demonstrate to the department the amount of the sponsor's actual investment on which the allowable distribution will be calculated. The actual investment amount shall be increased in subsequent budgets upon a showing of additional actual investment advanced by the sponsor.

(f) Distributions shall be permitted only after the sponsor submits a complete annual report and operating budget and the department determines that the report and budget demonstrate compliance with all program requirements for the applicable year. Circumstances under which no distributions shall be made include:

(1) when written notice of default has been issued by any entity with an equitable or beneficial interest in the rental housing development;

(2) when the department determines that the sponsor has failed to comply with the department's written notice of any reasonable requirement for proper maintenance or operation of the rental housing development;

(3) if all currently required debt service and operating expenses have not been paid;

(4) if the replacement reserve account or any other reserve accounts are not fully funded pursuant to section 8102 and the Regulatory Agreement.

(h) Distributions attributed to income from commercial space shall not be subject to limits pursuant to this section.

(i) When operating income is greater than approved operating expenses, debt service, scheduled reserve deposits, approved prepayments, approved annual distributions, and any other disbursements approved by the department, then the department shall require that such excess be paid into the Emergency Reserve Account established pursuant to section 8103. For purposes of calculating the amount of excess funds pursuant to this subdivision, operating income and expenses shall not include income or expenses from commercial space, or, where the sponsor elects to have their return limited pursuant to subdivision (b)(2), from nonassisted units.

§ 8090. Syndication.

(a) In the event that the project is syndicated during the term of the program loan for the purpose of receiving federal or state low income housing tax credits, the total amount of syndication proceeds retained by the sponsor, or any affiliates of the sponsor, in the form of fees or payments of any kind, shall not exceed 25 percent of net syndication proceeds. Net syndication proceeds shall be calculated by deducting from gross syndication proceeds all reasonable and ordinary costs of syndication, including accounting, printing, financial consultant, legal, interest and fees on gap financing used to pay development costs approved by the department, syndicator fee, and government fees associated with creating a limited partnership and securing tax credit allocations.

(b) Not less than 75 percent of any available net syndication proceeds shall be applied toward project development costs approved by the department, exclusive of any fees or payments retained by the sponsor or its affiliates, and, then, to the extent that funds are available, toward payment of program loan interest and principal.

(c) Upon demand by local public agencies that have contributed or loaned funds towards project development costs, net syndication proceeds that would otherwise be applied towards program loan payments may be allocated among these agencies and the department in amounts in direct proportion to the ratio between the amount of their contributions or loans and the amount of the program loan.

§ 8091. Relocation Requirements.

(a) The sponsor of a project resulting in displacement of residential tenants shall be solely responsible for providing the assistance and benefits set forth in this section, and shall agree to indemnify and hold harmless the department from any liabilities or claims for relocation related costs.

(b) All tenants in occupancy in a property who are permanently displaced as a direct result of the development of the project shall be entitled to relocation benefits and assistance as provided in sections 7260, 7261, 7262, 7264, 7264.5, 7269, 7269.1, 7272 and 7272.3 of the Government Code. Displaced tenants who are not eligible households under this program shall be provided relocation benefits and assistance from funds other than program funds.

(c) The sponsor shall prepare a relocation plan in conformance with the provisions of section 6038(b) of this title based on the scope of the project and the extent of anticipated displacement. The relocation plan shall be subject to the review and approval of the department prior to the disbursement of program funds.

(d) All eligible households who are permanently displaced as a direct result of the development of the project shall be entitled, upon initial occupancy of the rental housing development, to occupy assisted units meeting the tenant occupancy standards set forth in section 8087.

(e) All ineligible households who are permanently displaced as a direct result of the development of the project shall be entitled, upon initial occupancy of the rental housing development, to occupy any available nonassisted units.

(f) Notwithstanding the preceding subdivisions, tenants who are notified in writing prior to their occupancy of an existing unit that such unit may be demolished as a result of funding provided under the program shall not be eligible for relocation benefits and assistance under this sec-

tion. The form of any notices used for this purpose shall be subject to department approval.

7. Certificate of Compliance as to 6–14–91 order including amendment of subsections (a), (b) and NOTE transmitted to OAL 5–15–91 and filed 6–14–91 (Register 91, No. 38).
8. Editorial correction of printing error in subsection (c) (Register 91, No. 46).

§ 8092. Construction Requirements.

(a) The department shall review and underwrite project plans and specifications to ensure the following objectives:

(1) The rental housing development shall have a minimum useful life at least equal to term of the loan;

(2) Maintenance, repair, and replacement costs shall be minimized during the useful life of the rental housing development through use of durable, low maintenance materials and equipment and design features that minimize wear and tear.

(3) Operating costs shall be minimized during the useful life of the rental housing development.

(4) Tenant security shall be enhanced through features such as those designed to prevent or discourage unauthorized access and to allow for ready monitoring of public areas.

(5) Unit sizes, amenities, and general design features shall not exceed the standard for new developments rented at or below the market rent in the area of the project, and unit density shall not be substantially less than the average for new developments with such units.

(b) The sponsor shall ensure that the construction work for the project shall be performed in a competent, professional manner at the lowest reasonable cost consistent with the project's scope, design and locality and not in excess of the total funds available. The sponsor may demonstrate the reasonableness of the proposed cost by soliciting written bids based on a bid package distributed to potential contractors located in the general area of the rental housing development or by the use of other methods which adequately demonstrate to the department's satisfaction that the costs are reasonable. Such bid package or other method shall include at a minimum:

(1) complete plans and specifications for the work; and

(2) a full description of the program requirements for construction, including the required provisions of the construction contract.

(c) The sponsor shall enter into a written contract with the selected contractor. The contract shall be subject to the prior approval of the department to determine compliance with program requirements.

(d) The construction contract shall be a completely integrated agreement containing all the understandings, covenants, conditions and representations between the parties and, at a minimum, contain provisions which:

(1) require that the contractor complete the work in accordance with the plans and specifications approved by the department and applicable local, state and federal laws, regulations and building codes and standards;

(2) require the contractor to proceed with and complete the work in accordance with the schedule for work approved by the department;

(3) specify a total contract price consistent with the project budget approved by the department;

(4) provide for a method of payment to the contractor consistent with program requirements which shall include progress payments and retentions;

(5) require that the contractor provide a payment bond securing payment to persons providing goods or services to the project and a performance bond securing faithful completion of the work. Each bond shall be in an amount equal to 100 percent of the total contract price and include the department as a dual obligee. The department shall waive the payment and performance bond requirements, or reduce their scope, upon the sponsor's either:

(A) providing alternative security for payment and performance under the construction contract which is substantially equivalent to the bond requirements; or

(B) demonstrating that the bonds, or the full amount thereof, are not necessary to protect the interests of the department and ensure completion of the work;

(6) permit the sponsor and the department and their designated agents and employees the right to inspect the project site and all books, records and documents maintained by the contractor in connection with work;

(7) require the contractor to provide insurance coverage consistent with the program requirements and other applicable law;

(8) obligate the contractor to warrant the work for a period not less than one year;

(9) require that the contractor pay all amounts when due for labor, work performed under subcontract, or materials, supplies and equipment provided to the project;

(10) provide for the assignment of the construction contract to the department upon sponsor's breach of the Development Agreement;

(11) require that the contractor comply with state prevailing wage law, as set forth in Labor Code section 1720 et seq., where program funds are provided as construction financing.

(12) include such special conditions applicable to the construction contract as may have been imposed in connection with the department's approval of the project for funding.

Article 3. Application Procedures

§ 8093. Application Process.

(a) The department shall issue a Notice of Funding Availability (NOFA) which specifies the schedule for rating and ranking applications and awarding funds every two months, the amount of funds available in each bimonthly cycle, application requirements, the allocation of rating points, and the general terms and conditions of funding commitments. Applications in response to each NOFA will be accepted on a continuous basis.

(b) Within 45 days of the receipt of an application, the department shall provide the applicant with written notice indicating whether the application is complete pursuant to section 8094 and eligible for rating and ranking pursuant to section 8095(a).

(1) If the application is not complete, but has not been determined to be ineligible for rating and ranking, the notice shall specify the information or documentation necessary to complete the application. Within 15 days of the receipt of any additional information or documentation from the applicant, the department shall provide the applicant with written notice indicating whether the additional information or documentation is sufficient to determine that the application is complete.

(2) If the application is not eligible for rating and ranking, the notice shall provide an explanation of the reasons for this determination.

(c) Funding decisions shall be based on a bimonthly rating and ranking of applications determined to be eligible for rating and ranking pursuant to subdivision (b).

(1) An application must be received by the department and determined to be complete and eligible for rating and ranking at least 45 days prior to the completion of the next scheduled rating and ranking to be assured of consideration in that rating and ranking.

(2) Within 15 days following the completion of each bimonthly rating and ranking, the department shall provide each applicant with a written notice indicating whether their application has been approved for funding. If an application is not approved, the notice shall include an explanation of the rating and ranking and the reasons for the disapproval.

(d) Projects selected for funding shall be approved at loan amounts, terms, and conditions specified by the department.

(e) In each fiscal year, not less than 20 percent of all program funds loaned shall be allocated to rural areas. In each fiscal year, elderly or physically handicapped households shall be allocated not less than 20 percent, nor more than 30 percent, of the assisted units provided by program funds. If necessary to satisfy these distribution requirements, the department shall do the following:

(1) issue a special NOFA for rural projects, or for projects with units available for occupancy by elderly or physically handicapped households;

(2) award bonus points to rural projects, or for projects with units available for occupancy by elderly or physically handicapped households;

(3) reserve a portion of funds specified in the NOFA for rural projects, or for projects with units available for occupancy by elderly or physically handicapped households.

SECTION A: PROJECT SUMMARY

1. ____ Multi-family rental ____ Mobilehome park
   ____ Residential hotel ____ Single family rentals
   ____ Group home ____ Includes commercial space

2. Type of tenure: _____ rental ____cooperative

3. Total units: _____

4. Total assisted units: _____
   Percentage of units that are assisted (at least 30% of total project units): _____ %

5. Total very low-income assisted units: _____
   Percentage of assisted units that are very low-income (at least two thirds of assisted units): _____ %

6. Proposed RHCP loan amount: $ _____

7. The term of the program regulatory agreement: _____ years. Note, this answer affects your rating score. Refer to regulation subsection 8095(c)(1)(B).

8. Specify any proposed limits on occupancy, such as a specific type of tenant population, beyond those required by RHCP.

9. If the project includes commercial space, describe:

10. Provide the names of the state legislators for the site location:

    Assembly: _____

    Senate: _____

11. Provide the name and phone number of the contact from the local planning department and each of the other funding sources.

12. Site location by numbered street address, if determined, or by intersection of cross streets:

    at _____ or between _____ and _____

SECTION B. APPLICANT

1. The applicant is a (check one):

[ ] individual	[ ] general partnership
[ ] limited partnership	[ ] joint venture
[ ] for–profit corporation	[ ] limited equity housing cooperative
[ ] nonprofit corporation	[ ] Indian reservation or rancheria
[ ] public agency	[ ] other (specify)

a. If applicant is a partnership or joint venture, list all general partners and attach agreement.

b. Unless applicant is a public agency, attach audited financial statements or unaudited financial statements and tax returns for the past two years.

If applicant is a partnership, include the requested information for the general partners. If applicant is a joint venture, include the requested information for each partner.

c. Attach a resolution authorizing this application, unless the applicant is an individual. (See the attached SAMPLE RESOLUTION.)

2. Is any syndication or transfer of ownership to another entity planned prior to occupancy? Yes____ No____
If yes, describe below.

Provide the name of the new ownership entity, if known.

If it is a limited partnership, list the general partners and the entities with which they are affiliated.

3. Attach a list of the applicant's staff assigned to this project, providing their name, job title, job description, resume, and percentage of time assigned to this project.

4. Attach a list of the key members of the project development team, including the architect, and contractor, if selected. For each, indicate what their contract or employment status is, and attach a resume or qualifications statement for each. Attach actual or proposed consultant contracts, which clearly indicate scope of work to be performed.

5. Property management will be performed by:

_____ The applicant or an entity affiliated with the applicant.

_____ A currently identified management firm, under contract to the applicant.

_____ An unidentified management firm, to be under contract to the applicant.

If the applicant plans to manage the project or contract with a currently identified management firm, attach a list of projects currently under management. Use the following format.

Development name: _____

Site Address: _____

Number of units: _____ subsidized: _____ market: _____ total: _____

Subsidy Program: _____

6. For projects limiting occupancy to a specific tenant population:

a. Describe all state and local licenses required to operate the project, and list the licensing authorities.

b. List below all services to be provided project residents beyond those customarily provided in apartments.

c. List below expected sources of funds that will be used to support the services identified above. Indicate for each (1) the expected funding amount during the first two operating years and (2) the name and phone number of funding source contact person. If available attach letters of intent or support from each funding source listed.

7. For group homes, provide a letter of support for the project from the local public official responsible for services to the designated tenant population, stating that the project will be an intrinsic part of the locality's established social service delivery system.

8a. Development Capacity. Attach a description of rental housing projects similar to the proposed development that the applicant or project manager has developed, using the format shown below for each project.

The "project manager" may be a staff person or consultant. They must have clear responsibility for day–to–day project development activities for the proposed project throughout the development period (from proposal to construction completion).

Applicant or Project Manager roles typically should be one or more of the following: developer, development consultant, or staff for the prior experience indicated. If claiming experience in a staff role, indicate specific responsibilities and job title.

Applicant/Project Manager Name: _____

Applicant/Project Manager Role: _____

Development name: _____ Address: _____

Number of units: subsidized: _____ market: _____ total: _____

Subsidy program: _____

Major construction lender: _____

Major permanent lender: _____

Construction completion date: / /

New construction: _____ or Rehabilitation: _____ Building type: _____

8b. Ownership Capacity. Attach a description of rental housing developments similar to the proposed development which the applicant or applicant's staff has actively owned. "Actively owned", for applicants, means serving as the sole owner or managing general partner of the ownership entity.

For applicant's staff, "actively owned" means (1) serving as staff responsible for ownership duties (including oversight of property management) in an organization that actually held title or (2) serving as the sole owner or managing general partner of the ownership entity.

Applicant/Project Manager Name: _____

Role: _____

Development name: _____ Address: _____

SECTION D: DEVELOPMENT BUDGET

Submit your development budget on the following form. Do not provide your own spreadsheet as a substitute. Show costs of syndication and developer's fees from syndication proceeds under Section E–2–d of this application. Do not include these costs on this form. Prorate common area costs that cannot be directly attributed to each residential or commercial use, based on the gross floor area of each use as a percentage of the total space.

SECTION E: PROJECT FINANCING

1. Sources and Uses

Provide spreadsheets with a breakdown of development costs listed in the left hand column and the sources of funds spread across the top row, in as many columns as necessary. Prepare separate spreadsheets for the construction period and the period when permanent financing is in place.

In the body of the spreadsheet, show which line items each source will be used to pay. Use RHCP Development Budget Categories, shown in the following sample, to aggregate costs.

Summarize financing details at the bottom of each column, as appropriate.

Register 91, Nos. 34-39; 9-27-91

2. Sources Descriptions and Documentation

In an attachment, provide the information requested below for all loans (including RHCP), all grants and all owner contributions which will be used to pay the project development cost. Include any construction or interim loans. Attach commitment letters or letters of intent that have been received, or executed promissory note and deed of trust if loan is in place.

To receive credit for site value, beyond site acquisition costs, (1) list this extra value under questions (b) or (c) below and on the development budget on page 14, and (2) submit an appraisal of the land in response to question F.4. on page 17.

For Lien Position (Item a–9), indicate by the following coding: 1 = First; 2 = Second; J = Junior; E = Equity; U = Unsecured. The RHCP loan may be subordinate to institutional lenders, but must be senior to other government liens.

a. Loans

1. Lender: _____ Contact: _____ Phone #: ( ) _____
2. Loan terms: $ _____ , at _____ % (fixed rate), amortized over _____ years, due in _____ years. ARM loan terms: _____
3. Loan Type: _____ amortized; _____ deferred/residual receipts; _____ bridge; _____ construction. _____
4. Amount of balloon payment, if applicable: $ _____
5. Debt service: P & I? _____ or interest only? _____ payment = $ _____ /month, $ _____ /year.
6. Status: _____ proposed; _____ committed; _____ funded.
7. Lien position:

b. Grants (including donated land, fee waivers, etc.)

1. Donor: _____ Contact: _____ Phone: ( ) _____
2. Amount: $ _____ Name of program, terms and limitations _____
3. Status: _____ proposed; _____ committed; _____ owned; _____ funded.

c. Owner/Managing General Partner Contributions

1. Amount: _____
2. Sources: _____

d. Limited Partner Contributions (Syndication Proceeds)

1. Gross Syndication Proceeds: _____
2. Costs of Syndication: _____
3. Net Syndication Proceeds: _____
4. Developer's Fee (up to 25% of net): _____
5. Contribution to Project Costs: _____
6. Attach a description of how the estimate of gross syndication proceeds was arrived at, the timetable for gross syndication pay–ins and a breakdown of the sponsor's costs of syndication.

SECTION F: SITE INFORMATION

1. Size of site: ____ acres # of parcels: _____

2. The applicant has legally enforceable site control, evidenced by one of the following:

_____ fee title _____ land sales contract

_____ option to purchase _____ leasehold interest

_____ disposition & development agreement

Attach complete evidence of site control (all documents comprising the agreement, with signatures by all parties). If the project is composed of more than one parcel, or there is more than one document provided to evidence site control, attach a narrative explanation describing clearly each parcel and each document.

3. Provide a current (no more than six months old) preliminary report. If the applicant is the current owner, the report should show them as such.

4. Complete attached LAND SALES COMPARABLES FORM or provide an appraisal of the project site done within the last 12 months.

5. Approximate distance to:

Schools _____ Park _____

Food market _____ Pharmacy _____

Hospital _____ Fire department _____

Public transportation (specify type) _____

6. On a vicinity map, identify the location of the project, the location of the comparable land sales requested in 4 above and the items listed in 5 above.

7. Is the property in a flood plain? Yes _____ No _____

If yes, explain design features that will mitigate this potential hazard.

8. Describe any adverse site features such as location near an airport, freeway, railroad tracks, industrial facility, etc.

9. Are there any known toxic or hazardous waste problems involving the site? Yes _____ No _____

If yes, attach a description of the problem. Attach a toxics survey if one is available.

Register 91, Nos. 34–39; 9–27–91

10. If the site is not located in an already developed subdivision, are power, water, sewer and telephone services now available for this site? Yes ____ No ____

If yes, attach all utility "will serve" letters that are obtainable. If no, explain how and when you will obtain those services not available.

11. Are there any unusual soils conditions? Yes ____ No ____

If yes, describe the conditions and attach a soils report.

12. Are off-site improvements needed? Yes ____ No ____

If yes, attach a description of these improvements and the basis for their estimated cost, as shown in the Development Budget above.

SECTION G: LOCAL GOVERNMENT APPROVALS

1. Does the project, as proposed, necessitate a zoning change?

___ Yes, the property is currently zoned _____
and is expected to receive the necessary zoning by _____

___ No, the property already has the necessary zoning, which is _____

Attach a letter from the local planning department or other evidence of the zoning.

2. Does the project need a conditional use permit? Yes _____ No _____

If yes, attach evidence of approval, or describe status of application.

3. Is subdivision approval required? Yes ____ No ___

If yes, does project have approval? Yes ___ No ___
If yes, attach approved tentative map, final map or parcel map. If subdivision approval is required but has not yet been obtained, what is the current status?

4. Does the project have Article XXXIV approval? Yes ____ No ____ Exempt ____

If yes, attach evidence from the local government agency. If no, explain current status. If exempt, explain why.

5. Attach a copy of a letter which has been sent from the applicant to the head of the local legislative body of general jurisdiction (city council, county board, etc.) notifying and describing the location, size, and type of proposed project, and proposed tenant population. Indicate the date that the letter was mailed.

SECTION H: UNIT CONSTRUCTION

1. Has unit construction started on the project? Yes ____ No ____

If yes, has unit construction in progress been halted, and is the project property currently foreclosed upon, in foreclosure, deeded to a lender in lieu of foreclosure, or at substantial risk of foreclosure? Yes ____ No ____

If yes, describe status of all actions to date:

2. Does the project involve the demolition of existing residential rental units? Yes ____ No ____

If yes, how many residential rental units are to be demolished?

a. If the number of units to be demolished is less than half the number of units to be built, describe the condition of the units to be demolished and the reasons why they are economically infeasible to rehabilitate.

b. Describe the applicant's plan for providing relocation benefits, whether any relocation units have been identified, who will be supervising and conducting the relocation effort, and related information.

3. Check all of the following amenities that are supplied to the tenants with cost included in the rent:

___ linen service	___ furniture
___ washer/dryer in unit	___ washer/dryer in common area
___ tot lots	___ playgrounds
___ barbecue area	___ basketball/volleyball courts
___ tennis courts	___ parking: ____ spaces/unit
___ swimming pool	___ other (specify)

4. If the project includes indoor common space for tenant use, describe.

5. Number of structures in the project: _____
Number of stories per structure: _____
Elevator: Yes _____ No _____

6. Calculate the square footages of space attributed to each use. Prorate common area costs that cannot be directly attributed to each use based on the leasable floor area of each use as a percentage of the total leasable space. See page 9 for a description of nonassisted low-income residential space.

Leasable assisted residential space:	_____ square feet
Indoor common space apportioned to the above:	_____ square feet
Total assisted residential space:	_____ square feet (_____ % of total space)
Leasable nonassisted low–income residential space:	_____ square feet
Indoor common space apportioned to the above:	_____ square feet
Total nonassisted low–income residential space:	_____ square feet (_____ % of total space)
Leasable nonassisted market–rate residential space:	_____ square feet
Indoor common space apportioned to the above:	_____ square feet
Total nonassisted market–rate residential space:	_____ square feet (_____ % of total space)
Leasable commercial space:	_____ square feet
Indoor common space apportioned to the above:	_____ square feet
Total commercial space:	_____ square feet (_____ % of total space)
Total leasable space:	_____ square feet
Total indoor common space:	_____ square feet
Total space:	_____ square feet (100 %)

7. What is the preliminary estimate of unit construction costs (excluding site improvements and landscaping), given the project timeline?

Assisted	$ _____	
Nonassisted	$ _____	
Commercial	$ _____	
Total	$ _____	$ _____ per square foot of gross (including common) space

List the name and phone number of the person who prepared this estimate and describe the method used to determine the figures.

8. Provide schematic drawings of the siteplan, floor plans and building elevations. What is the current status of the drawings?

SECTION I: PROJECT TIMELINE

1. Site acquisition will occur by _____

2. Local planning approvals will be secured by _____

3. Construction/interim financing will be obtained by _____

4. Permanent financing will be obtained by _____

5. Off-site improvements will be completed by _____

6. Unit construction will begin by (if phased, indicate timing) _____

7. Construction will be completed by _____

8. Initial occupancy will occur by _____

Register 91, Nos. 34–39; 9–27–91

SECTION J: LOCAL NEED AND LOCAL ASSISTANCE

1. The evaluation of local need shall be based upon information gathered by the department or upon data submitted by the applicant and determined to be acceptable by the department. All applicants should answer question (a).

   Only answer questions (b) and (c) if you believe that there is a significant error in the department's determination of the area vacancy rate, typical local market-rate rents as a percentage of the area median income, and rental housing development costs in comparison to costs in other areas of the state (published in the NOFA).

   Attach appropriate documentation for each of your answers, clearly indicating the source, the methodology employed and clearly stating conclusions.

   a. Length of wait for units in comparable subsidized housing developments. Provide information on specific comparable projects, not on area-wide lists.

   b. Market-rate rents and vacancy rate for typical units in the area.

   c. High rental housing development costs, in comparison to costs in other areas of the state.

2. Check the applicable statement related to the local public agency's provision of assistance. Financial assistance is defined as assistance that is equal to at least five percent of the project development cost, excluding any costs of tax-credit syndication. Nonfinancial assistance includes forms of assistance such as the granting of density bonuses, the modification of development standards, and the fast tracking of local approvals, but does not include simply the provision of technical assistance, consultation or advice. Attach documentation supporting the checked statement.

   _____ The project has received a commitment for financial or nonfinancial assistance from a local public agency.

   _____ The project is eligible for financial or nonfinancial assistance under a local agency program in support of lower income housing, but has not received a commitment.

   _____ None of the above apply.

3. For projects in jurisdictions with housing elements that are not in procedural or substantive compliance with state law, respond to the following question:

a. If the jurisdiction in which the proposed development is located has complied with all procedures required by Article 10.6, commencing with section 65580, of Chapter 3, Division 1 of Title 7 of the Government Code for the department's review of a draft housing element, and if that jurisdiction has adopted the housing element and submitted it to the department, that jurisdiction will be deemed to be in procedural compliance.

b. If the department has determined in writing that the adopted housing element for the jurisdiction in which the proposed development is located is in compliance with Article 10.6, commencing with section 65580, of Chapter 3, Division 1 of Title 7 of the Government Code, that jurisdiction will be deemed to be in substantive compliance.

Does the jurisdiction in which the project is located have a similar plan or policy formally considered by the local city council or board of supervisors? Yes No

If yes, attach a copy of the plan, or policy.

APPLICANT CERTIFICATION

§ 8095. Project Selection.

(a) Projects shall not be eligible for rating and ranking unless the application demonstrates that all of the following conditions exist:

(1) The applicant is an eligible sponsor pursuant to section 8078;

(2) The project involves an eligible project pursuant to section 8077;

(3) All proposed uses of program funds are eligible pursuant to section 8079;

(4) The application is complete pursuant to section 8094;

(5) The project will maintain fiscal integrity consistent with affordable rents in the assisted units.

(6) The project site is free from severe adverse environmental conditions, such as the presence of toxic waste that is economically infeasible to remove, that cannot be mitigated and is reasonably accessible to public transportation, shopping, medical services, recreation, schools, and employment in relation to the needs of the project tenants.

(7) In projects targeting households in need of any direct or supportive tenant services, the project provides those services suitable to the needs of the tenants.

(b) Projects shall not be denied funding solely because projected operating income is insufficient to make interest payments on the program loan.

(c) Where the application meets the requirements of subdivision (a), the proposed project will be rated to determine its compliance with the following priority requirements. The application must receive a minimum of 60 percent of the total possible priority points in order to qualify for funding. Applications receiving 60 percent or more of the total possible points shall be ranked based on their point scores, with applications scoring higher receiving a higher ranking. Applications shall be eligible to receive commitments of available funds in a priority order based on their ranking. If criterion (2) is not applicable to the proposed project, the total number of points possible will be reduced by the number of points in that criterion; and the 60 percent will be calculated on the reduced maximum possible points. The maximum score for each of the following seven criteria is 10:

(1) The extent to which the project maximizes program benefits to eligible households with the lowest incomes as evidenced by the following:

(A) The sum of the number of very low–income units and the number of very low–income nonassisted units, divided by the total number of assisted units.

(B) The proposed length of term of the program regulatory agreement, in excess of the program's minimum regulatory requirement.

(2) The number of assisted units with three or more bedrooms, divided by the total number of assisted units, (not applicable to residential hotels).

(3) Need, in the area, of the proposed project as approved by the department for the type of housing provided by the proposed project. The department shall issue an evaluation of need for market areas within California based on the criteria listed below. The sponsor in its application may submit other or additional information and data to rebut or supplement the department's evaluation with respect to the need within the individual project's area. Where the department determines that the sponsor's data provides a more accurate evaluation of need, it shall base its rating on such data.

(A) Low vacancy rate for rental housing.

(B) Typical local market–rate rents as a high percentage of the income limit for very low–income households. The income limit for very low–income households is provided in section 6932 pursuant to Health and Safety Code section 50105. For example, in Sacramento County the typical market–rate rent for a three–bedroom rental is $750, while the monthly income for a very low–income family of four is $1,562.50. Such a family will pay 48% of their income to rent such a dwelling unit. Since affordable rent is set at 25% of income pursuant to section 6922 of title 25, 48% of income is high.

(C) Length of wait for units in comparable subsidized housing developments.

(D) High rental housing development costs, in comparison to costs in other areas of the state.

(4) The extent to which the proposed project complements the implementation of an existing housing program in the local agency in which the proposed project is located. "Local agency" means the same as defined in section 50077 of the Health and Safety Code. Points shall be allocated based upon the following criteria:

(A) The extent to which the local agency has an existing housing program, such as a housing element in compliance with the requirements of article 10.6, commencing with section 65580, of chapter 3, division 1 of title 7 of the Government Code, or a similar plan or policy formally considered by the local city council or board of supervisors. A plan or policy shall ordinarily be deemed to be similarly based upon the extent to which it addresses affordable housing issues such as the following: an assessment of need in the area and an inventory of resources and any constraints on those resources; a statement of the community's goals, objectives and policies relative to the maintenance, preservation, improvement and development of housing; a program which sets forth a schedule of actions which the local government has undertaken, is undertaking and intends to undertake to implement these goals; and a program for preserving existing assisted housing developments. Examples of actions which a local government may have taken, is taking, or may intend to take in implementing the community's goals, objectives and policies include the following: demonstrated performance in support of the development of affordable housing; utilization of federal, state, and local financing and subsidy programs; land use development controls; and regulatory provisions, concessions and incentives.

(B) The extent to which the local agency is providing, or could provide, financial or nonfinancial assistance to the applicant's project. Financial assistance is defined as assistance that is equal to at least five percent of the project development cost, excluding any costs of tax–credit syndication, or $250,000, whichever is less. Nonfinancial assistance includes forms of assistance such as the granting of density bonuses, the modification of development standards, and the fast tracking of local approvals,

but does not include simply the provision of technical assistance, consultation or advice.

(5) The program loan amount divided by the sum of the total development cost of all assisted units and lower income nonassisted units. Total development cost does not include any costs of tax-credit syndication.

(6) The degree of the project's economic feasibility, as demonstrated by the following:

(A) The capacity of the applicant, including its board, staff and any consultants, as evidenced by previous development and ownership experience with residential projects and by the applicant's financial, operational and organizational stability.

(B) The readiness of the project to start construction as evidenced by the status of local development approvals and project financing commitments.

(7) The applicant's budget for construction and construction-related expenses, such as architectural, building permit, and local development fees, divided by typical costs for the same sized project, as estimated by the department.

Maximum possible points 70

Article 4. Program Operations

§ 8096. Legal Documents.

(a) The department shall enter into a Standard Agreement with the sponsor which shall encumber monies from the fund in an amount sufficient to fund the approved loan amount. The Standard Agreement shall contain the following:

(1) A description of the approved project and the permitted uses of program funds;

(2) provisions governing the amount and terms of the loan;

(3) provisions regarding the regulatory restrictions to be applied to the project through the Regulatory Agreement;

(4) provisions governing the construction work and, as applicable, the acquisition of the project site, and the disbursement of loan proceeds;

(5) special conditions imposed as part of department approval of the project;

(6) requirements for the execution and the recordation of the agreements and documents required under the program;

(7) terms and conditions required by federal or state law;

(8) requirements regarding the establishment of escrow accounts for the deposit of documents and the disbursement of loan proceeds;

(9) remedies available to the department in the event of a violation, breach, or default of the Standard Agreement to ensure compliance with program requirements for the full term of the Regulatory Agreement, including repayment of all costs of enforcement;

(10) other provisions necessary to ensure compliance with the requirements of this program.

(b) The department shall enter into a Development Agreement with the sponsor which shall be executed prior to the disbursement of funds to the sponsor, govern the performance of the project, and include the following:

(1) The approved schedule of the project, including land acquisition, if any, commencement and completion of construction work, and occupancy by eligible households;

(2) provisions ensuring that the construction contract is consistent with section 8092 and other program requirements and that all financing agreements are consistent with program requirements;

(3) the approved budget for construction work, land acquisition and other project costs, if applicable;

(4) provisions relating to fund disbursement;

(5) provisions relating to acquisition agreements, preparation of construction specifications, bidding, awards to contractors, and disbursement of funds to contractors, or others;

(6) requirements for reporting to the department;

(7) terms and conditions for the inspection and monitoring of the project in order to verify compliance with the Standard Agreement and this agreement;

(8) provisions regarding tenant relocation;

(9) bonding and insurance requirements consistent with the requirements of this subchapter;

(10) conditions constituting breach of the Development Agreement and remedies available to the parties thereto, including repayment of costs of enforcement;

(11) a requirement that the contractor comply with state prevailing wage law, as set forth in Labor Code section 1720 et seq., where program funds are provided as construction financing; and

(12) other provisions necessary to ensure compliance with the requirements of this program.

(c) The department shall enter into a Regulatory Agreement with the sponsor for not less than the original term of the loan which shall be recorded against the project property prior to the disbursement of funds. The Regulatory Agreement shall include the following:

(1) designation of the number and type of assisted units pursuant to section 8086;

(2) standards for tenant selection pursuant to section 8087(a);

(3) provisions regulating the terms of the rental agreement pursuant to section 8087(c);

(4) provisions related to an annual budget approved by the department pursuant to section 8102;

(5) provisions related to a management plan pursuant to section 8100;

(6) provisions related to a rent schedule, including initial rent levels for assisted and nonassisted units pursuant to section 8088(a);

(7) conditions and procedures for permitting rent increases pursuant to section 8088(b);

(8) provisions for limitations on distributions pursuant to section 8089;

(9) provision requiring annual reports, inspections and audits pursuant to section 8101;

(10) provisions regarding the withdrawal of funds from reserve accounts and additional payments by the department;

(11) assurances that sponsor will maintain the rental housing development in a safe and sanitary condition in compliance with state and local housing codes and the management plan pursuant to section 8100;

(12) conditions constituting breach of the Regulatory Agreement and remedies available to the parties thereto;

(13) provisions governing use and operation of nonassisted units and common areas to the extent necessary to ensure compliance with program requirements;

(14) provisions authorizing enforcement of program requirements by tenants;

(15) special conditions of loan approval imposed by the department;

(16) provisions specifying that the Regulatory Agreement shall be binding on all assigns and successors in interest of the sponsor and that all sales, transfers, and encumbrances shall be subject to section 8099; and

(17) other provisions necessary to assure compliance with the requirements of the program.

(d) All loans shall be evidenced by a promissory note payable to the department in the principal amount of the loan and stating the terms of the loan consistent with the requirements of the program. The note shall be secured by a deed of trust on the project property naming the department as beneficiary or by other security acceptable to the department; this deed of trust or other security shall be recorded junior only to such liens, encumbrances and other matters of record approved by the department and shall secure the department's financial interest in the project and the performance of sponsor's program obligations.

§ 8098. Sales, Transfers, and Encumbrances.

(a) A sponsor shall not sell, assign, transfer, or convey the rental housing development, or any interest therein or portion thereof, without the express prior written approval of the department. A sale, transfer or conveyance shall be approved only if all of the following requirements are met:

(1) the existing sponsor is in compliance with the Regulatory Agreement or the sale, transfer or conveyance will result in the cure of any existing violations;

(2) the successor–in–interest to the sponsor agrees to assume all obligations of the existing sponsor pursuant to the Regulatory Agreement and this program;

(3) the successor–in–interest is an eligible sponsor and demonstrates to the department's satisfaction that it can successfully own and operate the rental housing development and comply with all program requirements; and

(4) no terms of the sale, transfer, or conveyance jeopardize either the department's security or the successor's ability to comply with all program requirements.

(b) The department shall grant its approval of such sale, assignment, transfer, or conveyance subject to such terms and conditions as may be necessary to preserve or establish the fiscal integrity of the project. Such conditions shall include:

(1) the deposit of sales proceeds, or a portion thereof, to maintain required reserves, or to offset negative cash flow;

(2) the recapture of syndication proceeds or other funds in accordance with special conditions included in the Standard Agreement or any other agreement executed by the sponsor;

(3) such conditions as may be necessary to ensure compliance with the program requirements.

(c) The sponsor shall not encumber, pledge, or hypothecate the rental housing development, or any interest therein or portion thereof, or allow any lien, charge, or assessment against the rental housing development without the prior written approval of the department. The department may permit refinancing of existing liens or additional financing secured by the rental housing development to the extent necessary to maintain or improve the fiscal integrity of the project, to maintain affordable rents, or to decrease rents.

§ 8099. Defaults and Loan Cancellations.

(a) In the event of a breach or violation by the sponsor of any of the provisions of the Regulatory Agreement, the Standard Agreement, the Development Agreement, the promissory note, or the deed of trust, or any other agreement pertaining to the project, the department may give written notice to the sponsor to cure the breach or violation within a period of not less than 15 days. If the breach or violation is not cured to the satisfaction of the department within the specified time period, the department, at its option, may declare a default under the relevant document and may seek legal remedies for the default including the following:

(1) The department may accelerate all amounts, including outstanding principal and interest, due under the loan and demand immediate repayment thereof. Upon a failure to repay such accelerated amount in full, the department may proceed with a foreclosure in accordance with the provisions of the deed of trust and state law regarding foreclosures.

(2) The department may seek, in a court of competent jurisdiction, an order for specific performance of the defaulted obligation or the appointment of a receiver to complete the project or operate the rental housing development in accordance with program requirements.

(3) The department may seek such other remedies as may be available under the relevant agreement or any law.

(b) In the event that the breach or violation involves charging tenants rent or other charges in excess of those permitted under the Regulatory Agreement, the department may demand the return of such excess rents or other charges to the affected households. In any action to enforce the provisions of the Regulatory Agreement, the department may seek as additional remedy, the repayment of such overcharges.

(c) Loan commitments may be canceled by the department under any of the following conditions:

(1) the objectives and requirements of the program cannot be met;

(2) implementation cannot proceed in a timely fashion in accordance with the approved plans and schedules;

(3) special conditions have not been fulfilled within required time periods;

(4) the construction work has not commenced within one year of the date of loan approval;

(5) there has been a material change in the principals or management of the sponsor or project, which was not approved by the department.

The department, in writing and upon demonstration by the sponsor of good cause, may extend the date for compliance with any of the conditions in this subdivision.

(d) Upon receipt of a notice of intent to cancel the loan from the department, the sponsor shall have the right to appeal to the Director.

(e) The department may use amounts available in the fund pursuant to section 8103(b) for the purpose of curing, or avoiding, a sponsor's defaults on the terms of any loan or other obligation which jeopardize completion of construction, the fiscal integrity of a project or the department's security in the project. Such defaults include defaults or impending defaults in payments on mortgages, failures to pay taxes, or failures to maintain insurance or required operating reserves. The payment or advance of funds by the department pursuant to this subdivision shall be solely within the discretion of the department and no sponsor shall be entitled to or have any right to payment of these funds. All funds so advanced shall be part of the program loan to the sponsor and, upon demand, due and payable to the department. Where it becomes necessary to use the fund for the purpose of assisting a project to avoid threatened defaults or foreclosures, the department shall take those actions necessary, including, but not limited to, foreclosure or forced sale of the project property, to prevent similar occurrences and insure compliance with the terms of the applicable agreements.

§ 8100. Management and Maintenance.

(a) The sponsor shall be responsible for all management functions of the rental housing development including selection of the tenants, annual recertification of household income and size, evictions, and collection of rent.

(b) The sponsor is responsible for all repair and maintenance functions of the rental housing development, including ordinary maintenance and replacement of capital items. The sponsor shall maintain residential units, commercial space and common areas in accordance with local health, building, and housing codes and the management plan.

(c) The sponsor, with the prior approval of the department, may contract with a management agent for the performance of the services or duties required in subdivisions (a) and (b). However, such an arrangement does not relieve the sponsor of responsibility for proper performance of these duties. Such contract shall be subject to Department approval and contain a provision allowing the sponsor to terminate the contract upon thirty days' notice. The sponsor shall terminate said contract as directed by the department upon determination that management does not comply with program requirements.

(d) The sponsor shall develop a management plan subject to department approval prior to loan closing. The plan shall be consistent with this subchapter and shall include the following:

(1) the role and responsibility of the sponsor and its delegation of authority, if any, to the managing agent;

(2) personnel policy and staffing arrangements;

(3) plans and procedures for publicizing and achieving early and continued occupancy;

(4) procedures for determining tenant eligibility and for certifying and annually recertifying household income and size;

(5) plans for carrying out an effective maintenance and repair program;

(6) rent collection policies and procedures;

(7) program for maintaining adequate accounting records and handling necessary forms and vouchers;

(8) plans for enhancing tenant–management relations;

(9) management agreement, if any;

(10) description of direct or supportive tenant services, if any;

(11) provisions for periodic update of management plan;

(12) for limited equity housing cooperatives, plans for board and member training and education;

(13) appeal and grievance procedures;

(14) plans for collections for tenant–caused damages;

(15) plans for processing evictions and termination; and

(16) equal opportunity provisions that apply to hiring and renting.

§ 8101. Reporting.

(a) No later than 90 days after the end of each fiscal year, the sponsor shall report to the department on form HCD 820, "RHCP Annual Sponsor Certification," 12/89, as set forth in subsection (c). This form is provided by the department.

(b) As part of the annual report, the sponsor shall submit an audit of the rental housing development prepared in accordance with generally accepted auditing standards by a certified public accountant. Upon a determination that the cost of meeting this requirement exceeds the potential benefits from it to the department and to the tenants of the rental housing development, the department shall:

(1) reduce the required frequency of the audit;

(2) accept an audited financial statement in lieu of the audit; or

(3) waive this requirement completely.

§ 8102. Operating Budget.

(a) Prior to loan closing, the sponsor shall provide the department an initial operating budget for its approval. Such budget shall show all anticipated income, expenses for management, operations, and maintenance, debt service and reserve deposits for the initial operating year.

(b) Sixty days prior to the end of each fiscal year, the sponsor shall submit to the department a proposed operating budget for its approval. The proposed operating budget shall set forth the sponsor's estimate of the project's operating income, operating expenses, debt service for the upcoming year, and any proposed rent increases pursuant to section 8088.

(c) The initial and subsequent proposed operating budgets shall be subject to the approval of the department based on its determination that the budget line items are reasonable and necessary in light of costs for comparable rental housing developments and prior year budgets. Actual expenditures in excess of the approved budget amount shall be subject to department approval.

(d) The initial operating budget and subsequent proposed operating budgets shall include periodic deposits to:

(1) A replacement reserve account for capital improvements such as replacing structural elements, furniture, fixtures, or equipment of the rental housing development which are reasonably required to preserve the project; and

(2) an operating reserve account in an amount sufficient to offset potential operating shortfalls.

(e) Upon initial occupancy, the amount in the operating reserve account shall be at least one percent of total project development costs.

(f) For projects with nonassisted units or commercial space, all budgets submitted pursuant to this section shall show income and uses of income allocated among assisted units, nonassisted units, and commercial space. The allocation method used for each budget line item shall be subject to department approval, and shall apportion income and expenses in a manner that accurately reflects the particular physical, operational and economic characteristics of the project.

7. Certificate of Compliance as to 6–14–91 order including amendment of subsection (b) transmitted to OAL 5–15–91 and filed 6–14–91 (Register 91, No. 38).

§ 8103. Emergency Reserve Account.

(a) The department shall establish an emergency reserve account in the fund. Three percent of any allocation made to the fund pursuant to Health and Safety Code section 53130(a) shall be deposited into the account. Excess funds returned to the department pursuant to section 8089(i) shall be deposited into the account to replace the allocated funds in the account on a dollar for dollar basis. Allocated funds so replaced shall become available for loans provided pursuant to this subchapter.

(b) The department shall maintain a default reserve as a portion of the emergency reserve account, in an amount equal to two percent of all allocations to the fund pursuant to Health and Safety Code section 53130(a), for the purpose of avoiding or curing defaults pursuant to section 8099(e).

(c) When funds in the account exceed the two percent default reserve required pursuant to subdivision (b), the department shall advance funds from the account to defray unanticipated cost increases or revenue shortfalls to the extent necessary to preserve fiscal integrity and to maintain rents in accordance with program requirements. All funds so advanced shall be part of the program loan to the sponsor and subject to the same interest rate and terms of repayment.

§ 8111. Definitions.

In addition to the definitions found in Chapter 2 (commencing with section 50050), of Part 1 of Division 31 of the Health and Safety Code and Subchapter 2 (commencing with section 6910) of Chapter 6.5 of this Title, the following definitions shall apply to this subchapter. In the event of a conflict between the following definitions and those recited above, the following definitions prevail for the purposes of this subchapter:

a. "Account" means the Family Housing Demonstration Account.

b. "Affordable rent" means rent for an assisted unit, determined pursuant to section 8122.

c. "Approved eligible costs" are those eligible costs approved by the Department prior to loan closing.

d. "Article XXXIV approval" means the approval by local electors which must be obtained before a low rent housing project can be developed, constructed, or acquired in any city, town or county in California. This approval is required by section 1 of Article XXXIV of the Constitution of California.

e. "Assisted unit" means a dwelling unit in a community housing development or the personal living space in a congregate housing development which may include one or more bedrooms depending on family size and characteristics. An "assisted unit" is affordable to an eligible household as a result of a payment made by the department pursuant to this subchapter and is both designated for occupancy by an eligible household and either available on a priority basis to, or occupied by, an eligible household in accordance with a Regulatory Agreement between the department and the sponsor entered into pursuant to section 8133(c).

f. "Commercial space" means space used for commercial purposes, excluding space used for a child care center operated pursuant to section 8127.

g. "Community Housing Development" means a development of 20 or more rental or cooperative units on one or more sites which includes the supportive service requirements pursuant to section 8127 and the job training and placement program requirements pursuant to section 8128.

h. "Congregate Housing Development" means a new or rehabilitated, multi-bedroom structure with common living areas, large enough to accommodate two to ten households who share child care, cleaning, cooking and other household responsibilities pursuant to a resident management agreement as described in section 8137.

i. "Conversion" means the alteration of nonresidential space within an existing structure to create a rental housing development.

j. "Debt service coverage ratio" means the ratio of (1) operating income less operating expenses to (2) debt service payments, excluding voluntary prepayments.

k. "Department" means the Department of Housing and Community Development.

l. "Development costs" are the costs of planning, funding and constructing the project as approved by the Department prior to loan closing.

m. "Director" means the Director of the Department of Housing and Community Development.

n. "Distributions" means the amount of cash received from the operation of a rental housing development and available to be distributed pursuant to section 8123 to the sponsor of that rental housing development, or any party having a beneficial interest in the sponsor entity. Distributions do not include payments for debt service, voluntary loan prepayments, operations, maintenance, payments to required reserve accounts, land lease payments to parties that do not have a beneficial interest in the sponsor entity, or payments for property management or other services as set forth in the Regulatory Agreement for the rental housing development.

o. "Elderly" means the same as defined in section 50067 of the Health and Safety Code.

p. "Eligible households" means very low-income households or other lower-income households.

q. "FHDP" means Family Housing Demonstration Program.

r. "Fiscal integrity" means that the total of operating income plus funds released from the operating reserve account pursuant to the Regulatory Agreement is sufficient to: (1) pay all current operating expenses, (2) pay all current debt service (excluding deferred interest), (3) fully fund all reserve accounts established pursuant to the Regulatory Agreement (other than the operating reserve account), (4) maintain a debt service coverage ratio, where specified in the Regulatory Agreement, and (5) pay other extraordinary costs permitted by the Regulatory Agreement. The ability to pay any or all of the annual permitted distribution shall not be considered in determining fiscal integrity.

s. "Handicapped" means the same as defined in section 50072 of the Health and Safety Code.

t. "Household income" means the same as "gross income" as defined in section 6914 of this Title.

u. "Housing cooperative" means the same as "stock cooperative" as defined in section 1351(m) of the Civil Code.

v. "Initial operating year" means the initial period of operation of a rental housing development beginning when the local enforcement agency issues a certificate of occupancy and ending on the last day of the fiscal year of that development.

w. "Lower-income household" means a person or family as defined in section 50079.5 of the Health and Safety Code.

x. "Lower-income nonassisted unit" means a dwelling unit other than an assisted unit which is regulated by virtue of participation in the federal tax credit program (section 42, Title 26 U.S.C.) or state tax credit program (Revenue and Taxation Code, sections 17057.5, 17058, 23610.4 and 23610.5), the HUD Section 202 program (section 1701q, Title 12 U.S.C.), the HUD Section 8 program (section 1437f, Title 42 U.S.C.), or other governmental program where the occupancy and rent restrictions and the term of the occupancy and rent restrictions are equal to or greater than the requirements of the federal tax credit program referenced above.

y. "Lower-income unit" means an assisted unit both designated for occupancy by a low-income household and either available on a priority basis to, or occupied by, a lower-income household.

z. "Nonprofit corporation" means the same as defined in section 50091 of the Health and Safety Code.

aa. "Operating expenses" means the amount annually approved by the department as necessary to pay for the recurring expenses of a rental housing development, such as utilities, maintenance, management, taxes, licenses, supportive services provided pursuant to section 8127, and job training and placement programs provided pursuant to section 8128. Operating expenses does not include debt service, distributions, extraordinary expenses permitted by the Regulatory Agreement or required reserve account deposits.

bb. "Operating income" means all income generated on an annual basis in connection with operation of a rental housing development including rental income for assisted and nonassisted units; rental income for commercial space, laundry and equipment rental fees; rental subsidy payments; payments associated with supportive services provided pursuant to 8127; payments associated with job training and placement programs provided pursuant to 8128; and interest on any accounts related to the rental housing development, with the exception of reserve accounts. "Operating income" does not include draws from the operating reserve fund, security and equipment deposits; or payments for direct or supportive tenant services, other than those provided pursuant to section 8127(a) and (b), that tenants are not required to pay for as a condition of occupancy.

cc. "Other lower-income household" means persons or families as defined in subsection 6928(c) of Title 25.

dd. "Prior to loan closing" is that period of time following the notification of approval for funding pursuant to section 8130(c)(2) and prior to the recording of the legal documents on the project property.

ee. "Program" means the Family Housing Demonstration Program.

ff. "Project" means a rental housing development using program funds; the development, new construction or rehabilitation, and operation thereof; and the financing structure and all agreements and documentation approved in connection therewith.

gg. "Reconstruction" means replacing an existing residential structure with a rental housing development of similar type, amenity level, range of unit sizes, and with not less than an equal number of units.

hh. "Rehabilitation" means repairs or improvements to a substandard rental housing development necessary to correct defects causing it to be a substandard building pursuant to section 17920.3 of the Health and Safety Code, and to meet rehabilitation standards. Rehabilitation also includes reconstruction or conversion.

ii. "Rehabilitation Standards" means (a) the applicable state or local building or housing standard adopted pursuant to the State Housing Law, Part 1.5 (commencing with section 17910) of Division 13, or continued in effect pursuant thereto, and (b) room additions necessary to prevent overcrowding of lower-income households.

jj. "Rent" means all mandatory charges, other than deposits, paid by the tenant for the use and occupancy of an assisted unit. For housing cooperatives, "rent" includes, but is not limited to, the carrying charges paid by a member of a housing cooperative.

kk. "Rent-up costs" means costs incurred in connection with marketing and preparing an assisted unit for occupancy while the unit is on the housing market but not rented to its first tenant.

ll. "Rental housing development" means a community housing development or a congregate housing development.

mm. "Residential structure" means a structure or structures used primarily as the place of permanent or customary abode of a person or persons, including a single family dwelling, a multifamily dwelling, a single room occupancy hotel, a condominium or cooperative housing project, or other form of residential occupancy.

nn. "Rural area" means the same as defined in section 50101 of the Health and Safety Code.

oo. "Seismic rehabilitation improvements" means the same as defined in section 50668.5(b)(5).

pp. "Substandard rental housing development" means a structure or structures used or intended to be used as a rental housing development which is a substandard building pursuant to section 17920.3 of the Health and Safety Code.

qq. "Unit" means either a dwelling unit in a community housing development or the personal living space in a congregate housing development, which may include one or more bedrooms depending on family size and characteristics.

rr. "Very low-income household" means a person or family as defined in section 50105 of the Health and Safety Code.

ss. "Very low-income nonassisted unit" means a dwelling unit other than an assisted unit, which is regulated by virtue of participation in a federal or state tax credit program, the HUD section 202 program, or other governmental programs where the occupancy and rent restrictions and the term of occupancy and rent restrictions are equal to or greater than the requirements for very low-income units contained in the federal tax credit program.

tt. "Very low-income unit" means an assisted unit both designated for occupancy by a very low-income household and either available on a priority basis to, or occupied by, a very low-income household.

HISTORY

1. New section filed 12-14-90 as an emergency; operative 12-14-90 (Register 91, No. 11). A Certificate of Compliance must be transmitted to OAL by 4-15-91 or emergency language will be repealed by operation of law on the following day.
2. Repealed by operation of law on 4-16-91.
3. New section filed 7-19-91 as an emergency; operative 7-19-91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 11-6-91 or emergency language will be repealed by operation of law on the following day.
4. New section refiled 11-15-91 as an emergency; operative 11-15-91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 3-16-92 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 11-15-91 order transmitted to OAL 12-12-91 and filed 1-13-92 (Register 92, No. 16).

Article 2. Program Requirements

§ 8112. Eligible Project.

(a) To be eligible for funding, a proposed project must

(1) involve either of the following:

(A) the development and construction of a new rental housing development, or

(B) the rehabilitation of (which may include seismic improvements to) one or more of the following structures:

1. a substandard rental housing development;

2. a residential structure eligible for seismic rehabilitation improvements pursuant to section 8129;

3. an existing structure that will undergo a conversion; or

4. an existing substandard residential structure that will undergo reconstruction.

(2) include supportive services pursuant to section 8127 and a job training and placement program pursuant to section 8128.

(b) Except as specified in subdivision (c), proposed rental housing developments are ineligible if construction work has begun prior to the effective date of the Standard Agreement. For the purposes of this subdivision, construction work shall not include the following:

(1) for loans involving new construction, site improvements intended for public dedication; demolition; site preparation; and grading;

(2) for loans involving rehabilitation, work required to correct an emergency situation; work done pursuant to an order of the court or agency having jurisdiction over the project; and regular maintenance of the project.

(c) Where construction work, other than that allowed pursuant to subdivision (b), has begun prior to the effective date of the Standard Agreement, proposed rental housing developments are eligible only under the following circumstances:

(1) construction has been halted, and the project property has been foreclosed upon or is in foreclosure;

(2) construction has been halted, and the project property has been deeded to a lender in lieu of foreclosure;

(3) construction has been halted, and there is a substantial likelihood that a lender will initiate foreclosure due to the inability of the project's developer to complete construction; or

(4) construction on a separate distinct phase of the project has been or will be completed without program loan funds; provided that, when completed, either the separate phase or the project as a whole meets all program requirements.

(d) Proposed projects involving the demolition of residential rental units are eligible only if the sponsor complies with the relocation requirements set forth in section 8125 and only if one of the following circumstances exist:

(1) the units to be demolished are substandard, and not economically feasible to rehabilitate; or

(2) the number of assisted units in the new project is at least twice the total number of units in the demolished structures.

HISTORY

1. New section filed 12-14-90 as an emergency; operative 12-14-90 (Register 91, No. 11). A Certificate of Compliance must be transmitted to OAL by 4-15-91 or emergency language will be repealed by operation of law on the following day.

2. Repealed by operation of law on 4–16–91.
3. New section filed 7–19–91 as an emergency; operative 7–19–91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 11–6–91 or emergency language will be repealed by operation of law on the following day.
4. New section refiled 11–15–91 as an emergency; operative 11–15–91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 3–16–92 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 11–15–91 order transmitted to OAL 12–12–91 and filed 1–13–92 (Register 92, No. 16).

§ 8113. Eligible Sponsor.

(a) A sponsor shall be a nonprofit corporation, housing cooperative, local public entity, or any combination thereof including a limited partnership in which the managing general partner is an eligible nonprofit corporation, which is certified by the department as meeting the requirements of subdivision (b).

(b) In order to be certified as an eligible sponsor, an applicant must be able to:

(1) demonstrate ability or experience relevant to owning, developing, constructing or rehabilitating, and operating rental housing through any combination of the following:

(A) prior ownership, development, construction or rehabilitation, or operation of rental housing;

(B) employing staff with demonstrated ability or experience owning, developing, constructing or rehabilitating, or operating rental housing; or

(C) contracting with a consultant or consultants with demonstrated ability or experience assisting with the owning, developing, rehabilitating or constructing, or operating of rental housing; and

(2) demonstrate ability or experience relevant to the proposed plans for operating supportive service programs described in section 8127 and job training and placement programs described in section 8128 through any combination of the following:

(A) prior operation of such programs;

(B) employing staff with demonstrated ability or experience operating such programs; or

(C) contracting with a consultant or consultants with demonstrated ability or experience operating such program;

(3) have site control of the proposed project property by one of the following:

(A) fee title;

(B) a leasehold interest on the project property pursuant to a lease with provisions that enable the lessee to make improvements on and encumber the property and permit compliance with all program requirements;

(C) an option to purchase or an option to lease pursuant to a lease which meets the requirements of subdivision (B) above;

(D) a disposition and development agreement with a public agency with provisions that enable the applicant to make improvements on and encumber the property and permit compliance with all program requirements;

(E) a land sales contract, or other enforceable agreement for the acquisition of the property.

4. New section refiled 11–15–91 as an emergency; operative 11–15–91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 3–16–92 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 11–15–91 order transmitted to OAL 12–12–91 and filed 1–13–92 (Register 92, No. 16).

§ 8114. Eligible Uses of Funds.

(a) Funds shall be used only for approved eligible costs that are incurred with respect to the planning and executing of the project as set forth in this section. In addition, the costs must be necessary and must be consistent with the lowest reasonable cost consistent with the project's scope and area.

(b) Eligible categories of costs for projects involving the new construction of a rental housing development include the following:

(1) land acquisition;

(2) acquisition of projects under construction satisfying the requirements of section 8112(c)(1) through (c)(3);

(3) land lease payments;

(4) construction work, including demolition costs satisfying the requirements of section 8112(d);

(5) offsite improvements, such as sewers, utilities and streets, related to the rental housing development;

(6) onsite improvements related to the rental housing development;

(7) architectural, appraisal, engineering, legal, accounting and other consulting costs and fees, which are directly related to the planning and execution of the project and which are incurred through third–party contracts;

(8) administrative expenses pursuant to section 8119;

(9) rent–up costs;

(10) insurance, construction financing fees and interest, taxes, and any other expenses necessary to hold the property while the rental housing development is under construction.

(11) building permits and state and local fees;

(12) initial operating and replacement reserve balances required pursuant to section 8139;

(13) escrow, title insurance, recording and other costs related to the financing of the project;

(14) costs required to assure the completion of construction, such as contractor bond premiums; and

(15) environmental hazard reports, surveys, and investigations.

(c) Eligible categories of costs for projects involving the rehabilitation of a rental housing development include the following:

(1) acquisition of project property, including existing improvements, and costs related to such acquisition;

(2) refinancing of that amount of debt existing at the time of application which is necessary to achieve rents for lower– and very low–income households in accordance with program requirements, and costs related thereto;

(3) reconstruction costs, when the estimated costs including demolition, construction and related activities are less than the estimated cost of rehabilitation of the rental housing development, and where demolition is consistent with the requirements of section 8112(d);

(4) conversion costs when the estimated total rehabilitation cost is less than the new construction cost of comparable units in the area;

(5) cost of rehabilitation necessary to correct code violations;

(6) general costs required to correct unsafe, unhealthy and unsanitary conditions, including general property improvements when the sponsor can demonstrate that such improvements are integral to the project;

(7) work related to protecting physical security;

(8) work related to reducing long–term maintenance costs;

(9) onsite and offsite improvements;

(10) work related to meeting specialized design criteria described in section 8126;

(11) seismic rehabilitation improvements, and work directly related thereto pursuant to section 8129;

(12) architectural, appraisal, engineering, legal, accounting and other consulting costs and fees, which are directly related to the planning and execution of the project and which are incurred through third–party contracts;

(13) administrative expenses pursuant to section 8119;

(14) rent–up costs;

(15) insurance, construction financing fees and interest, and taxes, and any other expenses necessary to hold the property while the rental housing development is under construction;

(16) building permits and state and local fees;

(17) work lawfully required by a governmental entity which is reasonably required to correct unsafe, unhealthy or unsanitary conditions;

(18) relocation benefits and assistance to lower-income residential tenants displaced as a result of acquisition and rehabilitation, or rehabilitation only. All other temporary and permanent relocation benefits specified in section 8125 are not eligible uses of program funds;

(19) escrow, title insurance, recording and other related costs; and

(20) environmental hazard reports, surveys, and investigations.

(d) Except where lawfully required to secure local government approvals essential to completion of the project, costs associated with the following items are ineligible for funding with program loan proceeds, and cannot be paid for from syndication proceeds or loans supported by rents from assisted units:

(1) building and roof shapes, ornamentation, and exterior finish schemes whose costs are in excess of the typical costs of these features in modestly designed rental housing;

(2) fireplaces, tennis courts, and similar amenities not typically found in modestly designed rental housing;

(3) shake and tile roofs, custom-made windows, ceramic tile floors and counters, hardwood floors, and similar features using materials not typically found in modestly designed rental housing, except where such materials have lower replacement costs over the life of the rental housing development due to lower operating, maintenance and replacement costs.

(e) No program funds shall be used for costs associated exclusively with nonassisted units or commercial space. If only a portion of the rental housing development consists of assisted units, the program loan amount shall not exceed the sum of the following:

(1) the costs of all items specified in subdivisions (b) or (c), as applicable, and (d) associated exclusively with the assisted units;

(2) a share of the costs of common areas used primarily by residential tenants; this share shall be in direct proportion to the ratio between the gross floor area of the assisted units and the gross floor area of all residential units; and

(3) a share of the cost of other items, such as roofs, that cannot specifically be allocated to assisted units, nonassisted units, or commercial space; this share shall be in direct proportion to the ratio between the following:

(A) the gross floor area of the assisted units, plus a share of the gross floor area of common areas used primarily by residential tenants in direct proportion to the ratio between the gross floor area of the assisted units and the gross floor area of all units; and

(B) the total gross floor area of the structure or structures.

(f) Notwithstanding subdivision (e)(1), not more than 50 percent of the cost of the child care center may be funded with program funds, except that the cost of all items specified in subdivision (b) or (c), as applicable, and (d) associated with the development of the child care center are eligible for program funding as specified in section 8127(c).

HISTORY

1. New section filed 12-14-90 as an emergency; operative 12-14-90 (Register 91, No. 11). A Certificate of Compliance must be transmitted to OAL by 4-15-91 or emergency language will be repealed by operation of law on the following day.
2. Repealed by operation of law on 4-16-91.
3. New section filed 7-19-91 as an emergency; operative 7-19-91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 11-6-91 or emergency language will be repealed by operation of law on the following day.
4. New section refiled 11-15-91 as an emergency; operative 11-15-91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 3-16-92 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 11-15-91 order transmitted to OAL 12-12-91 and filed 1-13-92 (Register 92, No. 16).

§ 8115. Type and Term of Loan.

(a) Sponsors shall elect to receive program financing as either combination construction and permanent loans or permanent loans only.

(b) For projects involving new construction, the initial term of the loan shall be not less than 40 years, commencing on the date of initial occupancy of an assisted unit. For projects involving rehabilitation and either acquisition or refinancing, the initial loan term shall be not less than 30 years. For projects involving only rehabilitation, the initial loan term shall be not less than 20 years.

(c) Upon request by the sponsor, the department shall approve a loan term longer than that set forth in subdivision (b) provided that such longer term does not exceed the useful life of the rental housing development as determined by the department utilizing assessments provided by professionals from the construction and real estate industries, such as the conclusions of an appraiser or a structural engineer.

(d) Upon receipt of a request from a sponsor for a ten-year extension of the loan term, the department shall determine whether to approve the request based on the following considerations:

(1) Whether the sponsor is in compliance with the Regulatory Agreement and agrees to continue to comply during the extended term;

(2) Whether the extension is necessary to continue operations consistent with program requirements, and

(3) Whether the extended term does not exceed the useful life of the rental housing development, as determined by the department utilizing assessments provided by professionals from the construction and real estate industries, such as the conclusions of an appraiser or a structural engineer.

(e) The department may condition the extension of such terms as it deems necessary to ensure compliance with the requirements of this program.

2. Repealed by operation of law on 4-16-91.
3. New section filed 7-19-91 as an emergency; operative 7-19-91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 11-6-91 or emergency language will be repealed by operation of law on the following day.
4. New section refiled 11-15-91 as an emergency; operative 11-15-91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 3-16-92 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 11-15-91 order transmitted to OAL 12-12-91 and filed 1-13-92 (Register 92, No. 16).

§ 8116. Maximum Loan Amounts.

The loan amount is limited to the total amount of eligible costs required, when considered with other available financing and assistance, in order to achieve all of the following:

(a) to enable the development and construction of the rental housing development;

(b) to ensure that rents for assisted units are in accordance with program requirements;

(c) to operate in compliance with all other program requirements; and

(d) to allow a debt service coverage ratio in an amount sufficient to satisfy the requirements of other lenders providing financing for the rental housing development, but not to exceed 115 percent, except as otherwise required by law.

HISTORY

1. New section filed 12-14-90 as an emergency; operative 12-14-90 (Register 91, No. 11). A Certificate of Compliance must be transmitted to OAL by 4-15-91 or emergency language will be repealed by operation of law on the following day.

2. Repealed by operation of law on 4–16–91.

3. New section filed 7–19–91 as an emergency; operative 7–19–91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 11–6–91 or emergency language will be repealed by operation of law on the following day.

4. New section refiled 11–15–91 as an emergency; operative 11–15–91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 3–16–92 or emergency language will be repealed by operation of law on the following day.

5. Certificate of Compliance as to 11–15–91 order transmitted to OAL 12–12–91 and filed 1–13–92 (Register 92, No. 16).

§ 8117. Interest Rate and Loan Repayments.

(a) Loans for development costs shall bear simple interest of three percent per annum on the unpaid principal balance. Loans or advances made pursuant to sections 8140 and 8141 shall be the same interest as calculated annually on the Pooled Money Investment Account created under Government Code section 16480. Interest shall accrue from the date that funds are disbursed by the department to or on behalf of the sponsor.

(b) Accrued interest shall be paid from project cash flow. Such interest, to the extent project cash flow is available, shall be paid to the department commencing on the last day of the initial operating year and continuing on each anniversary thereafter until loan interest and principal is paid full. For purposes of this section, "project cash flow" means operating income remaining after payment of approved operating expenses, regularly scheduled debt service on loans other than the program loan which have been approved by the department and which are to be paid prior to payments on the program loan, deposits into department approved project reserve accounts, and sponsor distributions.

(c) Upon request by the sponsor, at the time of application or any time thereafter, the department shall approve the deferral of accrued interest, due but unpaid because of insufficient project cash flow, for such periods and subject to such conditions as are necessary to enable the sponsor to maintain affordable rents and the fiscal integrity of the project, and pay distributions.

(d) Program loan principal shall be payable annually in accordance with all of the following:

(1) Such payments will not jeopardize the fiscal integrity of the project or the sponsor's ability to maintain rents in accordance with program requirements.

(2) Such payments shall be the lesser of

(A) the amount remaining from project cash flow after paying all current and deferred interest pursuant to subdivision (b) and (c); or

(B) the amount required to fully amortize the loan according to the scheduled term of the loan.

(3) Such payments shall be consistent with a written schedule approved by the department at loan closing or any time thereafter which provides that

(A) for loans involving new construction, the first principal payment shall be due on the thirtieth (30th) anniversary of the loan closing; and

(B) for loans involving rehabilitation, the first principal payment shall be on that date proposed by the sponsor and approved by the department prior to loan closing.

(e) In any year that payments of principal and interest are paid in full in accordance with subdivisions (a), (b), (c), and (d), remaining project cash flow shall be used as follows:

(1) The sponsor shall first pay regularly scheduled debt service on loans other than the program loan which were used to finance assisted units and which have been approved by the department and which are to be paid following payments of the program loan;

(2) Thereafter, the sponsor shall pay project cash flow as either:

(A) prepayments on the program loan; or

(B) payments into the Account, to be prorated among the emergency reserve subaccount described in section 8140 and the feasibility subaccount described in section 8141 in a manner which assures that each subaccount is fully funded.

(f) All program loan payments shall be applied first to interest and second to principal.

(g) The total amount of the outstanding principal and interest, including deferred interest, shall be due and payable in full to the department at the end of the loan term or upon the department's termination of the loan.

§ 8118. Appraisal and Market Study Requirements.

(a) As a condition of funding, the department shall require an appraisal or market study, or both, where required to achieve the following objectives:

(1) To establish a market value for land and improvements to be purchased or leased as part of the project for purposes of evaluating the reasonableness of the purchase price or lease terms pursuant to section 8114 and determining actual investment pursuant to section 8123;

(2) To assist with establishing reasonable costs for development cost categories pursuant to section 8114; and

(3) To assess fiscal integrity.

(b) Any appraisal required by the department shall be prepared at the sponsor's expense by an individual who

(1) has the knowledge and experience necessary to appraise income property competently;

(2) is aware of, understands, and correctly employs those recognized methods and techniques that are necessary to produce a credible appraisal; and

(3) in reporting the results of the appraisal, communicates each analysis, opinion and conclusion in a manner that is not misleading as to the true value and condition of the property.

(c) Any market study required by the department shall be prepared at the sponsor's expense by an individual who:

(1) has the knowledge and experience necessary to conduct a market study for rental property competently;

(2) is aware of, understands, and correctly employs those recognized methods and techniques that are necessary to produce a credible market study; and

(3) in reporting the results of the market study, communicates each analysis, opinion and conclusion in a manner that is not misleading as to the true value and condition of the property.

4. New section refiled 11–15–91 as an emergency; operative 11–15–91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 3–16–92 or emergency language will be repealed by operation of law on the following day.

5. Certificate of Compliance as to 11–15–91 order transmitted to OAL 12–12–91 and filed 1–13–92 (Register 92, No. 16).

§ 8119. Administrative Expenses.

(a) Administrative expenses are those expenses incurred by the sponsor related to the planning and execution of the project prior to initial occupancy. Such expenses include, but are not limited to the following:

(1) salaries, wages, and related costs of the sponsor's staff engaged in the planning and execution of the project, including legal services, accounting and auditing relating to the sponsor's operations and obtaining financing for the project;

(2) travel costs and other general overhead costs which are attributable to the project;

(3) expenses for administrative services performed for the sponsor and paid for under third-party contracts.

(b) Administrative expenses do not include those legal, architectural, engineering, or financial fees which are directly related to the planning and execution of the project and which are incurred by the sponsor through third-party contracts eligible for funding pursuant to section 8114(b)(7) and (c)(12).

(c) Administrative expenses in amounts equal to or less than the maximum amounts shown in the following schedule shall be deemed reasonable and necessary upon certification by the sponsor that they have been incurred by the sponsor pursuant to this section.

Approved Program Loan Amount	*Maximum Administrative Expenses*
Up to $500,000	5% of the approved program loan amount
$500,000 or more	$25,000 plus 1% of the approved program loan amount over $500,000, up to a maximum of $50,000.

(d) Sponsors seeking program funds for administrative expenses in excess of the limits described in subdivision (c), shall include in their applications a statement of administrative expenses incurred to date, and a budget for anticipated administrative expenses. The statement and budget shall include sufficient detail and explanation to permit the department to determine eligibility and reasonableness of the expenses. The department shall include in the loan amount those administrative expenses shown in the statement and anticipated budget, provided it determines that those expenses are reasonable and necessary considering the nature and scope of the project.

(e) The department shall not fund administrative expenses in excess of 10 percent of the approved loan amount unless the sponsor can demonstrate to the department's satisfaction that costs in excess of this limitation are the result of expenses for architectural, engineering, accounting and legal services, which would otherwise qualify for funding as consultant services pursuant to section 8114(b)(7) or (c)(12), as applicable.

4. New section refiled 11-15-91 as an emergency; operative 11-15-91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 3-16-92 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 11-15-91 order transmitted to OAL 12-12-91 and filed 1-13-92 (Register 92, No. 16).

§ 8120. Occupancy Requirements.

(a) In each rental housing development assisted by the program, and for the full term of the program loan, the following requirements shall apply:

(1) Not less than thirty percent of all units shall be assisted units.

(2) Not less than two-thirds of the assisted units shall be very low-income units. The department may approve a lesser percentage if it determines that it is not feasible to achieve fiscal integrity with the required percentage.

(b) In each community housing development assisted by the program, and for the full term of the program loan, not less than twenty percent nor more than thirty percent of the assisted units shall be occupied by elderly persons or households. The balance of units shall be available on a priority basis, or occupied by, families with children. For purposes of this section, "families with children" means one or more individuals, who have not attained the age of 18 years, being domiciled with a parent or another person having legal custody of such individual or individuals; or the designee of such parent or other person having such custody with the written permission of such parent or other person. "Families with children" also includes any person who is pregnant or is in the process of securing legal custody of any individual who has not attained the age of 18 years.

(c) In each congregate housing development assisted by the program, and for the full term of the program loan, at least a majority of the units shall be available on a priority basis, or occupied by, families with one or more minor children. The balance of units shall be available on a priority basis, or occupied by elderly persons or households.

(d) For projects involving rehabilitation, a unit in a rental housing development may be designated as an assisted unit if at the time of initial application for the program loan:

(1) the unit is occupied by an eligible household;

(2) the unit is vacant and will be made available to, or occupied by, an eligible household; or

(3) a noneligible household residing in the unit has agreed not to return to the unit after rehabilitation as evidenced by a signed written waiver of the tenant's right to return to the unit pursuant to section 7265.3(d) of the Government Code. Any tenant giving such waiver must have been given the notice specified in section 8125.

(e) For projects involving rehabilitation, the sponsor shall, at a minimum, designate as assisted units the greater of:

(1) number of units reasonably known by the sponsor to be occupied by eligible households at the time of initial application for the program loan, or

(2) thirty percent of all units in the rental housing development.

(f) For projects involving rehabilitation of a community housing development, the size, type, and amenity level of assisted units after rehabilitation shall not differ substantially from the size, type, and amenity level of units known to be occupied by eligible households at the time of initial application for the program loan. Units reconfigured or enlarged to alleviate overcrowding shall not be considered a violation of this provision.

(g) Each community housing development shall include a range of unit sizes, including the provision of three bedroom or larger units.

(h) Assisted units shall not differ substantially in size or amenity level from nonassisted units with the same number of bedrooms, and lower-income units shall not differ from very low-income units. Assisted units shall not be segregated from nonassisted units, and very low-income units shall not be segregated from other lower-income units. Within these limits, sponsors may change the designation of a particular unit from assisted to nonassisted, or lower-income to very low-income, and vice versa, over time.

(i) For the full loan term, the number, size, type, and amenity level of lower-income and very low-income units shall not be fewer than the number nor different from the size, type and amenity level described in the Regulatory Agreement.

§ 8121. Tenancy Standards.

(a) Sponsors shall select only eligible households as tenants of assisted units, and shall annually verify household income and size to determine continued eligibility and appropriate unit size. As part of the management plan required by section 8137(e), the sponsor shall develop a tenant selection plan for assisted units which shall be subject to the approval of the department. Any change to the plan shall be subject to the approval of the department. The plan shall include the following:

(1) an affirmative marketing plan for eligible households which shall include policies and steps to ensure equal access to all housing units in the rental housing development for all persons in any category protected by federal, state or local laws governing discrimination. Where a significant number of persons in the area of the rental housing development have limited fluency in English, the plan shall require that publications implementing the affirmative marketing plan be provided in the native languages of those persons;

(2) reasonable criteria for selection or rejection of applicants which shall not discriminate in violation of any federal, state or local laws or base tenant selection on any other arbitrary factor. Reasonable criteria shall include:

(A) for each rental housing development, a priority to applicants who are employed at nearby facilities or who potentially could be employed at nearby facilities through publicly assisted or other job– training or entry–level employment programs and who are willing to participate in the job training and placement program provided pursuant to section 8128(a); and

(B) for each congregate housing development, the willingness and ability of an applicant to enter into a resident management agreement as described in section 8137;

(C) for each community housing development, a priority to applicants who are employed in the management and operation of the community housing development or its child care center.

(3) a prohibition of local residency requirements; and

(4) tenant selection procedures that include the following requirements:

(A) selection of tenants based on order of application, lottery, or other reasonable method approved by the department;

(B) notification to a tenant applicant of either;

(1) eligibility to occupy an assisted unit and, based on turnover history, the approximate date when a unit may be available;

(2) ineligibility to occupy an assisted unit, the reason for the ineligibility, and the right to appeal this determination pursuant to section 8121(e); and

(C) maintenance of a waiting list of eligible households which have applied to occupy assisted units which if applicable, distinguishes between lower– and very low–income applicants, and elderly households and families with children.

(5) for community housing developments, tenant occupancy standards that shall be used by the sponsor upon both initial occupancy and annual recertification to determine the size of a unit to be occupied by a tenant, as follows:

Unit Size	*No. of Persons in Household* *Minimum*	*Maximum*
0–BR	1	2
1–BR	1	3
2–BR	2	5
3–BR	4	7
4–BR	6	9
5–BR	8	11

(A) A sponsor may assign a unit other than that specified above if the sponsor reasonably determines that special circumstances warrant a variance and the reasons are documented in the tenant's file.

(B) If, upon annual recertification, the tenant's household size has changed and no longer meets the occupancy standards of this subdivision, the household shall be required to move to the next available unit which will meet the requirements of this subdivision.

(6) for congregate housing developments, tenant occupancy standards that require no less than one person and no more than three persons per bedroom, except as approved by the department subsequent to review of unique design features, such as flexible walls.

(b) Upon prior written approval by the department, the sponsor may establish income limits for lower–income units at a level below the upper limit for lower–income households.

(c) In housing cooperatives, share purchase terms for assisted units shall be limited as follows:

(1) For each initial member household, the total share purchase price shall not be more than two–and–one–half percent (2.5%) of the prorated development cost of the unit.

(2) For each subsequent member household, the total share purchase price shall not be more than the sum of the total share purchase price previously charged to the member household selling the share and any share appreciation due to the member household selling the share. Share appreciation shall be at a simple interest rate approved by the department, not to exceed eight percent (8%) per annum of the portion of the total share purchase price actually paid in by the member household selling the share.

(3) Upon occupancy by an initial member household or subsequent member household, the required cash contribution to be applied towards the total share purchase price shall not exceed the lesser of either ten percent (10%) of the member household's income for the calendar year prior to occupancy or the total share purchase price; and in no event shall the cash contribution required upon initial occupancy be less than two times the monthly rent for the unit.

(4) The sponsor may loan members of the housing cooperative the difference between the total share purchase price and the member household's cash contribution. The terms and conditions of such loans shall be subject to department approval.

(d) The sponsor shall submit for department approval the form of the rental or occupancy agreement for assisted units prior to its use. The form shall include the following:

(1) provisions requiring good cause for termination of tenancy. One or more of the following constitutes "good cause":

(A) failure by the tenant to maintain eligibility under the program;

(B) noncompliance by the tenant with material provisions of the rental or occupancy agreement, including one or more substantial violations of the rental or occupancy agreement or habitual minor violations of the rental or occupancy agreement which

1. adversely affect the health and safety of any person or the right of any tenant to the quiet enjoyment of the leased premises and related project facilities;

2. substantially interfere with the management, maintenance, or operation of the rental housing development;

3. substantially interfere with the supportive service component or the job training and placement component of the project, other than failure to participate, as set forth in section 8127 and 8128, respectively; or

4. result from the failure or refusal to pay, in a timely fashion, rent or other permitted charges when due. Failure or refusal to pay, in a timely fashion, is a minor violation if payment is made during the three-day notice period;

(C) substantial failure or repeated minor failure by a tenant to carry out material obligations under state or local law;

(D) subletting, by the tenant, of all or any portion of the assisted unit;

(E) substantial failure or repeated minor failure by a tenant in a congregate housing development to comply with material provisions of the resident management agreement described in section 8137 or with any rules established by the mutual agreement of the residents of the congregate housing development and the sponsor; or

(F) any other action or conduct of the tenant constituting significant problems which can be reasonably resolved only by eviction of the tenant, provided that the sponsor has previously notified the tenant that the conduct or action in question would be considered cause for eviction. Examples of action or conduct in this category include the refusal of a tenant, after written notice, to accept reasonable rules or any reasonable changes in the rental or occupancy agreement or the refusal to recertify income or household size;

(2) a provision requiring that the facts constituting the grounds for any eviction be set forth in the notice to quit provided to the tenant pursuant to state law;

(3) notice of the appeal and grievance procedures established by the sponsor pursuant to subdivision (e) and incorporation of the procedure by reference;

(4) notice of the right to an informal hearing with the sponsor to review any proposed rent increase pursuant to section 8122;

(5) a requirement that the tenant annually recertify household income and size;

(6) for congregate housing developments, a requirement that the tenant comply with the resident management agreement described in 8137(c).

(e) Each sponsor shall adopt an appeal and grievance procedure to resolve grievances filed by tenants and allow appeals of actions taken by the sponsor with respect to tenants' occupancy in the rental housing development and prospective tenants' applications for occupancy.

(1) the appeal and grievance procedure shall be included in the sponsor's management plan described in section 8137(e) and shall, at a minimum, include the following:

(A) a requirement for delivery of a written copy of the appeal and grievance procedure to each tenant and applicant;

(B) procedures for informal dispute resolution;

(C) a right to a hearing before an impartial body, which shall consist of one or more persons, with the power to render a final decision on the appeal or grievance;

(D) procedures for the appointment of the impartial hearing body;

(E) procedures for conducting such hearing, including the right to present evidence without regard to formal rules of evidence, the right to be represented by any other person and the right to a written decision from the hearing body which shall be based solely on evidence presented at the hearing; and

(F) a requirement that the sponsor extend any time period imposed pursuant to a formal eviction procedure, including any filing in a court of competent jurisdiction, during the pendency of the hearing.

(2) Neither utilization of nor participation in any aspect of the appeal and grievance procedure shall constitute a waiver of or affect the rights of the tenant, prospective tenant, or sponsor to a trial de novo or judicial review in any judicial proceeding which may thereafter be brought in the matter.

(f) If, upon annual recertification, a tenant's household income exceeds the eligibility limit for lower-income households, the tenant's rental or occupancy agreement for the unit as an assisted unit shall terminate six months after the notice of termination which sponsor must provide within one month of recertification.

(1) The sponsor may approve one additional six-month extension of the rental or occupancy agreement if the rental housing development is located in a market area where:

(A) the vacancy rate for rental housing is less than five percent; and

(B) the Fair Market Rent exceeds the average of the Fair Market Rents for all metropolitan statistical areas in California. For purposes of this subsection, "Fair Market Rent" means the most current Fair Market Rent for Existing Housing for two-bedroom units, as published annually in the "Federal Register" by the U.S. Department of Housing and Urban Development pursuant to section 8(c)(1) of the United States Housing Act of 1937.

(2) In rental housing developments containing nonassisted units, the tenant shall have the right of first refusal for any available nonassisted unit of a size consistent with the occupancy standards set forth in section 8121(a)(5) and (6). This right shall begin upon recertification and shall expire upon termination of the tenant's rental or occupancy agreement of the assisted unit.

(3) If the tenant provides to the sponsor additional evidence which establishes income eligibility prior to the expiration of the tenant's rental or occupancy agreement, the tenant's lease shall not be terminated.

(4) If the assisted unit is subject to state or federal rules governing low-income housing tax credits as referenced in section 8111(x) or other federal or state housing assistance, those eligibility provisions shall govern continued eligibility for occupancy, if necessary to permit participation in such programs.

(5) If the tenant's income exceeds the limit for lower-income units established by the sponsor pursuant to subdivision (b), that fact alone shall not be cause for termination of the tenant's rental or occupancy agreement or for requiring the tenant to vacate its unit, if the tenant's income remains below the eligibility limit for lower-income households.

(6) In a limited equity housing cooperative where the household income of a cooperative member occupying an assisted unit exceeds the upper limit for lower-income households, the member shall not be required to vacate the assisted unit.

(A) After recertification and determination of ineligibility, the sponsor shall immediately notify the member that the carrying charge will increase to a market rate payment six months after said notification. Market rate payment shall be the carrying charge paid for a comparable nonassisted unit, without an allowance for utilities, or where there are no comparable nonassisted units, the rent charged for comparable units in the area. This market rate payment shall be subject to department approval.

(B) The next available membership share for occupancy in a comparable unit shall be sold to an eligible household until the mix between lower and very low-income units required by the Regulatory Agreement is achieved.

(g) If the income of a household residing in a very low-income unit changes from very low-income to other lower-income at the time of recertification, the following shall apply:

(1) The household shall not be required to vacate the unit;

(2) The sponsor shall charge rent that does not exceed the current rent allowed for any comparable lower-income unit pursuant to section 8122, or where there are no such units, the maximum rent which would be allowed pursuant to section 8122;

(3) The sponsor shall designate the unit as a lower-income unit; and

(4) The sponsor shall designate the next available comparable assisted unit as a very low-income unit until the mix between lower-income and very low-income units required by the Regulatory Agreement as provided in section 8133(c) is achieved.

§ 8122. Rent Standards.

(a) The department shall establish initial rents for assisted units in each community housing development in accordance with the tables in section 6932 and the following:

(1) At the time of initial occupancy of a unit, monthly rents for very low–income units in a community housing development shall not exceed 30 percent of 35 percent of area median income, divided by 12, adjusted by unit size pursuant to subdivision (a)(3), and with an allowance for utility costs pursuant to subdivision (c). The unit size adjustment in subdivision (a)(3) is selected by identifying the size of the unit for which rent must be determined and reading across to determine the applicable household size for that unit. Area median income is determined by selecting from the tables provided in section 6932 for the county in which the unit is located, the amount of income provided as the very low income standard for the "number of persons in the family," which equates with the "applicable household size" identified in subdivision (a)(3).

(2) At the time of initial occupancy of a unit, monthly rents for lower–income units in a community housing development shall not exceed 30 percent of 60 percent of area median income, divided by 12, adjusted by unit size pursuant to subdivision (a)(3), and with an allowance for utility costs pursuant to subdivision (c). The unit size adjustment in subdivision (a)(3) is selected by identifying the size of the unit for which rent must be determined and reading across to determine the applicable household size for that unit. Area median income is determined by selecting from the tables provided in section 6932 for the county in which the unit is located, the amount of income provided as the lower–income standard for the "number of persons in the family," which equates with the "applicable household size" identified in subdivision (a)(3).

(3) Maximum rent calculated pursuant to (a)(1) and (a)(2) above shall be adjusted by unit size as follows:

Unit Size	*Applicable Household Size to Determine Rent Limit*
0 bedroom	1 person
1 bedroom	2 persons
2 bedrooms	3 persons
3 bedrooms	4 persons
4 bedrooms	6 persons
5 bedrooms	8 persons

(b) The department shall establish initial rents for assisted units in each congregate housing development in accordance with the tables in section 6932 and the following:

(1) At the time of initial occupancy of a unit, monthly rents for very low–income units in a congregate housing development shall not exceed 30 percent of 35 percent of area median income adjusted by unit size pursuant to subdivision (a)(3), divided by 12 and with an allowance for utility costs pursuant to subdivision (d). For the purpose of determining initial rents, the sponsor shall configure the congregate housing development into enough units so that two to ten households can be accommodated in accordance with the occupancy requirements contained in subdivision 8121 (a)(6) and as approved by the department. The unit size adjustment in subdivision (a)(3) is selected by identifying the size of the unit for which rent must be determined and reading across to determine the applicable household size for that unit. Area median income is determined by selecting from the tables provided in section 6932 for the county in which the unit is located, the amount of income provided as the very low–income standard for the "number of persons in the family," which equates with the "applicable household size" identified in subdivision (a)(3).

(2) At the time of initial occupancy of a unit, monthly rents for lower–income units in a congregate housing development shall not exceed 30 percent of 60 percent of area median income adjusted by unit size pursuant to subdivision (a)(3), divided by 12 and with an allowance for utility costs pursuant to subdivision (d). For the purpose of determining initial rents, the sponsor shall configure the congregate housing development into enough units so that two to ten households can be accommodated in accordance with the occupancy requirements contained in subdivision 8121 (a)(6) and as approved by the department. The unit size adjustment in subdivision (a)(3) is selected by identifying the size of the unit for which rent must be determined and reading across to determine the applicable household size for that unit. Area median income is determined by selecting from the tables provided in section 6932 for the county in which the unit is located, the amount of income provided as the lower–income standard for the "number of persons in the family," which equates with the "applicable household size" identified in subdivision (a)(3).

(c) The maximum rent to be charged to tenants in assisted units in community housing developments shall be determined by deducting from the maximum amounts calculated pursuant to (a)(1), (a)(2), and (a)(3) a utility allowance for the appropriate unit size. The utility allowance shall be the allowance for monthly utility costs made or approved by the U.S. Department of Housing and Urban Development pursuant to 24 CFR § 813.102. In order to obtain the current utility allowances for cities and unincorporated areas located in the following counties, please contact the Department of Housing and Community Development, Attention: Housing Assistance Program, Post Office Box 952054, Sacramento, CA 94252–2054 or phone (916) 324–7696:

Amador	Calavaras	Colusa	El Dorado
Glenn	Inyo	Lassen	Lake
Mendocino	Modoc	Mono	Nevada
Placer	Sierra	Siskiyou	Trinity
Tuolumne			

Utility allowances for the balance of cities and unincorporated areas in California not located in the above noted counties may be obtained by contacting the Housing Authority established for that county pursuant to section 34240 of the Health and Safety Code.

(1) Where a tenant does not directly pay for utilities, the utility allowance deduction shall be zero.

(2) Upon demonstration by the sponsor that the amount of utility cost per unit anticipated for the proposed project differs from the amount of the utility allowance per unit derived pursuant to subdivision (c), the department shall allow as a utility allowance use of the utility cost per unit demonstrated by the sponsor. The demonstration by the sponsor shall consist of the submittal of actual utility usage cost data per unit for an existing project constructed within the last five years, of the same type of construction as the proposed project, and with the same type of tenant population as the proposed project.

(d) The maximum rent to be charged to tenants in assisted units in congregate housing developments shall be determined by deducting from the maximum amounts calculated pursuant to (b)(1) and (b)(2), a utility allowance determined according to a methodology approved by the department prior to loan closing and based on the allocation of probable actual cost of utilities to households residing in the congregate housing development. Such methodology shall incorporate actual utility usage cost data per unit for an existing project constructed within the last five years, of the same type of construction as the proposed project, and with the same type of tenant population as the proposed project.

(e) For projects involving the rehabilitation of a rental housing development, the after–rehabilitation rent for an assisted unit occupied by an eligible household at the time of initial application to the program may not exceed the greater of the rent charged at the time of initial program application, or twenty–five percent (25%) of the subject tenant household's monthly gross income. In no event is the rent to exceed that which would be charged pursuant to subdivisions (a) and (b), or (c) and (d) above.

(f) As used in this section "rent" does not include any payment to a sponsor under section 8 of the United States Housing Act of 1937 or any comparable federal or state rental assistance program.

(g) After the initial operating year, rents for assisted units may be adjusted no more often than annually. The amount of adjustment shall be in accordance with the following:

(1) Rents may be increased at a rate not to exceed the most recent annual average percentage change in the Western Region for residential rents for all urban consumers as published by the United States Department of Labor, Bureau of Labor Statistics in the monthly publication, "CPI Detailed Report," multiplied by the ratio of the previous year's budgeted operating expenses attributed to assisted units, plus required reserves attributed to assisted units, to the previous year's budgeted operating income attributed to assisted units.

(2) In addition to the rent increase allowed pursuant to subdivision (g)(1), rents for assisted units shall be increased by an amount not to exceed the amount necessary to increase the operating income to cover changes in debt service

(A) on an adjustable rate loan secured by a mortgage on the rental housing development, which was approved by the department as part of the original project; or

(B) resulting from a refinancing of a loan for the project approved by the department pursuant to subsection 8135(c).

(3) Notwithstanding the provisions of subsections (g)(1) and (g)(2), rents shall be decreased, or the amount of the otherwise allowable increase reduced, if there is a reduction in the amount of required payments on an adjustable rate loan secured by a mortgage on the rental housing development due to a decrease in the interest rate for that loan or a reduction in operating costs. The aggregate monthly amount of this rent decrease, or reduction in an otherwise allowable increase, shall be equal to the amount of the monthly payment reduction attributable to assisted units.

(4) Any rent adjustment at the end of the initial operating year shall be prorated based on the length of the initial operating year.

(h) The sponsor shall be allowed to implement a greater rent increase for assisted units than that allowed in subdivision (g) if the sponsor can demonstrate, to the department's satisfaction, that the increase is necessary to pay for unusual or unforeseeable increases in costs related to the assisted units and to preserve fiscal integrity. The sponsor shall not receive a greater rent increase on the grounds that fiscal integrity is threatened by a shortfall in income, unanticipated expenses or other financial problems attributable to commercial space, nonassisted units, any supportive service, or the job training and placement program.

(i) Any allowable rent increase or portion thereof not implemented in assisted units by the sponsor in any given year shall not be accumulated for implementation in subsequent years.

(j) Where the assisted units are rent restricted as a condition of receiving low-income housing tax credits or other state or federal rent subsidy programs, the initial rent for assisted units and subsequent rent increases shall be the lower of those permitted under this section or those permitted under the applicable tax credit or other program.

(k) The sponsor shall submit requests for rent adjustments pursuant to subdivision (g) or (h) above as part of the annual operating budget pursuant to section 8138. If the department doesn't respond within sixty days of receipt of the request, the request is deemed approved.

(l) Sixty days prior to the time any rent adjustment is effective, the sponsor shall provide written notice to eligible households of the adjustment and the availability of informal meetings with the sponsor to review the proposed rent adjustment. Upon request by any affected tenant, the sponsor shall provide, in a timely manner, the information submitted to the department pursuant to subdivision (g), (h) and (k).

HISTORY

1. New section filed 12-14-90 as an emergency; operative 12-14-90 (Register 91, No. 11). A Certificate of Compliance must be transmitted to OAL by 4-15-91 or emergency language will be repealed by operation of law on the following day.
2. Repealed by operation of law on 4-16-91.
3. New section filed 7-19-91 as an emergency; operative 7-19-91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 11-6-91 or emergency language will be repealed by operation of law on the following day.
4. New section refiled 11-15-91 as an emergency; operative 11-15-91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 3-16-92 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 11-15-91 order transmitted to OAL 12-12-91 and filed 1-13-92 (Register 92, No. 16).

§ 8123. Limits on Distributions.

(a) Sponsors other than governmental entities shall be allowed to distribute earnings from the assisted portion of the rental housing development in an annual amount no greater than 8 percent of its actual investment in the assisted portion. A sponsor shall not be subject to any limitation on the amount of distribution it receives from the nonassisted portion of the rental housing development. For purposes of this section, the assisted portion includes assisted units; the prorated share of common space, determined pursuant to section 8114(e)(2); and the child care center, if program funds are used to develop all or any portion of the child care center. The nonassisted portion includes units which are not assisted units; the prorated share of common space attributable to those units, determined pursuant to section 8114(e)(2); any commercial space; and the child care center, if no program funds are used to develop the child care center.

(b) Except as noted in subdivision (c), actual investment, for the purposes of this section, includes cash and the market value of property contributed to the assisted portion of the project by the sponsor. For projects receiving state or federal low-income housing tax credits, the amount of actual investment recognized by the department for the purpose of calculating allowable distributions shall not exceed fifteen percent of the total project development costs of the assisted portion of the project. Actual investment does not include any payments of project funds to the sponsor. In syndicated projects, actual investment shall be net syndication proceeds as defined in section 8124.

(c) For a project involving only rehabilitation and no acquisition or refinancing, actual investment is determined as follows: the market value of the rental housing development prior to rehabilitation, as determined in an appraisal, less outstanding debt prior to rehabilitation, plus any cash contributions to the project made by the sponsor, multiplied by the ratio of the assisted portion to the entire rental housing development.

(d) A sponsor may not accumulate distributions from year to year. A sponsor may deposit all or a portion of the amount permitted for distributions into a project account for distribution in subsequent years. Such future distributions shall not reduce the otherwise permitted distribution in those subsequent years.

(e) In its initial operating budget, the sponsor shall demonstrate to the department the amount of the sponsor's actual investment on which the allowable distribution will be calculated. The actual investment amount shall be increased in subsequent budgets upon a showing of additional actual investment advanced by the sponsor.

(f) Distributions shall be permitted only after the sponsor submits a complete annual report and operating budget and the department determines that the report and budget demonstrate compliance with all program requirements for the applicable year. Circumstances under which no distributions shall be made include:

(1) when written notice of default has been issued by any entity with an equitable or beneficial interest in the rental housing development;

(2) when the department determines that the sponsor has failed to comply with the department's written notice of any reasonable requirement for proper maintenance or operation of the rental housing development;

(3) if all currently due and payable debt service and operating expenses have not been paid; and

(4) if the replacement reserve account, operating reserve account, or any other reserve accounts are not fully funded pursuant to section 8139 and the Regulatory Agreement.

(g) Distributions of income attributed to the nonassisted portion of the rental housing development shall not be subject to the requirements of subdivisions (a) through (d).

(h) When operating income is greater than approved operating expenses, regularly scheduled debt service, scheduled reserve deposits, approved prepayments, approved annual distributions, and any other disbursements approved by the department, then the department shall require that such excess be paid into the Account. For purposes of calculating the amount of excess funds pursuant to this subdivision, operating income and expenses shall not include income or expenses from commercial space or the nonassisted portion of the rental housing development.

§ 8124. Syndication.

(a) In the event that the project is syndicated during the term of the program loan, the total amount of syndication proceeds retained by the sponsor, or any affiliates of the sponsor, in the form of fees or payments of any kind, shall not exceed 25 percent of net syndication proceeds. Net syndication proceeds shall be calculated by deducting from gross syndication proceeds all reasonable and ordinary costs of syndication, including accounting, printing, financial consultant fees, legal fees, interest and fees on gap financing used to pay development costs approved by the department, syndicator fees, and government fees associated with creating a limited partnership and securing tax credit allocations.

(b) Not less than 75 percent of any available net syndication proceeds shall be applied toward project development costs approved by the department, exclusive of any fees or payments retained by the sponsor or its affiliates, and, then, to the extent that funds are available, toward payment or prepayment, as applicable, of program loan interest and principal.

(c) Upon demand by local public agencies that have contributed or loaned funds towards project development costs, net syndication proceeds that would otherwise be applied towards program loan payments may be allocated among these agencies and the department in amounts in direct proportion to the ratio between the amount of their contributions or loans and the amount of the program loan.

4. New section refiled 11–15–91 as an emergency; operative 11–15–91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 3–16–92 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 11–15–91 order transmitted to OAL 12–12–91 and filed 1–13–92 (Register 92, No. 16).

§ 8125. Relocation Requirements.

(a) For projects involving the new construction of a rental housing development, the following shall apply:

(1) The sponsor of a project resulting in displacement of residential tenants shall be solely responsible for providing the assistance and benefits set forth in this subdivision (a), and shall agree to indemnify and hold harmless the department from any liabilities or claims for relocation related costs.

(2) All tenants in occupancy in a property who are temporarily or permanently displaced as a direct result of the development of the project shall be entitled to relocation benefits and assistance as provided in chapter 16 (commencing with section 7260) of Division 7 of Title 1 of the Government Code. Displaced tenants who are not eligible households under this program shall be provided relocation benefits and assistance from funds other than program funds.

(3) The sponsor shall prepare a relocation plan in conformance with the provisions of section 6038(b) of this Title based on the scope of the project and the extent of anticipated temporary or permanent displacement. The relocation plan shall be subject to the review and approval of the department prior to the disbursement of program funds.

(4) All eligible households who are permanently displaced as a direct result of the development of the project shall be entitled, upon initial occupancy of the rental housing development, to occupy assisted units subject to the tenant occupancy standards set forth in section 8121.

(5) All households which are not eligible households who are permanently displaced as a direct result of the development of the project shall be entitled, upon initial occupancy of the rental housing development, to occupy any available nonassisted units.

(6) Notwithstanding the preceding paragraphs, tenants who are notified in writing prior to their occupancy of an existing unit that such unit may be demolished as a result of funding provided under the program shall not be eligible for relocation benefits and assistance under this section. The form of any notices used for this purpose shall be subject to department approval.

(b) For projects involving the rehabilitation of a rental housing development, the following shall apply:

(1) It shall be the sponsor's responsibility to ensure compliance with the relocation provisions set forth in this subdivision (b). Loan funds may be used for relocation costs attributable to the relocation of lower-income tenants as a result of the rehabilitation activities, including the payment of benefits required by this subdivision. The department may authorize increases in the sponsor's approved loan amount for the purposes of paying eligible relocation costs attributable to lower-income households, which could not be reasonably foreseen by the sponsor at the time of application. Eligibility for relocation benefits and the amount of benefits to be paid shall be determined as set forth in this subdivision, although additional requirements may be imposed by applicable federal, state, or local laws.

(2) All tenants in occupancy in a property who are permanently displaced as direct result of an acquisition funded in whole or in part with program funds shall be entitled to relocation benefits as provided in sections 7260, 7261, 7262, 7264, 7264.5, 7269, 7269.1, 7272, and 7272.3 of the Government Code.

(3) In the case of an acquisition funded in whole or in part with program funds, all existing residential tenants as well as residential tenants who were in occupancy on the date that the sponsor entered into the binding agreement for the purchase of the property shall be provided with a notice as specified herein no later than the date of application to the department for program funds. The notice shall contain all the following statements:

(A) that the sponsor has entered into an agreement to purchase the property;

(B) that the sponsor is applying for public funds for the purpose of acquiring and rehabilitating the property;

(C) that if the sponsor's application is funded and the rehabilitation work requires temporary relocation, all residential tenants will be entitled to return to their units; will be entitled to temporary relocation benefits; and if low and moderate income as defined in section 50093 of the Health and Safety Code, will not have any rent increases during the period of one year from the completion of the rehabilitation work which result in a rent that is greater than twenty–five percent of their incomes.

(D) that all residential tenants who are permanently displaced as a direct result of the acquisition may be entitled to financial benefits, which could include moving expenses and rent differential during the period of displacement as required by law;

(E) that if the application is funded, the sponsor will be required as a condition of funding to conduct a tenant survey including a verification of tenant's incomes and that a tenant's failure to provide complete and accurate information may result in the loss of some of the financial benefits described above; and

(F) whom to contact for further information or to make a claim.

(4) Any residential tenant who was in occupancy at the time of application to the department for funds and who is displaced to accommodate rehabilitation work shall be provided with temporary housing benefits for a period of up to 90 days, and shall be given the option of returning after rehabilitation to the unit from which he or she was displaced.

(5) Any residential tenant whose household income is low or moderate as defined in section 50093 of the Health and Safety Code shall be entitled to the following benefits and shall be subject to the following additional provisions:

(A) After–rehabilitation rents may not be raised to a level which exceeds twenty–five percent of that household's income for 12 months subsequent to the completion of rehabilitation. A tenant whose income is low or moderate, but refuses to provide the income information necessary to establish rents pursuant to this subparagraph, shall not be eligible for relocation benefits due to an increase in rent in excess of that permitted by this subparagraph. Income surveys to ensure compliance with the requirements of this paragraph and applicable relocation laws shall be completed prior to disbursement of program funds.

(B) A residential tenant or household whose income is low or moderate as defined in section 50093 of the Health and Safety Code shall be entitled to all relocation benefits provided pursuant to sections 7260, 7261, 7262, 7264, 7264.5, 7269, 7269.1, 7272, and 7272.3 of the Government Code if such tenant or household is permanently displaced as a direct result of the rehabilitation work.

(C) A residential tenant or household whose income is low or moderate as defined in section 50093 of the Health and Safety Code and whose temporary displacement exceeds 90 days shall be deemed permanently displaced and may elect to receive benefits on a monthly basis while retaining the right to reoccupy the previously occupied unit. When a tenant elects to receive his or her permanent relocation benefits pursuant to this subparagraph on a lump sum basis, the tenant shall be presumed to have waived his or her right to return to the unit upon completion of the rehabilitation.

(6) All residential tenants shall be given a notice which specifies their rights pursuant to this subdivision no later than the time of application to the department for program funds. Any tenant's waiver of a right set forth in this subdivision (b) must be in writing and must specify in detail the relocation rights being waived.

(7) Any nonresidential tenant at the time of application by the sponsor to the department for program funds shall be entitled to relocation assistance and benefits to the extent required by applicable law from funds other than program funds.

(8) The sponsor shall prepare a relocation plan in conformance with the provisions of section 6038(b) of this Title based on the scope of the project and the extent of anticipated displacement. The relocation plan shall be subject to the review and approval of the department prior to the disbursement of program funds.

2. Repealed by operation of law on 4–16–91.
3. New section filed 7–19–91 as an emergency; operative 7–19–91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 11–6–91 or emergency language will be repealed by operation of law on the following day.
4. New section refiled 11–15–91 as an emergency; operative 11–15–91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 3–16–92 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 11–15–91 order transmitted to OAL 12–12–91 and filed 1–13–92 (Register 92, No. 16).

§ 8126. Construction Requirements.

(a) The department shall review and underwrite project plans and specifications to ensure the following objectives:

(1) The rental housing development shall have a minimum useful life at least equal to the term of the loan;

(2) Maintenance, repair, and replacement costs shall be minimized during the useful life of the rental housing development through use of durable, low maintenance material and equipment and design features that minimize wear and tear.

(3) Operating costs shall be minimized during the useful life of the rental housing development.

(4) Tenant security shall be facilitated through features such as those designed to prevent or discourage unauthorized access and to allow for ready monitoring of public areas.

(5) Unit sizes, amenities, and general design features shall not exceed the standard for new developments rented at or below the market rent in the area of the project, and unit density shall not be substantially less than the average for new developments with such units.

(6) The ability of households to care for their children shall be facilitated by unit and site design, such as siting or windows to facilitate watching children, and the use of appliances, such as intercom systems.

(7) Elderly and handicapped accessibility shall be facilitated by features and designs which at a minimum, meet the standards of Title VIII of the Civil Rights Act of 1968, as amended by the Fair Housing Amendments Act of 1988 (42 U.S.C. 3601–3619 as amended by Pub. L. 100–430, approved September 13, 1988), and the regulations promulgated thereunder, regardless of whether the rental housing development is "for first occupancy after March 13, 1991" as provided in those regulations.

(b) The sponsor shall ensure that the construction work for the project shall be performed in a competent, professional manner at the lowest reasonable cost consistent with the project's scope, design and locality and at an aggregate cost not in excess of the total funds available. The sponsor may demonstrate the reasonableness of the proposed cost by soliciting written bids based on a bid package distributed to potential contractors located in the general area of the rental housing development or by the use of other methods which adequately demonstrate to the department's satisfaction that the costs are reasonable. Such bid package or other method shall include at a minimum:

(1) complete plans and specifications for the work; and

(2) a full description of the program requirements for construction, including the required provisions of the construction contract.

(c) The sponsor shall enter into a written contract with the selected contractor. The contract shall be subject to the prior approval of the department to determine compliance with program requirements.

(d) The construction contract shall be a completely integrated agreement containing all the understandings, covenants, conditions and representations between the parties and, at a minimum, contain provisions which:

(1) require that the contractor complete the work in accordance with the plans and specifications approved by the department and applicable local, state and federal laws, regulations and building codes and standards;

(2) require the contractor to proceed with and complete the work in accordance with the schedule for work approved by the department;

(3) specify a total contract price consistent with the project budget approved by the department;

(4) provide for a method of payment to the contractor consistent with program requirements which shall include progress payments and retentions;

(5) require that the contractor provide a payment bond securing payment to persons providing goods or services to the project and a performance bond securing faithful completion of the work. Each bond shall be in an amount equal to 100 percent of the total contract price and include the department as a dual obligee. The department shall waive the payment and performance bond requirements, or reduce their scope, upon the sponsor's either:

(A) providing alternative security for payment and performance under the construction contract which is substantially equivalent to the bond requirements; or

(B) demonstrating that the bonds, or the full amount thereof, are not necessary to protect the interests of the department and ensure completion of the work;

(6) permit the sponsor and the department and their designated agents and employees the right to inspect the project site and all books, records and documents maintained by the contractor in connection with the project;

(7) require the contractor to provide insurance coverage consistent with the program requirements and other applicable law;

(8) obligate the contractor to warrant the work for a period of not less than one year;

(9) require that the contractor pay all amounts when due for labor, work performed under a subcontract, and materials, supplies and equipment provided to the project;

(10) provide for the assignment of the construction contract to the department upon sponsor's breach of the Development Agreement;

(11) when program funds are provided as new construction financing, require that the contractor comply with state prevailing wage law, as set forth in Labor Code section 1720 et seq.; and

(12) include such special conditions applicable to the construction contract as may have been imposed in connection with the department's approval of the project for funding.

HISTORY

1. New section filed 12–14–90 as an emergency; operative 12–14–90 (Register 91, No. 11). A Certificate of Compliance must be transmitted to OAL by 4–15–91 or emergency language will be repealed by operation of law on the following day.
2. Repealed by operation of law on 4–16–91.
3. New section filed 7–19–91 as an emergency; operative 7–19–91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 11–6–91 or emergency language will be repealed by operation of law on the following day.
4. New section refiled 11–15–91 as an emergency; operative 11–15–91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 3–16–92 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 11–15–91 order transmitted to OAL 12–12–91 and filed 1–13–92 (Register 92, No. 16).

§ 8127. Supportive Services Requirements.

(a) Each community housing development shall include the following features:

(1) a child care center which

(A) shall be built in accordance with state law as provided in Chapters 3.4 and 3.5 (commencing with sections 1596.70 and 1596.90 respectively) of Division 2, Health and Safety Code;

(B) shall be operated in compliance with state law as specified in Chapters 3.4 and 3.5 (commencing with sections 1596.70 and 1596.90 respectively) of Division 2, Health and Safety Code, and may be operated either directly by the sponsor or by a separate entity contracting with the sponsor, provided that all contracts or lease agreements for the operation of the child care center shall be subject to department approval;

(C) shall be licensed to care for at least the number of children expected to reside in the rental housing development; this number shall be calculated according to the following:

Unit size	*# of Children*
1 bedroom	0
2 bedroom	1
3 bedroom	2
4 bedroom	3

The sponsor may propose another reasonable method for calculating this number, such as the number of children on an existing waiting list;

(D) provides care at a rate prior to closing, which is affordable to households residing in assisted units based on the household's gross monthly income and family size, as approved by the department. For purpose of this section, a rate shall be considered affordable if the fee charged to the household does not exceed the amount published in the most recent Family Fee Schedule CD–2600 or such other fee schedule utilized by an agency which provides subsidies to the child care center or to households using the child care center to care for their children; The Family Fee Schedule CD–2600 is established pursuant to section 8263(f), Education Code and is available by written request to the California Department of Education, Child Development Division, P.O. Box 944272, Sacramento CA 94244–2720, or by phone (916)322–6233.

(E) gives priority for space in the child care center as follows:

1. first to residents with children in assisted units who require child care because of current or impending employment or to participate in the job training and placement program described in section 8128; and

2. secondly to other residents with children who require child care because of current or impending employments;

(2) a children's play area which can accommodate at least the estimated number of children residing in the rental housing development calculated pursuant to (a)(1)(C) above in accordance with chapter 3.5 (commencing with section 1596.90), division 2, Health and Safety Code;

(3) a common facility which is available on a reasonable basis to all residents of the community housing development for community purposes, such as shared meals, job training programs, or social functions. The common facility may also be used as the child care center.

(4) At least one washer and dryer accessible for every ten units in the community housing development.

(b) A sponsor of a congregate housing development shall implement supportive services through a plan which provides for supportive services at a maximum feasible level consistent with the size, design and purpose of the proposed congregate housing development. Prior to loan closing, the plan must be approved by the department. At a minimum, the plan shall:

(1) assist each household which requires child care because of employment or to attend employment training programs to find affordable child care;

(2) provide adequate common space to accommodate community purposes such as sharing of meals or child care;

(3) provide at least one washer and dryer in a common space; and

(4) demonstrate that the project provides an outside play area for households with children, or is located in close proximity to a playground, park, or similar facility.

(c) Upon demonstration by a sponsor that a reasonable attempt was made to obtain other funds for the construction of the child care center, the department shall allow program funds to pay for eligible costs associated with the child care center not funded by other sources. A sponsor may demonstrate that a reasonable attempt was made by making application to and receiving responses from three sources who provide construction financing for child care centers other than the department.

(d) For projects that include an on-site child care center, the sponsor shall develop a management plan for the center, subject to department approval, prior to loan closing. The plan shall be consistent with this subchapter and shall include the following:

(1) a description of the role and responsibility of the sponsor in managing a child care center;

(2) a description of the role and responsibility of either the management agent or lessor, if a separate entity will be either managing the child care center or leasing the child care center from the sponsor in order to meet the requirements of (a)(1) above on behalf of the sponsor;

(3) the proposed child care center management agreement or lease, if any;

(4) a description of the age groups, and numbers of children within each age group, for which care will be provided at the center;

(5) a description of the hours of operation at the child care center;

(6) personnel policy and staffing arrangements for the sponsor, any management agent of the child care center, and any leaseholder of the child care center;

(7) plans and procedures for publicizing and achieving early and continued use of the child care spaces;

(8) a description of the placement preferences for children in the child care center, pursuant to (a)(1)(E) above;

(9) child care fee collection policies and procedures, including procedures for annually determining the appropriate child care fee for each household residing in an assisted unit, pursuant to (a)(1)(D) above;

(10) a description of a program for maintaining adequate accounting records and handling necessary forms and vouchers;

(11) complaint procedures;

(12) equal opportunity provisions that apply to hiring staff and placement of children in the child care center;

(13) plans for carrying out an effective maintenance and repair program for the child care center; and

(14) provisions for periodic update of the child care center management plan.

(e) The department shall allow a sponsor to include additional supportive services which are appropriate to the needs of the residents. These may include, but are not limited to the following:

(1) a supportive services needs assessment for each household;

(2) health care;

(3) mental health counseling;

(4) parent education;

(5) classes on living skills, budgeting and money management;

(6) conflict resolution;

(7) recreational programs; and

(8) services appropriate for elderly or handicapped residents.

(f) Participation by tenant in any supportive service program described in this section shall not be a condition of occupancy for residents in rental housing developments.

2. Repealed by operation of law on 4-16-91.
3. New section filed 7-19-91 as an emergency; operative 7-19-91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 11-6-91 or emergency language will be repealed by operation of law on the following day.
4. New section refiled 11-15-91 as an emergency; operative 11-15-91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 3-16-92 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 11-15-91 order transmitted to OAL 12-12-91 and filed 1-13-92 (Register 92, No. 16).

§ 8128. Job Training and Placement Program Requirements.

(a) The sponsor shall submit for department approval, as part of the application and again prior to loan closing, a job training and placement program available to eligible households which shall include the following components:

(1) an ongoing effort to assess employment opportunities in the area;

(2) an individual vocational assessment program which will assist a resident in evaluating the types of employment that are available, the types of employment that the resident is interested in pursuing, and the education and skills training appropriate to the employment goals;

(3) training that provides remedial education in English, reading, writing, mathematics, and science, as well as skills development in the types of employment opportunities that are generally available in the area;

(4) training to develop job interview skills, such as resume writing, personal appearance and presentation skills;

(5) a job placement component; and

(6) a detailed timeline indicating full implementation of the program within 18 months of initial occupancy of the first assisted unit in the rental housing development.

(b) The sponsor shall implement the job training and placement program described in subdivision (a) either directly or through a consultant or consultants pursuant to a contract which is subject to the approval of the department. Implementation of the program may involve a system of referrals to other agencies that will provide the services set forth in subsection (a) to the eligible households. Prior to loan closing, the sponsor shall submit evidence of commitments for funding or services necessary to implement the job training and placement program described in subsection (a).

(c) The sponsor of a rental housing development shall propose and implement a program of job training and placement within the rental housing development. Such a program shall include:

(1) an identification of positions available in the management and operation of the rental housing development, including the child care center, the job training and placement program, and the on-site resident manager, if any; and

(2) a program to provide training opportunities to eligible households for the positions identified in (c)(1);

(3) a hiring preference in the positions identified in (c)(1) for eligible households of the rental housing development; and

(4) a detailed timeline indicating full implementation of the program within 18 months of initial occupancy of the first assisted unit in the rental housing development.

(d) Failure to participate in job training and placement programs described in subdivisions (a) and (c) shall not constitute "good cause" for termination of the tenancy of a resident in a rental housing development.

Article 3. Application Procedures

§ 8130. Application Process.

(a) The department shall issue a Notice of Funding Availability (NOFA) which specifies the schedule for rating and ranking applications, and awarding funds at least once every three months; the amount of funds available in each award cycle; application requirements; the allocation of rating points; and the general terms and conditions of funding commitments. Applications in response to each NOFA will be accepted on a continuous basis.

(b) Within 45 days of the receipt of an application, the department shall provide the applicant with written notice indicating whether the application is complete pursuant to section 8131(c) and eligible for rating and ranking pursuant to section 8132(a).

(1) If the application is not complete, but has not been determined to be ineligible for rating and ranking, the notice shall specify the information or documentation necessary to complete the application. Within 15 days of the receipt of any additional information or documentation from the applicant, the department shall provide the applicant with written notice indicating whether the additional information or documentation is sufficient to determine that the application is complete.

(2) If the application is not eligible for rating and ranking, the notice shall provide an explanation of the reasons for this determination.

(c) Funding decisions shall be based on a rating and ranking of applications determined to be complete and eligible for rating and ranking pursuant to subdivision (b).

(1) An application must be received by the department and determined to be complete and eligible for rating and ranking at least 45 days prior to the completion of the next scheduled period of rating and ranking to be assured of consideration in that rating and ranking.

(2) Within 15 days following the completion of each rating and ranking, the department shall provide each applicant with a written notice indicating whether its application has been approved for funding. If an application is not approved, the notice shall include an explanation of the rating and ranking and the reasons for the disapproval.

(d) A project selected for funding shall be approved for a loan in the amount, for the term, and subject to the conditions specified by the department.

(e) At least 20 percent of all program funds loaned by the department shall be allocated to rural areas, to the extent that applications are made from sponsors with projects located in rural areas and such applications receive at least 60 percent of the total possible priority points during rating and ranking.

(f) The department shall award approximately one–half of the available funds to projects located in the southern portion of the state and the balance to projects located in the northern portion of the state.

(1) The southern portion of the state includes the counties Imperial, Kern, Los Angeles, Orange, Riverside, San Bernardino, San Diego, San Luis Obispo, Santa Barbara, and Ventura.

(2) The northern portion of the state includes the remaining counties of the state.

(g) The department shall award not less than 25 percent, nor more than 35 percent, of the funds to develop congregate housing developments.

SECTION A: PROJECT SUMMARY

1. Check all that apply:

Community housing	Congregate housing	
New construction	Acquisition	Conversion
General rehabilitation	Seismic rehabilitation	Reconstruction
Multi-family units	Single family unit(s)	Includes commercial space

2. Proposed FHDP loan amount: $

3. Proposed term of loan:

   a. Rehabilitation only: [ ] 20 years [ ] other:
   b. Acquisition/refinancing & rehabilitation: [ ] 30 years [ ] other:
   c. New construction: [ ] 40 years [ ] other:

4. Proposed term of program regulatory agreement:

   How many years in addition to the minimum required by Section 8115(b) of the regulations are you committing to maintain rent and occupancy restrictions similar to program restrictions? Note, this answer affects your rating score. Refer to regulation subsection 8132(c)(1)(B).

5. Total units:
   Total assisted units:
   Percentage of units that are assisted (at least 30% of total project units): %

6. Total very low-income assisted units:
   Percentage of assisted units that are very low-income (at least two thirds of assisted units): %

7. Total elderly units:
   Percentage of community housing units that are elderly (20% - 30%): %
   Percentage of congregate housing units (households) that are elderly (<50%): %

8. Specify any proposed limits on occupancy, such as a specific type of tenant population, beyond those required by FHDP.

9. If the project includes commercial space, describe:

10. Provide the names of the state legislators for the site location:

    Assembly:

    Senate:

SECTION B: APPLICANT

1. The applicant is a (check one):

[ ] public agency [ ] cooperative [ ] limited equity housing cooperative
[ ] nonprofit corporation [ ] joint venture
[ ] limited partnership with a nonprofit corporation as its managing general partner

a. If applicant is a limited partnership with a nonprofit corporation as its managing general partner or if applicant is a joint venture, list all general partners and attach agreement.

b. Unless applicant is a public agency, attach either (1) audited financial statements or (2) unaudited financial statements and tax returns for the past two years. If applicant is a limited partnership, include the requested information for the nonprofit managing general partner. If applicant is a joint venture, include the requested information for each partner.

c. Attach a resolution authorizing this application. (See the attached SAMPLE RESOLUTION.)

2. Is any syndication or transfer of ownership to another entity planned prior to occupancy? Yes No If yes, describe below. Provide the name of the new ownership entity, if known. If it is a limited partnership, list the general partners and the entities with which they are affiliated.

3. Attach a list of the applicant's staff assigned to the development phase of this project, providing their name, job title, job description, resume, and percentage of time assigned to this project. If applicant is a nonprofit corporation, attach a list of the board of directors and include a description of their related experience.

4. Attach a list of the key members of the project development team, including the architect, and contractor, if selected. For each, indicate what their contract or employment status is, and attach a resume or qualifications statement for each. Attach actual or proposed consultant contracts which clearly indicate the scope of work to be performed.

5. Property management will be performed by:

The applicant or an entity affiliated with the applicant.
A currently identified management firm, under contract to the applicant.
A currently unidentified management firm, under contract to the applicant.

If the applicant plans to manage the project or contract with a currently identified management firm, attach a list of projects currently under management. Use the following format:

Development Name:
Site Address:
Number of units: subsidized: market: total:
Subsidy program:

6. Development Experience: Attach a description of rental housing projects similar to the proposed development that the applicant or project manager has developed using the following format for each project. The "project manager" may be a staff person or consultant. They must have clear responsibility for day-to-day project development activities for the proposed project throughout the development period (from proposal to construction completion). Applicant or Project Manager roles typically should be one or more of the following: developer, development consultant, or staff for the prior experience indicated. If claiming experience in staff role, indicate specific responsibilities and job title.

Applicant/Project manager name: Applicant/Project manager name: Development name:

Number of units: subsidized: market: total:
Subsidy program:
Major construction lender: major permanent lender:
Construction completion date: / /
New construction: or rehabilitation: building type:

7. Ownership Experience: Attach a description of rental housing project similar to the proposed development which the applicant or applicant's staff has actively owned. "Actively owned" for applicants means serving as the sole owner or managing general partner of the ownership entity. For applicants' staff, "actively owned" means (1) serving as staff responsible for ownership duties (including oversight of property management) in an organization that actually held title or (2) serving as the sole owner or managing general partner of the ownership entity.

Applicant/Applicant staff: Role:

Development name:
Number of units: subsidized: market: total:
Subsidy program:
Major construction lender: major permanent lender:
Construction completion date: / /
New construction: or rehabilitation: building type:

8. In an attachment, briefly describe each program/project that the applicant is currently implementing.

9. List below any program or financial assistance that the applicant has received from HCD.

Program	Contract #	Amount	Date	HCD Contact

SECTION C: SUPPORTIVE SERVICES

1. Attach a resume describing the relevant experience of the members of the project development team that will be responsible for assuring that the on-site child care center is developed in accordance with all applicable local, state, and government requirements.

2. If FHDP funds are being requested to pay for costs in excess of 50% of the total costs associated with developing the child care center, attach documentation that the applicant made a reasonable attempt to obtain other funding for the construction of the child care center. Such documentation should include evidence that the applicant made application to and received responses from at least three funding sources other than the department.

3. The on-site child care center will be operated by (check one):

   the sponsor
   a separate entity contracting with the sponsor to manage the center
   a separate entity leasing the center

4. If the sponsor plans to operate the center by having it managed by or leased to a separate entity, attach the following:

   a. a description of the legal status and governing structure of the operator;
   b. a description of the role and responsibility of the sponsor, leaseholder or management agent. Specifically address the following areas of responsibility: center start-up; financial management, including securing subsidies; personnel; program development;

5. Attach a resume(s) or other information describing the experience of the organization and individual proposed to be responsible for the operation of the child care center. Include details on their experience in operating subsidized child care programs.

6. Attach information on the need in your community for infant, preschool, and school-age child care services. Provide information on market rates in your community for these services. (Note: the local Child Care Resource and Referral Agency will have this information.)

7. Attach a description of the staffing plan of the child care center. (Staffing ratios should correspond to the number and type of child care spaces contained in Section E.1.a.) Attach proposed job descriptions, and actual resumes, if available.

8. For congregate housing developments, provide an explanation of why it is not feasible to develop an on-site child care center as part of your project. For developments that are not providing a child care center, attach a detailed description of the alternative plan to assist each household which requires child care.

9. Attach a detailed description of the supportive services, other than child care, which will be provided to the residents. Include a description of the following:

   a. Explain who will provide the services, including a description of their previous experience at operating similar supportive services;
   b. Explain how the services will be paid for;
   c. Estimate the value of the services on an annual basis.

SECTION D: JOB TRAINING AND PLACEMENT PROGRAM

1. Attach a detailed description of how your development's job training and placement program will work. Include in your description the following:

   a. an assessment of the employment barriers of prospective FHDP households;
   b. the goals of your program;
   c. the components of your program, which at a minimum should include the following (described in Section 8128 of the FHDP regulations):

      i. individual vocational assessment;
      ii. remedial education and employment skills development;
      iii. job interview skills development;
      iv. job placement, including a description of the major employment opportunities in the area that could be available to residents.

   d. implementation of your program. Include how these services will be delivered to FHDP households, including marketing, referrals, and follow-up.

2. Describe who will be responsible for each component of your program. For each component include the following:

   a. history and experience of program operators (i.e. brochures, annual reports, etc.);
   b. letter of interest from program operators;
   c. estimated value of services to be provided to FHDP households on an annual basis (i.e., JTPA training and related benefits).

3. If your program will employ a project-based coordinator, explain job duties and how the position will be funded. (Funding for position should be reflected in Section E.)

4. Attach a description of all employment opportunities in the management and operation of the rental housing development (including the child care center and the job training program) that will be available to FHDP households. Include the following descriptions:

   a. type of jobs available;
   b. how residents will be trained;
   c. who will provide training.

SECTION E: PROJECT CASH FLOW ANALYSIS

* To calculate the monthly fee for very low-income and lower-income spaces, use the Family Fee Schedule and assume the following:

Low-income households at 60% of area median income
Very low-income households at 35% of area median income
Incomes below the minimum income listed on the Family Fee Schedule pay nothing.

* Very low-income nonassisted units are units that have long term rent and occupancy restrictions that equal or exceed those required by the federal tax-credit program. Allowable rents cannot exceed 30% of 50% of the area median income, less a reasonable utility allowance. The maximum allowable income for a household occupying a unit is also 50% of the area median income.

** Lower income nonassisted units are units that have long term rent and occupancy restrictions that equal or exceed those required by the federal tax-credit program. Allowable rents cannot exceed 30% of 60% of the area median income, less a reasonable utility allowance. The maximum allowable income for a household occupying a unit is also 60% of the area median income.

2. Sources Descriptions and Documentation

In an attachment, provide the information requested below for all loans (including FHDP), all grants and all owner contributions which will be used to pay the project development cost. Include any construction or interim loans. Attach commitment letters or letters of intent that have been received, or executed promissory note and deed of trust if loan is in place. To receive credit for site/building value, beyond site/building acquisition costs, (1) list this extra value under questions b.2. or b.3. below and on the development budget on the previous page, and (2) submit an appraisal of the site/building in response to questions H5 and H6. For lien position (line a7), indicate by the following coding: 1 = first; 2 = second; J = Junior; E = Equity; U = Unsecured. The FHDP loan may be subordinate to institutional lenders, but must be senior to other government liens.

1. Site location by numbered street address, if determined, or by intersection of cross streets:

2. Size of site: acres # of parcels:

3. The applicant has legally enforceable site control, evidenced by one of the following:

   fee title purchase contract

   option to purchase leasehold interest

   disposition & development agreement

   Attach complete evidence of site control (all documents comprising the agreement, with signatures by all parties). If the project is composed of more than one parcel, or there is more than one document provided to evidence site control, attach a narrative explanation describing clearly each parcel and each document.

4. Provide a current (no more than six months old) preliminary title report. If the applicant is the current owner, the report should show them as such.

5. For a new construction project, complete the attached LAND SALES COMPARABLES FORM or provide an appraisal of the project site done within the last 12 months.

6. For a rehabilitation project, complete the attached BUILDING SALES COMPARABLES FORM or provide an appraisal of the property done within the last 12 months.

7. Approximate distance to:

   Schools Park

   Food market Pharmacy

   Hospital Fire department

   Public transportation (specify type)

8. On a vicinity map, identify the location of the project, the location of the comparable land sales requested in 5 & 6 above and the items listed in 7 above.

9. Is the property in a flood plain? Yes No If yes, explain design features that will mitigate this potential hazard.

10. Describe any adverse site features such as location near an airport, freeway, railroad tracks, industrial facility, etc.

11. Are there any known toxic or hazardous waste problems involving the site? Yes No If yes, attach a description of the problem. Attach a toxics survey if one is available.

12. For new construction projects, if the site is not located in an already developed subdivision, are power, water, sewer and telephone services now available for this site? Yes No If yes, attach all utility "will serve" letters that are obtainable. If no, explain how and when you will obtain those services not available.

13. For new construction projects, are there any unusual soils conditions? If yes, describe the conditions and attach a soils report.

14. Are off-site improvements needed? Yes No If yes, attach a description of these improvements and the basis for their estimated cost, as shown in the Development Budget above.

SECTION I: LOCAL GOVERNMENT APPROVALS

1. Does the project as proposed, including the child care center, necessitate a zoning change?

Yes, the property is currently zoned and is expected to receive the necessary zoning by

No, the property already has the necessary zoning, which is . Attach a letter from the local planning department or other evidence of the zoning.

2. Does the project as proposed in this application, including the child care center, need a conditional use permit? Yes No If yes, attach evidence of approval, or describe status of application.

3. For a new construction project, is subdivision approval required? Yes No If yes, does project have approval? Yes No If yes, attach approved tentative map, final map or parcel map. If subdivision approval is required but has not yet been obtained, what is the current status?

4. Does the project have Article XXXIV approval? Yes No Exempt If yes, attach evidence from the local government agency. If no, explain current status. If exempt, explain why.

5. Identify known opposition or obstacles to this project's receiving any of its required local government approvals.

6. Attach a copy of a letter which has been sent from the applicant to the head of the local legislative body of general jurisdiction (city council, county board, etc.) notifying and describing the location, size, and type of proposed project, and proposed tenant population. Indicate the date that the letter was mailed.

SECTION J: RELOCATION

1. For projects involving rehabilitation, is the residential portion of the structure currently vacant? Yes No Is the nonresidential portion of the structure currently vacant? Yes No

If yes to either of the above:

When did it become vacant?
What was its last use?

a. Complete the attached OCCUPANCY & RELOCATION FORM.

b. Attach one copy of the tenant notice provided to the occupants of each residential unit, as required in Section 8125(b)(3) and (6) of the FHDP regulations.

c. Attach a general description of the applicant's plan for providing relocation benefits or avoiding displacement, indicating whether tenants will need to move from the building, whether any relocation units have been identified, who will be supervising and conducting the relocation effort, a budget, and related information. Identify all planned measures that will minimize the cost and extent of relocation.

2. For new construction projects, does the project involve the demolition of existing residential rental units? Yes No
How many residential rental units are to be demolished?

a. If the number of units to be demolished is less than half the number of units to be built, attach a description of the condition of the units to be demolished and the reasons why they are economically infeasible to rehabilitate.

b. Attach a description of the applicant's plan for providing relocation benefits, whether any relocation units have been identified, who will be supervising and conducting the relocation effort, and related information.

SECTION K: DESIGN & CONSTRUCTION

1. Check all of the following amenities that are supplied to the tenants with cost included in the rent:

linen service	furniture
washer/dryer in unit	washer/dryer in common area
tot lots	playgrounds
barbecue area	basketball/volleyball courts
tennis courts	parking: spaces/unit
swimming pool	other (specify)

2. For new construction projects, has unit construction started on the project? Yes No If yes, has unit construction in progress been halted, and is the project property currently foreclosed upon, in foreclosure, deeded to a lender in lieu of foreclosure, or at substantial risk of foreclosure? Yes No If yes, attach a description of the status of all actions to date.

3. Number of structures in the project:
Number of stories per structure:
Elevator: yes no

4. If the project includes indoor common space, describe.

5. For rehabilitation, what is the age of existing structure(s) to be rehabilitated?: years.

6. Type of construction:

( ) wood frame
( ) reinforced brick or other reinforced masonry
( ) unreinforced brick or other unreinforced masonry (existing structures to be rehabilitated)
( ) other (specify)

7. For rehabilitation projects, list the number and type of residential units before and after rehabilitation. If more than one site, show totals below and attach for each site separately.

Community Housing Developments

Unit Type	# Before Rehabilitation			# After Rehabilitation			
	Lower-Income Units	Other Units	Total Units	Assisted Lower-Income	Nonassisted Lower-Income	Mkt-rate Units	Total Units

3 bedrooms							
Other (specify)							
TOTAL							

Congregate Housing Developments

Unit Description	# Before Rehabilitation	# After Rehabilitation
Bedrooms occupied by lower-income tenants		
Bedrooms occupied by other tenants

8. For all projects, calculate the square footages of space attributed to each use. Prorate common area costs that cannot be directly attributed to each use based on the leasable floor area of each use as a percentage of the total leasable space. See Section E.1.c. for a description of nonassisted low-income (very low-income + lower income) residential space.

Child care center space: square feet
Indoor common space apportioned to the above: square feet
Total space apportioned to the child care center: square feet (% of total space)

Leasable assisted residential space: square feet
Indoor common space apportioned to the above: square feet
Total assisted residential space: square feet (% of total space)

Leasable nonassisted low-income residential space: square feet
Indoor common space apportioned to the above: square feet
Total nonassisted low-income residential space: square feet (% of total space)

Leasable nonassisted market-rate residential space: square feet
Indoor common space apportioned to the above: square feet
Total nonassisted market-rate residential space: square feet (% of total space)

Leasable commercial space: square feet
Indoor common space apportioned to the above: square feet
Total commercial space: square feet (% of total space)

Total leasable + child care center space: square feet
Total indoor common space: square feet
Total space: square feet (100%)

9. For projects involving rehabilitation, provide the following as an attachment:

   a. a description of the existing condition of each of the following components of your building (structural, plumbing, heating, roofing, doors, walls, electrical, foundation and mechanical), including a description of the need in each unit;

   b. all inspection reports received in the last 12 months from local housing and building code officials, pest control services, roofing inspectors, etc.;

   c. a description, by component, of the proposed rehabilitation work, and all work directly related to the rehabilitation, including schematic or other plans related to the work if available;

   d. a line item cost estimate, consistent with c. above, prorating costs that cannot be directly associated with one use (child care center, assisted units, nonassisted units, commercial space) or another based on the gross floor area occupied by each use;

   e. if seismic reinforcement is planned, a separate line item estimate for all work directly related to the seismic reinforcement, following the format described in (d) above, including costs for the seismic work itself, and for all demolition, wall repair, and similar work directly related to the seismic work; and

   f. a resume describing the experience of the person(s) responsible for preparing above items a., c., d., and e.

10. For new construction projects, provide the following as an attachment:

   a. a description of materials for all major components to be used in the construction of the project;

   b. a line item cost estimate, consistent with a. above, prorating costs that cannot be directly associated with one use (child care center, assisted units, nonassisted units, commercial space) or another based on the gross floor area occupied by each use; list the name and phone number of the person who prepared this estimate and describe the method used to determine the figures;

   c. schematic drawings of the site plan, floor plans and building elevations.

SECTION L: PROJECT TIMELINE

1. Site/building acquisition will occur by

2. Local planning approvals will be secured by

3. Construction/interim financing will be obtained by

4. Permanent financing will be obtained by

5. Off-site improvements will be completed by

6. Unit construction/rehabilitation will begin by
   (if phased, indicate timing)

7. Construction/rehabilitation will be completed by

8. Initial occupancy will occur by

SECTION M: LOCAL NEED AND LOCAL ASSISTANCE

1. The evaluation of local need shall be based upon information gathered by the department or upon data submitted by the applicant and determined to be acceptable by the department. All applicants should answer question a, but only answer questions b. and c. if you believe that there is a significant error in the department's determination (see need indicators chart included in the application package) of the area vacancy rate, typical local market-rate rents as a percentage of the area median income, and rental housing development costs in comparison to costs in other areas of the state. Attach appropriate documentation for each of your answers, clearly indicating the source, the methodology employed and clearly stating conclusions.

   a. Length of wait for units in comparable subsidized housing developments. Provide information on specific comparable projects, not on area-wide lists.

   b. Market-rate rents and vacancy rate for typical units in the area.

   c. High rental housing development costs, in comparison to costs in other areas of the state.

2. Check the applicable statement related to the local public agency's provision of assistance. Financial assistance is defined as assistance that is equal to at least five percent of the project development cost, excluding any costs of tax-credit syndication. Nonfinancial assistance includes forms of assistance such as the granting of density bonuses, the modification of development standards, and the fast tracking of local approvals, but does not include simply the provision of technical assistance, consultation or advice. Attach documentation supporting the checked statement.

   The project has received a commitment for financial or nonfinancial assistance from a local public agency.

   The project is eligible for financial or nonfinancial assistance under a local agency program in support of lower income housing, but has not received a commitment.

   None of the above apply.

3. If applicant is a local agency, attach a report regarding actions it is taking to implement its housing element, including policies or programs especially targeted towards provision of housing for lower income households. For all other applicants, attach a copy of a letter to the local public agency requesting a similar report.

CERTIFICATION

I certify that the above and attached information and statements are true, accurate and complete to the best of my knowledge.

HISTORY

1. New section filed 12–14–90 as an emergency; operative 12–14–90 (Register 91, No. 11). A Certificate of Compliance must be transmitted to OAL by 4–15–91 or emergency language will be repealed by operation of law on the following day.
2. Repealed by operation of law on 4–16–91.
3. New section filed 7–19–91 as an emergency; operative 7–19–91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 11–6–91 or emergency language will be repealed by operation of law on the following day.
4. New section refiled 11–15–91 as an emergency; operative 11–15–91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 3–16–92 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 11–15–91 order transmitted to OAL 12–12–91 and filed 1–13–92 (Register 92, No. 16).

§ 8132. Project Selection.

(a) Projects shall not be eligible for rating and ranking unless the application demonstrates that all of the following conditions exist:

(1) The applicant is an eligible sponsor pursuant to section 8113;

(2) The project involves an eligible project pursuant to section 8112;

(3) All proposed uses of program funds are eligible pursuant to section 8114;

(4) The application is complete pursuant to section 8131;

(5) The project will maintain fiscal integrity consistent with meeting the requirements of the program.

(6) The project site is free from severe adverse environmental conditions that cannot be mitigated – such as the presence of toxic waste that is economically infeasible to remove – and is reasonably accessible to public transportation, shopping, medical services, recreation, schools, and employment in relation to the needs of the project tenants.

(b) Projects shall not be denied funding solely because projected operating income is insufficient to make payments on the program loan.

(c) Where the application meets the requirements of subdivision (a), the proposed project will be rated to determine its compliance with the following priority requirements. The application must receive a minimum of 60 percent of the total possible points in order to qualify for funding. Applications receiving 60 percent or more of the total possible points shall be ranked based on their point scores, with applications scoring higher receiving a higher ranking. Applications shall be eligible to receive commitments of available funds in a priority order based on their ranking consistent with the standards of subdivisions (e), (f) and (g) of section 8130. The maximum score for each of the following seven criteria is 15:

(1) The extent to which the project serves the greater number of eligible households with the lowest incomes for the greatest period of time as evidenced by the following:

(A) The sum of the number of very low–income units and the number of very low–income nonassisted units, divided by the total number of units.

(B) The proposed length of term of the regulatory agreement, in excess of the program's minimum requirement as described in section 8115(b).

(2) Need in the area of the proposed project for the type of housing provided by the proposed project. The department shall issue an evaluation of need for market areas within California based on the criteria listed below. The sponsor in its application may submit other or additional information and data to rebut or supplement the department's evaluation with respect to the need within the individual project's area. Where the department determines that the sponsor's data provides a more accurate evaluation of need, it shall base its rating on such data.

(A) Low vacancy rate for rental housing.

(B) Typical local market–rate rents that are a high percentage of the income limit for very low–income households. The income limit for very low–income households is provided in section 6932 pursuant to Health and Safety Code section 50105. For example, in Sacramento County the typical market–rate rent for a three–bedroom rental is $750., while the monthly income for a very low–income family of four is $1,562.50. Such a family will pay 48% of their income to rent such a dwelling unit. Since affordable rent is set at 25% of income pursuant to section 6922 of Title 25, 48% of income is high.

(C) Length of wait for units in comparable subsidized housing developments.

(D) High rental housing development costs, in comparison to costs in other areas of the state.

(3) The extent to which the proposed project complements the implementation of an existing housing program in the local agency in which the proposed project is located. "Local agency" means the same as defined in section 50077 of the Health and Safety Code. Points shall be allocated based upon the following criteria:

(A) The extent to which the local agency has an existing housing program, such as a housing element, in compliance with the requirements of Article 10.6, commencing with section 65580 of Chapter 3 Division 1 of Title 7 of the Government Code, or a similar plan or policy formally considered by the local city council or board of supervisors. A plan or policy shall ordinarily be deemed to be similar based upon the extent to which it addresses affordable housing issues such as the following: an assessment of need in the area and an inventory of resources and any constraints on those resources; a statement of the community's goals, objectives and policies relative to the maintenance, preservation, improvement and development of housing; a program which sets forth a schedule of actions which the local government has undertaken, is undertaking and intends to undertake to implement these goals; and a program for preserving existing assisted housing developments. Examples of actions which a local government may have taken, is taking or may intend to take in implementing the community's goals, objectives and policies include demonstrated performance in support of the development of affordable housing utilization of federal, state and local financing and subsidy programs; land use development controls; and regulatory provisions, concessions and incentives.

(B) The extent to which the local agency is providing, or could provide, financial or nonfinancial assistance to the applicant's project. Financial assistance is defined as assistance that is equal to at least five percent of the project's development cost, excluding any costs of syndication, or $250,000, whichever is less. Nonfinancial assistance includes forms of assistance such as the granting of density bonuses, the modification of development standards, and the fast tracking of local approvals, but does not include simply the provision of technical assistance, consultation or advice.

(4) The extent of sponsor participation or participation of other funding sources, as determined by the product of the program loan amount divided by the sum of the total development cost of all assisted units and lower–income nonassisted units in the project. Total development cost does not include any costs of syndication.

(5) The extent to which the proposed project maximizes the use of other private and public sources of funding and other services to assist in providing supportive services and job training and placement services as evidenced by the following:

(A) the sum of all operating subsidy funds for supportive services and job training and placement services and the estimated value of in–kind services, committed to the project for the project's first year of operation divided by the number of assisted units; and

(B) the feasibility of the plans for supportive services and job training and placement services considering the size, nature, and location of the proposed project.

(6) The capacity of the applicant, including its board, staff and any consultants to own, construct or rehabilitate, and manage the rental housing development, as evidenced by:

(A) the applicant's current financial, operational and organizational stability;

(B) the applicant's previous development and ownership experience with residential projects; and

(C) the applicant's previous experience at operating similar supportive services and job training and placement programs.

(7) The degree of the project's economic feasibility demonstrated by the readiness of the project to start construction, evidenced by the following:

(A) the status of local development approvals; and

(B) the status of all project financing commitments.

Maximum possible points 105

4. New section refiled 11-15-91 as an emergency; operative 11-15-91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 3-16-92 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 11-15-91 order transmitted to OAL 12-12-91 and filed 1-13-92 (Register 92, No. 16).

Article 4. Program Operations

§ 8133. Legal Documents.

(a) The department shall enter into a Standard Agreement with each sponsor which shall encumber monies from the Account in an amount sufficient to fund the approved loan amount. The Standard Agreement shall contain the following:

(1) a description of the approved project and the permitted uses of program funds;

(2) provisions governing the amount and terms of the loan;

(3) provisions regarding the regulatory restrictions to be applied to the project through the Regulatory Agreement;

(4) provisions governing the construction or rehabilitation work and, as applicable, the acquisition or refinancing of the project site, and the disbursement of loan proceeds;

(5) provisions governing the implementation of the job training and placement program pursuant to the requirements of section 8128 and as approved by the department;

(6) provisions governing the implementation of the supportive services requirements of section 8127 and as approved by the department during the initial application process;

(7) special conditions imposed as part of department approval of the project;

(8) requirements for the execution and, the recordation of the agreements and documents required under the program;

(9) the approved schedule of the project, including land or building acquisition, if any, commencement and completion of construction or rehabilitation work, and occupancy by eligible households;

(10) provisions relating to acquisition or refinancing agreements, bidding and awards to contractors;

(11) provisions regarding tenant relocation;

(12) bonding and insurance requirements consistent with the requirements of this subchapter;

(13) provisions related to a management plan pursuant to section 8137;

(14) terms and conditions required by federal or state law;

(15) requirements regarding the processing of loan proceeds and requests for funds, and payments thereof;

(16) remedies available to the department in the event of a violation, breach, or default of the Standard Agreement, including repayment of all costs of enforcement;

(17) other provisions necessary to ensure compliance with the requirements of this program.

(b) The department shall enter into a Development Agreement with each sponsor to govern the construction or rehabilitation work of the project and the acquisition or refinancing of the project site, if applicable. The Development Agreement shall be executed prior to the disbursement of funds to the sponsor. The Development Agreement shall contain the following:

(1) the approved schedule of the construction or rehabilitation of the project;

(2) provisions ensuring that the construction contract is consistent with section 8126 and other program requirements and that all financing agreements are consistent with program requirements;

(3) the approved budget for construction or rehabilitation work, land or building acquisition and other project costs, if applicable;

(4) provisions relating to the timing, amount, and terms of funds disbursement including any special conditions to funds disbursement imposed by the department;

(5) provisions relating to construction or rehabilitation specifications, and disbursement of funds to contractors or others;

(6) requirements for reporting to the department;

(7) terms and conditions for the inspection and monitoring of the project in order to verify compliance with the Standard Agreement and the Development Agreement;

(8) conditions constituting breach of the Development Agreement and remedies available to the parties thereto, including repayment of costs of enforcement;

(9) a requirement that the contractor comply with state prevailing wage law, as set forth in Labor Code section 1720 et seq., where program funds are provided as new construction financing; and

(10) other provisions necessary to ensure compliance with the requirements of this program.

(c) The department shall enter into a Regulatory Agreement with each sponsor for not less than the original term of the loan which shall be recorded against the project property prior to the disbursement of funds. The Regulatory Agreement shall include the following:

(1) a description of the rental housing development, including a designation of the number and type of assisted units pursuant to section 8120;

(2) standards for tenant selection pursuant to section 8121(a) and provisions regarding recertification of tenant income and the consequences of such recertification pursuant to sections 8121(f) and (g);

(3) provisions regulating the terms of the rental agreement pursuant to section 8121(d);

(4) provisions related to an annual budget approved by the department pursuant to section 8139;

(5) provisions related to a rent schedule, including initial rent levels for assisted units pursuant to section 8122(a) or (b), and nonassisted units;

(6) conditions and procedures for permitting rent increases pursuant to section 8122(g) and (h);

(7) provisions for limitations on distributions pursuant to section 8123;

(8) for community housing developments, provisions regulating the operation of the child care center pursuant to section 8127 (a)(1);

(9) provisions regarding the implementation of the job training and placement program pursuant to section 8128(a) and a job training program within the rental housing development pursuant to section 8128(c);

(10) for congregate housing developments, provisions regulating the implementation of supportive services pursuant to section 8127(b);

(11) for congregate housing developments, provisions requiring the execution of a resident management agreement as described in section 8137(c);

(12) provision requiring annual reports, inspections and audits pursuant to section 8138;

(13) provisions regarding the withdrawal of funds from project reserve accounts;

(14) assurances that sponsor will maintain the rental housing development in a safe and sanitary condition in compliance with state and local housing codes and the management plan pursuant to section 8137;

(15) acts or omissions constituting breach of the Regulatory Agreement, including, among others, a breach of the Development Agreement or failure to operate the housing development in accordance with the Regulatory Agreement, and remedies available to the parties thereto;

(16) provisions governing use and operation of nonassisted units, common areas, and commercial space to the extent necessary to ensure compliance with program requirements;

(17) provisions authorizing enforcement of program requirements by the department and by tenants;

(18) special conditions of project operation imposed by the department as conditions of the department's approval of the loan;

(19) provisions specifying that the Regulatory Agreement shall be binding on all assigns and successors in interest of the sponsor and that all sales, transfers, and encumbrances of the rental housing development or interests therein shall be subject to section 8135;

(20) provisions providing for the continuance of the provisions of the Standard Agreement regarding program compliance for the full term of the Regulatory Agreement;

(21) provisions governing the use of operating income pursuant to sections 8117, 8123 and 8139; and

(22) other provisions necessary to assure compliance with the requirements of the program.

(d) All loans shall be evidenced by a promissory note payable to the department in the principal amount of the loan and stating the terms of the loan consistent with the requirements of the program. The note shall be secured by a deed of trust on the project property naming the department as beneficiary or by other security acceptable to the department; this deed of trust or other security shall be recorded junior only to such liens, encumbrances and other matters of record approved by the department and shall secure the department's financial interest in the project.

§ 8135. Sales, Transfers, and Encumbrances.

(a) A sponsor shall not sell, assign, transfer, or convey a rental housing development, or any interest therein or portion thereof, without the express prior written approval of the department. A sale, transfer, or conveyance shall be approved only if all of the following requirements are met:

(1) the existing sponsor is in compliance with the Regulatory Agreement or the sale, transfer, or conveyance will result in the cure of any existing violations;

(2) the successor-in-interest to the sponsor agrees to assume all obligations of the existing sponsor pursuant to the Regulatory Agreement and this program;

(3) the successor-in-interest is an eligible sponsor pursuant to section 8113 and demonstrates to the department's satisfaction that it can successfully own and operate the rental housing development and comply with all program requirements; and

(4) no terms of the sale, transfer, or conveyance jeopardize either the department's security or the successor's ability to comply with all program requirements.

(b) The department's approval of sale, assignment, transfer, or conveyance subject to such terms and conditions as may be necessary to preserve or establish the fiscal integrity of the project. Such conditions shall include:

(1) the deposit of sales proceeds, or a portion thereof, to maintain required reserves, or to offset negative cash flow;

(2) the recapture of syndication proceeds or other funds in accordance with special conditions included in the Standard Agreement or any other agreement executed by the sponsor; and

(3) such conditions as may be necessary to ensure compliance with the program requirements.

(c) The sponsor shall not encumber, pledge, or hypothecate the rental housing development, or any interest therein or portion thereof, or allow any lien, charge, or assessment against the rental housing development without the prior written approval of the department. The department may permit refinancing of existing liens or additional financing secured by the rental housing development to the extent necessary to maintain or improve the fiscal integrity of the project, to maintain affordable rents, or to decrease rents.

§ 8136. Defaults and Loan Cancellations.

(a) In the event of a breach or violation by the sponsor of any of the provisions of the Regulatory Agreement, the Standard Agreement, the Development Agreement, the promissory note, or the deed of trust, or any other agreement pertaining to the project, the department may give written notice to the sponsor to cure the breach or violation within a period of not less than 15 days. If the breach or violation is not cured to the satisfaction of the department within the specified time period, the department, at its option, may declare a default under the relevant document and may seek legal remedies for the default including the following:

(1) The department may accelerate all amounts, including outstanding principal and interest, due under the loan and demand immediate repayment thereof. Upon a failure to repay such accelerated amount in full, the department may proceed with a foreclosure in accordance with the provisions of the deed of trust and state law regarding foreclosures.

(2) The department may seek, in a court of competent jurisdiction, an order for specific performance of the defaulted obligation or the appointment of a receiver to complete the project or operate the rental housing development in accordance with program requirements.

(3) The department may at its option seek such other remedies as may be available under the relevant agreement or any law.

(b) In the event that the breach or violation involves charging tenants rent or other charges in excess of those permitted under the Regulatory Agreement, the department may demand the return of such excess rents or other charges to the affected households. In any action to enforce the provisions of the Regulatory Agreement, the department may seek as additional remedy the repayment of such overcharges.

(c) Loan commitments may be canceled by the department under any of the following conditions:

(1) the objectives and requirements of the program cannot be met;

(2) the sponsor cannot meet the department's requirements for entering into the Regulatory Agreement, Development Agreement, promissory note, deed of trust or other agreement pertaining to the department in a timely fashion in accordance with the approved plans and schedules;

(3) special conditions for the disbursement of funds have not been fulfilled within required time periods;

(4) the construction or rehabilitation work has not commenced within one year of the date of loan approval;

(5) there has been a material change in the principals or management of the sponsor or project which was not approved by the department.

(6) a valid state or federal law or regulation precludes the department from fulfilling its obligations under the commitment;

Upon demonstration by the sponsor of good cause, the department may extend the date for compliance with any of the conditions in this subdivision.

(d) Upon receipt of a notice of intent to cancel the loan commitment from the department, the sponsor shall have the right to appeal to the Director.

(e) The department may use amounts available in the Account pursuant to section 8140(b) for the purpose of curing or avoiding a sponsor's default under the terms of any loan or other obligation if the department believes such default will jeopardize the completion of construction or rehabilitation, the fiscal integrity of such sponsor's project or the department's security in the project. Such default may include a failure or impending failure in payment due on a loan secured by a mortgage on the rental housing development, failure to pay taxes, or failure to maintain insurance or required reserves. The payment or advance of funds by the department pursuant to this subdivision shall be solely within the discretion of the department, and no sponsor shall be entitled to or have any right to payment of these funds. All funds so advanced shall be part of the program loan to the sponsor and subject to the same terms of repayment. Where it becomes necessary to use the Account for the purpose of assisting a project to avoid a threatened default or foreclosure, the department shall take those actions necessary including, but not limited to, foreclosures or forced sale of the rental housing development to prevent similar occurrences and insure compliance with the terms of the applicable agreements.

5. Certificate of Compliance as to 11–15–91 order transmitted to OAL 12–12–91 and filed 1–13–92 (Register 92, No. 16).

§ 8137. Management and Maintenance.

(a) The sponsor shall be responsible for all management functions of the rental housing development including selection of the tenants, annual recertification of household income and size, evictions, and collection of rent.

(b) The sponsor is responsible for all repair and maintenance functions of the rental housing development, including ordinary maintenance and replacement of capital items. The sponsor shall maintain the residential units; the commercial space, if any; the child care center, if any; children's play area, if any; the community room, if any; and other common areas; in accordance with the Regulatory Agreement; local health, building, and housing codes and the management plan.

(c) For each congregate housing development, the sponsor shall require tenants to share responsibility for maintaining and cleaning the common areas. The sponsor shall enter into a resident management agreement with residents, subject to the approval of the department prior to execution, which shall:

(1) specify tenant and sponsor maintenance responsibilities and shall provide that the tenant shall not be financially responsible for any repair or replacement costs associated with maintaining the property;

(2) specify procedures for amending the agreement; and

(3) specify enforcement procedures for noncompliance.

(d) The sponsor, with the prior approval of the department, may contract with a management agent for the performance of the services or duties required in subdivision (a) or (b), or both, and to supplement the tenants' responsibilities set forth in subdivision (c). However, such an arrangement does not relieve the sponsor of responsibility for proper performance of these duties. Such contract shall be subject to department approval and contain a provision allowing the sponsor to terminate the contract upon thirty days' notice. The sponsor shall terminate said contract if directed by the department upon determination that management of the rental housing development does not comply with program requirements.

(e) The sponsor shall develop a management plan, subject to department approval prior to loan closing. The plan shall be consistent with this subchapter and shall include the following:

(1) a description of the role and responsibility of the sponsor and its delegation of authority, if any, to a managing agent;

(2) personnel policy and staffing arrangements of both the sponsor and any managing agent;

(3) plans and procedures for publicizing and achieving early and continued occupancy;

(4) the tenant selection plan as described in section 8121(a);

(5) procedures for determining tenant eligibility and for certifying and annually recertifying household income and size;

(6) plans for carrying out an effective maintenance and repair program, including the terms of the resident management agreement, if the rental housing development is a congregate housing development;

(7) rent collection policies and procedures;

(8) a description of a program for maintaining adequate accounting records and handling necessary forms and vouchers;

(9) plans for enhancing tenant–management relations;

(10) the management agreement, if any;

(11) a description of supportive service programs or job training and placement programs operated by the management agent, if any;

(12) provisions for periodic update of the management plan;

(13) for limited equity housing cooperatives, plans for board and member training and education;

(14) appeal and grievance procedures;

(15) plans for collection of payments for tenant–caused damages;

(16) plans for processing evictions and terminations; and

(17) equal opportunity provisions that apply to hiring and renting.

§ 8138. Reporting.

(a) No later than 90 days after the end of each fiscal year of a rental housing development, the sponsor shall report to the department on form HCD 795, dated 6/91, Family Housing Demonstration Program "Annual Sponsor Certification," as set forth in subsection (c). This form is provided by the department.

(b) As part of the form HCD 795, dated 6/91, Family Housing Demonstration Program "Annual Sponsor Certification," the sponsor shall submit an audit of the rental housing development prepared in accordance with generally accepted auditing standards by an independent certified public accountant. Upon a determination by the department that the cost

of meeting this requirement exceeds the potential benefits to the department and the tenants of the rental housing development, the department shall:

(1) reduce the required frequency of the audit;

(2) accept an audited financial statement of the sponsor in lieu of the audit; or

(3) waive this requirement completely.

4. New section refiled 11-15-91 as an emergency; operative 11-15-91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 3-16-92 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 11-15-91 order transmitted to OAL 12-12-91 and filed 1-13-92 (Register 92, No. 16).

§ 8139. Operating Budget.

(a) Prior to loan closing, the sponsor shall provide the department an initial operating budget for its approval. Such budget shall show all anticipated income, expenses for management, operations, and maintenance, debt service and reserve deposits for the initial operating year.

(b) Sixty days prior to the end of each current fiscal year of each project the sponsor shall submit to the department for its approval a proposed operating budget, including an accounting of the housing component, supportive service component, and job training and placement program.

(1) The proposed operating budget shall set forth the sponsor's estimate of the operating income, operating expenses, and debt service for the upcoming year associated with the housing component, and any proposed rent increases pursuant to section 8122.

(2) The proposed operating budget for the supportive service component shall set forth sponsor's estimate of the operating income and expenses for the upcoming year associated with the provision of supportive services.

(3) The proposed operating budget for job training and placement programs shall set forth the sponsor's estimate of the operating income and expenses for the upcoming year associated with the provision of such programs.

(c) The Department's approval of the initial and subsequent proposed operating budgets shall be based on its determination that the budget line items are reasonable and necessary in light of costs for comparable rental housing developments and prior operating budgets for the rental housing development. Actual expenditures or withdrawals from reserve funds in excess of the approved budget amount shall be subject to prior written approval of the department.

(d) The initial operating budget and subsequent proposed operating budgets shall include periodic deposits, on no less than an annual basis, to:

(1) a replacement reserve account for capital improvements, such as replacing structural elements, furniture, fixtures, or equipment of the rental housing development, which are reasonably required to preserve the project; and

(2) an operating reserve account in an amount sufficient to offset potential shortfalls in operating the housing component and the required supportive services and the job training and placement programs.

(e) Upon initial occupancy, the amount in the operating reserve account shall be at least 2 percent of total project development costs and the replacement reserve shall be at least one percent of the total project development costs.

(f) For projects with a child care center, nonassisted units, or commercial space, all budgets submitted pursuant to this section shall show income and uses of income allocated among assisted units, nonassisted units, the child care center, and commercial space. The allocation method used for each budget line item shall be subject to department approval and shall apportion income and expenses in a manner that accurately reflects the particular physical, operational and economic characteristics of the project.

(a) The department shall establish an emergency reserve subaccount in the Account. Three (3) percent of any allocation made to the Account pursuant to Health and Safety Code section 53130(a) shall be deposited into the emergency reserve subaccount. Excess funds returned to the department pursuant to section 8123(h) and 8117(e)(2)(B) shall be deposited into the emergency reserve subaccount to first, replace the allocated funds in the subaccount on a dollar-for-dollar basis and then to replenish the emergency reserve subaccount. Excess funds received which cause the emergency reserve subaccount to exceed three percent of all allocations to the Account shall transfer to the Account and become available for loans pursuant to this subchapter.

(b) The department shall maintain a default reserve subaccount, as a portion of the emergency reserve subaccount, in an amount equal to 2 percent of all allocations to the Account pursuant to Health and Safety Code section 53130(a) for the purpose of avoiding or curing defaults pursuant to section 8136(e).

(c) When funds in the emergency reserve subaccount exceed the 2 percent required to be maintained pursuant to subdivision (b), the department shall be authorized to advance funds from the emergency reserve subaccount to defray unanticipated cost increases or revenue shortfalls to the extent necessary to preserve fiscal integrity of any project and to maintain rents in accordance with program requirements. All funds so advanced shall be part of the program loan to the sponsor and subject to the same interest rate and terms of repayment.

HISTORY

1. New section filed 12-14-90 as an emergency; operative 12-14-90 (Register 91, No. 11). A Certificate of Compliance must be transmitted to OAL by 4-15-91 or emergency language will be repealed by operation of law on the following day.
2. Repealed by operation of law on 4-16-91.
3. New section filed 7-19-91 as an emergency; operative 7-19-91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 11-6-91 or emergency language will be repealed by operation of law on the following day.
4. New section refiled 11-15-91 as an emergency; operative 11-15-91 (Register 92, No. 16). A Certificate of Compliance must be transmitted to OAL 3-16-92 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 11-15-91 order transmitted to OAL 12-12-91 and filed 1-13-92 (Register 92, No. 16).

§ 8141. Feasibility Subaccount.

(a) The department shall establish a feasibility subaccount in the Account. Four (4) percent of any allocation made to the Account pursuant to Health and Safety Code section 53130(a) shall be deposited into the feasibility subaccount. Excess funds returned to the department pursuant to section 8123(h) and 8117(e)(2)(B) shall be deposited into the feasibility subaccount to first replace the allocated funds in the subaccount on a dollar-for-dollar basis and then to replenish the feasibility subaccount. Excess funds received which cause the subaccount to exceed four percent of all allocations to the Account shall transfer to the Account and become available for loans pursuant to this subchapter.

(b) To the extent necessary to assure or preserve fiscal integrity and to establish or maintain rents in accordance with program requirements, the department shall be authorized to advance funds from the feasibility subaccount when necessary:

(1) to defray unforeseeable construction cost increases prior to the completion of construction; or

(2) to defray unforeseeable capital expenses at any time during the term of the loan.

(c) All funds advanced pursuant to subdivision (b) shall be part of the program loan to the sponsor and subject to the same interest rate and terms of repayment.

(d) Upon determination that another percentage is more appropriate based on the actual demand on the subaccount by program sponsors, the department shall alter the percentage of the allocation that is required to be maintained in the subaccount in order to meet the actual demand.

(1) Such a determination will occur either at the time of a new allocation to the Account or during the annual review of the subaccount.

(2) The percentage of all allocations to the Account that shall be maintained in this subaccount shall not be adjusted to exceed ten percent.

Subchapter 17. State HOME Investment Partnership Act Program

Article 1. General

§ 8200. Purpose and Scope.

(a) These regulations establish procedures for the award and disbursement of HOME funds and establish policies and procedures for use of these funds to meet the purposes contained in Title II of Public Law No. 101–625, 104 Stat. 4079 (Nov. 28, 1990), (42 USC 12701), known as the Cranston–Gonzalez National Affordable Housing Act of 1990 as amended by the Housing and Community Development Act of 1992, Public Law No. 102–550.

(b) The Cranston–Gonzalez National Affordable Housing Act of 1990 and any amendments thereto provide for state administration of the Home Investment Partnerships Program. These regulations set forth the policies and procedures governing the department's management of these funds. In addition to these regulations, program participants shall comply with the HOME rules applicable to the state program as set forth in 24 CFR part 92. In the event that Congress, the California Legislature, or HUD add or change any statutory or regulatory requirements concerning the use or management of these funds, program participants shall comply with such requirements.

§ 8201. Definitions.

In addition to the definitions found in 24 CFR Section 92.2, the following definitions shall apply to this subchapter. These definitions are further provided to clarify applicable provisions contained in 24 CFR Section 92.2.

(a) "Administrative subcontractor" means any entity or individual which contracts with the State Recipient or CHDO to provide any portion of administrative services to the local HOME activity. Individuals or groups that are acting in the capacity of developer, owner, or sponsor of a project shall not act as administrative subcontractors for the activity.

(b) "Applicant" is any city, county, or CHDO which submits an application to the Department to operate programs or develop or rehabilitate projects using HOME Funds within a specified jurisdictional boundary.

(c) "Award letter" means a conditional reservation letter signed by the director indicating that the Department has reserved funds for a project or program subject to meeting specific conditions in the regulations.

(d) RESERVED.

(e) "CFR" is the acronym used for the Code of Federal Regulations.

(f) "CHDO" is the acronym for Community Housing Development Organization and means those organizations which meet the criteria set forth in 24 CFR Section 92.2 and are certified by the Department pursuant to Section 8204.1.

(g) "Conditional reservation" means the Department has reserved funds for a project or program subject to meeting specific conditions in the regulations and in the award letter.

(h) "Department" means the State of California, Department of Housing and Community Development, which shall serve as a participating jurisdiction as defined by 24 CFR Section 92.2, for the purposes of this program.

(i) "Director" means the director of the Department.

(j) "Family" is a household consisting of an individual or two or more persons who by blood or marriage, or otherwise, live together in a housing unit.

(k) "Federal disbursement and information system" is the computerized system operated by HUD which manages, disburses, collects data and reports on the use of HOME funds.

(l) "First-time homebuyer" means an individual or individuals or an individual and his or her spouse who have not owned a home during the three-year period before the purchase of a home with HOME assistance, except that the following individual or individuals may not be excluded from consideration as a first-time homebuyer under this definition:

(1) a displaced homemaker who, while a homemaker, owned a home with his or her spouse or resided in a home owned by the spouse. A displaced homemaker is an adult who has not, within the preceding two years, worked on a full-time basis as a member of the labor force for a consecutive twelve-month period and who has been unemployed or underemployed, experienced difficulty in obtaining or upgrading employment and worked primarily without remuneration to care for his or her home and family;

(2) a single parent who, while married, owned a home with his or her spouse or resided in a home owned by a spouse. A single parent is an individual who: 1) is unmarried or legally separated from a spouse, and 2) has custody or joint custody of one or more minor children or is pregnant; or

(3) an individual or individuals who owns or owned, as a principal residence during the three-year period before the purchase of a home with HOME assistance, a dwelling unit whose structure is:

(i) not permanently affixed to a permanent foundation in accordance with local or state regulations; or

(ii) not in compliance with state, local, or model building codes and cannot be brought into compliance with such codes for less than the cost of constructing a permanent structure.

(m) "First-time homebuyer program" means HOME funds are provided to a city, county or CHDO to administer a program to assist first-time homebuyers. Eligible uses of these funds consist of: 1) a city or county providing a loan to the homebuyer for acquisition and up to $10,000 for rehabilitation of a dwelling that the homebuyer selects from the open market; provided the work is done after transfer of ownership interest; and 2) a city, county or CHDO providing assistance for the construction of scattered site dwellings, with no more than four dwellings on each vacant site, and each site shall be in an existing built-out neighborhood. Such dwellings shall then be sold to first-time homebuyers.

(n) "First-time homebuyer project" means that HOME funds are used to develop a specified number of units to be sold to first-time homebuyers. By the conclusion of construction, the entire HOME investment shall be converted to mortgage assistance to the first-time homebuyers.

(o) "Funding cycle" means the annual period of time during which HUD makes funds available to the Department for distribution pursuant to the Act, and includes the period of time during which the Department solicits applications and makes conditional reservations of funds.

(p) "HOME" is the abbreviation used for the Department-administered Home Investment Partnerships Program.

(q) "HOME fund" means the account established in the U.S. Treasury Account of the HOME Investment Trust Fund, to which funds for the Department's use in the HOME program are allocated.

(r) "Housing" means any structure, which is currently for residential use, or proposed for residential use, in whole or in part, including manufactured housing as defined in Health and Safety Code Section 18007.

(s) "Housing element in substantive compliance" means the local public entity's adopted housing element is in substantive compliance as demonstrated by a letter from the Department which sets forth findings that the housing element adopted within the time frames required by Section 65588 of the Government Code includes that substance essential to every requirement of Article 10.6, commencing with Section 65580, of Chapter 3 of Division 1 of Title VII of the Government Code.

(t) "HUD" means the United States Department of Housing and Urban Development.

(u) "Leverage" means all documented monetary and non-monetary contributions, other than HOME funds, which have been assigned a measurable value and which are applied to the specific HOME-assisted project. Leverage does not include contributions toward the cost of non-low-income units and commercial space.

(v) "Local account" is an account maintained by the Department, or State Recipient, or CHDO, as may be specified in an agreement between the Department and a State Recipient, or CHDO, which shall include repayments of HOME funds and matching contributions and any payment of interest or other return on the investment of HOME funds and matching contributions.

(w) "NOFA" is the acronym used for Notice of Funding Availability. The NOFA is the document used by the Department to announce that funds are available and applications may be submitted.

(x) "Owner-occupied housing program" means funds are provided to a city or county to administer a program to assist owners of homes that are in need of rehabilitation as defined in Section 8201(y).

(y) "Rehabilitation" means repairs and improvements to substandard housing which are necessary to meet rehabilitation standards as defined in Section 50097 of the Health and Safety Code, to eliminate conditions specified in Section 17920.3 of the Health and Safety Code, and to meet housing quality standards as set forth in 24 CFR Section 882.109. Rehabilitation also means repairs and improvements which are necessary to meet any locally-adopted standards used in local rehabilitation programs. Rehabilitation shall include reconstruction.

(z) "Rental new construction project" means funds are provided to develop a specific multifamily project on a specific site by a specific developer.

(aa) "Rental rehabilitation and/or acquisition program" means funds are provided to a city or county to administer a program to assist owners of multi-unit rental housing that is in need of rehabilitation as defined in 8201(y) or to assist the purchase and rehabilitation of multi-unit rental housing that is in need of rehabilitation. No one property assisted through this program shall receive more than 40 percent of the activity amount.

(bb) "Rental rehabilitation and/or acquisition projects" means funds are provided to acquire a specific rental housing project, to rehabilitate a specific project without any transfer of ownership, or to both acquire and rehabilitate a specific project.

(cc) "Rural area" means the same as defined in Section 50199.21 of the Health and Safety Code.

(dd) "Set up" means all of the funding conditions required by HUD and the Department have been met and the State Recipient or CHDO is ready to establish a project-specific account in the federal disbursement and information system.

(ee) "Setaside" means HOME funds, which are designated to be used for a specific purpose necessary to meet any statutory or regulatory requirement.

(ff) "State Recipient" means a city or county, which is designated to receive an award of HOME funds from the Department.

(gg) "Tenant-based rental assistance program" means funds are provided to a city or county to administer a program to provide rent subsidies to eligible households. State Recipients who administer a tenant-based rental assistance program are eligible only for administrative funds to reimburse expenses eligible under 24 CFR Section 92.207 of the federal HOME regulations.

§ 8204. Eligible Applicant.

(a) In order to be eligible to apply for HOME funds, the applicant shall be a city or county, or a nonprofit corporation that has been certified as a CHDO by the Department pursuant to Section 8204.1.

(1) Cities and counties shall comply with the following:

(A) A city may only apply for funding for activities within its incorporated boundaries;

(B) A county may only apply for funding for activities within its unincorporated areas;

(C) A city or county applicant shall not have been designated as a participating jurisdiction, or included as part of an urban county, as defined in 24 CFR Section 570.3(ee), or included as part of a consortium, as defined in 24 CFR Section 92.101, for HOME funding for the federal fiscal year for which the NOFA is issued, and

(D) A city or county applicant must demonstrate to the Department's satisfaction that it has:

(i) staff available or has committed to hiring staff able to operate a local HOME program and oversee the work of an administrative subcontractor, if any;

(ii) resolved any audit finding(s), for prior Department, or federally funded housing or community development projects or programs to the satisfaction of the Department or federal agency by which the finding was made,

(iii) provided a self certification that it is not debarred or suspended from participation in federal or state housing or community development projects or programs, and

(iv) provided documentation satisfactory to the Department that it is in compliance with the submittal requirements of OMB A-133, Single Audit Report.

(2) A CHDO applicant shall comply with the following:

(A) have received the Department's certification to serve the jurisdiction in which the project is located;

(B) be eligible to apply for activities located in cities and counties which have not been designated as participating jurisdictions by HUD, or included as part of an urban county, as defined in 24 CFR Section 570.3(ee), or included as part of a consortium, as defined in 24 CFR Section 92.101, for HOME funding from the federal fiscal year for which the NOFA was issued; and

(C) The CHDO must demonstrate to the Department's satisfaction that it has:

(i) resolved any audit findings for prior Department or federally funded housing or community development projects or programs to the satisfaction of the Department or federal agency by which the finding was made,

(ii) provided a self certification that it is not debarred or suspended from participation in federal or state housing or community development projects or programs, and

(iii) provided documentation satisfactory to the Department that it is in compliance with the submittal requirements of OMB A-133, Single Audit Report; and

(D) provide evidence that the CHDO fulfills at least one of the following roles:

(i) sole project developer;

(ii) sole owner; or

(iii) sole general partner.

(b) An applicant with one or more current State HOME contracts for which the expenditure deadline established in the contract(s) has not yet passed shall be ineligible to apply for a program activity unless the applicant has expended at least fifty percent (50%) of the aggregate total of program funds originally awarded.

§ 8204.1. CHDO Certification.

(a) Applicants for CHDO certification may apply to the Department at any time.

(1) Within 15 business days of receipt of a nonprofit corporation's application for certification as a CHDO, the Department shall provide the applicant with written notice indicating whether the application is incomplete and, if so, what specific information is required for it to be considered complete.

(2) Within 45 business days of receiving all of the documentation requested in subsection (b) below, the Department shall provide the applicant with either written notice of certification identifying the geographic area for which the CHDO is being certified or written notice indicating why the CHDO application is being denied.

(3) A survey conducted by the Department pursuant to Government Code Section 15376 of the Department's performance determined the minimum, median and maximum elapsed time between receipt of a CHDO application and reaching a final decision; the results are as follows:

Minimum:	15 calendar days
Median:	30 calendar days
Maximum:	45 calendar days

(4) Applicants that are not certified by the final filing date published in the NOFA shall not be considered eligible to apply for funding as a CHDO.

(b) To apply for certification or recertification, an applicant shall submit, at a minimum, the following documentation to the Department:

(1) a copy of the Internal Revenue Service exemption letter and a letter of good standing from the California Franchise Tax Board that is dated no more than 12 months prior to the date the applicant applies for certification;

(2) a copy of the corporation's financial statement that is dated no more than 12 months prior to the date the applicant applies for certification;

(3) a copy of the corporation's bylaws, which describes, at a minimum, the following:

(A) the governing board composition,

(B) the fulfillment and maintenance of the 1/3 representation requirement contained in 24 CFR Section 92.2,

(C) a description of the manner in which board members are selected,

(D) evidence that the purposes of the organization comply with 24 CFR Section 92.2, and

(E) relationships to for–profit individuals or entities, if any, as they relate to the governance of the corporation.

(4) a copy of the corporation's articles of incorporation and any amendments;

(5) a Certificate of Status, Domestic Corporation, from the California Secretary of State that is dated no more than 12 months prior to the date of application for certification;

(6) a description of the formal process used to solicit advice from low–income program beneficiaries in decisions regarding design, siting, development, and management of affordable housing;

(7) a plan describing the program of tenant participation in management decisions for rental projects and the proposed fair lease and grievance procedure pursuant to 24 CFR Section 92.303;

(8) a description of the applicant's capacity for carrying out activities with HOME funds or a plan to gain such capacity, including but not limited to

(A) a list of current staff members responsible for any proposed HOME activity and resumes;

(B) if staff does not have such capacity, a commitment to hire experienced staff or a commitment to hire an experienced consultant and a plan to train staff;

(9) a description of the applicant's history of serving the community within which housing to be assisted with HOME funds is to be located or if the applicant has been in existence less than one year, a description of the applicant's parent organization and its history of serving the community;

(10) a list of the names of board members, their occupations, the names of their employers and any appointment or election to a public body, and an indication of which members fulfill the requirements of the 1/3 representation contained in 24 CFR Section 92.2;

(11) a copy of the corporation's business or strategic plan adopted by the Board;

(A) shall be submitted if any of the following applies to the organization:

(i) this is the first certification request with the State HOME Program.

(ii) there has been five years or more since the last certification has expired

(iii) it has been incorporated less than 10 years.

(B) the Business plan shall cover at a minimum:

(i) Business Description including, background, purpose and who, what, where, when and how the organizations plans to operate;

(ii) Market Evaluation and Strategy including customers, geographical area, competition, and environment in which the organization plans to operate;

(iii) Organizational Plan covering the corporations structure, status, staffing plan, policies and procedures for delivery of program, management controls, physical space and equipment needs;

(iv) Financial Plan detailing projected capital budgets for equipment, construction, development projects or for loan funds; start–up and cash flow; and

(v) Risk Analysis of potential financial, political, regulatory, unknown and crucial threats.

(12) the geographical areas served by the corporation, and evidencing compliance with Section 8204(a)(2)(B) in either the Articles of Incorporation, Resolution or Charter, or Bylaws;

(13) a geographic area map served by the applicant; evidencing compliance with Section 8204(a)(2)(B); and

(14) a self–certification that the applicant is not on the Federal List of Excluded, Debarred, or Suspended Contractors with supporting documentation.

(c) Upon receipt of all the documents listed in subsection (b), the Department shall conduct an analysis of the documents to determine if the applicant meets the definition of a CHDO as set forth in 24 CFR Section 92.2. If the Department determines that the applicant meets the definition of a CHDO, and meets the other requirements of this Section, the Department shall issue a letter of certification to the applicant, which shall be submitted as part of any CHDO application considered for funding.

(d) In order to demonstrate its capacity for carrying out activities assisted with HOME funds, as required by 24 CFR Section 92.2, an applicant shall meet the requirements of paragraph (1) and either paragraph (2) or (3) below.

(1) The applicant shall have resolved any audit findings, for prior Department, or federally–funded housing or community development proj-

ects or programs to the satisfaction of the Department or federal agency by which the finding was made.

(2) The applicant has staff that possesses the core competencies listed herein, and has a staffing plan specifying the number of full-time staff persons and percentages of these persons' working hours which are allotted to housing projects. The required core housing development competencies are the knowledge, skills and ability to:

(A) Conduct market/needs analyses and conceptual project design;

(B) Choose and negotiate purchase of a suitable site;

(C) Select and work with architects and other consultants;

(D) Understand and comply with local planning, zoning and building requirements;

(E) Create a development pro forma and operating budget;

(F) Set rents or sales prices;

(G) Identify financing sources and apply for financing;

(H) Comply with other lender requirements;

(I) Deal with community concerns;

(J) Comply with CEQA and NEPA requirements;

(K) Choose and work with construction contractors;

(L) Manage the construction process;

(M) Choose and work with a management agent;

(N) Successfully market a project; and

(O) Comply with HOME program requirements, construction close-out and long-term obligations.

(3) The applicant has an executed contract with a consultant experienced in housing development to commence not later than six months of the date of certification or recertification and requiring the training to be completed not later than two years from the date of certification or recertification, and which shall identify the names and titles of persons being trained and the specific core competencies in which they are being trained.

(4) A CHDO certified pursuant to paragraph (3) above shall be required to submit a status report on the process of such training on the first and second anniversaries of its certification.

(5) A CHDO shall only be permitted to achieve certification once pursuant to paragraph (3) above. Thereafter, all applications for recertification shall be subject to the requirements of paragraph (2).

(e) In order to demonstrate that the applicant, or its parent, has a history of serving the community within which housing to be assisted with HOME funds is to be located, as required by 24 CFR Section 92.2, an applicant, or its parent, shall have provided a housing-related service to the community for at least one year prior to application for certification. A housing-related service is one which has provided a benefit to a tenant or homeowner in the community. Solely engaging in predevelopment activities for a housing project shall not satisfy the demonstration required by this subsection.

(f) A nonprofit corporation created, formed, or under the control of another State-certified CHDO and that proposes to serve the same community as the existing CHDO shall not be eligible to apply for CHDO certification. In addition, a non-CHDO, non-profit parent organization may not have more than one subsidiary or affiliate that is certified as a CHDO by the State;

(g) When submitting an Application in response to the Department's NOFA process, a CHDO shall submit a self certification confirming that the organization continues to maintain compliance with all the State requirements for CHDO certification. The Department may require documentation to verify certification compliance.

(h) A CHDO certification shall remain in effect not more than three years from the date of the letter of certification issued by the Department provided that the CHDO continues to meet all requirements.

(i) The Department shall monitor all CHDOs throughout the term of the certification to ensure continued compliance as a CHDO. If the Department determines that an organization no longer complies with the requirements of this Section, the Department may declare the organization to be ineligible to apply for State HOME funds, and the Department may revoke the organization's CHDO certification.

(j) A CHDO that serves a county in which there is no other CHDO, and that does not apply for State HOME funds during any six consecutive years of certification, shall be deemed ineligible for certification for three years from the end of the sixth year of certification. Any other CHDO that does not apply for State HOME funds during a three-year certification period shall be deemed ineligible for certification for three years from the end of the three-year certification period, unless that CHDO has developed, owned or sponsored housing within the past three years.

(k) In order to be considered for certification or recertification prior to the NOFA deadline, a CHDO applicant shall submit its CHDO application no later than 60 days prior to the NOFA application deadline.

HISTORY

1. Renumbering and amendment of former section 8204.1, subsections (b)–(b)(5) to new section 8204.1 filed 1-22-2001; operative 1-22-2001 pursuant to Government Code section 11343.4(c) (Register 2001, No. 4).
2. Amendment filed 9-9-2004; operative 9-9-2004 pursuant to Government Code section 11343.4 (Register 2004, No. 37).

§ 8205. Use of Funds.

(a) Eligible activities for use of HOME funds shall be one or more of the following:

(1) first-time homebuyer programs, as defined in Section 8201;

(2) owner-occupied rehabilitation programs, as defined in Section 8201;

(3) rental rehabilitation and/or acquisition programs, as defined in Section 8201;

(4) tenant-based rental assistance programs, as defined in Section 8201;

(5) rental new construction projects, as defined in Section 8201;

(6) rental rehabilitation and/or acquisition projects, as defined in Section 8201;

(7) first-time homebuyer projects, as defined in Section 8201.

(b) HOME funds shall only be used to pay for eligible costs as described in 24 CFR Sections 92.206 through 92.209.

(1) All HOME assistance shall be in the form of loans, except for funds used for the activities listed in subsection (2).

(A) Loans financed from the CHDO set-aside pursuant 24 CFR Section 92.300(a)(1) shall comply with the financing provisions as required for the following activities:

(i) for land acquisition for first-time homebuyer projects shall bear zero interest.

(ii) Loans to first-time homebuyers shall bear a simple interest rate of 3 percent per annum, computed from the date the Deed of Trust is recorded on the property. Interest and payments shall be deferred for the term of the loan. Commencing on the 11th anniversary of the recordation date, an amount equal to 10 percent of the accrued interest shall be forgiven each year, so that on the 20th anniversary of the recordation date, all interest will have been forgiven if the borrower is in compliance with the requirements stated in the Department's loan documents.

(iii) Loans to rental projects shall bear a simple interest rate of 3 percent, except for projects receiving tax credits, for which the interest rate may be either 3 percent or the long-term applicable federal rate, as defined in 26 USC Section 1274(d), and as published in the monthly revenue ruling letter published by the Internal Revenue Service. Interest shall be paid pursuant to Section 8314;

(B) Loans financed from CHDO proceeds pursuant to Section 8206.1(c) shall comply with the following financing provisions as required for the following activities:

(i) Loans assisting first-time homebuyers and homeowners whose homes are being rehabilitated shall bear simple interest rates ranging from 0 to 3 percent per annum, and interest and payments shall be deferred for the term of the loan. The CHDO may forgive some or all of the accrued interest.

(ii) Loans made by CHDOs for rental projects shall bear a simple interest rate of 3 percent, except for projects receiving tax credits, for which

the interest rate may be either 3 percent or the long-term applicable federal rate, as defined in 26 USC Section 1274(d), and as published in the monthly revenue ruling letter published by the Internal Revenue Service. If a layering analysis supports a deferred loan, the State Recipient is exempt from Section 8314.

(C) Loans made by State Recipients shall comply with the financing provisions as required for the following activities:

(i) Loans assisting first-time homebuyers and homeowners whose homes are being rehabilitated shall bear simple interest rates ranging from 0 to 3 percent per annum, and interest and payments shall be deferred for the term of the loan. The State Recipient may forgive some or all of the accrued interest.

(ii) Loans made by State Recipients for rental projects shall bear simple interest rates of 3 percent, except for projects receiving tax credits, for which the interest rate may be either 3 percent or the long-term applicable federal rate, as defined in 26 USC Section 1274(d), and as published in the monthly revenue ruling letter published by the Internal Revenue Service. If a layering analysis supports a deferred loan, the State Recipient is exempt from Section 8314.

(2) Funds used for the following shall be provided in the form of a grant:

(A) funds used for tenant based rental assistance, as described in 24 CFR Section 92.209,

(B) relocation payments,

(C) funds necessary to provide the difference between work that is customarily performed and the minimally-required work necessary, using the least cost alternative, to comply with federal lead-based paint regulations in HOME-funded rehabilitation of owner-occupied housing or acquisition of housing for first-time homebuyers, and

(D) funds used for administrative costs eligible pursuant to 24 CFR Sections 92.206(d)(6), 92.206(f)(2), 92.207 and 92.208.

(3) HOME funds may be used to pay the actual costs of administering a local program as described in 24 CFR Section 92.207. The amount of HOME funds used by a State Recipient or CHDO for administrative expenses shall be limited to the amount specified in the NOFA issued by the Department pursuant to Section 8210.

(4) Costs must be necessary and must be consistent with the lowest reasonable cost taking into consideration a project's scope and area.

(5) If a State Recipient or a CHDO has received a grant for administrative costs described in 24 CFR Section 92.206(d)(6) or 92.206(f)(2), the State Recipient or CHDO shall not charge, nor shall it permit its employees or contractors to charge, any fees, or otherwise seek reimbursement for those costs.

(6) In the event that a project is not completed, or a project completion report is not submitted to the Department for the project, a State Recipient shall repay funds granted for relocation payments, lead-based paint work, and administrative costs pursuant to 24 CFR Sections 92.206(d)(6) and 92.206(f)(2), and a CHDO shall repay funds granted for relocation payments and lead-based paint work.

(c) A CHDO may request that up to ten percent of the CHDO's project-specific funds be made available for loans pursuant to 24 CFR Section 92.301.

(d) Pursuant to 24 CFR Section 92.208, up to five percent of the total amount of funds made available by HUD to the Department for any funding cycle may be used to pay for the operating expenses of CHDOs with which the Department has entered into standard agreements.

(e) HOME funds shall not be used to pay for prohibited activities or costs described in 24 CFR Section 92.214.

§ 8206. Matching Contributions.

(a) Except as noted in subsections (a)(1), (a)(2), and (a)(4) below, State Recipients and CHDOs shall contribute matching funds as required in subsection (b).

(1) If the matching contribution requirements of 24 CFR Section 92.218 are waived or modified by Congress or are modified by HUD pursuant to 24 CFR Section 92.222, the Department shall waive or modify the matching contribution requirements of subsection (b) for funds affected by the federal action.

(2) If the Department identifies other eligible sources of match that can be used to meet part or all of the matching contribution requirements of 24 CFR Section 92.218, the Department shall modify the matching contribution requirements of subsection (b) to the extent possible for funds affected.

(3) Modified matching contribution requirements for each funding cycle as provided for in subsections (a)(1) and (a)(2) shall be provided in the NOFA issued by the Department pursuant to Section 8210 unless such matching requirements are waived or modified by HUD after issuance of a NOFA. In that case, the Department shall notify State Recipients and CHDOs of the modification of matching contribution requirements through written notice.

(4) HOME funds used for administrative and planning costs pursuant to 24 CFR Section 92.207 and CHDO operating expenses pursuant to 24 CFR Section 92.208 shall not be required to be matched.

(b) State Recipients and CHDOs shall provide matching contributions as required by 24 CFR Sections 92.218, 92.219, 92.220, and 92.221.

(c) Documentation that the matching contribution requirements have been met shall be subject to verification by the Department.

(d) If matching contributions are provided in the form of affordable housing that is not HOME-assisted pursuant to 24 CFR Section 92.219(b), the State Recipient or CHDO shall establish a procedure to monitor these projects and ensure continued compliance with the requirements contained in 24 CFR Section 92.219(b).

(e) Contributions which shall not be considered as HOME matching contributions are those described in 24 CFR Section 92.220(b).

6. Repealer of former section 8206 and renumbering of former section 8207 to new section 8206, including amendment of section and NOTE filed 3-14-97; operative 3-14-97 pursuant to Government Code section 11343.4(d) (Register 97, No. 11).

7. Amendment filed 9-9-2004; operative 9-9-2004 pursuant to Government Code section 11343.4 (Register 2004, No. 37).

§ 8206.1. Repayment of HOME Funds, Program Income, Proceeds from the Investment of HOME Funds, and Recaptured Funds.

(a) Repayment of HOME funds and matching contributions, program income, proceeds from the investment of HOME funds, and recaptured funds are subject to the requirements of 24 CFR Sections 92.252, 92.254, 92.300 and 92.503 and this Section. HOME funds invested in housing that is not completed or rental housing that does not comply with the affordability requirements for the required period shall be repaid to the Department.

(b) Except as otherwise provided in this subsection (b), all program income and recaptured funds shall be remitted directly to the Department for deposit into the Department's local account.

(1) If requested by the State Recipient, the Department shall allow program income and recaptured funds to be deposited into the State Recipient's local account, subject to the requirements of 24 CFR Sections 92.502(c)(3) and 92.503(a)(1).

(2) If requested by a CHDO, the Department shall allow recaptured funds and proceeds from the investment of HOME funds to be retained by a CHDO that meets the requirements of subsection (c) of this section.

(3) Where HOME funds are invested in housing to assist acquisition by a first-time homebuyer who sells the home unit or repays the loan prior to the end of the required affordability period, the HOME funds repaid to the CHDO or State Recipient shall be recaptured. exceptions may be requested to use resale for limited equity forms of ownership like cooperatives and community land trust.

(4) State Recipients and CHDOs that retain program income, proceeds from the investment of HOME funds, and recaptured funds shall submit quarterly reports and an annual report documenting all local account activity. Failure to submit the required reports shall result in a negative performance rating in future applications from funding. Continued failure to comply with all federal and state requirements for use of these funds shall result in a termination of the agreement for the State Recipient or CHDO to retain such funds.

(c) The Department may permit a CHDO to retain collections if it demonstrates to the satisfaction of the Department all of the following:

(1) adherence to program requirements and deadlines identified in Sections 8216 and 8217 in the last four preceding State HOME contracts including CHDO certification and application requirements identified in Sections 8204 and 8204.1 and federal overlays;

(2) successful completion of at least six housing projects with a total of at least 100 units;

(3) no unresolved monitoring findings on completed HOME projects; and

(4) service to the community, as defined by Section 8204.1(e), of at least ten years;

(d) A CHDO that meets the requirements of subsection (c) shall be subject to the requirements of 24 CFR Section 92.502(c)(3), but shall only use proceeds from the investment of HOME funds for eligible activities pursuant to 24 CFR Sections 92.205 and 92.206. A CHDO that has been permitted to retain proceeds in one HOME standard agreement shall be permitted to retain proceeds in all future contracts. If at any time a CHDO fails to demonstrate compliance with the requirements of subsection (c), the Department may require the CHDO to remit all future collections to the Department.

(e) When a CHDO applies for a rental housing development and the Department has approved the CHDO to retain proceeds in accordance with Section 8206 .1(b)(2), the rental housing development shall:

(1) be underwritten by the Department in compliance with Section 8212.2;

(2) comply with 24 CFR part 92 which includes project requirements specified in 24 CFR Sections 92.250, 92.251, 92.252, and 92.253; and

(3) be inspected by the Department pursuant to 24 CFR Section 92.504(d)(1).

(f) In the event of a breach or violation of Section 8206.1(e)(1) and (2) by the CHDO and the breach or violation is not cured to the satisfaction of the Department, the Department may declare a default and may seek all available legal remedies including the following:

(1) Collect all rents and income in connection with the operation of the development;

(2) Take possession of the development in accordance with Section 8206.1(e)(1) and (2);

(3) Apply to any court, State or federal, for specific performance of this Agreement or for the appointment of a receiver to take over and operate the development;

(4) Accelerate all amounts, including outstanding principal and interest due. Declare a default and initiate a foreclosure in accordance with the provisions of the HOME Deed of Trust and State law regarding foreclosures.

HISTORY

1. New section filed 9-9-2004; operative 9-9-2004 pursuant to Government Code section 11343.4 (Register 2004, No. 37).

§ 8207. Amount of HOME Assistance.

(a) The amount of HOME funds invested in a project:

(1) shall not exceed the per unit dollar limits established by HUD under 24 CFR Section 92.250; and

(2) is limited to the amount necessary, when considered with other financing and assistance of the project, to accomplish the following:

(A) enable the project as proposed to be developed and to operate in compliance with all HOME requirements;

(B) for first-time homebuyer projects and programs, allow homebuyers to purchase homes utilizing loans from primary lenders. (Notice: First-time homebuyers shall be required to obtain financing from primary lenders in addition to HOME financing.) Loans from primary lenders shall comply with the following requirements:

(i) the loan must have a minimum loan term of 30 years;

(ii) the loan must be fully amortizing and have a fixed interest rate that does not exceed the current market rate, as established by an index identified in the NOFA. No temporary interest rate buy-downs are permitted;

(b) A recipient of a conditional reservation for a rental project shall be required to submit an updated sources and uses and an operating budget within 15 days of obtaining permanent financing commitments and at least 45 days prior to the date of anticipated construction or acquisition loan closing. The Department shall conduct a feasibility analysis and subsidy layering analysis. If the project is determined to be feasible, a final funding amount will be set based upon the subsidy layering analysis.

§ 8207.1. Homebuyer Education Requirements.

(a) For purposes of this section, "homebuyer education" means a specific course of instruction, designed pursuant to this section, to educate first-time homebuyers regarding various aspects of purchasing and maintaining a home.

(b) Homebuyer education shall be provided to all homebuyers receiving HOME funds for mortgage assistance. The state recipient or CHDO shall determine the format best suited for providing homebuyer education to its homebuyers (for example, classroom instruction, one-on-one counseling, written materials, internet).

(c) The homebuyer education curriculum shall be described in the applicant's program or project guidelines, shall be subject to Department review and approval, and shall at a minimum address the following topics:

(1) preparing for homeownership;

(2) available financing and credit analysis;

(3) loan closing and homebuyer responsibilities;

(4) home maintenance and budgeting for mortgage payments and other expenses;

(5) The impact of refinancing on the long-term financial health of the homebuyer.

(d) a certificate of successful completion of homebuyer education shall be issued to each prospective homeowner and a copy retained by the State Recipient or CHDO for inspection and review by the Department on request. This information shall be retained for the period of time set forth in 24 C.F.R. 92.508(c).

HISTORY

1. New section filed 12-10-2007; operative 12-10-2007 pursuant to Government Code section 11343.4 (Register 2007, No. 50).

§ 8208. Affordability Requirements.

(a) In order to qualify under these regulations for funding as an affordable rental housing project, the project shall meet the periods of affordability specified in the following table, and shall comply with the other requirements of 24 CFR Sections 92.252, 92.255 and 92.258.

Amount of HOME Assistance	*Activity Assisted*	*Minimum Period of Affordability in Years*
Less than 15,000 per unit	Rehabilitation of existing rental housing	10 years
$15,000 to $40,000	Rehabilitation of existing rental housing	15 years
More than $40,000	Rehabilitation of existing rental housing	20 years
Any dollar amount	Acquisition and Rehabilitation, Acquisition and or New construction of rental housing	55 years

(b) Rent levels shall be restricted for the period of affordability set forth above at the lesser of the rent level permitted pursuant to 24 C.F.R. Section 92.252 or another rent level expressed as a percentage of area median income approved by the Department. Exceptions to this requirement may be granted for units receiving HUD Section 8 or other similar rental assistance, or where the project's continued fiscal integrity is in jeopardy due to factors that could not be reasonably foreseen.

(c) Homeownership units assisted with HOME funds shall meet the requirements of 24 CFR sections 92.254, 92.255 and 92.258. Except for owner-occupied units being rehabilitated with HOME funds, all assistance shall be made available only to first-time homebuyers.

Article 3. Application for Funding Procedures

§ 8210. Application Process.

(a) Within a funding cycle, the Department shall issue one or more NOFAs.

(b) Eligible applicants, defined as those that comply with the provisions in Section 8204, may submit only one application in response to a NOFA.

(c) Applications from CHDOs shall propose only activities that are eligible to qualify as CHDO set–aside activities pursuant to 24 CFR Section 92.300(a).

(d) The NOFA shall specify, among other things, the maximum amount of funds available to a State Recipient or CHDO under the NOFA, the activities elibile pursuant to the NOFA, the time frame for submittal of applications, the application requirements pursuant to Section 8211, the allocation of rating points pursuant to Section 8212, the matching contribution requirements pursuant to Section 8206, the value of voluntary labor as determined by HUD pursuant to 24 CFR Section 92.220(a)(8), any prohibitions on uses of funds, the availability of administrative funds, and the general terms and conditions of funding allocations.

(e) The Department shall only consider applications that are complete, as defined by Section 8211(b), and contain all the information required by Section 8211(c).

(f) If funds are disencumbered pursuant to Section 8218, made available due to an unexecuted standard agreement or made available by HUD pursuant to 24 CFR Section 92.451, the Department may make such funds available to (1) the next highest–ranked unfunded or partially–funded application from the most recent award of funds if the applicant can demonstrate that a proposed activity can be successfully implemented and executed, or (2) through the next published NOFA pursuant to subsection (a).

(g) In order to comply with any set–aside established by HUD or the Department, or special allocation made by HUD, the Department may do one or more of the following:

(1) issue a special NOFA;

(2) specify in each NOFA the reservation of a portion of the funds; and

(3) specify in each NOFA any waivers to requirements granted by HUD in connection with the funds.

§ 8211. Application Requirements/Form.

(a) Application shall be made on a form made available by the Department that requests the information required by these regulations.

(b) An application shall be deemed complete when the Department is able to determine from the information provided whether the application is eligible for rating pursuant to the requirements of Section 8212(a).

(c) All applications shall be required to contain the following:

(1) identification of the applicant;

(2) information on the proposed activity(ies);

(3) information adequate to determine whether the applicant is eligible, in accordance with Sections 8204 and 8204.1;

(4) information adequate to determine whether the activity is eligible, in accordance with Sections 8205 and 8210(c);

(5) information indicating whether the applicant or any member of its program team or project team has any unresolved audit findings or has been suspended or debarred from participation in any federal or State housing or community development program;

(6) information on any pending litigation affecting the applicant's ability to carry out the activity;

(7) identification of any administrative subcontractor;

(8) a certification that the applicant will comply with State and federal requirements;

(9) a resolution by the governing board of the applicant authorizing the application and the execution of all required documents;

(10) information adequate to determine the experience of the applicant with other federal, State or local housing or community development programs;

(11) identification of all members of the program team or project team;

(12) information on sources and amounts of matching contributions, in accordance with Section 8206, and sources and amounts of leverage, as defined in Section 8201.

(d) In addition to the information required by subsection (c), applications proposing programs shall be required to contain the following:

(1) information on which member of the program team is responsible for accomplishing key administrative tasks;

(2) information on the projected administrative budget and sources of funds to pay for the costs of administering the program;

(3) information adequate to determine the experience of the applicant in administering a program to assist the same type of activity proposed in the application;

(4) a description of how the applicant proposes to use HOME funds;

(5) a copy of the guidelines to be used by the applicant for administering the program in compliance with State and federal requirements;

(6) information adequate to determine the feasibility of the program;

(e) In addition to the information required by subsection (c), applications proposing projects shall be required to contain the following:

(1) a description of the roles, financial structure and all legal relationships of the applicant, developer, owner(s), managing general partner, administrative subcontractor and all other partners in the construction project;

(2) information adequate to determine the experience of the applicant, developer, owner and managing general partner in developing the same type of subsidized project as proposed by the application;

(3) information adequate to determine the readiness of the project to proceed;

(4) information adequate to determine the feasibility of the proposed project.

i. For applications proposing rental projects, adequate information shall include the following:

(A) information adequate to determine the financial feasibility of the project in accordance with Section 8212(d)(3) and the Uniform Multifamily Regulations (commencing with Section 8300) and state and federal HOME requirements;

(B) for applications proposing rental new construction projects, a market study, property appraisal, and a Phase I/Phase II environmental site assessment shall be submitted as requested by the Department.

(a) The market study must demonstrate whether sufficient demand exists in the market area to support the proposed project at the projected rents.

(b) The property appraisal must determine the value of the land upon which the proposed project will be developed. If the land is leased, the appraisal must include the fair market value of the lease payments.

(c) The Phase I/Phase II environmental site assessment must demonstrate whether the property is free from severe adverse environmental conditions.

(C) For applications proposing rental rehabilitation and/or acquisition projects, a market study, property appraisal, and asbestos and mold assessments shall be submitted as requested by the Department. In addition, if an application proposes rehabilitation and/or acquisition of a building constructed prior to January 1, 1978, a lead-based paint assessment shall be submitted.

(a) The market study must demonstrate whether sufficient demand exists in the market area to support the proposed project at the projected rents.

(b) The property appraisal must determine the value of the existing project. If the land is leased, the appraisal must include the fair market value of the lease payments.

(c) The asbestos, mold, and lead-based paint assessments must demonstrate whether the project is free from severe adverse environmental conditions.

ii. For applications proposing first-time homebuyer projects, adequate information shall include the following:

(A) information adequate to determine the ability of the project to meet federal and State HOME requirements, including a copy of the guidelines to be used by the applicant for administering the project in compliance with State and federal requirements;

(B) for applications proposing first-time homebuyer new construction projects, an analysis of comparable properties in the market area, a property appraisal, and a Phase I/Phase II environmental site assessment shall be submitted as requested by the Department.

(a) The analysis of comparable properties must demonstrate whether the project's proposed home sales prices are supported by the market.

(b) The property appraisal must determine the value of the land upon which the proposed project will be developed. If the land is leased, the appraisal must include the fair market value of the lease payments.

(c) The Phase I/Phase II environmental site assessment must demonstrate whether the property is free from severe adverse environmental conditions.

(C) For applications proposing first-time homebuyer rehabilitation projects, an analysis of comparable properties in the market area, a property appraisal, and asbestos and mold assessments shall be submitted as requested by the Department. In addition, if an application proposes to acquire or rehabilitate a building constructed prior to January 1, 1978, a lead-based paint assessment shall be submitted.

(a) The analysis of comparable properties must demonstrate whether the project's proposed home sales prices are supported by the market.

(b) The property appraisal must determine the value of the existing project. If the land is leased, the appraisal must include the fair market value of the lease payments.

(c) The asbestos, mold, and lead-based paint assessments must demonstrate whether the project is free from severe adverse environmental conditions.

iii. Any document prepared pursuant to subsections (i)(B) and (C) or (ii)(B) and (C) shall be prepared by an individual or firm which:

(A) has the appropriate license, when deemed necessary by the Department, and knowledge and experience necessary to competently prepare the document;

(B) is aware of, understands, and correctly employs those recognized methods and techniques that are necessary to produce a credible and complete document;

(C) communicates each analysis, opinion and conclusion in a manner that is not misleading as to the true market needs for low-income residential property, and the value and condition of the subject property; and

(D) is an independent third party having no identity of interest with the applicant, the partners of the applicant, the intended partners of the applicant, or with the general contractor.

(5) if applicant is a CHDO, the procedures to ensure the CHDO's effective project control of activities assisted with HOME funds pursuant to 24 CFR Section 92.300(a)(1).

§ 8212. Application Selection and Evaluation.

(a) Applications shall not be considered for funding unless the application is received within the time frames specified in the NOFA and demonstrates that all of the following conditions exist:

(1) the applicant is eligible pursuant to Section 8204 and 8204.1;

(2) the applicant proposes at least one eligible activity and the proposed uses for the HOME funds are eligible pursuant to Sections 8205 and 8210(c);

(3) the application is complete pursuant to Section 8211;

(4) the total amount of funds requested for both administration and activity-specific costs does not exceed the funding allocation limit which is stated in the NOFA and any allowed increase to this limit pursuant to Section 8217;

(5) if applicant is a CHDO, includes procedures ensuring the CHDO's effective project control of activities assisted with HOME funds pursuant to 24 CFR Section 92.300(a)(1); and

(6) for applications proposing projects involving acquisition of rental housing, acquisition and rehabilitation of rental housing, rehabilitation

of rental housing, construction of rental housing, or construction of housing for first-time homebuyers, the application demonstrates:

(A) that the project is financially feasible;

(B) site control is obtained pursuant to Section 8303;

(C) that there are no pending lawsuits that will prevent implementation of the project, as proposed;

(7) for applications proposing rental activities, the application contains documentation demonstrating that the project either complies with or is exempt from Article 34 of the California Constitution.

(b) Each application considered for funding shall first be rated using the criteria contained in this subsection and either the criteria in subsection (c) for program applications or the criteria listed in subsection (d) for project applications. Maximum possible rating points are listed after each criterion. Program applications, rental project applications, and first-time homebuyer project applications shall be rated and ranked separately. All applications shall be rated on the following:

(1) If the applicant is a city or county, the city or county's adopted housing element is in substantive compliance on the date applications are due to the Department as published in the NOFA. Newly formed cities that are not required to have an adopted housing element in compliance with general plan law shall receive full points in this category. If the applicant is a CHDO, the CHDO shall receive full points in this category. (50 points)

(2) Whether the application proposes activities within a jurisdiction whose formula allocation is being reallocated by the Department. (50 points)

(3) Whether the application proposes activities in a rural area. (50 points)

(4) Whether the application addresses one or more state objectives, as identified in the Consolidated Plan or the Annual Plan of the Consolidated Plan required by HUD. (150 points)

(c) Applications proposing programs shall be evaluated on these additional criteria:

(1) Capability to operate a HOME program, as demonstrated by the following: (up to 250 points).

(A) Performance of the applicant in meeting federal and State HOME requirements specified in this Section in previous State HOME contracts (up to 150 points). For this criterion only, all applicants initially will be credited with 150 points. Applications will then have points deducted for performance problems under previous State HOME contracts.

(i) Applicants who have in the last three contracts, from prior years as defined in the NOFA, not submitted required quarterly, annual, or project completion reports on time will lose up to 50 points; and

(ii) applicants who have not complied with monitoring and contractual requirements identified by the Department in the last 5 years as defined in the NOFA will lose up to 100 points.

(B) Prior experience of the applicant, as measured by implementation of HOME, and/or other local, State or federal affordable housing or community development programs during the most recent seven year period (up to 100 points):

(2) Community need based on one or more of the following factors: poverty level and overpayment for housing by low-income households by tenure (i.e., owner or renter), vacancy rates for housing in the jurisdiction by tenure, age of housing stock by tenure in the jurisdiction, numbers and percentages of substandard housing units, overcrowding of housing by tenure in the jurisdiction, and percentages of households that are below poverty level and who are overcrowded and living in substandard housing by tenure, as reflected in U.S. Census data; the numbers of low-income housing units at risk of conversion to market rate and those that actually have converted to market rate; and the ratio between the median home sales price and the median household income in the jurisdiction. The NOFA will identify the community need factors that apply to each activity and required source and who will be required to provide the source documentation. (up to 450 points)

(3) Feasibility of the program being applied for, as demonstrated by the degree to which the applicant's program guidelines reflect federal and State requirements, and the following: (up to 100 points)

(A) for first-time homebuyer programs, the number of units which have sold in the city or county over the preceding 12 month period at a price which is affordable, given the proposed HOME assistance, to lower income families;

(B) for rehabilitation of owner-occupied housing and rental housing programs, the number of overcrowded households by tenure and the age of the housing stock by tenure in the city or county, as reflected in U.S. Census data;

(C) for tenant-based rental assistance programs, the overpayment by lower-income renter households as reflected in U.S. Census data.

(d) Applications proposing projects will be evaluated on these additional criteria:

(1) Capability to develop a HOME-assisted project, as demonstrated by the following: (up to 450 points)

(A) Performance of the applicant, developer, owner, and managing general partner in meeting federal and State HOME requirements specified in this section in previous State HOME contracts; (up to 200 points). For this criterion only, all applications will initially will be credited with 200 points. Applications will then have points deducted for performance problems under previous State HOME contracts.

(i) applicants, developers, owners, and managing general partners who have in the most recent five-year period as defined in the NOFA, missed deadlines for projects specified in Section 8217 will lose up to 200 points; or applicants who have not submitted required monthly, quarterly program income, annual, or project completion reports on time will lose up to 50 points;

(ii) applicants, developers, owners, and managing general partners who have in the most recent five-year period as defined in the NOFA, made a material misrepresentation of any requirement or fact in an application, project report or other document submitted to the Department including but not limited to that which jeopardizes the Department's investment in a project or places the Department at risk of a monitoring finding will loose up to 200 points; and;

(iii) applicants, owners, and managing general partners who have not complied with monitoring requirements identified by the Department in the last five years will lose up to 100 points.

(B) Prior experience of the applicant, as measured by the implementation of HOME, and/or other local, State or federal affordable housing or community development projects during the most recent seven year period; (up to 50 points)

(C) Prior experience during the most recent five year period of the applicant, developer, owner, and managing general partner in developing the same type of subsidized project, in a manner consistent with the applicable funding source, as is proposed in the application. (up to 200 points)

(2) Community need based on one or more of the following factors: poverty level and overpayment for housing by low-income households and by tenure (i.e., owner or renter), vacancy rates for housing in the jurisdiction by tenure, age of housing stock by tenure in the jurisdiction, numbers and percentages of substandard housing units, overcrowding of housing by tenure in the jurisdiction, and percentages of households that are below poverty level and who are overcrowded and living in substandard housing by tenure, as reflected in U.S. Census data; the numbers of low-income housing units at risk of conversion to market rate and those that actually have converted to market rate and the ratio between the median home sales price and the median household income in the jurisdiction. The NOFA will identify the community need factors that apply to each activity and required source and who will be required to provide the source documentation. (up to 450 points)

(3) Feasibility of the project. For rental projects, feasibility will be as demonstrated by compliance with the Uniform Multifamily Regulations (commencing with Section 8300) and State and federal HOME requirements. For first-time homebuyer projects, the Department will evaluate the ability of the proposed project to meet State and federal HOME requirements. This will include but is not limited to an evaluation of the adequacy of the proposed development budget, the demonstrated market

for the project, including both the assisted units, and the non-assisted units, if any, and the affordability of the project, taking into account other available financing and HOME income requirements. Projects will also earn points based on having the greatest percent of assisted units. Point values for each factor will be identified in the NOFA. (up to 200 points)

(4) Readiness of the project, as demonstrated by the project development plan, status of local governmental approvals, design progress and financing commitments. Point values for each factor will be identified in the NOFA. (up to 300 points)

(5) Applications must receive at least 930 points in subsections (b) and (d) in order to be eligible for funding.

§ 8212.1. Allocation by Type of Activity and Rural Location.

(a) HOME funds will be divided into three separate allocations, one for rental projects, one for programs, and one for first-time homebuyer projects, with the percentage of each allocation based on the actual application demand expressed as a dollar amount requested in response to the initial NOFA of a funding cycle. However, under the initial NOFA, in no event shall the allocation for rental projects or the allocation for programs decline below 40 percent of the total funds available, and in no event shall the allocation for first-time homebuyer projects decline below 5 percent of the total funds available.

(b) If the minimum allocation is not fully subscribed for applications submitted under the initial NOFA, the remaining funds may be:

(i) transferred to another allocation;

(ii) made available under a subsequent NOFA; or

(iii) a combination of both (i) and (ii). Funds made available under a subsequent NOFA may be:

(A) made available on a first come-first served basis for a maximum of nine months from the application deadline under the initial NOFA, or

(B) for programs, may be divided equally among all eligible applicants requesting funds.

(c) In making its determination of how to allocate remaining funds pursuant to subsection (b), the Department shall, at a minimum, consider: (i) the amount of funds remaining; (ii) any remaining demands under a fully subscribed allocation; (iii) the potential future demand for program funds based on expenditure information on file with the Department; and (iv) the anticipated timing and amount of the initial NOFA for the next funding cycle.

(d) Rental projects will compete against rental projects, first-time homebuyer projects will compete against first-time homebuyer projects and programs will compete against programs.

(e) At least 50 percent of HOME funds awarded will be reserved for applicants qualifying for rural points, as stated in 8212(b)(3). However, if an insufficient number of applications that qualify for rural points are eligible for funding pursuant to 8212(c) and 8212(d)(5), the remaining rural funding reservation will be used to fund any non-rural applications that are eligible for funding.

HISTORY

1. New section filed 9-29-2003; operative 9-29-2003 pursuant to Government Code section 11343.4 (Register 2003, No. 40).

§ 8212.3. Deep Targeting Funds.

(a) For purposes of this section, the term "deep targeting funds" means additional funds awarded to rental projects to provide rents below the 50% of area median income rent level as set forth in the NOFA.

(b) In addition to the maximum award amount set forth in a NOFA, and subject to the provisions of this section, a NOFA may make deep target-

ing funds available for the purpose of reducing project rents through reduction or elimination of non-public agency debt that requires debt service payments.

(c) The NOFA shall establish the reduced rent levels required in order for a project to be eligible to receive deep targeting funds.

(d) As a result of the reduction in mandatory debt service, all rents shall be maintained at the area median income levels proposed in the HOME application for a minimum of 55 years pursuant to a HOME regulatory agreement or a regulatory agreement held by another government financing agency.

(e) The following projects shall not be eligible to receive deep targeting funds.

(i) Projects proposing to use nine percent Low Income Housing Tax Credits.

(ii) Rental rehabilitation projects that are not requesting HOME funds for acquisition.

(f) Deep targeting funds shall be allocated only to rental housing projects ranking high enough to be funded pursuant to 8212(b). If the demand for deep targeting funds exceeds the amount made available in the NOFA, projects will be rated and ranked for deep targeting funds as follows:

(i) The higher the percentage of HOME units restricted at or below the deep targeting rent levels set in the NOFA, the more points that will be awarded; and

(ii) The lower the average rent expressed as a percentage of area median income, the more points that will be awarded.

(iii) If a project requesting deep targeting funds does not score high enough on the deep targeting rating factors to receive deep targeting funds, the project will be evaluated pursuant to Section 8212(b) using the rents that are proposed at the regular maximum HOME loan amount, rather than the deep targeting HOME loan amount.

(g) Applicants requesting funds for deep targeting shall submit two sets of documents as requested in the application. One set of documents shall reflect rent levels and project financials if the project is funded at the regular maximum HOME funding level, and one set of documents shall reflect rent levels and project financials if the project is funded with deep targeting funds. Except for differences attributable to reduced non-public agency debt, the two project scenarios shall be the same. Although the project unit mix may change with deep targeting funds, the total number of units in the project shall not change. Among the HOME-assisted units, no more than four different rent levels expressed as a percentage of area median income shall be used for each bedroom size.

(h) In rating and ranking applications pursuant to subdivision (f), projects will only be compared to projects in counties with similar HOME median income limits as set forth in the NOFA. Initially, fifty percent of the available deep targeting funds shall be allocated to projects in counties with HOME income limits lower than the identified median income limit in the NOFA, and fifty-percent of the funds shall be awarded to projects in counties with HOME income limits higher than the identified median income limit in the NOFA. Unallocated funds from one group will be made available to the other group.

HISTORY

1. New section filed 12-10-2007; operative 12-10-2007 pursuant to Government Code section 11343.4 (Register 2007, No. 50).

§ 8213. Conditional Reservation of Funds.

(a) The Department will rate, rank and issue conditional reservations of funds for applications based on its review of all of the eligible activities for which funds are requested in the application. Rating scores for each of the factors set forth in Section 8212(b), (c) and (d) will be totaled by the Department. Those project applications which receive the minimum required number of points, as specified in 8212(d), and all eligible program applications will receive conditional reservations in the order in which they are ranked within their respective allocations pursuant to 8212.1 with the higher point score funded first. Those applications which are to be funded wholly from any set-aside, because all proposed activities are eligible to qualify as set-aside activities, shall be funded first based on their score within their respective allocations. Once the set-aside has been achieved, all remaining applications will be funded based on their score relative to all other remaining applications in their respective allocations.

(b) In the case of a tied score, the application demonstrating the highest poverty level shall receive the higher ranking.

(c) In the event there are insufficient funds to fund an applicant's whole program, the applicant may be offered the amount of funds available, provided it is sufficient to complete a portion of the application which, if evaluated separately, would have been awarded funds.

(d) Applications shall be funded subject to the availability of funds.

Article 4. Program Operations

§ 8214. Legal Documents.

(a) Standard Agreement

(1) The written document required by 24 CFR Section 92.504 shall be a contract known as a standard agreement. The Department shall enter into a standard agreement with each State Recipient and CHDO once the State Recipient and CHDO have demonstrated compliance with the requirements in their award letter.

(2) This standard agreement shall reserve monies from the HOME fund in an amount approved for funding by the Department pursuant to Section 8213.

(3) The standard agreement shall require compliance with those provisions of 24 CFR part 92 which are applicable to State Recipients and CHDOs and with this subchapter.

(4) The standard agreement shall include all the items specified in 24 CFR Section 92.504 and the following provisions:

(A) the granting and cancellation of HOME funds to the State Recipient or CHDO;

(B) State Recipient and CHDO responsibilities for local HOME program operation, including time frames and milestones as set forth in the application;

(C) reporting requirements, including performance reports, pursuant to Section 8216 and the recordkeeping requirements as necessary to ensure compliance with 24 CFR Sections 92.508 and 92.509;

(D) requirements related to ensuring that the HOME assistance to the project is not more than is necessary to provide affordable housing;

(E) project set-up and fund disbursement requirements, including provision of evidence that projects are ready to be set up and provisions for receipt, use, and accounting of HOME funds pursuant to Sections 8215 and 8217;

(F) provisions for securing loans and grants pursuant to subdivision (b);

(G) the actions to be taken to mitigate environmental effects in accordance with the requirements set forth in 24 CFR Section 92.352;

(H) requirements that the State Recipient or CHDO shall not discriminate or permit discrimination on the basis of race, color, religion, ancestry, sex, age, national origin, marital status, and mental or physical handicap, in accordance with state law and shall comply with the federal requirements as set forth in 24 CFR Sections 92.350 and 92.351;

(I) requirements that prior to the issuance of a state designation number which is necessary to access the federal disbursement and information system, the State Recipient or CHDO shall comply with the requirements of 24 CFR Sections 92.500 and 92.502;

(J) remedies available to the Department in the event of a violation, breach, or default of the standard agreement, including repayment of all costs of enforcement;

(K) requirements that the State Recipient or CHDO permit the Department, HUD or their designated agents and employees the right to inspect the project or projects and all books, records, and documents maintained by the State Recipient or CHDO in connection with the local HOME program;

(L) requirements that the State Recipient or CHDO submit audits pursuant to 24 CFR Section 92.506;

(M) any other terms and conditions as required by local, state, or federal law, which are necessary to ensure compliance with the requirements of the Act.

(b) Security and Regulatory Documents

(1) Except when the State Recipient will be retaining funds in a local account, all loans shall be evidenced by a promissory note payable to the Department in the principal amount of the loan and stating terms consistent with the requirements of HOME. The promissory note shall be secured by a deed of trust naming the Department as beneficiary, or by other security acceptable to the Department. Such security shall be executed prior to the disbursement of funds.

(2) If the State Recipient will be retaining funds in a local account, all loans shall be evidenced by a promissory note payable to the State Recipient in the principal amount of the loan. The promissory note shall be secured by a deed of trust naming the State Recipient as the beneficiary. All loans made to State Recipients by the Department for use on projects which the State Recipient owns shall be evidenced by a promissory note payable to the Department in accordance with subsection (b)(1).

(3) The Department or State Recipient shall ensure that restrictions are recorded or imposed against the project to ensure affordability requirements pursuant to Section 8208.

1. New section filed 7-2-92 as an emergency; operative 7-2-92 (Register 92, No. 28). A Certificate of Compliance must be transmitted to OAL 10-30-92 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 10-23-92 as an emergency; operative 10-30-92 (Register 92, No. 43). A Certificate of Compliance must be transmitted to OAL 2-23-93 or emergency language will be repealed by operation of law on the following day.
3. New section refiled 3-2-93 as an emergency; operative 3-2-93 (Register 93, No. 10). A Certificate of Compliance must be transmitted to OAL 6-30-93 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 3-2-93 order including renumbering and amendment of former section 8215 to section 8216 with amendment of NOTE and renumbering of former section 8216 to section 8217 transmitted to OAL 5-26-93 and filed 7-7-93 (Register 93, No. 28).
5. Renumbering of former section 8214 to new section 8212, and renumbering of former section 8216 to new section 8214, including amendment of section and NOTE filed 3-14-97; operative 3-14-97 pursuant to Government Code section 11343.4(d) (Register 97, No. 11).
6. Amendment of subsection (a)(4)(L), new subsection (a)(4)(M) and subsection relettering filed 1-22-2001; operative 1-22-2001 pursuant to Government Code section 11343.4(e) (Register 2001, No. 4).
7. Amendment filed 9-9-2004; operative 9-9-2004 pursuant to Government Code section 11343.4 (Register 2004, No. 37).

§ 8215. Project Set-Up and Disbursement of Funds.

(a) Upon notification from the State Recipient or CHDO that it is ready to set up each project in the federal disbursement and information system:

(1) The State Recipient or CHDO shall submit to the Department the project set-up report required by 24 CFR Section 92.502(b) prior to the first disbursement request.

(2) The Department shall verify that the project is in compliance with the applicable conditions contained in the standard agreement.

(3) Upon verification of subsections (a)(1) and (a)(2), the Department shall set up the project with HUD in the federal disbursement and information system.

(b) HOME funds shall be drawn down by electronic fund transfer from the HOME fund for a project that has been set up pursuant to subsection (a).

(1) The Department shall make telephonic requests for disbursement directly to the federal disbursement and information system after receipt of a certification of the payment request. The original certification shall remain in the permanent project file.

(2) The Department shall withhold disbursements in the event the State Recipient or CHDO fails to comply with the terms of the standard agreement, these regulations and/or the requirements of 24 CFR part 92.

(c) Funds drawn from the HOME fund shall be expended for eligible costs within 15 days.

(1) Interest earned on HOME funds drawn from the federal disbursement and information system and remaining in the local account no more than 15 days shall be retained in the local account and used for eligible HOME costs.

(2) Unused funds, including interest earned on funds beyond the 15 days, shall be returned to the Department to be returned to the federal disbursement and information system.

(d) All HOME funds in the local account shall be disbursed in accordance with 24 CFR Section 92.502(c)(3).

(e) Within 60 days of receipt of the final drawdown request for a project, the State Recipient or CHDO shall provide to the Department the project completion report required by 24 CFR Section 92.502(e). If the State Recipient or CHDO does not comply with this requirement within the 60-day time period, the Department shall suspend further project set-ups or disbursements for the State Recipient or CHDO until a project completion report is received and accepted by the federal disbursement and information system.

§ 8216. Reporting and Recordkeeping.

(a) Reporting Requirements

(1) Upon execution of the standard agreement required by Section 8214, and no later than 10 days following the last day of the month, recipients of project funds shall submit a monthly status report and, for projects currently under construction, a monthly labor compliance certification. The State Recipient or CHDO shall continue to submit the monthly status report until the final project completion report is accepted in the federal disbursement and information system. The monthly status report shall include the following:

(A) information to determine the progress of efforts to comply with environmental and labor standards requirements;

(B) information to determine the progress of efforts to obtain all necessary project financing;

(C) information to determine the progress of efforts to obtain required local government approvals for the project;

(D) information to determine whether there have been any changes in project site control;

(E) information to determine the timeline for completion of the project;

(F) current contact information for individuals or firms overseeing the development of the project.

(2) Upon execution of the standard agreement and, at a minimum, no later than 30 days after the end of each calendar quarter until the final project completion report is accepted in the federal disbursement and information system, State Recipients and CHDOs with HOME funds for program activities shall submit to the Department a performance report which shall include the following information:

(A) activities undertake to implement the local program and to meet milestones contained in the standard agreement;

(B) anticipated activities in the next quarter to implement the local program and to meet milestones contained in the standard agreement;

(C) problems in implementing the program or complaints received during the reporting period and actions taken to resolve such problems and complaints;

(D) financial information related to expenditures of HOME funds and activity in the local account;

(E) any additional information which may be requested by the Department to ensure compliance with federal requirements.

(3) State Recipients, CHDOs, or other borrowers shall submit to the Department an annual performance report. The annual performance report shall cover the period from July 1 to June 30 and shall be submitted on July 1 of each year and not later than July 31 of each year pursuant to Section 8214(a)(4)(C). The report shall include information and documentation which is necessary to meet record keeping and reporting requirements pursuant to 24 CFR Section 92.508(b).

(b) Fiscal and Programmatic Requirements

(1) State Recipients and CHDOs shall maintain records as described in 24 CFR Sections 92.508(a)(2), (a)(3), (a)(5), and (a)(6). These records shall be retained for the periods of time specified in 24 CFR Section 92.508(c). State Recipients and CHDOs shall make all program records available to the Department for inspection and review and shall provide all program records to the Department upon request.

(2) At any time during the operation of the local HOME program, the Department may perform or cause to be performed a financial audit pursuant to 24 CFR Section 92.506 of any and all phases of program operations. At the Department's request, the State Recipient or CHDO or other borrower shall provide, at its own expense, a financial audit prepared by a certified public accountant.

§ 8217. Project Deadlines.

(a) For purposes of this section, the following terms have the following meanings:

(1) "Contract" means the standard agreement required by section 8214. The contract shall designate each activity listed therein as either a "project" or a "program".

(2) "Contractor" means a CHDO or State Recipient that has executed a contract with the Department.

(3) "Expenditure" means the Department has received a valid disbursement request for the funds.

(4) "Performance points" means those points made available pursuant to Section 8212(d)(1)(A).

(5) "Project" means an activity for which, at the time of application, there is an identified site and an identified borrower. No substitution of sites shall be permitted after the submission of an application to the Department.

(6) "Program" means an activity for which, at the time of application, there is no identified site or no identified borrower.

(b) Project Deadlines

(1) All projects shall meet the following deadlines:

(A) the State Recipient or CHDO shall obtain all necessary permanent project financing, including the permanent financing for the required period of affordability within 12 months of the date of the award letter;

(B) all projects shall be set up in the federal disbursement and information system no later than 17 months after the date of the award letter;

(C) all construction loan closings shall occur no later than 20 months after the date of the award letter, with the exception of self–help projects, for which construction loan closings must occur no later than 23 months after the date of the award letter. Construction loan closing is defined as the recordation of all construction financing loan documents, including, as applicable, the HOME deed of trust and HOME regulatory agreement;

(D) all projects shall be completed within 36 months of the date of the award letter, as evidenced by the filing of a Notice of Completion; and

(E) all expenditures shall be made within 40 months of the date of the award letter.

(2) If a project fails to meet one or more of these timeframes outlined in (1) above, the next application for a project involving the applicant, developer, owner or managing general partner submitted in response to a NOFA having an application deadline after the missed project deadline/s shall receive a performance penalty pursuant to section 8212(d)(1)(A).

(3) If a project fails to meet three (3) of the timeframes outlined in (1) above the contractor shall be:

(A) ineligible to apply for a project in any NOFA having an application deadline following the third missed deadline until the project is completed, occupancy is obtained and all expenditures are made and all necessary HOME funds are drawn; and

(B) the next application for a project involving the applicant, developer, owner, or managing general partner shall receive a performance penalty.

(c) An exception to the project requirements of this section may be requested and provided at the Department's sole discretion when it is determined that violation was clearly outside of the control of the applicant, developer, owner or managing general partner. This provision does not apply to Subsection 8217(b)(3)(A).

§ 8218. Cancellation and Termination.

(a) Funding allocations to state recipients and CHDOs shall be canceled or reduced and standard agreements shall be terminated or amended by the department under any one of the following conditions:

(1) State recipients or CHDOs are not in compliance with the requirements of HOME or the standard agreement;

(2) implementation of the local HOME program is not in compliance with the time frames and goals stated in the state recipient's or CHDO's application and standard agreement;

(3) special conditions for funding as stated in the standard agreement have not been fulfilled; or

(4) the department has been notified by HUD of a reduction in or elimination of the department's allocation of HOME funds.

(b) At least fourteen days prior to the effective date of the termination or amendment of a standard agreement, the department shall provide written notice to state recipients and CHDOs of its intent to cancel or amend the funding allocation.

(c) Upon notification by the department that the funding allocation is canceled or reduced and the standard agreement is terminated or amended, the state recipient or CHDO shall:

(1) complete all work affected by the cancellation or reduction that is in progress; and

(2) terminate any other activities that were to be paid for with HOME funds.

(d) After all required repayments have been returned to C/MI, any funds remaining in the state recipient's local account shall be made available in accordance with section 8210(g) of this subchapter.

Subchapter 18. Child Care Facilities Financing Program

Article 1. General

§ 8250. Purpose and Scope.

(a) As part of the Thompson-Maddy-Ducheny-Ashburn Welfare-to-Work Act of 1997, (Ch. 270, stats. of 1997, codified at Education Code sections 8277.5 and 8277.6), the Legislature established the Child Care and Development Facilities Loan Guaranty Fund (hereafter, the "Loan Guaranty Fund") and the Child Care and Development Facilities Direct Loan Fund (hereafter, the "Direct Loan Fund") (combined, the "Funds"), and mandated that the Department of Housing and Community Development (the "department") administer the Funds, and establish regulations for implementing and managing the Funds.

(b) The purpose of this subchapter is to implement, interpret, and make specific the legislative provisions establishing and governing the Loan Guaranty Fund and the Direct Loan Fund as set forth in Education Code Part 6, Chapter 2, Article 12, sections 8277.5 and 8277.6 (the "statutes"). These regulations shall be referred to as the "Child Care Facilities Financing Program," or "CCFFP."

(c) This subchapter makes child care facility assistance available through three programs: (1) a program, to be administered by the department or a department contractor, to guaranty loans; (2) a direct loan program which may be administered directly by the department or through a department contractor; and (3) a microenterprise assistance program whereby the department will make assistance available to local microenterprises to assist eligible family child care homes serving more than six (6) children.

1. New subchapter 18, article 1 (sections 8250–8251) and section filed 4–16–99 as an emergency; operative 4–16–99 (Register 99, No. 16). A Certificate of Compliance must be transmitted to OAL by 10–13–99 pursuant to Education Code section 8277.6 or emergency language will be repealed by operation of law on the following day.
2. New subchapter 18, article 1 (sections 8250–8251) and section refiled 10–1–99 as an emergency; operative 10–13–99 (Register 99, No. 40). A Certificate of Compliance must be transmitted to OAL by 2–10–2000 or emergency language will be repealed by operation of law on the following day.
3. Repeal of subchapter 18 (articles 1–5, sections 8250–8273), article 1 (sections 8250–8251) and section by operation of Government Code section 11346.1(g) (Register 2000, No. 9).
4. New subchapter 18 (articles 1–5, sections 8250–8273), article 1 (sections 8250–8251) and section filed 2–2–2001; operative 2–2–2001 pursuant to Government Code section 11343.4(c) (Register 2001, No. 5).

§ 8251. Definitions.

Unless otherwise indicated by the context, the following definitions shall apply to this subchapter.

(a) "Amortized" or "amortized loan" means a loan which shall be repaid in regular payments of principal and interest sufficient to pay off the loan at maturity.

(b) "Applicant" means an entity applying for a guaranty, a direct loan, or microenterprise assistance.

(c) "Application" means the information provided by a borrower applying for a guaranty, a direct loan, or microenterprise assistance.

(d) "Borrower" means an applicant who has received a guaranty, a direct loan, or microenterprise assistance, but does not include an "intermediary."

(e) "Child care and development facility" means any residence or building or part thereof in which child care and development services are provided.

(f) "Child care and development services" means those services designed to meet a wide variety of needs of children and their families, while their parents or guardians are working, in training, seeking employment, incapacitated, or in need of respite. These services may include direct care and supervision, instructional activities, resource and referral programs, and alternative payment arrangements.

(g) "Collateral" means real or personal property pledged by a borrower, guarantor or intermediary as security for repayment of a direct loan, microenterprise, guarantied loan or intermediary loan.

(h) "Collection guaranty" means a guaranty of a specified percentage of net loan principal and up to 120 days of interest at the same percentage. "Net loan principal" means the amount of loan principal remaining outstanding after the lender has fully complied with the collection procedures described in sections 8261 and 8262 of this subchapter.

(i) "Community Care Licensing Division" means the same as "licensing agency" which means the State Department of Social Services, or its contractor.

(j) "Contractor" means a public or private entity under contract to the department or the department's contractor for the purpose of administering loan guaranties, direct loans or microenterprise.

(k) "Creditworthy" means that with the loan, the borrower will have the ability to, for the reasonably foreseeable future, remain a going concern, and repay the loan on the agreed to terms.

(l) "Default" means: (1) either a delinquency, or a nonmonetary breach of the lender's loan documents, or (2) that the borrower is in bankruptcy.

(m) "Delinquency" means the failure of the borrower to make any payment when due, pursuant to the terms of the promissory note.

(n) "Demand" means a request for payment of all outstanding loan principal and interest, and other fees due, on a guarantied loan, direct loan, or microenterprise assistance.

(o) "Demand letter" means a letter containing a demand for payment delivered pursuant to section 8261 of this subchapter.

(p) "Department" means the California Department of Housing and Community Development.

(q) "Direct loan" means a loan made to an applicant by the department or its contractor in a principal amount of not less than $25,000.

(r) "Direct Loan Fund" means the Child Care and Development Facilities Direct Loan Fund established by subdivision (b) of Education Code section 8277.5.

(s) "Direct loan program" refers, collectively, to those provisions of the statutes and this subchapter relating to the making of loans using funds from the Direct Loan Fund.

(t) "Environmental survey" means an assessment to be completed by the applicant, or other individuals familiar with the project, which will give the lender an indication of the possible risks from any hazardous substance that may be encountered relative to the project. "Hazardous substance," for the purpose of this subchapter shall have the same meaning as set forth in paragraph (2) of subdivision (e) of section 2929.5 of the Civil Code.

(u) "Facility" means the same thing as "child care and development facility."

(v) "Family child care home" means a facility which is a residence at which child care and development services are provided for more than six (6) children.

(w) "Guaranty" means a written agreement between a lender and another entity whereby the entity agrees to pay the lender a percentage of a loan if the borrower for that loan fails to perform. Every guaranty shall be either a "collection guaranty" or a "loan guaranty."

(x) "Guarantied loan" means a loan made by a lender to a borrower for which a guaranty has been issued pursuant to this subchapter.

(y) "Improvement" means a physical change to real property which increases its utility to the owner for the provision of child care and development services.

(z) "Intermediary" means an entity selected by the department to receive a loan from the Microenterprise Set Aside and which awards microenterprise assistance to ultimate recipients and monitors and services that assistance.

(aa) "Intermediary loan" means a loan from the department from the Microenterprise Set Aside to an Intermediary to operate a micrenterprise relending program.

(bb) "Lender" means a banking organization, including banks and trust companies and state chartered commercial banks, savings and loan associations, credit unions, state insurance companies, mutual insurance companies, retirement and insurance companies, and other lending entities authorized to conduct business in California, and includes the department or its contractor for direct loans made pursuant to this Subchapter.

(cc) "Lender certification" means a written statement by a lender certifying that: (1) the loan being guarantied would not be made without the guaranty; and (2) the lender will not charge loan fees or charges other than those charged for similar loans.

(dd) "License" means the license required by Health and Safety Code section 1596.80 to operate a child day care facility (as defined by Health and Safety Code section 1596.750) and issued by the Community Care Licensing Division of the State Department of Social Services, or its contractor.

(ee) "Licensed child care and development facility" means a facility operating under a valid license.

(ff) "Loan" means a direct loan made to a borrower by the department or its contractor, a microenterprise assistance loan made to a borrower by an intermediary, or a loan made to a borrower by a lender and guarantied by the department or its contractor, and which loan has been made or guarantied pursuant to this subchapter.

(gg) "Loan Agreement" means an agreement for a loan entered into between a lender and a borrower.

(hh) "Loan Guaranty" means a guaranty of a specified percentage of loan principal and up to one hundred twenty (120) days interest at the same percentage as specified in the underlying guaranty.

(ii) "Loan Guaranty Fund" means the Child Care and Development Facilities Loan Guaranty Fund established by subdivision (b) of section 8277.5 of the Education Code.

(jj) "Guaranty program" collectively refers to those provisions in the statutes and this subchapter relating to the making of guaranties backed by funds from the Loan Guaranty Fund.

(kk) "Lower Income" means the same thing as "income eligible" as set forth in Section 8263.1 of the California Education Code.

(ll) "Microenterprise business" means a business with five or fewer employees, including the owner.

(mm) "Microenterprise assistance loan" means a loan of not more than $24,999 and made by an intermediary to an ultimate recipient.

(nn) "Microenterprise Assistance program" means the program set forth in Article 5 of this subchapter.

(oo) "Microenterprise Assistance Set Aside" means the funds set aside by the department from the Direct Loan Fund for the purpose of the Microenterprise Assistance program.

(pp) "Note" or "promissory note" means a promise in writing and executed by a borrower to pay a specified amount during a limited time or on demand.

(qq) "Program assistance" means a direct loan, a guaranteed loan, or assistance provided through the Microenterprise Assistance Program to an ultimate recipient.

(rr) "Project" means the activity for which the loan is being requested.

(ss) "Rural area" or "rural community" means any area or community located in a county with fewer than 400 residents per square mile as determined from the most recent decennial census.

(tt) "Security" means the same thing as "collateral."

(uu) "Statutes" means Education Code sections 8277.5 and 8277.6.

§ 8254. Eligible Project and Program Priorities.

(a) To be eligible to receive program assistance, the proposed project shall create new child care and development capacity, or preserve capacity that would otherwise be lost without the program assistance.

(b) To be eligible to receive program assistance, the proposed project or applicant must also meet one of the following program priorities:

(1) More than fifty percent (50%) of the capacity being created or preserved shall be for any combination of:

(A) Infant care for children from birth to three (3) years of age;

(B) After school care for children from five (5) to fourteen (14) years of age;

(C) Non–traditional operating hours care (e.g. during evenings and weekends);

(D) Serve special needs children. "Special needs" means children with professionally diagnosed disabilities which may include physical, mental, and/or medical impairments; or

(2) The applicant currently operates a facility on or adjacent to a public school, the facility has lost capacity at the school as a result of the class size reduction program, and the proposed project will replace the lost capacity; or

(3) The applicant is currently under contract with the California Department of Education to administer state and federally–funded child care and development programs; or

(4) More than fifty percent (50%) of the capacity that will be created or preserved by the proposed project will serve children from "Welfare–to–Work" families or other lower income families.

(c) Thirty percent (30%) of the funds made available from the Loan Guaranty Fund for purposes of guarantying loans, and thirty–percent (30%) of the funds made available from the Direct Loan Fund for purposes of making direct loans shall be reserved and made available only for projects located in rural areas (respectively, the "Loan Guaranty Rural Set Aside" and the "Direct Loan Rural Set Aside"). On or after June 30 of each year, commencing with the year 2001, the department shall assess the amount of qualified applications for eligible projects located in rural areas receiving funds from each of the Loan Guaranty Rural Set Aside and Direct Loan Rural Set Aside (individually, a "rural set aside"). If the amount of qualified applications from rural providers is insufficient to utilize all of the available funds in a rural set aside, the department may make the excess funds in that set aside available to other qualified applications for eligible projects located in either rural or urban areas.

§ 8255. Eligible Use of Funds.

(a) Program assistance shall only be used for the following purposes: purchase, development, construction, expansion, acquisition or improvement of child care and development facilities that are, or will be, licensed; related equipment and fixtures; and may be used to refinance existing loans as provided in subsection (b).

(1) Loan proceeds used for improvements shall only be used to fund improvements necessary for any of the following purposes:

(A) to obtain, maintain, renew, expand, or revise a child care license;

(B) to make necessary health and safety improvements;

(C) to make seismic improvements;

(D) to provide access for disabled children.

(E) to expand or preserve existing child care operations

(2) Loan proceeds to a family child care home serving more than six (6) children shall not be used to purchase a home or any real property.

(b) The amount of program assistance used to refinance existing loans shall not exceed fifty percent (50%) of the total amount of the guarantied loan, direct loan, or microenterprise assistance. Repayment of an existing loan made for the purpose of purchasing, developing, constructing, expanding, acquiring, or improving a child care and development facility shall not be considered refinancing if the term of the existing loan does not exceed 24 months.

(c) Program assistance shall not be used for working capital, supplies, or inventory.

(d) Program assistance may be used to pay loan fees and points, other than an application fee.

§ 8259. Guaranty Application Processing.

The department or its contractor shall review and process a guaranty application in accordance with the following procedures:

(a) Within thirty (30) working days of receipt of an application for a guaranty, the department or its contractor shall review the application and provide the applicant with written notice as to whether the applicant and proposed project are eligible to receive a guaranty, and whether the application is sufficiently complete to allow further processing. If the applicant or project is ineligible, or if the application is incomplete, the notice shall specify the steps, if any, the applicant may take to correct the identified deficiencies.

(b) Within sixty (60) days of the mailing of notification that an application is eligible for further processing, the department or its contractor shall notify the applicant in writing of the department's or contractor's approval or denial of the guaranty request. If the decision is to approve the application, the applicant shall be notified of any conditions placed on the approval, and the department or its contractor shall issue a commitment to guaranty, and an executed guaranty to the lender. If the decision is to deny the application, the applicant shall be informed of the reasons for the denial.

4. New section filed 2–2–2001; operative 2–2–2001 pursuant to Government Code section 11343.4(c) (Register 2001, No. 5).

§ 8260. General Terms and Conditions of Guaranties.

In addition to the terms and conditions set forth in Article 2 of this subchapter, loan guaranties shall also be subject to all of the following terms and conditions:

(a) A single guaranty shall not exceed eighty percent (80%) of the principal and interest due and owing on a loan for eligible project costs, and the total amount of all outstanding loan guaranties for any one borrower shall not exceed two million dollars ($2,000,000).

(b) The term of the guaranty shall be the lesser of twenty (20) years or the term of the loan, and shall be subject to termination conditions described in subsection 8263.

(c) The guaranty shall contain a requirement that the maximum amount of interest to be paid is one hundred twenty (120) days at the guarantied percentage, after the lender receives the notice defined in section 8263(d).

(d) The guaranty shall contain a statement that the lender send to the department, or its contractor executing the guaranty, a copy of all delinquency notices tendered to the borrower.

(e) The guaranty shall contain a description of the procedures and the responsibilities of the lender and the department or its contractor subsequent to default, including information on whether the guaranty is a loan guaranty or a collection guaranty.

(f) The guaranty shall contain section 8261 demand procedures.

(g) The guaranty shall contain an acknowledgment by the lender that in the event of a demand, the lender will allow a representative of the Department of Financial Institutions, or other auditor selected by the department or its contractor, to examine the lender's loan files.

(h) The guaranty shall contain an agreement to abide by binding arbitration by the American Arbitration Association in the event that the department or its contractor denies the requested demand pursuant to section 8261 or 8262, or the amount paid to the lender is less than the amount contained in the demand letter.

(i) The guaranty shall acknowledge that the full faith and credit of the State of California is not, and shall not be, pledged to the Loan Guaranty Fund; and the State of California is not, and shall not be, liable for loan defaults that exceed the balance of funds on deposit in the Loan Guaranty Fund.

(j) If the department utilizes a contractor to administer the guaranty, the guaranty authorizes the contractor to charge a guaranty applicant an application fee not to exceed two hundred fifty dollars ($250.00) and a guaranty fee not to exceed two percent (2%) of the principal amount guarantied.

(k) The department or its contractor shall approve a guaranty application and issue a guaranty if it finds that all of the following conditions have been met:

(1) The aggregate amount of all outstanding guaranties, plus the amount of the requested guaranty, will not exceed four (4) times the current balance in the Loan Guaranty Fund;

(2) The applicant is eligible pursuant to this subchapter;

(3) The use of the proceeds of the loan being guarantied is eligible pursuant to this subchapter;

(4) The project is in accordance with the threshold and priority criteria set forth in section 8254;

(5) Not more than fifty percent (50%) of the loan proceeds shall be used to refinance existing loans;

(6) Repayment of the loan is secured by reasonably available collateral which may include, but shall not be limited to, a deed of trust on the property assisted with the guarantied loan and the personal guaranties of any shareholders or partners;

(7) There is no probability that the loan being guarantied would be made by the lender under reasonable terms or conditions without the guaranty, and the applicant has demonstrated a reasonable prospect of repayment of the guarantied loan;

(8) The application includes a lender certification;

(9) The lender's loan documents contain an agreement by the borrower to maintain a current, valid child care license for the facility during the term of the guarantied loan;

(10) The lender's loan documents contain an agreement by the borrower to provide child care and development services at the facility for which the loan was made, for the lesser of twenty (20) years or the term of the guarantied loan, unless the borrower is a family child care provider temporarily ceasing providing child care and development services and complying with section 8260(k)(11);

(11) The lender's loan documents require that the borrower shall notify the lender and the department or its contractor within fourteen (14) calendar days of the cessation of child care and development services in the facility for which the guarantied loan was made ("cessation notice");

(12) In the case of a family child care provider borrower that ceases to provide services but retains its license and intends to resume services, the cessation notice shall also include: (i) the reasons for the interruption in services; and (ii) a date for resuming services. The borrower may amend the resumption of services date declared in the cessation notice by submitting an amended cessation notice to the lender and the department or its contractor. The lender's loan documents shall also contain a requirement that any cessation of services exceeding three years from the date of the initial cessation notice shall constitute a default of the loan;

(13) The lender's loan documents contain a provision that, with the exception of a family child care provider temporarily ceasing to provide services in compliance with section 8260(k)(11), failure by the borrower to continue operation of the licensed facility assisted with the guaranty for child care and development shall constitute a default or breach under the lender's loan documents;

(14) The lender has complied with all material conditions contained in the guaranty, including perfecting its security interest in all collateral, and the lender has not engaged, and will not engage, in fraudulent or grossly negligent practices in connection with the borrower, guaranty, the loan or the loan agreement; and

(15) The department's contractor, if any, is also not the lender.

HISTORY

1. New section filed 4–16–99 as an emergency; operative 4–16–99 (Register 99, No. 16). A Certificate of Compliance must be transmitted to OAL by 10–13–99 pursuant to Education Code section 8277.6 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 10–1–99 as an emergency; operative 10–13–99 (Register 99, No. 40). A Certificate of Compliance must be transmitted to OAL by 2–10–2000 or emergency language will be repealed by operation of law on the following day.
3. Repealed by operation of Government Code section 11346.1(g) (Register 2000, No. 9).
4. New section filed 2–2–2001; operative 2–2–2001 pursuant to Government Code section 11343.4(c) (Register 2001, No. 5).

§ 8261. Demand Procedures for Guarantees.

(a) The lender may make a demand upon the department or its contractor for repayment of the unpaid loan principal and interest pursuant to the terms of the guaranty by delivering a demand letter requesting immediate payment of the guarantied portion of loan interest and principal to the department or its contractor. The demand letter shall include proof that the borrower is in default and that the lender has delivered to both the borrower and the department or its contractor the following written notices:

(1) In the case of a monetary default, a minimum of two (2) notices subsequent to the delinquency upon which the default is based, at least thirty (30) days apart, explaining the consequences of failure to remedy the delinquency; or

(2) In the case of a non–monetary breach of the loan documents, a minimum of two (2) notices of the breach, at least thirty (30) days apart, explaining the consequences of failure to remedy the breach; and

(3) Notwithstanding the above provisions of this subsection, the lender shall not be required to deliver any notice of a monetary default or non-monetary breach subsequent to a borrower's filing for bankruptcy.

(b) Within five (5) working days of receipt of a demand letter, the department or its contractor shall contract with the Department of Financial Institutions or an independent auditor to conduct an investigation to determine whether the lender has complied with the terms of the guaranty, and to issue a report to the department and its contractor, if any. The investigation shall address each of the following questions or topics:

(1) Is the loan agreement between the borrower and the lender consistent with the terms and conditions of the guaranty?

(2) Has a security interest in all collateral for the loan and guaranty been perfected and maintained? Is all collateral available for assignment to the department or its contractor in the event that payment is made upon the demand? Is any collateral not available as a result of lender's negligence, breach of contract, foreclosure or other cause? Fully describe the circumstances and reasons that any collateral is unavailable due to any of these causes.

(3) If the guaranty is a collection guaranty, has the lender complied with the collection requirements for collection guaranties set forth in section 8262?

(4) What is the borrower's current outstanding principal balance and accrued interest?

(5) Has the lender complied with the procedures for making a demand set forth in this section?

(6) In a section entitled "Loan Information," the report shall include the following information obtained solely from a review of lender files: a description of the borrower's business, a description of the collateral for the loan, and a discussion as to whether the lender files contain any reference to matters material to borrower's compliance with any child care laws or regulations.

(7) In a section entitled "Loan History," the report shall include a summary of the borrower's loan history, including the lender receipt of notice date as referenced in section 8263(d), and the dates of the notices to the borrower referenced in section 8261(a).

(c) Within fifteen (15) calendar days from the date the department or its contractor receives a complete report from the Department of Financial Institutions or an independent auditor, the department or its contractor shall do one of the following:

(1) Deliver or cause to be delivered to the lender a check in an amount not to exceed the amount contained in the demand letter, made payable to the lender; or

(2) Deliver or cause to be delivered to the lender a denial of the request for payment based upon fraud or gross negligence on the part of the lender known to the department or its contractor.

(d) The amount paid to the lender pursuant to a demand letter shall be less than the amount contained in the demand letter only under the following circumstances:

(1) The demand contains an incorrect calculation of the amount owing; or

(2) The amount owing on the loan has been reduced by subsequent payments from the borrower or lender; or

(3) The lender has engaged in fraudulent activities pertaining to the loan.

(e) Prior to or simultaneously with the delivery of a check to a lender, the department or its contractor shall obtain an assignment by the lender of the lender's interest in the loan. The assignment shall include the loan promissory note, loan agreement (if any), and all collateral, except as provided in the Collection Requirements for Collection Guaranties section (section 8262).

(f) Demand must be made upon the department or its contractor no later than noon on the thirty-first (31st) calendar day following the date on which the guaranty terminates; provided, however, that if the thirty-first (31st) day is not a day upon which the department or its contractor is open for business, the last day for making a demand shall occur on the next succeeding day upon which the department or its contractor is open for business.

§ 8262. Collection Requirements for Collection Guaranties.

(a) A lender shall not be authorized to file a demand for a collection guaranty unless it has complied with this section, and demand procedures contained in section 8261.

(b) The lender must liquidate all collateral, but shall not be required to file a lawsuit against any borrower or guarantor. "Liquidate" as used in this subsection (b) means that the lender has exhausted all collateral by one or more of the following methods:

(1) Converted the collateral to cash; or

(2) Demonstrated, to the satisfaction of the department or its contractor that the collateral is without sufficient value to convert to cash; or

(3) Demonstrated that the borrower has filed for bankruptcy.

§ 8263. Termination of Guaranty.

(a) A guaranty shall terminate upon full repayment of the guarantied loan.

(b) Except for a guaranty of a loan made to a family child care provider who has submitted a cessation notice declaring the intent to resume child care and development services in accordance with section 8260(k)(11), a guaranty shall terminate one hundred twenty (120) days from the lender's receipt of notice that the borrower has either ceased making payments or providing child care and development services in the facility for which the guarantied loan was made, or both, unless the lender has served the borrower with a written notice of default prior to the end of the one hundred twenty (120) day period.

(c) In the event a family child care provider has ceased to provide child care and development services but has retained its license and has notified the lender and department or its contractor of its intent to resume providing child care and development services in accordance with section 8260(k)(11), the guaranty shall terminate one hundred twenty (120) days from the resumption of services date declared in the cessation notice, or any amended resumption of services date declared in an amended cessation notice unless: (1) the lender receives a written statement from the provider made under penalty of perjury stating that the provider has a current license and has resumed providing child care and development services; or (2) the lender has served the borrower with a written notice of default prior to the end of the hundred twenty (120) day period after the resumption of services date, or any amended resumption of services date.

(d) "Receipt of notice" for purposes of this section means: (1) the lender has actual or constructive notice through its own internal records; (2) the lender has received notice from the borrower, or (3) the lender has received written notice from the department or its contractor.

(e) The lender shall use all reasonable means to insure that the borrower actually receives the notice of default, including but not limited to use of certified mail return receipt requested, or personal delivery.

Article 4. Direct Loan Program

§ 8264. Loan Limits.

In addition to the terms and conditions set forth in Article 2 of this subchapter, direct loans shall also be subject to all of the following conditions:

(a) A direct loan shall not be made in an amount less than twenty–five thousand dollars ($25,000.00), and the total outstanding balance of direct loans to any one borrower, including principal and interest, shall not exceed two million dollars ($2,000,000).

(b) The total amount of a direct loan shall not exceed fifty percent (50%) of the applicant's total investment in the project.

(1) "Investment" means the total cost paid or incurred by the applicant in constructing, renovating, or acquiring a facility, and for related equipment and fixtures

(2) If the applicant is also receiving a guaranty provided pursuant to this subchapter for the same project, the direct loan amount shall not exceed twenty percent (20%) of the investment.

(c) Not more than fifty percent (50%) of the total amount of the direct loan allowed in subsection (b) may be used to refinance existing debt. Refinancing shall only be permitted if it will enhance the applicant's creditworthiness by enhancing security for repayment of the loan, and/or by enhancing the applicant's cash flow.

§ 8269. Application Procedure.

An applicant shall apply for a direct loan to the department or its contractor by providing the department or its contractor with all of the information set forth in this section. Said information shall be submitted in

a format acceptable to the department or its contractor and shall be submitted with a certification under penalty of perjury that the information provided is true and correct to the best knowledge of the applicant. Information submitted in support of a direct loan request shall be accepted on an "over-the-counter" basis as long as funds remain available. In order for a request for a direct loan to be considered for further processing, the applicant shall submit the following information:

(a) A description of the project, including: number of child care spaces to be created or preserved by the proposed project; number of proposed jobs to be created by the project; identification of whether the project is located in an urban or rural area; and identification of which priorities set forth in section 8254, subdivisions (a) and (b) shall be met by the project.

(b) Applicant business information including: name of business, mailing address, telephone numbers, contact person, federal tax identification number, date business was established, and form of business organization.

(c) Loan information including: requested loan amount and term, requested use of funds, and a description of collateral offered to secure repayment of the loan.

(d) Facility information including: name of facility, address of facility, number of years at that location, and ownership/rental data for facility.

(e) Name, address, telephone number, title and percent of ownership, as applicable, for principals of the business.

(f) Business banking and financial contact information.

(g) Credit history for the business and principals of the business regarding bankruptcies, judgments, liens, foreclosures, repossessions, criminal penalties, and potential financial liabilities that could become due and payable during the loan term, as applicable.

(h) Description of all sources and uses of funding for the project.

(i) Completed environmental survey. After review of the survey, the department or its contractor may request additional information concerning the project if it appears that hazardous materials may be present in, on, under, or around the project or project site.

(j) A signed and dated copy of business financial statements, including all schedules, for the last three (3) operating years and signed and dated current business financial statements, including all schedules, dated within ninety (90) days of the date the loan application is filed.

(k) Signed and dated complete copies of business federal tax returns for the last three (3) years, including all schedules.

(*l*) A copy of the most recent business formation documents (articles and by-laws for corporations, and partnership agreement for partnerships).

(m) A corporate or governing body resolution granting authority to apply for direct loan funds.

(n) A signed and dated current personal financial statement and signed and dated complete copy of the most recent federal tax return, including all schedules, for each owner that owns twenty percent (20%) or more of the business, and for each guarantor.

(o) Signed and dated two (2) years of financial projections for the applicant's business.

(p) Evidence that the applicant has site control where the project will be undertaken. Evidence of control shall be demonstrated by submittal of one of the following:

(1) In the case of fee ownership, a certified copy of a recorded grant deed showing ownership in the name of the applicant;

(2) In the case of an option to purchase, a certified copy of an option agreement granting an option to purchase the facility to the applicant; or

(3) In the case of a lease, a copy of the lease agreement between the applicant and the owner with a term, including any permitted extensions or renewals, at least equal to the term of the requested loan plus one year, and containing a provision permitting the applicant to make physical changes to the property and improvements as contemplated by the project.

(q) If the applicant will be pledging any other real property as security for repayment of the direct loan, a certified copy of the grant deed for that property.

(r) A copy of the current child care license, application for a license, or amendment to a license, and any other business licenses related to the operation of the facility, including a fictitious name filing, if applicable.

Upon receipt and review of the information submitted in support of a direct loan request, the department or its contractor may require the applicant to submit additional information to determine the applicant's creditworthiness and the eligibility of all project costs.

HISTORY

1. New section filed 4-16-99 as an emergency; operative 4-16-99 (Register 99, No. 16). A Certificate of Compliance must be transmitted to OAL by 10-13-99 pursuant to Education Code section 8277.6 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 10-1-99 as an emergency; operative 10-13-99 (Register 99, No. 40). A Certificate of Compliance must be transmitted to OAL by 2-10-2000 or emergency language will be repealed by operation of law on the following day.
3. Repealed by operation of Government Code section 11346.1(g) (Register 2000, No. 9).
4. New section filed 2-2-2001; operative 2-2-2001 pursuant to Government Code section 11343.4(c) (Register 2001, No. 5).

§ 8270. Application Processing and Evaluation.

(a) Within ten (10) working days of receipt of an application for a direct loan, the department or its contractor shall provide the applicant with written notice as to whether the applicant and proposed project are eligible to receive a direct loan, and whether the application is sufficiently complete to allow further processing. If the applicant or project is ineligible, or if the application is incomplete, the notice shall specify the steps, if any, the applicant may take to correct the identified deficiencies

(b) Within sixty (60) working days of notifying an applicant that an application is complete and has been accepted for further processing, the department or its contractor shall render a written decision on the application.

(c) The department or its contractor shall approve a direct loan application when it finds that all of the following requirements have been met:

(1) The applicant and the project are eligible;

(2) All costs to be funded with direct loan proceeds are eligible costs;

(3) The project is in accordance with the threshold and priority criteria set forth in section 8254;

(4) The business to be assisted using direct loan funds is creditworthy;

(5) Repayment of the loan is secured by reasonably available collateral which may include, but shall not be limited to, a deed of trust on the property assisted with the direct loan and the personal guaranties of any shareholders or partners;

(6) The total of all funds available to the project are sufficient to accomplish the project; and

(7) Sufficient funds remain available in the Direct Loan Fund to fully fund the loan.

(d) As part of its approval, the department or its contractor may place conditions on a loan to insure that the requirements of this subchapter are met.

(e) If the written decision required by subsection (a) above is to deny the application, the written decision shall include an explanation of the reason for denial.

HISTORY

1. New section filed 4-16-99 as an emergency; operative 4-16-99 (Register 99, No. 16). A Certificate of Compliance must be transmitted to OAL by 10-13-99 pursuant to Education Code section 8277.6 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 10-1-99 as an emergency; operative 10-13-99 (Register 99, No. 40). A Certificate of Compliance must be transmitted to OAL by

2–10–2000 or emergency language will be repealed by operation of law on the following day.
3. Repealed by operation of Government Code section 11346.1(g) (Register 2000, No. 9).
4. New section filed 2–2–2001; operative 2–2–2001 pursuant to Government Code section 11343.4(c) (Register 2001, No. 5).

§ 8271. Legal Documents.

(a) As a condition of receiving a direct loan, a successful applicant shall be required to enter into a loan agreement with the department or its contractor. The loan agreement shall require the applicant to execute a promissory note in favor of the department or its contractor in the principal amount of the direct loan, and to provide the loan security documents specified in the loan agreement for the benefit of the department or its contractor. The promissory note shall provide that a default under the loan agreement shall be a default under the promissory note.

(b) The loan agreement shall contain the following terms and conditions:

(1) Interest rate of the loan;

(2) Term of the loan;

(3) Amortization schedule;

(4) Description of the project and a time frame for completion, and a provision that if the work is not completed by the completion date set forth in the construction contract, the loan will be in default unless an extension of time is given in writing by the department or its contractor;

(5) Description of security for the loan;

(6) Description of the documents to be provided by the applicant to secure repayment of the loan (e.g., promissory note, deed of trust, security agreement, fixture filing, UCC–1);

(7) A borrower covenant to require the borrower to maintain a current, valid child care license for the facility during the term of the direct loan;

(8) A borrower covenant that the borrower shall provide child care and development services of the priority type identified in the borrower's application at the facility for which the loan was made, unless the department has approved, in writing, provision of child care and development services of a different type, for the lesser of twenty (20) years or the term of the direct loan, unless the borrower is a family child care provider temporarily ceasing providing child are and development services and complying with section 8271(b)(10);

(9) A borrower covenant that the borrower shall notify the department or its contractor within fourteen (14) calendar days of the cessation of child care and development services in the facility for which the direct loan was made ("cessation notice");

(10) A borrower covenant for family child care provider borrowers only, that in the event the borrower: (i) ceases to provide services; (ii) retains its license; and (iii) intends to resume child care and development services, the cessation notice shall include: (i) the reasons for the interruption in services; and (ii) a date for resuming services. The borrower may amend the resumption of services date declared in the cessation notice by submitting an amended cessation notice to the lender and the department or its contractor. The covenant shall also include that any cessation of services exceeding three years from the date of the initial cessation notice shall constitute a default of the loan;

(11) A requirement that the borrower maintain appropriate insurance on the facility during the term of the direct loan naming the department or its contractor as an additional loss payee and in an amount sufficient to repay the direct loan;

(12) A list of the acts and omissions that shall constitute a default or breach under the loan agreement, and the department's or contractor's remedies in the event of default or breach. The submittal of information in support of an application for a direct loan which was or has become untrue, shall constitute a default or breach under the loan agreement and promissory note;

(13) A borrower covenant providing that, with the exception of a family child care provider temporarily ceasing to provide services in compliance with section 8271(b)(10), failure by the borrower to continue operation of the licensed facility assisted with the direct loan for child care and development shall constitute a default or breach under the loan agreement; and

(14) Any other terms or conditions required by the department or its contractor which are reasonably necessary to insure compliance of the particular facility and applicant with the requirements of this subchapter and to protect the interests of the State.

Subchapter 19. Uniform Multifamily Regulations

§ 8300. Purpose and Scope.

(a) These regulations provide uniform standards and program rules for multifamily rental housing developments assisted by the Department of Housing and Community Development. When expressly incorporated by reference, some or all of the provisions of this Chapter shall apply to: the Joe Serna Junior Farmworker Grant (JSJFWHG) Program (Chapter 7, subchapter 3, commencing with Section 7200); the Multifamily Housing Program (MHP) (Chapter 7, subchapter 4, commencing with Section 7300); and the HOME Investment Partnerships (HOME) Program (Chapter 7, subchapter 17, commencing with Section 8200). These regulations interpret and make specific the following Health and Safety Code Division 31, Part 2 statutes applicable to these programs: Chapter 2 (commencing with Section 50517.5); Chapter 16 (commencing with Section 50896), and Chapter 6.7 (commencing with Section 50675).

(b) These regulations establish terms, conditions and procedures for funds awarded after the effective date of these regulations.

HISTORY

1. New subchapter 19 (sections 8300–8316) and section filed 9–29–2003; operative 9–29–2003 pursuant to Government Code section 11343.4 (Register 2003, No. 40).

§ 8301. Definitions.

The following definitions govern this subchapter.

(a) "Assisted Unit" means a Unit that is subject to the Program's rent and/or occupancy restrictions as a result of the financial assistance provided by the Program, as specified in the Regulatory Agreement.

(b) "CalHFA" means the California Housing Finance Agency.

(c) "Commercial Space" means any nonresidential space located in or on the property of a Rental Housing Development that is, or is proposed to be, rented or leased by the owner of the Project, the income from which shall be included in Operating Income.

(d) "CPI" means the Consumer Price Index for All Urban Consumers, West Region, All Items, as published by the Bureau of Labor Statistics, United States Department of Labor.

(e) "Debt Service Coverage Ratio" means the ratio of (1) Operating Income less the sum of Operating Expenses and required reserves to (2) debt service payments, excluding voluntary prepayments and non–mandatory debt service. In calculating Debt Service Coverage Ratio, the Department may include all Operating Income, and may exclude Operating Income that cannot be reasonably underwritten by lenders making amortized loans.

(f) "Department" means the Department of Housing and Community Development.

(g) "Developer Fee" means the same as the definition of that term in California Code of Regulations, Title 4, Section 10302.

(h) "Distributions" means the amount of cash or other benefits received from the operation of a Rental Housing Development and available to be distributed pursuant to Section 8314 to the Sponsor or any party having a beneficial interest in the Sponsor or the Project, after payment of all due and outstanding obligations incurred in connection with the Rental Housing Development. Distributions do not include payments for: deferred Developer Fee up to the limit set forth in Sections 8312, approved partnership and asset management fees, mandatory debt service, approved reserve accounts established to prevent tenant displacement resulting from the termination of rent subsidies, operations, maintenance, payments to required reserve accounts, land lease payments to parties that do not have a beneficial interest in the Sponsor entity, or payments for property management or other services as set forth in the Regulatory Agreement for the Rental Housing Development.

(i) "Eligible Households" for MHP means "eligible household" as defined in Section 7301, for HOME this term means the same as "low income families" as defined in 24 CFR 92.2, and for JSJFWHG this term means the same as "agricultural household" as defined in Section 7202.

(j) "Operating Expenses" means the amount approved by the Department that is necessary to pay for the recurring expenses of the Project, such as utilities, maintenance, management, taxes, licenses, and the cost of on–site supportive services coordination, but not including debt service, required reserve account deposits, or other supportive services costs.

(k) "Operating Income" means all income generated in connection with operation of the Rental Housing Development including rental income for Assisted Units and non–Assisted Units, rental income for Commercial Space, laundry and equipment rental fees, rental subsidy payments, and interest on any accounts, other than approved reserve accounts, related to the Rental Housing Development. "Operating Income" does not include security and equipment deposits, payments to the Sponsor for supportive services (except for funds applied towards the cost of on–site supportive service coordination), or tax benefits received by the Sponsor.

(l) "Program" means the Department funding program or programs providing assistance to the Project.

(m) "Project" means a Rental Housing Development, and includes the development, the construction or rehabilitation, and the operation thereof, and the financing structure and all agreements and documentation approved in connection therewith.

(n) "Regulatory Agreement" means the written agreement between the Department and the Sponsor that will be recorded as a lien on the Rental Housing Development to control the use and maintenance of the Project, including restricting the rent and occupancy of the Assisted Units.

(o) "Rental Housing Development" means a structure or set of structures with common financing, ownership, and management and which collectively contains 5 or more Units (except that HOME projects may contain fewer than 5 Units.). "Rental Housing Development" does not include any "health facility" as defined by Section 1250 of the Health and Safety Code or any "alcoholism or drug abuse recovery or treatment facility" as defined by Section 11834.02 of the Health and Safety Code. Where a Rental Housing Development is located on non–contiguous parcels, all of the parcels shall be governed by similar tenant selection criteria, serve similar tenant populations and have similar rent and income restrictions.

(p) "Restricted Unit" means any Assisted Unit and any Unit that is subject to Rent and occupancy restrictions that are comparable to those applicable to Assisted Units. Restricted Units include Units subject to a TCAC regulatory agreement, and all Units subject to similar long–term, low–income or occupancy restrictions imposed by other public agencies.

(q) "Rural Area" means the same as defined in Section 50199.21 of the Health and Safety Code.

(r) "Sponsor" means the legal entity or combination of legal entities with continuing control of the Rental Housing Development. Where the borrowing entity is or will be organized as a limited partnership, Sponsor includes the general partner or general partners who have effective control over the operation of the partnership, or, if the general partner is controlled by another entity, the controlling entity. Sponsor does not include the seller of the property to be developed as the Project, unless the seller will retain control of the Project for the period of time necessary to ensure Project feasibility as determined by the Department.

(s) "TCAC" means the California Tax Credit Allocation Committee.

(t) "Transitional Housing" means a Rental Housing Development operating under programmatic constraints that require the termination of assistance after a specified time or event, in no case less than 6 months

after initial occupancy, and the re-renting of the Assisted Unit to another eligible participant.

(u) "Unit" means a residential Unit that is used as a primary residence by its occupants, including efficiency Units, residential hotel units, and units used as Transitional Housing.

§ 8303. Site Control Requirements.

At the time of application, a sponsor must have site control of the of the proposed Project property, in the name of the Sponsor or an entity controlled by the Sponsor, by one of the following means:

(a) fee title;

(b) a leasehold interest on the Project property with provisions that enable the lessee to make improvements on and encumber the property provided that the terms and conditions of any proposed lease shall permit, prior to loan closing, compliance with all Program requirements, including compliance with Section 8316;

(c) an enforceable option to purchase or lease which shall extend through the anticipated date of the Program award as specified in the Notice of Funding Availability;

(d) a disposition and development agreement with a public agency;

(e) an agreement with a public agency that gives the Sponsor exclusive rights to negotiate with that agency for acquisition of the site, provided that the major terms of the acquisition have been agreed to by both parties; or

(f) a land sales contract, or other enforceable agreement for the acquisition of the property.

§ 8304. Unit Standards.

(a) Restricted Units shall not differ substantially in size or amenity level from non-Restricted Units with the same number of bedrooms, and Units shall not differ in size or amenity level on the basis of income-level restrictions. Restricted Units shall not be segregated from non-Restricted Units, and Units shall not be segregated from each other on the basis of income-level restrictions. Within these limits, Sponsors may change the designation of a particular Unit from Assisted to non-Assisted or from one income-restriction to another over time. For Projects involving rehabilitation or conversion, the Department may permit certain Units to be designated as exclusively market-rate Units where necessary for fiscal integrity and where all other Program requirements are satisfied.

(b) For the full loan term, the number, size, type, and amenity level of Assisted Units shall not be fewer than the number nor different from the size, type and amenity level described in the Regulatory Agreement.

(c) For projects assisted by MHP, the number of Assisted Units shall equal the number of Restricted Units to the extent allowed by the requirements of Article XXXIV of the California Constitution.

§ 8305. Tenant Selection.

(a) Sponsors shall select only Eligible Households as tenants of vacant Assisted Units, using procedures approved by the Department that include:

(1) reasonable criteria for selection or rejection of tenant applications which shall not discriminate in violation of any federal, state or local law governing discrimination, or any other arbitrary factor;

(2) prohibition of local residency requirements;

(3) prohibition of local residency preferences, except where accompanied by an equal preference for employment in the local area and applied to areas not smaller than municipal jurisdictions or recognized communities within unincorporated areas;

(4) tenant selection procedures that include the following components, and that are available to prospective tenants upon request:

(A) selection of tenants based on order of application, lottery or other reasonable method approved by the Department;

(B) notification to tenant applicants of eligibility for residency and, based on turnover history for Units in the Rental Housing Development, the approximate date when a Unit may be available;

(C) notification of tenant applicants who are found ineligible to occupy an Assisted Unit of their ineligibility and the reason for the ineligibility, and of their right to appeal this determination;

(D) maintenance of a waiting list of applicant households eligible to occupy Assisted Units and Units designated for various tenant income levels, which shall be made available to prospective tenants upon request;

(E) targeting specific special needs populations in accordance with the Regulatory Agreement and applicable laws; and

(F) affirmative fair housing marketing procedures as specified in the Affirmative Fair Housing Marketing Plan Compliance Regulations of the United States Department of Housing and Urban Development, (24) CFR part 200.620(a)-(c), or similar affirmative fair marketing housing plan as approved by the Department.

(b) Sponsors shall rent vacant units to households with no less than the number of people specified in the following schedule:

Unit Size	*Minimum Number of Persons in Household*
SRO	1
0-BR	1
1-BR	1
2-BR	2
3-BR	4
4-BR	6
5-BR	8

A Sponsor may assign tenant households to Units of sizes other than those indicated as appropriate in the table above if the Sponsor reasonably determines that special circumstances warrant such an assignment and the reasons are documented in the tenant's file. The Sponsor's determination is subject to approval by the Department. Through the Project's tenant selection or management plan, a sponsor may receive advance Department approval of categorical exceptions to the above schedule.

§ 8306. Tenant Recertification.

(a) The Sponsor shall annually recertify household size and income for Assisted Units.

(b) If at the time of recertification, a tenant's household size has changed and no longer meets the occupancy standards pursuant to the previous section, the Sponsor may require the tenant household to move to the next available appropriately sized Unit.

1. New section filed 9–29–2003; operative 9–29–2003 pursuant to Government Code section 11343.4 (Register 2003, No. 40).

§ 8307. Rental Agreement and Grievance Procedure.

(a) All rental or occupancy agreements for Assisted Units are subject to Department approval and shall include:

(1) provisions requiring good cause for termination of tenancy. One or more of the following constitutes "good cause":

(A) failure by the tenant to maintain applicable eligibility requirements under the Program or other eligibility requirements as approved by the Department;

(B) material noncompliance by the tenant with the lease, including one or more substantial violations of the lease or habitual minor violations of the lease which:

(i) adversely affect the health and safety of any person or the right of any tenant to the quiet enjoyment of the leased premises and related Project facilities;

(ii) substantially interfere with the management, maintenance, or operation of the Rental Housing Development; or

(iii) result from the failure or refusal to pay, in a timely fashion, Rent or other permitted charges when due. Failure or refusal to pay in a timely fashion is a minor violation if payment is made during the 3–day notice period;

(C) material failure by the tenant to carry out obligations under federal, state or local law;

(D) subletting by the tenant of all or any portion of the Assisted Unit;

(E) any other action or conduct of the tenant constituting significant problems which can be reasonably resolved only by eviction of the tenant, provided that the Sponsor has previously notified the tenant that the conduct or action in question would be considered cause for eviction. Examples of action or conduct in this category include the refusal of a tenant, after written notice, to accept reasonable rules or any reasonable changes in the lease or the refusal to recertify income or household size; or

(F) for Transitional Housing, the end of the maximum term prescribed for tenant occupancy by the Program operated in a particular Transitional Housing Project.

(2) a provision requiring that the facts constituting the grounds for any eviction be set forth in the notice provided to the tenant pursuant to state law;

(3) notice of grievance procedures for hearing complaints of tenants and appeal of management action; and

(4) a requirement that the tenant annually recertify household income and size.

(b) The Sponsor shall adopt an appeal and grievance procedure to resolve grievances filed by tenants and appeals of actions taken by Sponsors with respect to tenants' occupancy in the Rental Housing Development, and prospective tenants' applications for occupancy. The Sponsor's appeal and grievance procedure shall be subject to Department approval and, at a minimum, shall include the following:

(1) a requirement for delivery to each tenant and applicant of a written copy of the appeal and grievance procedure;

(2) procedures for informal dispute resolution;

(3) a right to a hearing before an impartial body, which shall consist of one or more persons with the power to render a final decision on the appeal or grievance; and

(4) procedures for the conduct of an appeal or grievance hearing and the appointment of an impartial hearing body.

(c) Neither utilization of, nor participation in any of the appeal and grievance procedures shall constitute a waiver of or affect the rights of the tenant, prospective tenant, or Sponsor to a trial de novo or judicial review in any judicial proceeding which may thereafter be brought in the matter.

(d) This section shall not be construed to pre–empt or supercede requirements established by local government which further limit good cause for eviction.

HISTORY

1. New section filed 9–29–2003; operative 9–29–2003 pursuant to Government Code section 11343.4 (Register 2003, No. 40).

§ 8308. Operating Reserves.

The Sponsor shall establish an operating reserve for the purpose of defraying potential operating shortfalls arising from unforeseen circumstances, beyond the rent–up period.

(a) Withdrawals from the operating reserve shall require prior written approval of the Department. Should the Department fail to take action on a request for an eligible withdrawal from the operating reserve within 30 days from documented receipt of the request, that request shall be deemed approved.

(b) The initial deposit to the operating reserve shall be funded from development funding sources in an amount determined by the Department, which shall be not less than the total of the following: 4 months of projected Operating Expenses (excluding the cost of on–site supportive services coordination), 4 months of required replacement reserve deposits, and 4 months of non–contingent debt service. For projects with tax credits, the requirement shall be 3 months of these items. In setting the initial funding requirement, the Department shall consider factors including, but not limited to the projected level of Project cash flow, the adequacy of the operating budget, Project location, local market characteristics, the number of sites, and Project design.

(c) Sponsor shall fully replace any withdrawals from the Operating Reserve using available cash flow prior to use of any cash flow to pay deferred Developer Fee, partnership management or similar fees, or Distributions.

(d) Upon occurrence of both of the following events, the Department may reduce the required minimum balance: (i) operation at a debt service coverage ratio of 1.15 or greater for 5 years; and (ii) operation at an Operating Expense coverage ratio of 1.08, where Operating Expense ratio is defined to equal effective gross income, less required replacement reserve deposits and non–contingent debt service, divided by total Operating Expenses, not including the approved cost of supportive services coordination.

(e) The Department may agree with other financing sources to allocate authority regarding amounts deposited into or withdrawn from the Operating Reserve, where the Department determines that such arrangement would not jeopardize the fiscal integrity of the Project and the minimum reserve requirements would be maintained. For Projects subject to the HUD Section 811 and 202 programs or receiving a permanent loan from CalHFA, the Department may also defer to the operating reserve requirements of these agencies during the time such projects are regulated by HUD or CalHFA, and not require deposits in the amounts specified in subsection (b).

(f) Where all Project development funding sources are legally precluded from using their funds to capitalize the operating reserve as required by subsection (b), the Sponsor may fund this account out of Operating Income, provided that cash flow is sufficient to reasonably ensure that the required balance can be accumulated within six years of initial occupancy.

§ 8309. Replacement Reserves.

The Sponsor shall establish a replacement reserve for the purpose of defraying the cost of infrequent major repairs and replacement of building components that are too costly to be absorbed by the Project's annual operating budget.

(a) Withdrawals from the replacement reserve shall require prior written approval of the Department. Should the Department fail to take action on a request for an eligible withdrawal from the replacement reserve within 30 days of documented receipt of the request, that request shall be deemed approved.

(b) The replacement reserve shall be funded from Operating Income or a combination of Operating Income and development sources

(1) For new construction or conversion Projects, the initial amount of annual deposits to the replacement reserve account shall be equal to at least 0.6% of estimated construction costs associated with structures in the Project, excluding construction contingency and general contractor profit, overhead and general requirements, unless the Department approves a different amount based on the results of a third–party a reserve study or other reliable indicators of the need for replacement reserve funds over the term of the Program loan.

(2) For rehabilitation Projects, the initial amount of annual deposits to the replacement reserve account shall be determined by the Department based on the results of a third–party physical needs assessment or other reliable indicators of the need for replacement reserve funds over the term of the Program loan.

(3) The Department may periodically adjust the amount of required deposits to the replacement reserve for a particular Project based on the results of reserve studies or other reliable indicators of the need for replacement reserve funds over time.

(4) The Department may agree with other financing sources to allocate authority regarding amounts deposited into or withdrawn from the replacement reserve, where the Department determines that such arrangement would not jeopardize the fiscal integrity of the Project and the minimum reserve requirements would be maintained. For Projects subject to the HUD Section 811 and 202 programs or receiving a permanent loan from CalHFA or the Rural Housing Service of the United States Department of Agriculture, the Department may also defer to the replacement reserve requirements of these agencies during the time such projects are regulated by HUD, CalHFA or the Rural Housing Service of the United States Department of Agriculture.

HISTORY

1. New section filed 9–29–2003; operative 9–29–2003 pursuant to Government Code section 11343.4 (Register 2003, No. 40).

§ 8310. Underwriting Standards.

In analyzing Project feasibility, the Department shall, at a minimum, utilize the following assumptions and criteria:

(a) Residential vacancy rates shall be assumed to be 5%, unless a different figure is required by another funding source (including TCAC) or supported by compelling market evidence.

(b) Vacancy rates for Commercial Space shall be assumed to be 50%.

(c) Total Operating Expenses (not including property taxes or the approved costs of on–site service coordination) shall not be less than those specifically listed in California Code of Regulations, Title 4, Section 10327 as minimum Operating Expenses (without the reduction allowed by those regulations for bond–financed projects). The Department may project higher Operating Expenses where warranted by the experience of comparable properties and particular building characteristics, such as the nature of the tenant population or the level of rehabilitation. Prior to loan closing, the Department may approve total Operating Expenses that are less than those specified in Section 10327, supra, only if the Project has an extraordinary design feature, such as its own electrical generation system, which results in a quantifiable operating cost savings as documented by a qualified third party.

(d) All Operating Expenses, including property management fees, shall be within the normal market range, as periodically determined by the Department in surveys or based on costs observed in its portfolio.

(e) The first year Debt Service Coverage Ratio shall not be:

(1) less than 1.10:1 or

(2) greater than 1.20:1, except where projected cash flow after debt service and required reserve deposits is equal to or less than 12 percent of operating expenses, or where a higher first year ratio is necessary to meet either the requirements of subsection (h) or CalHFA's standard underwriting requirements.

In applying the requirements of subsections (e)(1) and (e)(2), the annual MHP Program loan payment of 0.42% will be considered debt service. These requirement shall not apply to Projects funded under the HUD Section 811 and 202 programs.

(f) Balloon payments are not allowed on senior debt, and are allowed on junior debt during the term of the Program loan only where the Department determines that the balloon payment will not jeopardize project feasibility.

(g) Variable interest rate debt shall be underwritten at the ceiling interest rate, unless the Department determines that using a lower interest rate assumption will not jeopardize project feasibility.

(h) The Project must demonstrate a positive cash flow for 15 years, using income and expenses increase rate assumptions specified in California Code of Regulations, Title 4, Section 10327. If projected Project income includes rental assistance or operating subsidy payments under a renewable contract, the Department may assume that this contract will be renewed, where the renewal of the rental assistance or operating subsidy is likely.

(i) Reserved

(j) Where the Department is providing construction–period financing, the minimum budgeted construction contingency shall be 5 percent of construction costs for new construction projects and 10 percent of construction costs for rehabilitation and conversion projects.

HISTORY

1. New section, including withdrawal from review of subsection (i), filed 9–29–2003; operative 9–29–2003 pursuant to Government Code section 11343.4 (Register 2003, No. 40).

§ 8311. Limits on Development Costs.

(a) Project development costs must be reasonable compared to development costs for other similar developments of modest design in the general area of the Project.

(b) Builder overhead, profit and general requirements shall be limited in accordance with California Code of Regulations, Title 4, Section 10327.

(c) Property acquisition prices shall not exceed appraised value, except where the increment above appraised value is fully covered by junior public agency financing that carries no mandatory debt service.

(d) Proposed Project sites shall not require site development work that is significantly more costly than that typical for other similar projects in the local market area, unless either:

(1) the proposed site acquisition cost together with the site development costs are less than the cost of a typical site together with typical site development costs in the Project's market area; or

(2) there are no other sites available in the market area with a lower combined cost.

HISTORY

1. New section filed 9–29–2003; operative 9–29–2003 pursuant to Government Code section 11343.4 (Register 2003, No. 40).

§ 8312. Developer Fee.

(a) Developer Fee shall not exceed the amount calculated in accordance with subsections (1), (2) or (3) below, with the exception of LIHTC Projects which shall also be subject to subsection (b). The per unit amounts will be adjusted in thousand dollar increments in accordance with changes in the CPI when, following the year 2000, the CPI has indicated the next full thousand dollar increment has been reached.

(1) For new construction Projects and Projects where the contract for the rehabilitation work equals or exceeds $25,000 per unit:

(A) For the first 30 Units, $20,000 per Unit.

(B) For each Unit in excess of 30, $7,500 per Unit.

(2) For other Projects involving acquisition and rehabilitation where the contract amount for the rehabilitation work, excluding contractor profit and overhead, equals or exceeds $7,500 per Unit and is less that $25,000 per unit:

(A) For the first 30 Units, $9,000 per Unit.

(B) For each Unit in excess of 30, $4,500 per Unit.

(3) For all other Projects, $2,000 per Unit.

(b) For LIHTC Projects, Developer Fee payments shall not exceed the lesser of $1,200,000 or the maximum amount that may be included in eligible basis pursuant to California Code of Regulations, Title 4, Section 10327. If the Developer Fee limit established pursuant to this subsection exceeds that established in subsection (a) above, the difference shall be deferred and payable from operating cash flow pursuant to Section 8314(a)(1)(A).

(c) Deferred Developer Fee is payable out of cash flow pursuant to Section 8314. For LIHTC Projects, the amount of the deferred Developer Fee is also subject to the limits on deferred developer fee in the TCAC regulations and any applicable federal statutes or regulations.

(d) The dollar value of any capital contribution of funds or real property made by the Sponsor or an affiliate, as approved by the Department, for Project development costs shall increase the Developer Fee limit by the dollar value of the capital contribution.

HISTORY

1. New section filed 9–29–2003; operative 9–29–2003 pursuant to Government Code section 11343.4 (Register 2003, No. 40).

§ 8314. Use of Operating Cash Flow.

(a) Operating income remaining after payment of approved operating expenses, reserve deposits and mandatory debt service shall be applied in the following priority order:

(1) First, towards payment of any:

(A) approved deferred Developer Fee, pursuant to Section 8312; and

(B) asset management, partnership management and similar fees, to the extent such fees are specified under the terms of financing from a local public entity and reasonable in comparison to fees paid in other similar developments in the Department's portfolio. Where there is no standard specified under local public entity financing, or there is no local public entity financing, the Department shall allow the payment of asset management fees in an amount not to exceed $12,000 per year.

(2) Second, 50 percent to the Sponsor as Distributions and 50 percent to the Department as payments on the Program loan.

(A) If the terms of other public agencies' financing also require payments from remaining cash flow, the Department may agree to share what would otherwise be its 50 percent share of available cash flow with the public agencies in amounts proportional to the agencies' respective loan amounts.

(B) To be consistent with the terms of other public agency loans, the Department may agree to set the percentage payable to the Sponsor at an amount less than 50 percent.

(C) For projects with income from project–based Section 8 or similar project–based rental assistance that is not underwritten by other Project lenders, the Department may reduce the Sponsor's share to an amount equivalent to the amount they would receive if one of the other lender's loan amount was based on an income stream that included the income from the rental assistance.

(b) A Sponsor may not accumulate Distributions from year to year. A Sponsor may deposit all or a portion of permitted Distributions into a Project account for distribution in subsequent years. These future Distributions shall not reduce the otherwise permitted Distribution in those subsequent years.

(c) Payment of Distributions, deferred Developer Fee, asset management fees, partnership management and similar fees shall be permitted only after the Sponsor submits a complete annual report and operating budget, and the Department determines that the report and budget demonstrate compliance with all Program requirements for the applicable year. Circumstances under which no Distributions, deferred Developer Fee, asset management fees or partnership management and similar fees shall be paid include:

(1) when written notice of default has been issued by any entity with an equitable or beneficial interest in the Project;

(2) when the Department determines that the Sponsor has failed to comply with the Department's written notice of any reasonable requirement for proper maintenance or operation of the Rental Housing Development or use of Project income;

(3) if all currently required debt service, including mandatory payments on the Program loan, and Operating Expenses have not been paid;

(4) if the replacement reserve account, operating reserve account, or any other reserve accounts are not fully funded pursuant to Sections 8308 and 8309 and the Regulatory Agreement.

(d) Distributions attributed to income from Commercial Space and non–Restricted Units shall not be subject to limits pursuant to this section.

HISTORY

1. New section filed 9–29–2003; operative 9–29–2003 pursuant to Government Code section 11343.4 (Register 2003, No. 40).

§ 8315. Subordination Policy.

(a) The Department may execute and cause to be recorded a subordination agreement subordinating the Department's lien so long as the subordination does not increase the Department's risk beyond that contemplated in the Program loan or grant commitment, as may be amended from time to time, and so long as the subordination would further the interest of the Program. However, and except for Projects assisted by the U.S. Department of Housing and Urban Development under the Section 811 or Section 202 programs, the Department shall not enter into a subordination agreement or other agreement that contains any of the following:

(1) Any limitation of, or condition on, the Department's exercise of its remedies including, but not limited issuing a notice of default based on a breach under the Department's loan documents, including a default based solely on a breach of the senior lienholder's documents.

(2) An agreement that the senior lienholder's acceptance of a deed in lieu of foreclosure would result in the senior lienholder taking title to the Rental Housing Development free and clear of the Department's lien(s).

(3) An agreement permitting any modification or supplement of the senior lienholder's lien without the prior written consent of the Department except an agreement that permits a senior lienholder to make advances to: (i) cure a default under a lien with a higher priority than the Department's lien; (ii) pay delinquent taxes on the security property; (iii) pay delinquent hazard or liability insurance premiums for the security property; or (iv) to protect the health and safety of the tenants.

(4) An agreement that would require the Department to undertake additional obligations to any party.

(b) The Department's lien shall not be subordinated to the liens of a local government lender unless the amount of the local government loans is more than twice the amount of the Department's total assistance to the Project (including both loans and grants).

(c) As used in this section:

(1) "Department's lien" means a deed of trust, regulatory agreement, or other agreement securing payment or performance under an award of Program funds that has been recorded in the office of the recorder of the county in which the Rental Housing Development is located.

(2) "Lien of a local government lender" means a recorded deed of trust or covenant running with the land that affects the maintenance, use, or occupancy of the Rental Housing Development.

§ 8316. Leasehold Security.

(a) In any Project where the Sponsor proposes to control the Project land through a long–term ground lease, either:

(1) the Regulatory Agreement and other Program documents shall be recorded against both the Sponsor's interest in the Project and the fee interest in the land, and the lease shall have a term remaining at the time of recordation at least equal to the term of the Program loan or grant; or

(2) if the Regulatory agreement and other Program documents are not recorded against the Project's fee interest, the ground lease shall be subject to the Department's approval, must not be subject to any other mortgages on the fee interest, and shall contain, or be amended to contain, provisions which:

(A) establish a remaining term of at least ninety (90) years from the date the Department documents are recorded, provided that the Department may accept a lesser term, not less than 65 years, when the lessor is a public agency;

(B) ensure the validity of the lien of the Program loan and/or grant documents on the lease;

(C) ensure that the lease permits the Project to satisfy all Program requirements and permit the Department to enforce the provisions of the Program loan and/or grant without restriction;

(D) expressly consent to the lessee's assignment of the lease to the Department without further consent of the lessor, and permit the Department, after acquisition of the leasehold property, to transfer or assign the lease to a third party without consent of the lessor.

(E) provide that the lessor does not have the right to terminate the lease or accelerate the rent upon lessee's breach without first giving the lessee and the Department reasonable notice and opportunity to cure within a reasonable period;

(F) provide that no termination, modification or amendment to any terms of the lease shall be effective without the written consent of the Department, and any attempt to take such actions would be void without the Department's consent;

(G) require that, in the event of destruction of any improvements on the land, neither the lessor nor the lessee shall terminate the lease if and so long as the lessee or Department pursues reconstruction of the improvements with reasonable diligence;

(H) provide that the Department shall not have any liability for the performance of any of the obligations of lessee under the lease until the Department has acquired the leasehold interest, and then only in accordance with the terms of the lease and only with respect to obligations that accrue during the Department's ownership of the leasehold interest;

(I) provide that neither the lessor nor the lessee, in the event of bankruptcy by either, will take the benefit of any provisions in the United States Bankruptcy Code that would cause the termination of the lease or otherwise render it unenforceable in accordance with its terms;

(J) provide that the leasehold interest will not merge into the fee in the event that the lessee acquires the reversionary interest in the Project; and

(K) provide that acquisition of the leasehold property by the Department will not result in a termination of the leasehold; and upon such event, obligate the lessor to enter into a new lease having a term at least as long as the term remaining on the lease prior to acquisition by the Department and on substantially the same terms and conditions.

(b) Where the lessee and lessor are related or affiliated parties, the Program loan and/or grant documents shall be recorded against both the Sponsor's interest in the Project and the fee interest in the land.

(c) The Department may modify or waive the requirements of subparagraph (a)(2) where the lessor is a public agency that demonstrates that it is prohibited by law from meeting the requirements and the Department determines that there remains adequate security for the Program loan.

Subchapter 20. Federal Emergency Shelter Grants Program

§ 8400. Purpose and Scope.

(a) These regulations establish procedures for the State administration of federal funds from the Emergency Shelter Grants Program (the "ESG program") and establish policies and procedures for use of these funds to meet the purposes contained in Title IV of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. sections 11371–11378) (the "Act").

(b) The Act, and any amendments thereto, provide for State administration of the ESG program. These regulations set forth policies and procedures governing the administration of these funds as the Federal Emergency Shelter Grants Program (the "FESG program") within the California Department of Housing and Community Development (the Department"). In addition to these regulations, FESG program participants shall comply with the regulations applicable to the FESG program as indicated below and as set forth in 24 C.F.R. Part 58, and 24 C.F.R. Part 576. Additionally, nonprofit organizations funded by the FESG program shall comply with the requirements of 24 C.F.R. Part 84 as though they were Subrecipients pursuant to 24 C.F.R. Part 84. Also, Units of general local government funded by the FESG program shall comply with the requirements of 24 C.F.R. Part 85. In the event that Congress, the California Legislature, or the Department of Housing and Urban Development add or change any statutory or regulatory requirements concerning the use or administration of these funds, FESG program participants shall comply with such requirements.

(c) References to section numbers in the 8400 series in the following sections are references to these Federal Emergency Shelter Grants Program Regulations at 24 Cal Code Regulations, title 25, section 8400 et seq.

(d) In the event of a conflict between the State FESG Regulations and 24 C.F.R. Part 58, 24 C.F.R. Part 84, 24 C.F.R. Part 85, or the ESG regulations at 24 C.F.R. Part 576, the federal regulations shall prevail.

HISTORY

1. New subchapter 20 (sections 8400–8421) and section filed 7–14–2004; operative 8–13–2004 (Register 2004, No. 29).

§ 8401. Definitions.

In addition to the definitions found in 42 U.S.C. section 11371, and 24 C.F.R. section 576.3, the following definitions shall apply to this subchapter

"Area–Median Income" means the most recent applicable county median family income published by the Department in accordance with the U.S. Census Bureau standard.

"Available annual State FESG allocation" means the annual State FESG allocation from HUD less 4% for State Administration.

"CDBG" means Community Development Block Grant program

"Capital Development" means a Renovation, Major rehabilitation and/or Conversion project.

"Capital Development Contract" means a written agreement for a forgivable deferred loan, up to an amount specified in the applicable NOFA, made to defray costs of Renovation, Major rehabilitation, and Conversion for Emergency shelter or Transitional housing.

"City" is defined at 42 U.S.C. section 5302(a)(5).

"Client" is the person or household provided Client housing funded by an FESG Grant.

"Client housing" is the general term used in these regulations to describe Emergency shelter, Transitional housing, and other Eligible activities provided to the Client, including programs providing only Essential Services.

"Conversion" means a change in the use of a building to Emergency shelter or Transitional housing for the homeless, where the cost of Conversion and any Rehabilitation costs exceed 75 percent of the value of the building after Conversion.

"Day" means calendar day.

"Day Center" means a Facility or program whose primary purpose is to provide homeless persons temporary shelter during the day, as well as to offer a wide range of services to large numbers of homeless persons on any given day that may include, but is not limited to, food services, clothing services, employment services, case management services, and addiction recovery support services. Day Centers do not regularly provide overnight shelter accommodations. Day Centers do not include child care centers or outpatient medical treatment or recovery centers.

"Department" means the California Department of Housing and Community Development.

"Director" means the Director of the Department of Housing and Community Development.

"EHAP" is the acronym for the "Emergency Housing and Assistance program" established by Health and Safety Code section 50800, et seq.

"Eligible activities" mean those activities upon which FESG funds may be expended as described in section 8406.

"Eligible City" means a City that within the current federal fiscal year meets one of the following conditions: it is located within a county that is a Nonentitlement area pursuant to 42 U.S.C. 5302; it is a Metropolitan City that receives no federal ESG funds directly from HUD pursuant to 42 U.S.C. 11373; it is a City that is located within an Eligible county and that is not a Metropolitan City; or it is a City that is not a Metropolitan City and that is also not part of an agreement pursuant to 42 U.S.C. 5302 to receive Federal ESG, CDBG and HOME funds as part of the Urban County within which it is located.

"Eligible county" means a county that within the current federal fiscal year meets one of the following conditions: the county is not an Urban County pursuant to 42 U.S.C. 5302 (a) (6), or the county is an Urban County that is receiving no federal ESG funds directly from HUD pursuant to 42 U.S.C. 11373.

"Eligible organization" means a private nonprofit organization or a Unit of general local government, (Unit of general local government is defined at 24 C.F.R. section 576.3), located in or serving an Eligible City or county in the state of California that provides, or contracts with community organizations to provide, Emergency shelter, Transitional housing, and other Eligible activities

"Emergency shelter" means any facility, including but not limited to Day Centers and overnight shelter, whose primary purpose is to provide temporary shelter with support services for the homeless in general or for specific populations of the homeless. Emergency overnight shelter is limited to occupancy of six months or less by a homeless person and is not withheld due to a Client's inability to pay.

"Essential services" is defined under 24 C.F.R. section 576.3.

"FESG" means the Federal Emergency Shelter Grants Program, the ESG program administered at the State level by the Department of Housing and Community Development.

"Facility" means the physical location in which the program is being carried out. For purposes of this definition, a physical location includes the offices at which Homeless prevention activities are being carried out. See also the definition of Homeless prevention activities.

"Federal Emergency Shelter Grants Regulations" means those regulations at Cal Codes Regs., title 24, section 8400 et seq.

"Grant" means a grant of monies from the FESG program.

"Grant Administrative Expenses" means expenses necessary to administer the Grant, including costs to prepare ESG reports, communicate with Department staff, and pay the ESG share of a required audit. See Section 8406. Grant Administrative Expenses do not include the cost of carrying out Eligible activities under 24 C.F.R. section 576.21(a).

"Governing Board" — for nonprofit applicants this term includes board of directors; for county local government applicants this term includes county board of supervisors; for City local government applicants this term includes City council.

"HOME" means Home Investment Partnership program.

"Homeless" is defined under 42 U.S.C. 11302

"Homeless prevention activities" means activities or programs designed to prevent homelessness including short–term rental assistance, payment for utility assistance; mediation programs for landlord–tenant disputes, and other innovative programs designed to prevent homelessness. See Section 8407.

"HUD" means the U.S. Department of Housing and Urban Development.

"Major rehabilitation" means rehabilitation that involves costs in excess of 75 percent of the value of the building before rehabilitation.

"Manufactured Housing" means mobile homes, trailers, and factory–built homes.

"Metropolitan City" is defined at 42 U.S.C. 5302(a)(4).

"New Programs" means programs that have been operating for less than two years from the date of the applicable NOFA, and that have not received either FESG or EHAP funds in the previous two funding rounds.

"NOFA" is the acronym for a "Notice of Funding Availability" described in Section 8403.

"Nonentitlement area" is defined at 42 U.S.C. 5302.

"Northern California Allocation Region" means all counties in the state north of San Luis Obispo, Kern, and San Bernardino counties with an individual county population of 200,000 or more, and that have within their individual county boundaries one or more Eligible cities.

"Obligated Funds" means that the entity awarded FESG funds has placed orders, awarded contracts, received services, or entered into similar transactions that require payment from the Grant. Obligated Funds include Grant amounts that a City or county awards to a nonprofit organiza-

tion by an award letter if the award letter requires payment from the Grant amount.

"Operations" means the category of FESG activities that includes shelter maintenance, operation, rent, repairs, security, fuel, equipment, insurance, utilities, food and furnishings.

"Rank" means the order of eligible applications for funding based only on the rating established pursuant to the applicable Grant selection criteria.

"Rating" means the process by which eligible applications are evaluated and given an overall numerical or relative value based on the numerical or relative value(s) assigned to each of the identified selection criteria described in the NOFA to which the applicant is responding.

"Renovation" means rehabilitation that involves costs of 75 percent or less of the value of the building before Rehabilitation.

"Residential Rental Assistance" means the payment of rent required at move-in, or rent in arrears under the terms and conditions set forth under section 8407.

"Rural County Allocation Region" means a group of counties with an individual county population of less than 200,000 and that have within their individual county boundaries one or more Eligible cities.

"Site" for purposes of Capital Development activities means a given parcel or contiguous parcel(s) of land developed, or to be developed, with Emergency shelter and/or Transitional housing. "Site" for purposes of activities that are not Capital Development activities means one or more Facilities where the program(s) is being carried out.

"Site Control" means the legal right to occupy and use the Site, as evidenced by such things as:

(1) a deed demonstrating ownership in fee title;

(2) a lease demonstrating a leasehold interest in the Site and its improvements for at least the term of the FESG Grant or forgivable deferred interest loan,

(3) a purchase/lease agreement, or

(4) Where FESG funds will be used for Capital Development activities, an enforceable option contract to purchase or lease which shall extend at least through the anticipated closing date of the FESG Capital Development loan.

(5) For rotating shelter programs, site control may include other evidence provided by the applicant granting permission to use the site(s). Such evidence must be submitted by the applicant and approved by the Department prior to the deadline for submission of the State FESG application stated in the applicable NOFA.

"Southern California Allocation Region" means the counties of San Luis Obispo, Kern, and San Bernardino as well as each county in the State to the south of San Luis Obispo, Kern and San Bernardino counties with an individual county population of 200,000 or more, and that have within their individual county boundaries one or more Eligible cities.

"State recipient" is the recipient of a Grant that enters into a Standard Agreement with the Department to provide specified Eligible activities.

"Subgrantee" means a Private nonprofit organization or Unit of general local government located in or serving an Eligible City or county that receives FESG funds through a subcontract it has with a Unit of general local government or other Private nonprofit organization that receives FESG funds from the Department.

"Standard Agreement" means the contract entered into by the Department and the FESG awardee setting forth the basic terms and conditions governing the award of FESG funds.

"Subrecipient" is defined at 24 C.F.R. section 84.2

"Temporary Housing" see section 8408 concerning vouchers.

"Transitional housing" means housing with supportive services that is limited to occupancy of up to 24 months that is exclusively designated and targeted for recently homeless persons. Transitional housing includes self-sufficiency development services, with the ultimate goal of moving recently homeless persons to permanent housing as quickly as possible. Transitional housing can include housing that becomes permanent housing with supportive services at the end of the Standard Agreement.

"Urban County" is defined at 42 U.S.C. 5302(a)(6).

"Very-low income" means a combined household income not to exceed 50% of the Area Median Income, adjusted for household size.

HISTORY

1. New section filed 7-14-2004; operative 8-13-2004 (Register 2004, No. 29).

§ 8402. Allocation of Funds.

(a) The Department shall take 4% of the State's annual allocation of FESG funds for Grant administration.

(b) Depending on the applications received, up to 5% of the annual FESG allocation shall be available to New Programs in Eligible cities and counties operated by Private nonprofit organizations and Units of general local government.

(1) To receive an award of FESG funds for a New Program, FESG funds must be used for an FESG-eligible housing or service activity that has been operating for less than two years from the date of the applicable NOFA and;

(2) The organization applying for the FESG funds must not have received either state FESG or EHAP funds in the previous two funding rounds.

(c) The remaining (91%) of the annual FESG allocation shall be divided between three regional and one general allocation on a competitive basis in accordance with the following.

(1) Programs in the Northern California Allocation Region shall receive approximately 33% of the annual FESG allocation. The product derived by applying the 33% multiplier shall be rounded to a dollar amount.

(2) Programs in the Southern California Allocation Region shall receive approximately 24% of the annual FESG allocation. The product derived by applying the 24% multiplier shall be rounded to a dollar amount.

(3) Programs in the Rural County Allocation Region shall receive approximately 19% of the annual FESG allocation. The product derived by applying the 19% multiplier shall be rounded to a dollar amount.

(4) The remaining 15% as well as any unawarded FESG funds from the above regional and New Program set-asides shall be considered the general allocation, and shall be awarded on a competitive basis to any remaining unfunded Eligible applications for Eligible activities in the order of their competitive statewide ranking until all FESG funds have been awarded subject to the requirements of section 8402, subdivisions (d) and (e) below and section 8411 subdivisions (f), (g) and (h) below.

(d) The Department shall specify in annual NOFAs, whether it will be accepting applications for one or two-year Grants or both.

(e) The Department shall specify in annual NOFAs the minimum and maximum Grant amounts per application. For one-year grants, the maximum grant amount per application shall not exceed 2% of the available annual State FESG allocation and shall be rounded to the nearest thousandth dollar. For two-year grants, the maximum grant amount per application shall not exceed 4% of the available annual State FESG allocation and shall be rounded to the nearest thousandth dollar.

§ 8403. Notices of Funding Availability.

(a) A statewide NOFA is a document issued by the Department which notifies all interested persons of the following:

(1) That the FESG program has been allocated funds or expects to be allocated funds;

(2) The types and amounts of funds available to Eligible organizations located in or serving Eligible cities or Eligible counties for specified Eligible activities;

(3) That the FESG funds will be distributed to Eligible organizations through a competitive process;

(4) Whether one–year Grants, two–year Grants, or both will be accepted;

(5) The specified minimum and maximum Grant amount(s);

(6) The specified timeframes that apply to the application and Grant selection processes, including the deadline for filing of applications;

(7) That copies of the FESG governing statute and regulations can be obtained from a contact person whose name, address, telephone number, and electronic mail address are provided;

(8) Identification of the Eligible Cities and Eligible counties for which the Department shall accept applications for Grant awards pursuant to these regulations.

(9) The electronic mail address, street address, telephone number, and facsimile number of a contact person within the Department who can provide further information, and the application package; and

(10) The Grant selection criteria described in section 8411 below.

§ 8404. Eligible Organizations.

(a) Only Eligible organizations submitting applications to provide Eligible activities will be considered for funding

(b) Except for applicants that apply as a New Program pursuant to Section 8402, as of the publication date of the Statewide NOFA, an applicant or State recipient shall have provided Client housing continuously each day throughout the prior twelve months or, for winter–only or summer–only shelter providers, each day throughout the region's prior winter or summer shelter season.

(c) An applicant or State recipient shall not provide Client housing in a manner which illegally discriminates in violation of applicable state and federal laws. Housing provided to selected subpopulations of homeless persons shall not be considered a form of arbitrary discrimination if:

(1) A state or federal law or regulation requires an FESG–funded facility to exclusively serve a select homeless subpopulation; or

(2) The nature of the physical facilities or the nature of the services provided reasonably necessitates restriction of the housing to a selected subpopulation consistent with federal and state fair housing law.

HISTORY

1. New section filed 7–14–2004; operative 8–13–2004 (Register 2004, No. 29).

§ 8405. Eligible Applications.

(a) Eligible applications must:

(1) Be received by the deadline stated in the applicable NOFA;

(2) Be submitted to the address noted in the applicable NOFA;

(3) Be complete, subject to the requirements of subsections (b) and (c); and

(4) Contain a certification by the applicant that all information within the application is true, complete, and accurate.

(b) A complete application shall consist of the following:

(1) An authorizing resolution by the applicant's Governing Board;

(2) For applications requesting funds for Emergency shelter or Transitional housing, evidence of site control;

(3) Pursuant to 42 U.S.C. section 11373(c), Private nonprofit organizations must obtain a Certification of Local Government Approval to undertake all FESG–funded activities;

(A) Private nonprofit organizations whose Client housing is provided in an Eligible City must obtain a Certification of Local Approval from that City to carry out all FESG activities;

(B) Private nonprofit organizations whose Client housing is provided in an unincorporated area of a Eligible county must obtain a Certification of Local Government Approval from that Eligible county to carry out all FESG activities;

(4) Documentation of satisfactory match pursuant to the requirements of Section 8410;

(5) A fully completed application accompanied by all applicable attachments, certifications, and any additional information requested in the applicable NOFA; and

(6) Any other information the Department or HUD requires to determine the eligibility of the applicant and the proposed activities, to evaluate or rate and rank the application, or to confirm that the applicant is capable of successfully completing all activities.

(7) A response to all of the Grant selection criteria as set forth in Section 8411.

(c) The State reserves the right to request clarification of unclear or ambiguous statements made in the application and other supporting documents where doing so will not impact the neutral evaluation of the application.

(d) The Department may request that an applicant revise application documents as necessary to establish threshold compliance as long as such revisions do not alter competitive scoring. This includes, but is not limited to, adjustments made to the amount of funding requested in order to conform to the monetary funding limits prescribed by 42 U.S.C. section 11374, 24 C.F.R. section 576.21, and section 8406 of these regulations.

(e) Notwithstanding any other provision of this section, in instances where an application ranks high enough to be funded but there is information missing from the application, the Department may request submission of information that was omitted from the application if such information existed prior to the application deadline, and the submission of information is necessary for application completeness but does not alter competitive scoring. This may include information such as evidence of an applicant's status as a unit of general local government or as a private nonprofit organization.

(f) All or a portion of an application can be denied because:

(1) The State is unable to reasonably determine what the applicant is proposing.

(2) The application is incomplete.

(3) The applicant or the proposed activities are determined to be ineligible.

§ 8406. General Program Requirements.

(a) FESG funds shall only be used for Eligible activities that comply with the following.

(1) FESG funds shall be used for any of the eligible uses of funds as set forth in 42 U.S.C. section 11374 and 24 C.F.R. section 576.21 subject to the following general FESG requirements. Definitions of pertinent terms are also included in 24 C.F.R. section 576.3 and 42 U.S.C. section 11371.

(A) The maximum time period in which all FESG funds must be spent shall be 24 months.

(B) Up to 1% of an FESG Grant may be used for costs associated with Grant administration.

(C) The 10% limitation on staff costs set forth in 24 C.F.R. section 576.21(a)(3) applies only to supervisory staff costs within the Operations funding category.

(D) FESG funds used for Major rehabilitation and Conversion activities are subject to the continued use requirements of 42 U.S.C. section 11375(c)(1)(A).

(E) FESG funds used for Rehabilitation activities are subject to the continued use requirements of 42 U.S.C. section 11375(c)(1)(B).

(F) FESG funds used for Essential services, maintenance, operations, insurance, utilities, and furnishings are subject to the continued use requirements of 42 U.S.C. section 11375(c)(1)(C).

(G) An applicant or a State recipient providing Client housing shall establish rules for Client participation which shall:

1. Include a statement of the maximum consecutive number of days during which a Client is eligible to participate in the Client housing;

2. Include a description of the program's disability-related policies, including the process for a Client to request a reasonable accommodation to a program policy, practice, or requirement because of the Client's disability or perceived disability, and the process for a Client to file a disability related grievance.

3. Include the policy for termination from the Client housing, and the process for Client appeal of that termination;

4. Be conspicuously posted at the housing facility, or given to recipients of Homeless Prevention funds, where applicable.

(H) An applicant or a State recipient providing Client housing shall have a process for program evaluation.

(I) Notwithstanding the provisions of Section 8406 subdivision (b)(1)(B), a State recipient may accept payment vouchers provided through any other public or private program for Clients in Emergency shelters so long as no shelter beds are reserved beyond sundown for that purpose.

(J) An applicant proposing to provide, or a State recipient providing, Transitional housing, may charge rent only if a minimum of ten percent of all rent collected for each Client is reserved to assist that Client in moving to permanent housing subject to the following:

1. The reserve of rent for each Client must be accounted for separately;

2. If rent reserved for a Client remains unused due to the absence of the Client for a year or more, the monies shall be used to assist another Client in moving to permanent housing; and

3. the rent and any service fees charged are limited to an ability-to-pay formula reasonably consistent with the United States Department of Housing and Urban Development's requirements for subsidized housing for low-income persons.

4. An applicant or State recipient can request from the Department a waiver of the 10% requirement set forth above where the applicant or State recipient has demonstrated to the Department's satisfaction that its program is funded to provide assistance to all Clients when they move to permanent housing, and that this assistance is funded from sources other than State FESG funds. This assistance can include such things as: assistance with security deposit, first/last month's rent, or household items. Such individual assistance provided to a Client must equal at least 10% of all the rent collected from that Client.

(K) An applicant proposing to provide, or a State recipient providing Transitional housing, shall demonstrate that the housing meets all of the following tests:

1. Occupancy is limited to a maximum of two years;

2. Every Client is offered at least three types of self-sufficiency development services such as job counseling or instruction, personal budgeting or home economics instruction, tenant skills instruction, landlord/tenant law, victim's rights counseling, or apartment search skills instruction;

3. Every Client is required to participate in at least one self-sufficiency development service offered by the Client housing provider as a condition of receiving Client housing;

4. Pursuant to section 8406 subdivision (a)(1)(J), accumulated rent reserve funds from Clients are applied to first and last-months rent and/or a security deposit for permanent housing; and

5. Every Client is provided referrals to permanent housing.

(L) Pursuant to 24 C.F.R. 576.21(a)(3), in-house telephone use by Clients of an Emergency shelter or Transitional housing facility is an eligible operations expense.

(M) Use of FESG funds for Homeless prevention activities must meet the requirements of Section 8407.

(N) Use of FESG funds to lease or rent rooms with vouchers must meet the requirements of Section 8408.

(O) Use of FESG funds for Renovation, Major rehabilitation, or Conversion must meet the requirements of Section 8409.

(b) FESG funds shall not be used for facilities or activities that do not comply with the following.

§ 8407. Homeless Prevention Activities.

(a) Use of FESG funds for Homeless prevention activities must meet the requirements of 42 U.S.C. 11374(a)(4) and 24 C.F.R. 576.21(a)(4).

(b) Pursuant to 42 U.S.C. section 11374, not more than 30% of the annual State FESG allocation may be used for Homeless prevention activities.

(c) The following additional requirements apply to the use of FESG funds to provide Residential Rental Assistance.

(1) The payment of rent in arrears shall not exceed one month's rent plus a reasonable late charge. FESG funds shall be used only if:

(A) The Client is unable to pay the rent in arrears due to a sudden reduction in income, and has received an eviction notice;

(B) No other resources or assistance are available to pay the rent in arrears;

(C) The Client has not received more than one payment for rent arrears for the past two years from any other source; and

(D) There is a reasonable prospect that the Client will be able to resume rent payments on their own within a reasonable period of time.

(2) The payment of initial rent shall consist of no more than the first month's rent or the last month's rent, or both if required as a condition of occupancy of permanent housing. FESG funds shall be used only if:

(A) No other resources or assistance are available to pay the initial rent;

(B) The Client has not received more than one payment of initial rent in the immediate past two years from any other source; and

(C) There is a reasonable prospect that the Client will be able to make rent payments on their own within a reasonable period of time.

(3) FESG funds to be used for Residential Rental Assistance shall be accounted for separately.

(4) Consistent with the requirements in 24 C.F.R. 576.63, and 24 C.F.R. Parts 84, and 85, interest earned on FESG funds set aside for rental assistance shall be returned to the Department for return to HUD.

(5) Prior to providing Residential Rental Assistance, the State recipient shall verify that:

(A) The Client is eligible to participate in the program and has income sufficient to pay the monthly rent once the Residential Rental Assistance terminates; and

(B) An appropriately sized and priced rental unit is available and suitable for occupancy by the Client.

(6) The Client shall not have direct use of FESG funds. FESG funds shall be distributed directly from the State recipient or Subgrantee to the landlord for the benefit of the Client.

(7) A State recipient providing Residential Rental Assistance shall do all of the following:

(A) make determinations regarding the eligibility of Clients based upon a written application from the Client in order to determine the Client's need for the assistance, and the Client's ability to remain permanently housed once the assistance is provided;

(B) provide information to Clients regarding the landlord–tenant relationship, the appropriate treatment of rental property, appropriate behavior within the neighborhood, the importance of timely rental payments; and

(C) provide staff that shall be reasonably available to landlords and tenants to answer questions or complaints about Residential Rental Assistance.

(d) The following additional requirements apply to the use of FESG funds to provide utility assistance:

(1) A State recipient providing utility assistance shall make determinations regarding the eligibility of Clients based upon a written application from the Client in order to determine the Client's need for the assistance, and the Client's ability to remain permanently housed once the assistance is provided

(2) The payment of utility assistance shall not exceed three months past due utility payments plus a reasonable late charge. FESG funds shall be used only if:

(A) The Client is unable to pay the utility costs in arrears due to a sudden reduction in income and has received a notice of termination of utility services;

(B) No other resources or assistance are available to pay the utility costs in arrears;

(C) The Client has not received more than one payment of utility assistance in the immediate past two years from any other source; and

(D) There is a reasonable prospect that the Client will be able to make utility payments on their own within a reasonable period of time.

(3) FESG funds to be used for utility assistance shall be accounted for separately.

(4) Consistent with the requirements in 24 C.F.R. 576.63, and 24 C.F.R. Parts 84, and 85, interest earned on FESG funds set aside for utility assistance shall be returned to the Department for return to HUD.

(5) The Client shall not have direct use of FESG funds. FESG funds shall be distributed directly from the State recipient or Subgrantee to the utility company for the benefit of the Client.

(e) State recipients may use FESG funds to provide up to three months of initial rent and/or utility assistance to individuals whose income does not exceed 50% of the Area Median Income and who are discharged from publicly funded institutions or systems of care, such as health care facilities, foster care facilities, other youth facilities, or corrections programs and institutions.

§ 8408. Leasing or Renting Rooms with Vouchers.

The following requirements apply to the use of FESG funds to provide vouchers to lease or rent Temporary Housing for Clients.

(a) Eligible Temporary Housing includes apartments, motel rooms, hotel rooms, rental rooms in single–room occupancy housing, single–family homes, and manufactured housing.

(b) Vouchers for Temporary Housing may also be used to pay rental fees for spaces at a Special occupancy park which is defined by section 18862.43 of the Health and Safety Code as a recreational vehicle park, temporary recreational vehicle park, incidental camping area, or tent camp.

(c) Payment of rent must be at a rate that is reasonable based on local market conditions. Rent charged to voucher holders shall not exceed market rent for comparably sized units or spaces.

(d) Vouchers must only be used for Temporary Housing located in an Eligible City that is in the county in which the FESG funds have been awarded, or in an unincorporated area of the Eligible county in which the funds have been awarded.

(e) Temporary housing financed with vouchers is limited to occupancy of six months or less by a homeless person or household.

§ 8409. Renovation, Conversion, and Major Rehabilitation.

(a) Grants for Renovation, Conversion or Major rehabilitation activities pursuant to 24 C.F.R. 576.21(a)(1) cannot exceed the amount specified in the applicable NOFA.

(b) Eligible costs for Renovation, Conversion, and Major rehabilitation include, but are not limited to, costs for local government fees, and materials and labor costs.

(c) Costs set forth under Section 8406(b) are ineligible.

(d) FESG funds for Renovation, Conversion, or Major rehabilitation activities shall be in the form of a forgivable deferred loan.

(e) The term of a Renovation, Conversion, or Major rehabilitation Standard Agreement is 24 months from the effective date of the contract.

(f) A Renovation, Conversion, or Major rehabilitation project shall be deemed feasible when an evaluation by the Department demonstrates all of the following.

(1) The project's legal status, finances, projected cash flow, technical feasibility, and the accuracy of the project's construction schedule demonstrate the probability of successful completion of the project.

(2) The project's design and materials and the proposed labor needs and costs demonstrate that the project excludes non–essential materials or a luxury design.

(3) The applicant's site control demonstrates that the project will be completed and operated without jeopardizing the Department's security interest for at least the applicable period of continued use pursuant to 42 U.S.C. 11375(c).

(4) The proposed construction schedule corresponds with the scope of the project and demonstrates that the construction shall be completed within the term of the Standard Agreement.

(5) The development team proposed for the project has the experience and ability to efficiently and successfully complete and operate the project as proposed.

HISTORY

1. New section filed 7-14-2004; operative 8-13-2004 (Register 2004, No. 29).

§ 8411. Grant Selection Process.

(a) A Grant selection process shall involve eligible and complete applications received by the Department in response to the applicable NOFA.

(b) Each of the following criteria is Grant selection criteria that shall be included in the statewide NOFA. For applications requesting funds for multiple programs, each program will receive a separate score for each rating factor, and the point scores will be averaged to calculate a final point score for each rating factor.

(1) Applicant Capability 300 points

The applicant's capability of achieving the activities and results proposed in the application will be evaluated based on the rating factors listed in this section. Each rating factor will correspond to specific application questions. The total number of points available for each rating factor is also listed. The point scores awarded to each application for each application question will depend on the relative merit of the individual answer to each question.

(A) The number of years the applicant has been providing housing and services for the homeless;

30 points

(B) Whether the applicant has experience operating the proposed program, or a program similar to the proposed program;

30 points

(C) The process utilized by the organization to evaluate the program. Points will be awarded for this factor based on the frequency of evaluation, the degree of involvement of Clients and staff in the evaluation process, and the impact of the evaluation process on the program. Applicants that provide supporting documentation of their evaluation process and outcomes will receive more points for this rating factor.

30 points

(D) The applicant's experience administering other federal housing grants including, but not limited to, other FESG Grants;

30 points

(E) The relative number of years of experience working in the program or other related experience as determined by the Department possessed by the key staff of the program, (executive director, manager/supervisor, counselors/case managers). The total number of years of experience of key staff will be divided by the total number of key staff to calculate the relative number of years of experience. Related experience outside of the program must be described in order for the Department to consider awarding points for related experience.

60 points

(F) The proposed ratio of staff to Clients. Applicants with a higher staff to Client ratio will receive more points for this rating factor.

60 points

(G) Whether the applicant has any unresolved monitoring findings or concerns from FESG Grants awarded in no more than the previous four years;

20 points

(H) Whether the applicant has submitted required reports in a timely manner for FESG Grants awarded in no more than the previous four years;

20 points

(I) Whether the applicant has obligated and expended funds in a timely manner for FESG Grants awarded in no more than the previous four years.

20 points

(2) Need for Funds — 100 points

The need for FESG funds will be evaluated based on the rating factors listed in this section. Each rating factor will correspond to specific application questions. The total number of points available for each rating factor is also listed. The point scores awarded to each application for each application question will depend on the relative merit of the individual answer to each question

(A) The applicant's need for FESG funds when comparing the percentage of FESG funds to other sources of funding in the applicant's proposed program budget. Applicants with the highest percentage of FESG funds compared to other sources of funding in the proposed program budget will receive more points for this rating factor.

50 points

(B) Depending on the type of Client housing proposed for funding, the relative level of need for that housing type. Applicants whose Client housing type addresses higher needs as certified by a county-wide coordinating body or agency of county government specifically dealing with the issue of homelessness will receive more points for this rating factor. The certifying entity must also meet the conflict of interest provisions set forth in 24 C.F.R. 576.57(d). The Department may specify in the NOFA what local entities may be certifying entities.

50 points

(3) Impact and Effectiveness of the Client Housing — 250 points

The impact and effectiveness of the Client housing provided and proposed to be provided by the applicant will be evaluated based on the rating factors listed in this section. Each rating factor will correspond to specific application questions. The total number of points available for each rating factor is also listed. The point scores awarded to each application for each application question will depend on the relative merit of the individual answer to each question. For subsection (b)(3)(B) through subsection (b)(3)(E), the Department may require applicants to submit documentation to verify the accuracy of their placement rates.

(A) The number of services offered to homeless persons by the program, including services offered through direct referral of program Clients to other agencies that provide services not directly available through the program, and the accessibility of these services. Accessibility of services means transportation to off-site services based on the needs of the individual Client, accommodations for Clients with disabilities, and services that address the linguistic needs of the Clients. Applicants must also explain how they will provide Client access to services when barriers to accessibility as set forth in this subdivision do exist. Applications that demonstrate the accessibility of program services as set forth in this subdivision will receive more points than applications that do not demonstrate service accessibility. To receive points for services offered through direct referral of program Clients to other agencies, applicants must pro-

vide documentation substantiating an arrangement between the program and the other agencies to provide services to program Clients.

60 points

(B) In the last twelve months, the percentage of Clients who have exited the program and moved into permanent, transitional, or emergency housing, (overall placement rate).

For this rating factor, Homeless prevention programs will be compared with one another, Transitional housing programs will be compared with one another, overnight Emergency shelter programs will be compared with one another, Temporary Housing voucher programs will be compared with one another, Day Center programs will be compared with one another, and other FESG-eligible non-housing programs will be compared with one another.

60 points

(C) In the last 12 months, the percentage of Clients who as a result of their participation in the program have obtained or retained employment.

For this rating factor, Homeless prevention programs will be compared with one another, Transitional housing programs will be compared with one another, overnight Emergency shelter programs will be compared with one another, Temporary Housing voucher programs will be compared with one another, Day Center programs will be compared with one another, and other FESG-eligible non-housing programs will be compared with one another.

30 points

(D) In the last 12 months, the percentage of Clients who as a result of their participation in the program have obtained other income such as Supplemental Security Income (SSI), Temporary Assistance for Needy Families (TANF), or county general assistance;

For this rating factor, Homeless prevention programs will be compared with one another, Transitional housing programs will be compared with one another, overnight Emergency shelter programs will be compared with one another, Temporary Housing voucher programs will be compared with one another, Day Center programs will be compared with one another, and other FESG-eligible non-housing programs will be compared with one another.

30 points

(E) In the last 12 months, the percentage of Clients who as a result of their participation in the program have stabilized a mental illness or chemical addiction for a minimum of 90 days if the program is a Transitional housing program, or for a minimum of 30 days for all other programs.

For this rating factor, Homeless prevention programs will be compared with one another, Transitional housing programs will be compared with one another, overnight Emergency shelter programs will be compared with one another, Temporary Housing voucher programs will be compared with one another, Day Center programs will be compared with one another, and other FESG-eligible non-housing programs will be compared with one another.

30 points

(F) The applicant is a participant in a local planning process for the community-wide continuum of care, EHAP Local Emergency Shelter Strategy (LESS), or other homeless housing and supportive services plan, as evidenced by documentation from this planning process.

40 points

(4) Cost Efficiency — 100 points

The Cost efficiency of the proposed use of FESG funds for Client housing will be based on the rating factors listed in this subdivision. Each rating factor will correspond to specific application questions. The total number of points available for each rating factor is also listed. The point scores awarded to each application for each application question will depend on the relative merit of the individual answer to each question. For each rating factor in this subdivision, the Department may require applicants to submit documentation to verify the accuracy of the information provided by the applicant.

(A) The relative cost efficiency of the proposed use of FESG funds as measured by the following factors, where applicable.

60 points

1. The cost per bed per month when comparing overnight Emergency shelter programs with one another. The Department will examine the total Emergency shelter budget, with the exception of costs that qualify as Essential Services costs, regardless of whether FESG funds are being requested for Essential Services; or

2. The cost per bed per month when comparing Transitional housing programs with one another. The Department will examine the total Transitional housing budget with the exception of costs that qualify as Essential Services costs, regardless of whether FESG funds are being requested for Essential Services; or

3. The cost per bed per month when comparing Temporary Housing voucher programs with one another. The Department will examine the total voucher program budget with the exception of costs that qualify as Essential Services costs, regardless of whether FESG funds are being requested for Essential Services; or

4. The cost per household served per month when comparing Homeless prevention programs, with one another. The Department will examine the total Homeless Prevention program budget, with the exception of costs that qualify as Essential Services costs, regardless of whether FESG funds are being requested for Essential Services; or

5. The cost per household served per month when comparing Day Center programs with one another. The Department will examine the total Day Center budget, with the exception of costs that qualify as Essential Services costs, regardless of whether FESG funds are being requested for Essential Services; or

6. The cost per household served per month when comparing other FESG-eligible non-housing programs with one another. The Department will examine the total program budget with the exception of costs that qualify as Essential Services costs, regardless of whether FESG funds are being requested for Essential Services.

(B) The applicant's level of coordination with other organizations to operate the program as demonstrated by such things as: coordination of service delivery with other providers of housing or services to the homeless, use of volunteers, use of in-kind donations, use of client and community educational programs, and participation in coalitions. In evaluating this rating factor, the Department may ask the applicant to provide up to three letters from collaborating organizations which describe their collaborative relationship with the applicant.

40 points

(5) State Objectives — 35 points

The Department may award each application up to 35 points for addressing one or more State Objectives as identified in the annual FESG NOFA. The Department's selection of State Objectives for inclusion in the annual NOFA shall be based on one or more of the issue areas listed in this section. The point scores awarded to each application for the State Objectives selected in any given year will depend on the relative merit of the individual answers to the State Objective questions. In no instance shall the total amount of State Objective points available in any given year exceed 5% of the total amount of points available under Section 8411(b)

(A) Imbalance in the types of programs funded in prior years, such as Emergency shelters versus Transitional housing;

(B) Federal funding priorities as publicly announced by HUD;

(C) State funding priorities as publicly announced by the Governor;

(D) Housing and community development needs or objectives as identified in the Department's annual consolidated plan required by HUD.

(6) Total Possible — 785 Points

(c) Applications for the New Programs set-aside and three regional set-asides shall be separately rated by group and then ranked in descending order within their groups.

(d) FESG funds will be awarded to Eligible organizations in descending rank order for the amount requested in the corresponding eligible application, subject to the Department's limitations on certain Eligible activities including the limitations applicable to Essential Services and efforts to prevent homelessness at 42 U.S.C. subdivisions 11374(a)(2)(B) and 11374(a)(4) respectively, or for a revised amount pursuant to section 8405 subdivision (d), until the remaining funds in each set–aside are insufficient to fully fund the next highest ranked application(s).

(e) Any FESG funds remaining in the New Programs or regional set–asides shall be made available for distribution by general competition pursuant to section 8402 subdivision (c)(4).

(f) Among the applications competing for the general competition funds, FESG funds will be awarded to Eligible organizations in descending rank order for the amount requested in the corresponding eligible application, subject to the Department's limitations on certain Eligible activities including the limitations applicable to Essential Services and efforts to prevent homelessness at 42 U.S.C. subdivisions 11374(a)(2)(B) and 11374(a)(4) respectively, or for a revised amount pursuant to section 8405 subdivision (d).

(g) When there are insufficient funds to fully fund the next highest ranked unfunded application, this application shall be partially funded if the funded activities can be adequately carried out with the remaining FESG allocation.

(h) Within each of the set–asides set forth in section 8402, subdivisions (b) and (c) in the event of a tie for applicants in the lowest–ranked position to be funded, before continuing the award process the Department will break the tie among the applicants by awarding funds from the set–aside to the applicant who scored the most points overall in the Cost Efficiency rating category.

§ 8412. State Recipient Contract Requirements.

(a) Following a Grant award, the Department shall enter into a written contract directly with the State recipient. The contract shall be known as the "Standard Agreement" and shall include the items specified in this section.

(1) A clear and accurate identification of the State recipient and the Department;

(2) The timeframe for the performance of the approved project activities;

(3) The amount of the Grant, clearly expressed as the maximum amount; the basis upon which payment is to be made; and the process by which the State recipient must request payment;

(4) A clear and complete statement of the activities and services the State recipient will perform and provide under the Grant.

(b) Timeframes for the performance of approved project activities shall be as follows:

(1) All approved project activities except for Renovation, Conversion or Major rehabilitation shall commence within two months of the effective date of the Standard Agreement and shall be completed within 24 months of the effective date of the Standard Agreement. No extension of this contract term shall be granted.

(2) Approved project activities for Renovation, Conversion or Major rehabilitation shall commence within six months of the effective date of the Standard Agreement and shall be completed within 24 months of the effective date of the Standard Agreement. No extension of this contract term shall be granted.

(A) The commencement of project activities for Renovation, Conversion, or Major rehabilitation shall mean acquiring a building permit for Renovation, Conversion or Major rehabilitation.

(B) The completion of project activities for Renovation, Conversion, or Major rehabilitation activities shall mean acquiring a certificate of completion, where applicable.

(c) Each Standard Agreement shall provide that a State recipient shall request and receive Grant payments only under conditions that protect the Department's interests.

(d) The following performance requirements shall appear in each Standard Agreement and shall include additional provisions specific to each State recipient:

(1) State recipients shall submit to the Department reports on the progress toward the completion of approved activities during the term of the Standard Agreement;

(2) State recipients shall maintain accounting books and records in accordance with generally accepted accounting standards;

(3) State recipients receiving FESG funds for Renovation, Conversion, or Major rehabilitation shall provide the Department with a security interest in any real or personal property improved with FESG funds. The security interest shall be sufficient to secure the continued compliance by the State recipient with specified terms of the Standard Agreement.

(e) The Standard Agreement may require a work plan prepared by the State recipient as part of its application and incorporated by reference as part of the Standard Agreement which the State may then use for contract monitoring purposes.

(f) The Standard Agreement shall contain the applicable continued use requirements for Renovation, Conversion, and Major rehabilitation. Such requirements shall be consistent with the requirements set forth in the FESG Certifications on use of Assistance at 42 U.S.C. section 11375(c)(1) and 24 C.F.R. section 576.53, and shall be recorded against the property.

§ 8413. Procedures and Requirements for Procuring Contracts for Services or Materials under a Capital Development Contract.

(a) Each State recipient awarded a Grant for Renovation, Conversion, or Major rehabilitation shall include compliance with the requirements of this section in all its contracts and subcontracts for labor and materials to be paid for with FESG funds

(b) Prior to the disbursement of FESG funds for labor or materials, no contract in excess of $25,000 shall be awarded without the prior review and written approval from the Department. The Department shall not unreasonably withhold approval of said contracts.

(c) Each contract for Renovation, Conversion, or Major rehabilitation labor or materials shall comply with all applicable FESG program requirements, and all applicable terms and provisions of the Standard Agreement.

(d) Each contract shall include a provision stating that the records of the contracting parties shall be retained and subject to audit by the Department for a period of six years from the date of execution of the Standard Agreement.

(e) Each contract shall include a provision stating the method and schedule of payments, and shall provide for the retention of an amount of not less than ten percent from each progress payment, until such time as the lien–free completion of the project is ensured.

(f) Each Renovation, Conversion, or Major rehabilitation contract or subcontract of $25,000 or more shall include a security provision requiring the construction or service contractor to provide both a performance and a payment bond or an equivalent form of security, such as a letter of credit. Security instruments shall be subject to the following:

(1) Other than a performance bond and a payment bond, any form of security required of a contractor is subject to prior review and written approval by the Department;

(2) The security shall be in an amount equal to one hundred percent of the amount of the successful bid;

(3) Each construction or service contractor or subcontractor shall be appropriately licensed by the California State Contractors Licensing Board, and shall be insured as required by State law; and

(4) Each construction or service contractor or subcontractor shall not be on a list of federally debarred contractors.

(g) The State recipient shall establish procedures that ensure that disbursements are properly expended by, or on behalf of, the State recipient. Such procedures shall include:

(1) Performing on-site inspections of the construction or rehabilitation work; and

(2) Using progress inspection reports as the basis for issuing payments to contractors or subcontractors.

§ 8415. Budget Changes.

(a) After the award is made, the Department may approve changes to a project budget provided the requested budget change complies with either of the requirements of section 8415 subdivisions (b) or (c) below.

(b) The proposed budget change meets all of the following criteria when applicable:

(1) Does not substantially change the specific Clients served by the approved project activities;

(2) Continues to meet the priorities and criteria imposed during the respective award selection process;

(3) Results in a product substantially the same as the originally approved Eligible activity and, costs the same as or less than the originally approved Eligible activity;

(4) Will be completed by substantially the same date as allowed for in the original approval;

(5) Is justifiable, at the sole discretion of the Department, upon the Department's consideration of written evidence documenting the reasons for the change. If the proposed budget change involves eliminating an entire expense item from the Grant budget, the State recipient must explain what other funding will pay for this item.

(c) Will not result in a decrease in benefits to the local program.

(d) If the proposed budget change represents more than 10% of the overall award amount, an amendment to the Standard Agreement is required.

§ 8416. Disbursement Procedures.

(a) FESG funds shall be disbursed pursuant to the terms of the Standard Agreement.

(b) For Renovation, Conversion, or Major rehabilitation activities, the Department may require the State recipient to have an escrow account, a construction fund control account, or a comparable type of account for these activities.

(c) The Department may rely on the State recipient's certification that expenditures claimed in a request for disbursement are eligible and necessary, provided that the State recipient also certifies that detailed supporting documentation verifying each expenditure is available and shall be retained by the State recipient for six years after the execution of the Standard Agreement.

(d) Except for Renovation, Conversion, and Major rehabilitation activities, State recipients may request an advance of 30 days working capital or $5,000, whichever is greater, after the Standard Agreement is executed.

(e) As necessary, the Department shall establish minimum disbursement amounts or other related procedures necessary for the efficient administration of the FESG program.

(f) If a State recipient uses FESG funds for the costs of ineligible activities, the State recipient shall be required to reimburse these funds to the Department, and shall be prohibited from applying to the Department for subsequent FESG funds until the Department is fully repaid.

(g) Notwithstanding section 8416 subdivision. (d), only costs incurred after execution of the Standard Agreement and after all environmental review requirements have been met will be paid by the Department. Environmental review compliance shall include compliance with 24 C.F.R. Part 58.

(h) Requests for disbursement of FESG funds must be made by the State recipient on forms approved by the Department.

§ 8417. Reporting and Recordkeeping.

In addition to the requirements of 24 C.F.R. Parts 84 and 85, the following requirements apply to requests for funds, fiscal reporting and maintenance of records:

(a) All reports must be made on forms approved by the Department;

(b) All State recipients must submit a written request for disbursement each time a request for funds is made;

(c) All State recipients must submit a written disbursement expenditure detail report with the first request for disbursement;

(d) All State recipients must submit written quarterly accrued expenditure reports;

(e) A written report must be submitted annually during the period of the Grant;

(f) A written completion report must be submitted within 60 days after expiration of the Standard Agreement;

(g) Additional reports may be requested by the Department to meet other applicable federal reporting requirements;

(h) State recipients must maintain all fiscal and program records pertaining to the Grant for a period of six years from the date of execution of the Standard Agreement; and

(i) Pursuant to 24 C.F.R. section 576.65(b), all State recipients must maintain the confidentiality of records pertaining to the provision of prevention or treatment services to victims of family violence.

§ 8420. Sanctions.

The Department may impose sanctions, as well as any other remedies available to it under law, on a State recipient for failure to abide by any state and federal laws and regulations applicable to the FESG program. Such sanctions include:

(a) Conditioning a future Grant on compliance with specific laws or regulations;

(b) Directing a State recipient to stop incurring costs under the current Grant;

(c) Requiring that some or all of the Grant amount be remitted to the Department;

(d) Reducing the amount of Grant funds a State recipient would otherwise be entitled to receive; and/or

(e) Electing not to award future Grant funds to a State recipient until appropriate actions are taken by the State recipient to ensure compliance.

HISTORY

1. New section filed 9–30–2004 as an emergency; operative 9–30–2004 (Register 2004, No. 40). This emergency regulation will remain in effect for 360 days from the date of filing pursuant to Government Code section 7086, subdivision (d). A Certificate of Compliance must be transmitted to OAL by 9–25–2005 or emergency language will be repealed by operation of law on the following day.
2. Editorial correction of HISTORY 1 (Register 2005, No. 2).
3. Certificate of Compliance as to 9–30–2004 order, including amendment of subsection (f), transmitted to OAL 8–16–2005 and filed 9–27–2005 (Register 2005, No. 39).
4. Amendment of section and NOTE filed 11–27–2006; operative 11–27–2006 pursuant to Government Code section 11343.4 (Register 2006, No. 48).

Article 2. Department Application Fees

§ 8432. Amount of Department Fee.

(a) Commencing on November 1, 2004, each enterprise zone shall remit to the Department a fee of $10.00 for each application for a Certificate that it accepts. The enterprise zone may collect this fee at the time it accepts an application for processing. The fees shall be remitted pursuant to the procedures set forth in Section 8433.

(b) The Department may adjust the per–application fee from time to time, pursuant to the Administrative Procedure Act, to ensure that fees collected meet, but do not exceed, the Department's costs of administering the Act. In no case shall the per–application fee exceed $10. Prior to any such adjustment, the Department shall notify all enterprise zones.

§ 8433. Procedure for Remittance of Department Fees.

(a) No later than the 25th day of December 2004, and on the 25th day of each month thereafter, each enterprise zone shall file a completed Remittance Form with the Department for the fees collected during the preceding month. An enterprise zone shall file a Remittance Form even if no applications were accepted during the preceding month.

(b) The Remittance Form shall be provided by the Department and shall inform the enterprise zone that the fees are being collected to reimburse the Department for the costs of its administration of the Act, and shall include instructions for returning the completed Remittance Form. The Remittance Form shall request the following information: (1) date submitted; (2) name of the enterprise zone; (3) the enterprise zone contact person, telephone number and e–mail address; (4) total number of applications accepted for the preceding month; and (5) the total amount of funds being remitted.

(c) Each enterprise zone shall remit to the Department, along with the completed Remittance Form, a single check, made payable to the Department of Housing and Community Development, in a dollar amount equal to the then current per–application fee established by the Department pursuant to Section 8432 multiplied by the number of applications accepted for the month being reported.

§ 8439.1. Enterprise Zone Designation Process.

(a) The regulations contained in this chapter govern the establishment of enterprise zones pursuant to the Enterprise Zone Act, Government Code sections 7070 et seq.

(b) The Agency shall designate a maximum of twenty–five (25) enterprise zones, in addition to two small cities enterprise zones and two SB1438 zones. Pursuant to Government Code section 7073.9, the Agency shall designate two small cities enterprise zones. Pursuant to Government Code section 7073.7, the Agency shall designate two SB1438 zones. The four shall be in addition to the 25 previous designated. Except for the small cities and SB1438 designations, the Agency shall select a maximum of twenty (20) preliminary applications during each designation process to complete a final application, and from the final applications, the Agency shall designate up to eight (8) enterprise zones during each designation process. The Agency shall select a maximum of five (5) preliminary applications for designation of small cities enterprise zones and SB1438 zones, and shall conditionally designate two of the final applicants.

(c) The Agency shall designate an application area as an enterprise zone provided each of the following requirements is satisfied:

(1) A city, county or city and county submits a preliminary application to the Agency, or in the case of a small cities enterprise zone, a small city submits an application;

(2) The application area contains an eligible area and includes:

(A) a commercial area contained within or contiguous to the eligible area; and/or

(B) an industrial area contained within or adjacent to the eligible area;

(3) The preliminary applicant has been selected by the Agency to complete a final application; and

(4) The Agency has awarded the final applicant both conditional and final designation status.

HISTORY

1. New section filed 4–2–90 as an emergency; operative 4–2–90 (Register 90, No.14). A Certificate of Compliance must be transmitted to OAL within 180days or emergency language will be repealed on 10–1–90. For prior history, see Register 87, No. 2.
2. Certificate of Compliance as to 4–2–90 order transmitted to OAL 9–27–90 and filed 10–29–90 (Register 90, No. 50).
3. Change without regulatory effect renumbering title 10, section 5602.1 to title 25, section 8440.1 and amending NOTE filed 7–19–2005 pursuant to section 100, title 1, California Code of Regulations (Register 2005, No. 29).

§ 8440.2. Distress Criteria.

(a) Each census tract, block group, or enumeration district within a non-petition distress area must meet at least three (3) of the distress criteria listed below:

(1) The net increase in per capita income between 1969 and 1983 was $8,203 or less;

(2) The average rate of unemployment for both 1984 and 1985 was 9% or more;

(3) The percent of persons below the poverty level in 1980 was 12.4% or more; or

(4) At least 70% of the households had income below 80% of median county household income during 1980.

(5) The area is within a jurisdiction declared a disaster area by the President of the United States within the last seven years.

The Agency shall provide applicants with the above–referenced data for each census tract, block group, or enumeration district using information prepared by the Department of Finance.

(b) To determine qualification under subsection (a)(1) above, information for the entire county shall be used if the same census tracts or enumeration districts are not available for the last two decennial censuses. In such cases, if the county qualifies, all census tracts or enumeration districts within that county qualify. For areas where census tracts are not available, enumeration districts shall be used.

HISTORY

1. New section filed 4–2–90 as an emergency; operative 4–2–90 (Register 90, No. 14). A Certificate of Compliance must be transmitted to OAL within 180 days or emergency language will be repealed on 10–1–90. For prior history, see Register 87, No. 2.
2. Certificate of Compliance as to 4–2–90 order transmitted to OAL 9–27–90 and filed 10–29–90 (Register 90, No. 50).
3. Change without regulatory effect amending subsection (a)(4) filed 2–7–94 pursuant to title 1, section 100, California Code of Regulations (Register 94, No. 6).
4. Amendment of subsections (a)(1)–(2) and (a)(5) and NOTE filed 5–24–94 as an emergency; operative 5–24–94 (Register 94, No. 21). A Certificate of Compliance must be transmitted to OAL by 11–21–94 pursuant to Government Code section 7076 or emergency language will be repealed by operation of law on the following day.
5. Reinstatement of subsections (a)(1)–(2), (a)(5) and NOTE as they existed prior to emergency amendment filed 2–6–95 by operation of Government Code section 11346.1(f) (Register 95, No. 6).
6. Amendment of subsections (a)(1)–(2), (a)(5) and NOTE filed 3–14–95; operative 3–14–95 pursuant to Government Code section 11343.4(d) (Register 95, No. 11).
7. Change without regulatory effect renumbering title 10, section 5602.2 to title 25, section 8440.2 and amending NOTE filed 7–19–2005 pursuant to section 100, title 1, California Code of Regulations (Register 2005, No. 29).

§ 8440.3. SB1438 Zone Eligible Area.

(a) "Area", as used in this section, means the county for a census tract outside a city, and the city for a census tract within a city. Therefore, in subsection (b)(1), "unemployment rate for the area" means that rate within the city if the census tract is in a city, otherwise it means the rate for the county.

(b) Each census tract within the SB1438 zone eligible area shall comply with a minimum of two of the following:

(1) The unemployment rate in the area has been twice the unemployment rate for the State of California in each of the years 1990 through

1994, inclusive, based upon figures provided by the Economic Development Department.

(2) The 1990 median household income for each census tract is less than 90 percent of the 1990 median household income for the county in which the census tract is located, based upon figures provided by the Department of Finance Demographics Unit.

(3) The area has experienced at least an eight percent increase in population per year in both 1993 and 1994 while employment in the area has increased less than eight percent per year in 1993 and 1994, based upon figures provided by the Economic Development Department. In calculating the increase, if 1992 population was 100,000, then population in 1993 must be at least 108,000, and in 1994 at least 116,640.

Article 5. Eligible Area Petition Process

§ 8441. Petition Area as an Eligible Area.

(a) If the petition area does not comply with the distress criteria specified in section 8440.2, the petition area shall qualify as a distressed area, provided the petition area meets the requirements of one of the following sections: section 8441.2, section 8441.3 or section 8441.4.

(b) The petition shall contain all of the following information:

(1) A description and identification of the exact location and the specific boundaries of the petition area, together with the population data for the petition area.

(2) All data and information in support of the contention that the petition area meets the requisite distress criteria set forth in one of the following sections: 8441.2, 8441.3, or 8441.4.

(3) All data and information in support of the contention that the eligible area meets the requirements of section 8440.1.

HISTORY

1. New section filed 4–2–90 as an emergency; operative 4–2–90 (Register 90, No.14). A Certificate of Compliance must be transmitted to OAL within 180 days or emergency language will be repealed on 10–1–90. For prior history, see Register 87, No. 2.
2. Certificate of Compliance as to 4–2–90 order transmitted to OAL 9–27–90 and filed 10–29–90 (Register 90, No. 50).
3. Change without regulatory effect renumbering title 10, section 5605.1 to title 25, section 8441.2 and amending NOTE filed 7–19–2005 pursuant to section 100, title 1, California Code of Regulations (Register 2005, No. 29).

§ 8441.3. Substantially Similar Conditions of Economic Distress.

A petition area shall qualify as a distressed area if at least 51% of the population or the geographic area within the petition area complies with the provisions of section 8440.2. The remaining portion of the population or the geographic area within the petition area shall meet a minimum of three (3) economic distress criteria. At least one (1) of the three (3) criteria shall be an economic distress criteria specified in section 8440.2. The remaining criteria shall meet the criteria set forth below.

(a) The percentage of aid to families with dependent children (AFDC) recipients residing in the petition area is one hundred and twenty percent (120%) or more of the percentage of AFDC recipients residing in the State of California and in the county within which the petition area is located. For the purposes of this subsection, the following data shall be utilized in calculating the percentage of AFDC recipients residing in the petition area, the State and the county:

(1) The number of resident AFDC recipients shall be based upon the most recent annual data compiled by the State Department of Social Services; and

(2) The total number of residents shall be based on the most recent decennial census data prepared by the United States Department of Commerce, Bureau of the Census;

(b) The percentage of county general relief program recipients residing in the petition area is one hundred and twenty percent (120%) or more of the percentage of general relief program recipients residing in the State of California and in the county within which the petition area is located. For the purposes of this subsection, the following data shall be utilized in calculating the percentage of general relief recipients residing in the petition area, the State and the county:

(1) The number of resident general relief recipients shall be based upon the most recent annual data compiled by the State Department of Social Services; and

(2) The total number of residents shall be based on the most recent decennial census data prepared by the United States Department of Commerce, Bureau of the Census;

(c) The most recent one year high school drop–out rate for school age children residing in the petition area is one hundred and twenty percent (120%) or more of the most recent one year high school drop–out rate for school age children residing in the State of California and in the county within which the petition area is located. The petition area drop–out rate is available from the local unified school district. The State and county drop–out rates shall be contained in the Enterprise Zone Preliminary Application Handbook.

(d) The population of the petition area meets the population loss criteria (also referred to as "population lag/decline") identified by the most recent Urban Development Action Grant guidelines published by the United States Department of Housing and Urban Development as of the date the preliminary applications were mailed by the Agency.

(e) The most recent annual percentage of persons residing in the petition area below the poverty rate is one hundred and twenty percent (120%) or more of the most recent annual poverty rate for the persons residing in the State of California. The State poverty rate shall be contained in the Enterprise Zone Preliminary Application Handbook.

(f) The most recent annual unemployment rate for persons residing in the petition area is one hundred and twenty percent (120%) or more of the most recent annual unemployment rate for the persons residing in the State of California and in the county in which the petition area is located. The State and county unemployment rates shall be contained in the Enterprise Zone Preliminary Application Handbook.

§ 8442.7. Preliminary Economic Development Plan and Evaluation Criteria.

Each preliminary application shall contain a Preliminary Economic Development Plan. Each Preliminary Economic Development Plan shall contain the information and data required by this section, except for a plan contained in a small cities preliminary application, which shall only contain the information and data required by subsection (a), (b) and (f). The Agency shall evaluate and numerically grade each Preliminary Economic Development Plan on a competitive basis, based upon the categories and the corresponding point values set forth below and the scoring method set forth in section 8444.2.

(a) Marketing the zone: up to 250 points.

The Preliminary Economic Development Plan shall contain a detailed marketing plan for the application area. The marketing plan shall include the following information:

(1) An explanation of the specific marketing goals and the course(s) of action to be taken in order to attain the specified goals;

(2) A detailed description of the plans to:

(A) Keep existing businesses from leaving the application area; and

(B) Assistance to be provided in helping existing businesses to expand;

(3) A detailed description of the plans to attract new businesses into the application area, including the names of the industries targeted for attraction;

(4) A detailed description of the role of the local economic development corporation, or similar organization;

(5) A detailed description of the sales plan for on–site visits to existing and/or new businesses;

(6) A detailed analysis of the advertising and promotional strategy, including a media analysis and samples of existing advertising and promotional materials;

(7) A detailed analysis of the staff, organization and budgets to be committed to the marketing plans by all organizations;

(8) Specific examples of successful efforts by the corporations or organizations identified in subsection (a)(4) above to attract and/or retain businesses;

(9) A list of all application area commercial real estate brokers who will handle real estate transactions within the application area; and

(10) Any other indicators of the applicant's plans for marketing the application area.

(b) Available property and businesses: up to 200 points.

The Preliminary Economic Development Plan shall include the number of businesses presently located in the application area, as well as a list that contains the following application area information:

(1) The total square footage of vacant buildings on land zoned industrial that meet all local and state building, fire, and seismic codes, as well as other codes necessary to operate the facility;

(2) The total square footage of vacant buildings on land zoned commercial that meet all local and state building, fire, and seismic codes, as well as other codes necessary to operate the facility;

(3) The total number of acres of vacant improved land zoned industrial. "Improved land" and used in this subsection (b) means that all infrastructure necessary to operate from the site is available to deliver water, power, sewer and traffic services;

(4) The total number of acres of vacant improved land zoned commercial;

(5) The total number of acres of vacant unimproved land zoned industrial; and

(6) The total number of acres of vacant unimproved land zoned commercial;

(7) Any other information concerning the available property and businesses in the application area.

(c) Job development: up to 175 points.

The Preliminary Economic Development Plan shall contain a detailed explanation of the plan to identify, train and place application area unemployed and underemployed persons into the jobs created through the marketing of the application area. The Preliminary Economic Development Plan shall also include the following information:

(1) A list containing the names and addresses of all administrative agencies and/or contractors who will provide intake and/or job development services in the application area under the Job Training Partnership Act (JTPA) (29 USC Section 1501 et seq), Greater Avenues for Independence (GAIN) (Welfare and Institutions Code Section 11320 et seq), and Targeted Jobs Tax Credit (TJTC) (26 USC Section 51), and which will provide funds and staff for the implementation of the Preliminary Economic Development Plan;

(2) A detailed explanation of the specific contributions that each agency and/or contractor shall make for the implementation of the Preliminary Economic Development Plan;

(3) A detailed explanation of how the recipients of JTPA, GAIN, and TJTC services will be placed in enterprise zone jobs. The applicant shall include a detailed explanation of the coordination of marketing efforts with job development agencies and/or contractors;

(4) Data that shows the track record of job placements by each agency and/or contractor over the two (2) years preceding the date the preliminary applications were mailed by the Agency;

(5) A detailed organization chart showing all staff persons providing job development management and services for each agency and/or contractor identified in the Preliminary Economic Development Plan as well as all job development coordination staff of the applicant; and

(6) Any other indicators of the applicant's job development plans for the application area.

(d) Local incentives: up to 125 points.

The Preliminary Economic Development Plan shall include a detailed description of the local incentives provided by the applicant and a detailed explanation of how the proposed local incentives will stimulate business investment in the application area. The following information shall be included in the Preliminary Economic Development Plan:

(1) An explanation of the plans to reduce fees for application area business, including development fees, license fees, and permit fees;

(2) An explanation of methods to be employed to reduce the administrative processing time required for plan review and permit applications for application area businesses;

(3) An explanation of the land use plan, together with maps of the application area that forecast local zoning plans for the next 5 to 10 years to ensure that the projected zoning plans are consistent with the Preliminary Economic Development Plan; and

(4) Any other indicators of the applicant's plans for application area incentives.

(e) Financing programs: up to 100 points.

The Preliminary Economic Development Plan shall contain a detailed description of the current and proposed financing programs that will be targeted to businesses within the application area. The description shall include the following information:

(1) A list containing the identity of all agencies, organizations and firms that will provide financial assistance to businesses within the application area;

(2) An explanation of the types of services each entity identified in subsection (e)(1) above offers and a detailed record of the companies that have received financial assistance during the three (3) year period prior to the date the preliminary application was mailed by the Agency;

(3) The identity of all financial institutions with facilities in or near the application area that have expressed an interest in making business loans to companies located in the application area, and a list of those financial institutions which are presently making loans guaranteed by the United States Small Business Administration;

(4) A detailed explanation of the loans available through programs offered by the applicant, together with data showing the result of these loan programs for the three year period immediately prior to the date the preliminary applications were mailed by the Agency; and

(5) Any other indicators of the applicant's financing program.

(f) Unemployment and area income levels: up to 100 points.

The Preliminary Economic Development Plan shall contain data that shows the 1980 per capita income and percent of unemployment for each census tract, block group or enumeration district in the eligible area.

HISTORY

1. New section filed 4–2–90 as an emergency; operative 4–2–90 (Register 90, No.14). A Certificate of Compliance must be transmitted to OAL within 180 days or emergency language will be repealed on 10–1–90. For prior history, see Register 87, No. 2.
2. Certificate of Compliance as to 4–2–90 order transmitted to OAL 9–27–90 and filed 10–29–90 (Register 90, No. 50).
3. Change without regulatory effect amending opening paragraph and subsections (c)(4), (e)(2) and (e)(4) filed 2–7–94 pursuant to title 1, section 100, California Code of Regulations (Register 94, No. 6).
4. Amendment of opening paragraph, subsection (c)(2) and NOTE filed 5–24–94 as an emergency; operative 5–24–94 (Register 94, No. 21). A Certificate of Compliance must be transmitted to OAL by 11–21–94 pursuant to Government Code section 7076 or emergency language will be repealed by operation of law on the following day.
5. Reinstatement of first paragraph, subsection (c)(2) and NOTE as they existed prior to emergency amendment filed 2–6–95 by operation of Government Code section 11346.1(f) (Register 95, No. 6).
6. Amendment of first paragraph, subsection (c)(2) and NOTE filed 3–14–95; operative 3–14–95 pursuant to Government Code section 11343.4(d) (Register 95, No. 11).
7. Change without regulatory effect renumbering title 10, section 5608 to title 25, section 8442.7 and amending section filed 7–19–2005 pursuant to section 100, title 1, California Code of Regulations (Register 2005, No. 29).

§ 8442.8. Resolution Required.

A preliminary application shall include a resolution adopted by each city, county, or city and county having jurisdiction over any portion of an application area. A preliminary application without such resolutions shall be rejected and no further review of the preliminary application shall be conducted.

(a) For each city, county, or city and county that is a preliminary applicant, the resolution shall contain the following information:

(1) A finding that the application area is a depressed area, and that designation of the application area as an enterprise zone is necessary in order to attract private sector investment to the application area; and

(2) A statement that the city, county, or city and county agrees to complete all actions stated within the preliminary and final application which apply to its jurisdiction should the final application be awarded conditional designation.

(b) For each city, county, or city and county having jurisdiction over any portion of an application area that is not a preliminary applicant, the resolution shall contain the following information:

(1) A statement that the city, county, or city and county agrees to the inclusion of the area within its jurisdiction as part of the application area but does not wish to participate as a preliminary or final applicant; and

(2) A statement that the city, county, or city and county agrees to complete all actions stated within the preliminary and final application which apply to its jurisdiction should the final application be awarded conditional designation.

HISTORY

1. New section filed 4–2–90 as an emergency; operative 4–2–90 (Register 90, No.14). A Certificate of Compliance must be transmitted to OAL within 180 days or emergency language will be repealed on 10–1–90. For prior history, see Register 87, No. 2.
2. Certificate of Compliance as to 4–2–90 order transmitted to OAL 9–27–90 and filed 10–29–90 (Register 90, No. 50).
3. Change without regulatory effect renumbering title 10, section 5609 to title 25, section 8442.8 filed 7–19–2005 pursuant to section 100, title 1, California Code of Regulations (Register 2005, No. 29).

§ 8442.9. Invalid Application Areas; Addendum to Preliminary Application.

(a) The Agency shall send a notice by certified mail to each preliminary applicant whose preliminary application contains an invalid area. The notice shall contain a description of the invalid area, and an explanation as to why the area is invalid. For the purposes of this section, "invalid area" means an application area, or portion thereof, that:

(1) Is included within the application area of more than one preliminary or final application;

(2) Is included in a designated program area under the provisions of the Employment and Economic Incentive Act, chapter 44, statutes of 1984; or

(3) Is included within an area that has been designated as an enterprise zone by the Agency.

(b) The Agency shall permit a preliminary applicant whose preliminary application contains an invalid area an opportunity to submit an addendum to the preliminary application ("addendum"). The preliminary application shall state in the addendum whether or not the boundaries of the originally proposed application area have been changed.

(1) If the boundaries of the originally proposed application area have been changed, the addendum shall contain:

(A) A description of the new geographic boundaries of the application area; and

(B) An amendment to any part of the preliminary application that is affected by the change in the application area.

(2) If the originally proposed application area has not been changed, the addendum shall identify the reason why a change is not necessary.

(c) The addendum shall be signed by a majority of the members of each governing body with jurisdiction in the application area. The preliminary applicant shall submit the original of the addendum, together with six (6) copies thereof, to the Agency on or before the due date specified in subsection (d).

(d) Preliminary applicants shall submit the addendum to the Agency no later than fourteen (14) days after the notice of the invalid area is mailed by the Agency. The Agency shall reject, without review, any addendum submitted after the due date.

(1) If, after the Agency's review of the addendum received on or before the due date, the application area continues to contain an invalid area, the Agency shall disqualify the preliminary application and no further review of the preliminary application shall be conducted.

(2) If, after the review, the application area identified by the preliminary application no longer contains an invalid area, the preliminary application, with the amended boundaries, shall be qualified to undergo further review by the Agency.

HISTORY

1. New section filed 4–2–90 as an emergency; operative 4–2–90 (Register 90, No.14). A Certificate of Compliance must be transmitted to OAL within 180 days or emergency language will be repealed on 10–1–90. For prior history, see Register 87, No. 2.
2. Certificate of Compliance as to 4–2–90 order transmitted to OAL 9–27–90 and filed 10–29–90 (Register 90, No. 50).
3. Change without regulatory effect amending section filed 2–7–94 pursuant to title 1, section 100, California Code of Regulations (Register 94, No. 6).
4. Change without regulatory effect amending subsections (a)(3) and (d)–(d)(2) filed 6–15–94 pursuant to title 1, section 100, California Code of Regulations (Register 94, No. 24).
5. Change without regulatory effect renumbering title 10, section 5610 to title 25, section 8442.9 filed 7–19–2005 pursuant to section 100, title 1, California Code of Regulations (Register 2005, No. 29).

§ 8442.10. Selection of Final Applicants.

(a) Except for small cities enterprise zone designation, the Agency shall select a maximum of twenty (20) highest scoring preliminary applications to complete a final application, as determined by the evaluation and grading provisions contained in articles 6 and 7. The Agency shall select a maximum of five (5) highest scoring small cities enterprise zone preliminary applications to complete a final application, as determined by the evaluation and grading provisions contained in articles 6 and 7.

(b) Notwithstanding subsection (a) above, if, except for a small cities designation, there is a tie for the twentieth highest score and, as a result of the tie, more than twenty preliminary applications receive the twenty highest scores, the Agency shall eliminate from further competition each preliminary application receiving the twentieth highest score. In the case of a small cities enterprise zone designation, if there is a tie for the fifth highest score and, as a result of the tie, more than five preliminary applications receive the five highest scores, the Agency shall eliminate from further competition each preliminary application receiving the fifth highest score.

§ 8443.1. Modification of Application Area Boundaries; Agency Decision.

(a) A final applicant shall not modify the boundaries of the application area contained in the preliminary application unless the Agency has approved of the modification prior to the final application due date contained in the Enterprise Zone Final Application Handbook.

(b) A final applicant shall not be permitted to add a geographic area to the application area contained in the preliminary application if the addition includes any area under the jurisdiction of a city, county or city and county that did not submit a section 8442.8 resolution as part of the preliminary application.

(c) A final applicant which desires to modify the boundaries of the application area contained in the preliminary application shall submit the following information to the Agency:

(1) Documents that show that any area(s) being proposed for addition to the application area:

(A) 1. For a new commercial area, is contained within or contiguous with, the application area contained in the preliminary application. As used this subsection (c)(1)(A) "new" means that the preliminary application did not contain a commercial or industrial area; or

2. For a new industrial area where one did not exist before, is contained within or adjacent to, the application area contained in the preliminary application; and

(B) Represent no more than five percent (5%) of the total geographic area of the application area contained in the applicant's preliminary application;

(2) If the area(s) to be added include commercial and/or industrial areas, documents that show that the area(s) are at least 51% zoned commercial and/or industrial and documents show that the modified application area contains both one eligible area plus one commercial and/or industrial area;

(3) If the area(s) to be added includes an expanded eligible area, evidence that shows that the eligible area complies with the petition or eligible area criteria contained in articles 4 and 5;

(4) An updated boundary description for the modified application area, and a zoning or land use map for the area(s) being added or deleted;

(5) A resolution by the governing body of each city, county or city and county that has jurisdiction within the geographic area being added or deleted approving of the modification to the boundaries of the application area. If a geographic area is being added, the resolution shall contain the findings required by section 7073(a) of the Government Code; and

(6) A statement containing the reasons for the change to the application area.

(d) The Agency shall approve or disapprove of a modification to the boundaries of an application area by mailing a written notification within fourteen (14) days of receipt of a request for modification. Approval or denial of the request shall be based upon the final applicant's compliance with subsection (c) above. The information required in the final application and by sections 8449 through 8449.7 shall reflect any modification approved for the application area.

HISTORY

1. New section filed 4–2–90 as an emergency; operative 4–2–90 (Register 90, No.14). A Certificate of Compliance must be transmitted to OAL within 180days or emergency language will be repealed on 10–1–90. For prior history, see Register 87, No. 2.
2. Certificate of Compliance as to 4–2–90 order transmitted to OAL 9–27–90 and filed 10–29–90 (Register 90, No. 50).
3. Change without regulatory effect amending section heading and subsections (a), (c) and (d) filed 2–7–94 pursuant to title 1, section 100, California Code of Regulations (Register 94, No. 6).
4. Change without regulatory effect renumbering title 10, section 5612.1 to title 25, section 8443.1 and amending section filed 7–19–2005 pursuant to section 100, title 1, California Code of Regulations (Register 2005, No. 29).

§ 8443.2. Final Economic Development Plan and Evaluation Criteria.

Each final application shall contain a Final Economic Development Plan. The Final Economic Development Plan shall contain the information and data specified in this section, except for a small cities enterprise zone, which shall contain both the information required by this section and section 8443.9. The Agency shall evaluate and numerically grade each Final Economic Development Plan on a competitive basis, based upon the categories and corresponding point values set forth below and, for small cities enterprise zones, the categories and point values set forth in section 8443.9, and the scoring method set forth in section 8444.2.

(a) The data and information required by Section 8442.7: up to 950 points.

The Final Economic Development Plan shall contain all of the data and information required by the Preliminary Economic Development Plan. The final applicant shall submit the original information and data as previously presented in its Preliminary Economic Development Plan and, if the final applicant desires, submit new or modified information and data in addition to that originally presented in the Preliminary Economic Development Plan.

(b) Infrastructure: up to 150 points.

The Final Economic Development Plan shall contain a detailed analysis and description of the availability and condition of the infrastructure within the industrial and commercial area. The analysis and description shall include the condition, capacity to deliver service and available capacity of:

(1) Water supply;

(2) Storm drainage;

(3) Sewer and waste treatment plant;

(4) Natural gas and electric; and

(5) Streets and street lighting;

(6) Any other indicators of the capacity, condition and availability of the infrastructure within the industrial and commercial area.

The Final Economic Development Plan shall describe all plans to expand or improve the infrastructure, including the projected costs, proposed financing and the time tables for completion.

(c) Program Management: up to 150 points.

The Final Economic Development Plan shall contain a detailed description of the annual budget(s), staff and organization for administration of the proposed enterprise zone. The description shall include:

(1) The applicant's annual line item budget and the source of funding that the applicant will commit for the administration of the proposed enterprise zone.

(2) The annual budgets (dollars) for each agency; or organization, other than the applicant, which has been identified in subsection (a) as providing marketing, job development, and other aspects of implementing the Final Economic Development Plan.

(3) The names(s) of the person(s) who will act as the enterprise zone coordinator(s) and administer the proposed enterprise zone on a full time basis. The enterprise zone coordinator(s) shall spend at least half of his or her time contacting businesses.

(4) An organization chart that shows all persons and organizations involved in all aspects of the proposed enterprise zone, including marketing, job development, financing and administration, together with their reporting relationship to the enterprise zone coordinator. The organization chart shall also define the coordinator's reporting relationship to or in the applicant jurisdiction(s). The organization chart shall show people by name and/or job title, and not the agency or agency identified as a general area.

(5) Any other indicators of program management for the proposed enterprise zone.

§ 8443.9. Small Cities Enterprise Zone Information.

Final applicants for small cities enterprise zone designation shall supplement the section 8443.2 Final Economic Development Plan with the following information as part of the final application:

(a) Job development: up to 175 points.

A Final Economic Development Plan including a detailed explanation of the plan to identify, train and place application area unemployed and underemployed persons into the jobs created through the marketing of the application area. The Final Economic Development Plan shall also include the following information:

(1) A list containing the names and addresses of all administrative agencies and/or contractors who will provide intake and/or job development services in the application area under the Job Training Partnership Act (JTPA) (29 USC Section 1501 et seq), Greater Avenues for Independence (GAIN) (Welfare and Institutions Code Section 11320 et seq), and Targeted Jobs Tax Credit (TJTC) (26 USC Section 51), and which will provide funds and staff for the implementation of the plan;

(2) A detailed explanation of the specific contributions that each agency and/or contractor shall make for the implementation of the Final Economic Development Plan;

(3) A detailed explanation of how the recipients of JTPA, GAIN, and TJTC services will be placed in enterprise zone jobs. The applicant shall include a detailed explanation of the coordination of marketing efforts with job development agencies and/or contractors;

(4) Data that shows the track record of job placements by each agency and/or contractor over the two (2) years preceding the date the preliminary applications were mailed by the Agency;

(5) A detailed organization chart showing all staff persons providing job development management and services for each agency and/or contractor identified in the Final Economic Development Plan as well as all job development coordination staff of the applicant; and

(6) Any other indicators of the applicant's job development plans for the application area.

(b) Local incentives: up to 125 points.

The Final Economic Development Plan shall include a detailed description of the local incentives provided by the applicant and a detailed explanation of how the proposed local incentives will stimulate business investment in the application area. The following information shall be included in the Final Economic Development Plan:

(1) An explanation of the plans to reduce fees for application area business, including development fees, license fees, and permit fees;

(2) An explanation of methods to be employed to reduce the administrative processing time required for plan review and permit applications for application area businesses;

(3) An explanation of the land use plan, together with maps of the application area that forecast local zoning plans for the next 5 to 10 years to ensure that the projected zoning plans are consistent with the plan; and

(4) Any other indicators of the applicant's plans for application area incentives.

(c) Financing programs: up to 100 points.

The Final Economic Development Plan shall contain a detailed description of the current and proposed financing programs that will be targeted to businesses within the application area. The description shall include the following information:

(1) A list containing the identity of all agencies, organizations and firms that will provide financial assistance to businesses within the application area;

(2) An explanation of the types of services each entity identified in subsection (a)(1) above offers and a detailed record of the companies that have received financial assistance during the three (3) year period prior to the date the preliminary application was mailed by the Agency;

(3) The identity of all financial institutions with facilities in or near the application area that have expressed an interest in making business loans to companies located in the application area, and a list of those financial institutions which are presently making loans guaranteed by the United States Small Business Administration;

(4) A detailed explanation of the loans available through programs offered by the applicant, together with data showing the result of these loan programs for the three year period immediately prior to the date the final applications were mailed by the Agency; and

(5) Any other indicators of the applicant's financing program.

Article 9. Conditional and Final Designation

§ 8445. Conditional Designation.

(a) The Agency shall mail a "conditional designation document" to the final applicants which have been awarded conditional designation status.

(b) The Agency shall specify in the conditional designation document the conditions which must be satisfied prior to final designation. The conditions shall consist of providing to the Agency all street address ranges for the application area plus all items included in the final applicant's Final Economic Development Plan which have not been completed as of the date the conditional designation document was mailed. The conditions must be met within one hundred and eighty (180) days of the date the Agency mails the conditional designation document, unless an extension or modification of the conditional designation document is granted pursuant to section 8445.2.

(c) Failure to satisfy all of the conditions within one hundred and eighty (180) days will result in automatic forfeiture of conditional designation status, unless the final applicant receives an extension of the conditional designation deadline pursuant to section 8445.2.

3. Change without regulatory effect amending subsection (a) filed 2–7–94 pursuant to title 1, section 100, California Code of Regulations (Register 94, No. 6).
4. Change without regulatory effect renumbering title 10, section 5614 to title 25, section 8445 and amending section filed 7–19–2005 pursuant to section 100, title 1, California Code of Regulations (Register 2005, No. 29).

§ 8445.1. Effective Date of Enterprise Zone Designation.

None of the benefits or responsibilities of designation as an enterprise zone shall become effective until final designation.

NOTE: Authority cited: Sections 7073 and 7076, Government Code. Reference: Section 7073, Government Code.

HISTORY

1. New section filed 4–2–90 as an emergency; operative 4–2–90 (Register 90, No. 14). A Certificate of Compliance must be transmitted to OAL within 180 days or emergency language will be repealed on 10–1–90. For prior history, see Register 87, No. 2.
2. Certificate of Compliance as to 4–2–90 order transmitted to OAL 9–27–90 and filed 10–29–90 (Register 90, No. 50).

3. Change without regulatory effect renumbering title 10, section 5615 to title 25, section 8445.1 section filed 7–19–2005 pursuant to section 100, title 1, California Code of Regulations (Register 2005, No. 29).

§ 8445.2. Extension of Conditional Designation Deadline; Modification of Conditional Designation Document.

(a) A final applicant which is awarded conditional designation shall be permitted to submit a request to the Agency to either:

(1) extend the time within which the final applicant must satisfy the conditions stated in the section 8445 conditional designation document; or

(2) modify the conditions.

The request shall be received by the Agency prior to the expiration of the one hundred and eighty (180) day time period stated in the conditional designation document.

(b) The final applicant shall describe the actions taken by the final applicant to comply with the conditional designation document, and shall provide a detailed explanation of the reasons why the final applicant cannot satisfy all of the conditions precedent to final designation within one hundred and eighty (180) days.

(c) The Agency shall grant the request for an extension of time based upon a finding that the final applicant has substantially complied with the terms of the conditional designation document within the one hundred and eighty (180) day period, and that the final applicant requires an additional time period within which to comply with all of the terms of the conditional designation document or that the final applicant needs to modify the terms of the conditional designation document.

(d) Notwithstanding subsection (c) above, the Agency shall deny the request if a modification of the terms of the conditional designation document would result in the final applicant receiving a lower score on the section 8443.2 Final Economic Development Plan than attained when the final application was originally evaluated and scored.

(e) The Agency shall respond in writing to the request for a time extension within twenty–one (21) days after receipt of the request. If the Agency grants a time extension, the Agency's response shall specify the conditions which must be satisfied, together with the time deadline by which those conditions must be satisfied before the Agency will award final designation.

(f) Simultaneous to granting the request, the Agency shall amend the conditional designation document to include any amendments requested by the final applicant and approved by the Agency.

2. Change without regulatory effect renumbering title 10, section 5622.3 to title 25, section 8448.3 and amending section and NOTE filed 7–19–2005 pursuant to section 100, title 1, California Code of Regulations (Register 2005, No. 29).

§ 8448.4. Application Process.

(a) The Agency shall mail a letter describing the Application process and Application deadlines on the first day of the Application time period to each entity or person who has previously requested receipt of an Application.

(b) Each Applicant shall submit a letter to the Agency stating their intention to submit an Application, "Letter of Intent." The Letter of Intent shall be received by the Agency no later than 5 p.m., thirty (30) days following the mailing of the letter described in subsection (a). The Letter of Intent shall also contain documentation that the Applicant meets the eligibility requirements described in subsection 8448(c).

(c) Applicants shall submit to the Agency, one (1) clearly signed original and two (2) copies of the Application, plus one additional copy of the section 8448.6 Economic Development Plan, with each part of the Plan, as described in subsections 8448.6(a) through 8448.6(e), bound separately. Applications shall be received by the Agency no later than 5 p.m. on the due date described in the subsection (a) letter. The Agency shall reject any Application received after the due date described in the subsection (a) letter. The Application shall include the following items:

(1) The names(s) and address(es) of the Applicant(s).

(2) The name, address, phone number, and if available, e–mail address of the principal contact person for the Application.

(3) A description of the Application Area, pursuant to section 8448.5.

(4) An Economic Development Plan, pursuant to section 8448.6.

(5) An environmental impact report, pursuant to section 8448.7.

(6) A resolution, pursuant to section 8448.8.

(d) The Agency shall only review information received by the due date described in the subsection (a) letter, except as provided for in sections 8448.10 and 8448.14. However, the Agency shall be authorized to contact Applicants after the due date to obtain clarification of previously submitted information.

(e) No later than sixty (60) days following the due date described in the subsection (a) letter, the Agency shall mail a letter notifying each Applicant of the results of the Application evaluation. The notice shall include the score attained by the Applicant.

(f) No later than fourteen (14) days following the due date described in subsection (e), the Agency shall mail a Conditional Designation document to the Final Applicant specifying the conditions the Final Applicant shall satisfy prior to Final Designation.

2. Change without regulatory effect renumbering title 10, section 5622.5 to title 25, section 8448.5 and amending NOTE filed 7–19–2005 pursuant to section 100, title 1, California Code of Regulations (Register 2005, No. 29).

§ 8448.6. Economic Development Plan.

Each Application shall include an Economic Development Plan. The Agency shall evaluate and numerically grade each Economic Development Plan on a competitive basis, based upon the categories and the corresponding point values set forth below and the scoring method described in section 8448.11. The Economic Development Plan shall include the items described in subsections (a) through (e) below:

(a) Marketing the Targeted Tax Area: up to 300 points.

The Economic Development Plan shall contain a detailed marketing plan for the Application Area. The marketing plan shall include the following information:

(1) An explanation of the specific marketing goals and the course(s) of action to be taken in order to attain the specified goals:

(2) A detailed description of the plans to:

(A) Keep existing businesses from leaving the Application Area; and

(B) A detailed description of the plan to help existing businesses to expand;

(3) A detailed description of the plans to attract new businesses into the Application Area. In the description, the Applicant shall identify the types of industries targeted for attraction.

(4) A detailed description of the role of the local economic development corporation, or similar organization;

(5) A detailed description of the sales plan for on–site visits to existing and/or new businesses;

(6) A detailed analysis of the advertising and promotional strategy, including a media analysis and samples of existing advertising and promotional materials;

(7) A detailed analysis of the staff, organization and budgets to be committed to the marketing plan by all organizations;

(8) Specific examples of successful efforts by the corporations or organizations identified in subsection (a)(4) above to attract and/or retain businesses;

(9) A list of all Application Area commercial real estate brokers who will handle real estate transactions within the Application Area; and

(10) Infrastructure: a detailed analysis and description of the availability and condition of the infrastructure within the industrial or commercial (as appropriate according to the type of businesses identified in subsection (a)(3) above) area. The analysis and description shall include the condition, capacity to deliver service, and available capacity of:

(A) Water supply;

(B) Storm drainage;

(C) Sewer and waste treatment plant;

(D) Natural gas and electric; and

(E) Streets and street lighting;

(F) Any other indicators of the capacity, condition and availability of the infrastructure within the Application Area.

(11) A description of all plans to expand or improve the infrastructure, including the projected costs, proposed financing and the time tables for completion.

(12) A list of all agencies, organizations and firms that will provide financial assistance to businesses within the Application Area.

(13) An explanation of the types of services each entity identified in subsection (a)(14) offers and a detailed record of the companies that have received financial assistance during the three (3) year period prior to the date the section 8448.4(a) letter was mailed by the Agency.

(14) A list of all financial institutions with facilities located in or near the Application Area that have expressed an interest in making business loans to companies located in the Application Area. A list of those financial institutions which are presently making loans guaranteed by the United States Small Business Administration.

(15) A detailed description of the loans available through programs currently offered by the Applicant, together with data showing the result of these loan programs for the three (3) year period immediately prior to the date the section 8448.4(a) letter was mailed by the Agency.

(16) A description of any other financial incentive programs currently in existence.

(b) Job development: up to 200 points.

The Economic Development Plan shall contain a detailed description of the Applicant's plan to identify, train, issue vouchers, and place unemployed and under–employed persons residing in the Application Area into the jobs created through the marketing of the Application Area, "Job Development Plan". The Job Development Plan shall include the following items:

(1) A detailed description of the process for issuing hiring tax credit vouchers and placing employees in Targeted Tax Area jobs, including a discussion of the role of the one–stop hiring center in this process.

(2) A description of the Applicant's plan to implement the goals and objectives of CalWORKs (Chapter 2, commencing with section 11200, of Part 3 of Division 9 of the Welfare and Institutions Code).

(3) A detailed explanation of the specific resources that each agency and/or contractor shall contribute to the implementation of the Economic Development Plan.

(4) A detailed explanation of the coordination of marketing efforts with job development agencies and/or contractors.

(5) Data that shows the track record of job placements by each agency and/or contractor over the two (2) years preceding the date the Applications were mailed by the Agency.

(6) A detailed organization chart showing all staff persons providing job development management and services for each agency and/or contractor identified in the Economic Development Plan. The organization chart shall include the Applicant's job development coordination staff.

(7) Any other plans the Applicant will implement to develop jobs in the Application Area.

(c) Local Incentives; up to 300 points.

The Economic Development Plan shall include a detailed description of the local incentives to be provided by the Applicant and a detailed explanation of how the proposed local incentives will stimulate business investment in the Application Area. The following information shall be included in the Economic Development Plan:

(1) A description of any plans to reduce fees for businesses located in the Application Area, including development fees, license fees, and permit fees.

(2) A description of any plans to reduce the administrative processing time required for plan review and permit applications for businesses located in the Application Area.

(3) A description of any other incentives that will be offered through other entities such as Private Industry Councils or energy suppliers.

(4) A description of the land use plan, together with maps of the Application Area, that forecast local zoning plans for the next 5 to 10 years to ensure that the projected zoning plans are consistent with the Economic Development Plan.

(5) A description of any other incentives the Applicant will offer to businesses located in the Application Area.

(d) Program Management: up to 200 points.

The Economic Development Plan shall contain a detailed description of the annual budget(s), staff and organization for administration of the Application Area. The description shall include:

(1) The Applicant's proposed annual line item budget and the source of funding that the Applicant will commit for the administration of the Application Area.

(2) The annual budgets for each agency; or organization, other than the Applicant, which has been identified in subsection (e) as providing marketing, job development, and other aspects of implementing the Targeted Tax Area.

(3) The name(s) of the person(s) who will act as the Targeted Tax Area coordinator(s) and administer the Targeted Tax Area.

(4) An organization chart that shows all persons and organizations involved in all aspects of the Application Area, including marketing, job development, financing and administration, together with their reporting relationship to the Targeted Tax Area coordinator. The organization chart shall also define the coordinator's reporting relationship to or in the Applicant Jurisdiction(s). The organization chart shall identify persons involved in administering all aspects of the Application Area by name and/or job title, and not by the agency with whom they are affiliated.

(5) A detailed description of plans to ensure ongoing collaboration between the entities in multi-jurisdictional zones.

(6) Any other program management strategies for the proposed Targeted Tax Area.

(e) Letters from the administrators of all cities, counties, agencies, organizations, financial institutions and businesses which have been identified as program participants in subsections (a) through (d). The letters shall include the specific commitments that the organization will make to the Application Area, not general statements of support. The statements shall also identify staff, staff time, and/or funds committed to the Application Area.

HISTORY

1. New section filed 12-17-98; operative 12-17-98 pursuant to Government Code section 11343.4(d) (Register 98, No. 51).

2. Change without regulatory effect renumbering title 10, section 5622.6 to title 25, section 8448.6 and amending section and NOTE filed 7-19-2005 pursuant to section 100, title 1, California Code of Regulations (Register 2005, No. 29).

§ 8448.7. Environmental Impact Report.

(a) Upon filing an Application, each City and/or County constituting the Applicant, shall submit an initial study and, if appropriate, the notice of preparation to the Agency, the state clearinghouse, and all responsible agencies involved in the proposed Targeted Tax Area. The initial study and notice of preparation shall address the designation and implementation of the Targeted Tax Area.

(b) The Final Applicant shall prepare, or cause to be prepared, a negative declaration or draft environmental impact report, which shall set forth potential environmental impacts on the Application Area.

(c) Prior to Final Designation by the Agency, the Final Applicant shall complete and certify the negative declaration or final environmental impact report.

(d) All negative declarations or environmental impact reports submitted to the Agency shall comply with the information disclosure provisions and the substantive requirements of Division 13 (commencing with Section 21000) of the Public Resources Code.

HISTORY

1. New section filed 12-17-98; operative 12-17-98 pursuant to Government Code section 11343.4(d) (Register 98, No. 51).

2. Change without regulatory effect renumbering title 10, section 5622.7 to title 25, section 8448.7 and amending NOTE filed 7-19-2005 pursuant to section 100, title 1, California Code of Regulations (Register 2005, No. 29).

§ 8448.8. Resolution Required.

(a) Each Application shall include a certified original resolution adopted by each city or county having jurisdiction over any portion of an Application Area. An Application without a resolution(s) shall be rejected and no further review of the Application shall be conducted, except as provided for in sections 8448.10 and 8448.14. For each city or county that is an Applicant, the resolution(s) shall contain the following information:

(1) A finding that the Application Area is a Depressed Area, and that designation of the Application Area as a Targeted Tax Area is necessary in order to attract private sector investment to the Application Area; and

(2) A statement that the city(ies) and/or county agrees to perform all actions described within the Application which apply to its Jurisdiction should the Application be awarded Conditional Designation.

HISTORY

1. New section filed 12-17-98; operative 12-17-98 pursuant to Government Code section 11343.4(d) (Register 98, No. 51).

2. Change without regulatory effect renumbering title 10, section 5622.8 to title 25, section 8448.8 and amending section and NOTE filed 7-19-2005 pursuant to section 100, title 1, California Code of Regulations (Register 2005, No. 29).

§ 8448.9. Invalid Application Areas; Addendum to Application.

(a) The Agency shall send a notice by certified mail to each Applicant whose Application contains an invalid area. The notice shall contain a description of the invalid area, and an explanation as to why the area is invalid. For the purposes of this section, "invalid area" means an Application Area, or portion thereof, that is included in the Application of more than one Applicant or is not wholly contained within the boundaries of an Eligible Area.

(b) The Agency shall permit an Applicant whose Application contains an invalid area an opportunity to submit an addendum to the Application ("addendum"). The addendum shall indicate whether or not the boundaries of the originally proposed Application Area have been changed.

(c) The addendum shall be signed by a majority of the members of each governing body with Jurisdiction in the Application Area.

(d) The Applicant shall submit the original of the addendum, together with three (3) copies thereof, to the Agency no later than 5 p.m., fourteen (14) days after the subsection (a) notice is mailed by the Agency. The Agency shall reject, without review, any addendum submitted after the due date.

(e) If, after the Agency's review of the addendum received on or before the due date described in subsection (d), the Application Area continues to contain an invalid area, the Agency shall disqualify the Application and no further review of the Application shall be conducted.

(f) If, after the Agency's review of the addendum, the Application Area identified in the Application no longer contains an invalid area, the Application, with the amended boundaries, shall be qualified to undergo further review by the Agency.

§ 8448.10. Technical Review of Applications.

(a) The Agency shall conduct a technical review of each Application received on or before the due date described in section 8448.4(b).

(b) The Agency shall mail an 'application notification letter' to inform the Applicant of the results of the technical review. The application notification letter shall indicate whether the following items are missing from the Application:

(1) A description of the Application Area, pursuant to section 8448.5,

(2) An environmental impact report, pursuant to section 8448.7,

(3) A resolution, pursuant to section 8448.8.

(c) Any missing information or documents listed in the application notification letter shall be submitted to the Agency no later than seven (7) days following the date the application notification letter was mailed. The Agency shall disqualify any Applicant which fails to submit all items listed as missing in the application notification letter by 5:00 p.m. on this date.

§ 8448.11. Economic Development Plan Evaluation.

(a) The Agency shall evaluate and assign a numerical score to each Economic Development Plan criteria described in subsections 8448.6(a) through (d), or to the Economic Development Plan as a whole. The following scoring method shall be used:

(1) Excellent: 90% to 100% of the maximum points available for the Economic Development Plan criteria.

(2) Good: 80% to 89% of the maximum points available for the Economic Development Plan criteria.

(3) Fair: 70% to 79% of the maximum points available for the Economic Development Plan criteria.

(4) Satisfactory: 60% to 69% of the maximum points available for the Economic Development Plan criteria.

(5) Fail: zero (0)% to 59% of the maximum points available for the Economic Development Plan criteria.

(b) The Agency shall disqualify from competition an Application that receives a score that is less than sixty percent (60%) of the number of points available for any of the Economic Development Plan criteria described in subsections (b)(1) through (b)(4). The Agency shall award the Conditional Designation to the Final Applicant receiving the highest score.

(1) Marketing the Targeted Tax Area, pursuant to subsection 8448.6(a).

(2) Job development, pursuant to subsection 8448.6(b).

(3) Local incentives, pursuant to subsection 8448.6(c).

§ 8448.12. Conditional Designation.

(a) The Agency shall mail a "Conditional Designation document" to the Final Applicant.

(b) The Conditional Designation document shall specify any conditions which must be satisfied prior to Final Designation. The conditions shall include providing the Agency with all street address ranges for the Application Area, plus fulfilling all commitments made in the Final Applicant's Economic Development Plan which were contingent upon receiving conditional designation and have not been completed as of the date the Conditional Designation document was mailed. The conditions must be met no later than sixty (60) days following the date the Agency mails the Conditional Designation document.

(c) Failure to satisfy all conditions by the date specified in subsection (b) will result in automatic forfeiture of Conditional Designation status, unless the Applicant receives an extension to the Conditional Designation deadline pursuant to section 8448.14.

§ 8448.14. Extension of Conditional Designation Deadline; Modification of Conditional Designation Document.

(a) An Applicant which is awarded Conditional Designation shall be permitted to submit a request to the Agency to either:

(1) Extend the deadline by which the Final Applicant must satisfy the conditions stated in the section 8448.12 Conditional Designation document; or

(2) Modify the conditions.

(b) The request for extension or modification shall be received by the Agency prior to the expiration of the deadline described in subsection 8448.12(b).

(c) The Final Applicant shall submit a letter to the Agency describing the actions taken by the Final Applicant to comply with the Conditional Designation document. The letter shall also include a detailed explanation of the reasons why the Final Applicant cannot satisfy all of the conditions by the deadline described in subsection 8448.12(b).

(d) The Agency shall grant the request for an extension of the deadline described in subsection 8448.12(b) upon a finding that the Final Applicant has substantially complied with the terms of the Conditional Designation document, and that the Final Applicant requires an additional time period to comply with the remaining terms of the Conditional Designation document or that the Final Applicant needs to modify the terms of the Conditional Designation document.

(e) Notwithstanding subsection (d) above, the Agency shall deny the request if a modification of the terms of the Conditional Designation document would result in the Final Applicant receiving a lower score on the Economic Development Plan criteria described in subsections 8448.6(a) through (d) than attained when the Application was originally evaluated and scored.

(f) The Agency shall respond in writing to the request for a time extension no later than thirty (30) days following receipt of the request. If the Agency grants a time extension, the Agency's response shall specify the

conditions which must be satisfied and the time deadline by which those conditions must be satisfied.

(g) Simultaneous to granting the request, the Agency shall amend the Conditional Designation document to include any amendments requested by the Final Applicant and approved by the Agency.

§ 8449.4. Means of Avoiding Redundancy in Preparing EIR.

(a) In preparing the enterprise zone EIR, the applicant shall not be precluded from using where applicable:

(1) an earlier EIR or EIRs prepared in connection with an earlier project or projects in accordance with and subject to section 15153 of the CEQA guidelines;

(2) tiering in accordance with and subject to section 15152 of the CEQA guidelines;

(3) incorporation by reference in accordance with and subject to section 15150 of the CEQA guidelines; or

(4) a subsequent EIR, supplement to an EIR, or an addendum to an EIR in accordance with and subject to sections 15162, 15163, and 15164 of the CEQA guidelines.

(b) If an applicant is to use an EIR or EIRs from an earlier project or projects, then all of the following shall apply:

(1) the notice of preparation shall explain that the applicant intends to use an EIR or EIRs from an earlier project or projects for the enterprise zone application;

(2) the notice of preparation shall not be required to be distributed, circulated, or sent to any persons, except the Agency;

(3) instead of preparing, circulating, and submitting two copies of a notice of completion of draft EIR, the applicant shall prepare, circulate, and submit two copies of a notice pursuant to section 15153(b)(2) of the CEQA guidelines;

(4) instead of preparing and submitting two copies of a draft enterprise zone EIR, the applicant shall submit two copies of the EIR or EIRs relied on from an earlier project or projects; and

(5) instead of preparing and submitting two copies of a final enterprise zone EIR, the applicant shall prepare and submit two copies of the responses to comments prepared in accordance with section 15153(b)(3) of the CEQA guidelines.

(c) If an applicant is to use a subsequent EIR, supplement to an EIR,or an addendum to an EIR, then the subsequent EIR, supplement, or addendum shall serve as the enterprise zone EIR.

(d) If an applicant is to use tiering or incorporation by reference, they shall be used in conjunction with a newly prepared enterprise zone EIR.

HISTORY

1. New section filed 4–2–90 as an emergency; operative 4–2–90 (Register 90, No. 14). A Certificate of Compliance must be transmitted to OAL within 180 days or emergency language will be repealed on 10–1–90. For prior history, see Register 87, No. 2.
2. Certificate of Compliance as to 4–2–90 order transmitted to OAL 9–27–90 and filed 10–29–90 (Register 90, No. 50).
3. Change without regulatory effect amending subsection (b)(2) filed 6–15–94 pursuant to title 1, section 100, California Code of Regulations (Register 94, No. 24).
4. Change without regulatory effect renumbering title 10, section 5628 to title 25, section 8449.4 filed 7–19–2005 pursuant to section 100, title 1, California Code of Regulations (Register 2005, No. 29).

§ 8449.5. Draft Enterprise Zone EIR.

(a) If a preliminary applicant is not selected as a final applicant, then it shall have no duty or obligation to complete the draft or final enterprise zone EIR or to complete the EIR process.

(b) Each final applicant shall submit two copies of the draft enterprise zone EIR and notice of completion to the Agency with the final application. This regulation states that a final application shall not be eligible for conditional designation if the designated number of copies of the draft enterprise zone EIR and notice of completion are not received by the Agency by the deadline for submitting final applications set forth in the Enterprise Zone Final Application Handbook.

(c) If any boundary of the proposed enterprise zone is located within 10 miles of the boundary of an area that has been designated as an enterprise zone under the Act or a program area under the Employment and Economic Incentive Act (Government Code section 7080 et seq.), then the enterprise zone EIR shall consider and analyze whether the location of a new enterprise zone near an existing enterprise zone or program area will result in adverse environmental effects on the existing enterprise zone or program area. This discussion shall include a consideration and analysis of whether the potential economic changes related to the new enterprise zone may translate into physical environmental changes in the existing enterprise zone or program area, as discussed by the California courts of appeal in *Citizens for Quality Growth v. City of Mount Shasta* (1988) 198 Cal.App.3d 433, 445–446, and *Citizens Association for Sensible Development of Bishop Area v. County of Inyo* (1985) 172 Cal.App.3d 151, 169–171.

§ 8449.6. Final Enterprise Zone EIR.

(a) If a final applicant is not awarded conditional designation status, then it shall have no duty or obligation to complete the final enterprise zone EIR or to complete the EIR process.

(b) If a final applicant is awarded conditional designation status, then, within 90 days after the date the Agency mails the conditional designation document referred to in section 5614, each final applicant shall do all of the following:

(1) Complete the final enterprise zone EIR and the final EIR review and project approval process under CEQA and the CEQA guidelines; and

(2) Submit two copies of the following documents to the Agency:

(A) Final enterprise zone EIR (if the draft enterprise zone EIR is a separate and severable part of the final EIR, then the applicant does not need to resubmit any more copies of the draft EIR);

(B) Written certification pursuant to section 15090 of the CEQA guidelines;

(C) Written findings, if any, pursuant to sections 15091 and 15093 of the CEQA guidelines;

(D) Written project approval pursuant to section 15092 of the CEQA guidelines, including conditions of approval, if any; and

(E) Notice of determination pursuant to section 15094 of the CEQA guidelines.

(c) If a final applicant fails to submit all of the documents listed under subsection (b)(2) within the time specified in this section, then the final applicant shall be disqualified from receiving final designation.

(d) The items listed under subsections (b)(2)(B), (C), and (D) may be one or more separate documents. Two copies of each of the documents listed under subsection (B)(2) shall be mailed or delivered to the Agency, and shall be received by the Agency within 90 days after the date the Agency mails the conditional designation document referred to in section 5614.

Article 14. Enterprise Zone Administration and Issuance of Vouchers

§ 8460. Applicability.

(a) With respect to the application for and issuance of vouchers, the provisions of this Article shall apply to voucher applications submitted after the effective date of these regulations and vouchers issued pursuant to such applications.

(b) Notwithstanding subdivision (a), the provisions of this Article shall not apply to voucher applications, and vouchers issued pursuant thereto, for employees hired prior to July 1, 2000, which are based on an employee's eligibility for or receipt of services under the federal Job Training Partnership Act.

NOTE: Authority cited: Section 7086, Government Code; and Sections 17053.74(c)(1) and 23622.7(c)(1), Revenue and Taxation Code. Reference: Sections 7076 and 7086, Government Code; and Sections 17053.74(c)(1) and 23622.7(c)(1), Revenue and Taxation Code.

HISTORY

1. New article 14 (sections 8460–8467) and section filed 11–27–2006; operative 11–27–2006 pursuant to Government Code section 11343.4 (Register 2006, No. 48).

§ 8461. Definitions.

The following definitions shall apply to this Article 14 only. Unless noted otherwise or the context otherwise requires, the term "Subdivision," for purposes of this Article, refers to the same subdivision of both Revenue and Taxation Code Section 17053.74 and Revenue and Taxation Code Section 23622.7.

(a) "Applicant" means a "taxpayer" as defined in subdivision (b)(5) of Revenue and Taxation Code Sections 17053.74 and 23622.7.

(b) "Application" means an application for a voucher, which shall contain the information required by Section 8464 and the documentation required by Section 8466 in a format provided by the Department.

(c) "Conflict of interest" means that it is reasonably foreseeable that a decision that a zone manager, zone staff, or third party entity as permitted by subdivision 8463 participates in or influences will have a material financial effect, distinguishable from its effect on the public generally, on the zone manager, zone staff, or third party entity, a member of his or her immediate family, or a business entity in which the zone manager, zone staff, or third party entity is directly or indirectly involved.

(d) "Economically disadvantaged individual" or "economically disadvantaged youth" means an individual who is at least 14 years of age, and resides in a household with a total family income not exceeding the very low income category adjusted for family size and location, as set forth in the latest edition of the Income Limits published periodically by the Department pursuant to CCR Title 25, Section 6932, or in the latest edition of the Section 8 Income Limits published periodically by the U.S. Department of Housing and Urban Development. For purposes of this subdivision, "family" means two or more persons related by blood, marriage, or decree of court, who are living in a single residence, and are included in one or more of the following categories: (i) A husband, wife, and dependent children; (ii) A parent or guardian and dependent children; (iii) A husband and wife. The employee's income shall be verified by the providers of the income or by third party entities. Verification shall include the following information in a format provided by the department:

1. Name of the employee
2. Name, address and telephone number of the income provider or the third party entity verifying the income information, and the signature of the person who filled out the form.
3. Date of verification, which shall be no earlier than 90 days prior to the filing of the voucher application
4. The form of income verified (hourly wages, salary, interest, pension, public assistance, self–employment, social security, unemployment compensation, or identified other)
5. The amount of income paid to the employee immediately preceding the date of verification (i.e., within the preceding 90 days)
6. The employee's signed certification, if applicable, of self–employment income, or of no income.

(e) "Ex–offender" means an individual who has been convicted of a felony or a misdemeanor offense punishable by incarceration, or a person charged with a felony offense or a misdemeanor offense punishable by incarceration but placed on probation by a state court without a finding of guilt. "Ex–offender" does not include an individual whose record has been expunged.

(f) "Household" means one or more persons who occupy a single dwelling unit.

(g) "Immediately preceding" means within the previous 90 days.

(h) "Long–term unemployed" means current and continuous unemployment lasting for 15 weeks or more.

(i) "Veteran" means an individual who served in the active military, naval, or air service of the United States.

HISTORY

1. New section filed 11–27–2006; operative 11–27–2006 pursuant to Government Code section 11343.4 (Register 2006, No. 48).

§ 8462. Designation of Zone Manager and Staffing.

(a) Each enterprise zone governing body shall designate an enterprise zone manager and shall notify the Department, in writing, of its designee. If the zone manager is not an employee, department, or agency of the city, county, or city and county in which the enterprise zone is located, the governing body shall enter into a written agreement with the zone manager requiring, at a minimum, compliance with this Article 14.

(b) The governing body of each zone shall ensure that its zone is budgeted or staffed at a level that will ensure compliance with the voucher program requirements of this Article 14.

(c) The enterprise zone governing body shall not reduce the budget or staff allocation of its zone manager from the levels indicated in its current MOU without prior written approval from the Department.

NOTE: Authority cited: Section 7086, Government Code; and Sections 17053.74(c)(1) and 23622.7(c)(1), Revenue and Taxation Code. Reference: Sections 7076, 7076.1 and 7086, Government Code; and Sections 17053.74(c)(1) and 23622.7(c)(1), Revenue and Taxation Code.

HISTORY

1. New section filed 11–27–2006; operative 11–27–2006 pursuant to Government Code section 11343.4 (Register 2006, No. 48).

§ 8463. Administration of a Vouchering Program.

(a) Each enterprise zone shall have and maintain a vouchering plan containing policies and procedures for the operation of a vouchering program. The plan shall meet the following criteria:

(1) The plan shall have written vouchering policies and procedures that ensure compliance with Revenue and Taxation Code Sections 17053.74 and 23622.7, Government Code Section 7070 et seq., California Code of Regulations title 10, chapter 7.8 commencing with Section 5600, and this subchapter 21.

(2) The plan shall require any Applicant requesting a voucher to provide documentary evidence to substantiate that the employee for whom a voucher is requested satisfied immediately preceding the commence-

ment of employment, the requirements of subdivision (b)(4)(A)(iv) of Revenue and Taxation Code Sections 17053.74 or 23622.7 as a qualified employee.

(3) The plan shall require the zone manager and zone staff to retain and keep confidential a copy of each voucher application received and each voucher issued and their supporting documentation. These records shall include the date the application was received, whether the application was approved or denied, and a statement signed by the zone manager of the basis for the decision on each voucher application. Unless otherwise required by law these records shall be accessible only to the zone manager and zone staff, the zone governing body, the Franchise Tax Board, the Department, and Applicants (or their designees) who may access only their own applications. All applications and voucher records shall be maintained for a minimum of five years from the date an application for a voucher is received.

(4) The plan shall require the zone to certify that the zone manager, zone staff, and any third party entities designated pursuant to subdivision (a)(7) of this section, are free of any conflicts of interest with Applicants or with the zone's obligations to objectively evaluate and process applications.

(5) The plan shall require the zone to certify that vouchering policies and procedures are administered consistently.

(6) The plan shall include an annual affirmative marketing procedure to make businesses aware of the opportunities to participate in the enterprise zone program and of the vouchering plan.

(7) A zone governing body may designate a third party entity to process voucher applications if the plan expressly provides for this designation and the third party entity enters into a written agreement with the zone, which agreement requires compliance with this Article 14 and the third party entity certifies that it is free of any conflict of interest as defined in this Article. The zone shall keep copies of all vouchers and applications processed by a third party.

(b) Zone managers shall apply to the Department for allocations of voucher numbers, and shall sequentially number vouchers issued using numbers in the allocation provided.

(c) Notwithstanding the designation by an enterprise zone governing body of an enterprise zone manager, or of a third party entity to process voucher applications, the enterprise zone governing body shall remain responsible for compliance with the requirements of this Article 14.

(d) Compliance with this Article 14 shall be evaluated as part of any Department audit of an enterprise zone program.

HISTORY

1. New section filed 11–27–2006; operative 11–27–2006 pursuant to Government Code section 11343.4 (Register 2006, No. 48).

§ 8464. Content of an Application and a Voucher.

(a) A voucher application shall contain all of the following:

(1) Employee's name, home address, telephone number (if applicable), social security number or other identifying number approved by the Department, job title, date of commencement of employment, starting hourly wage or salary, whether the employee was hired into a new position or an existing position, and date of termination if no longer employed by the Applicant.

(2) Employer's name, address, address of business location in the zone if different, telephone number, e–mail address (if applicable) and federal tax identification number.

(3) Identification of the "qualified employee" eligibility category under which the Applicant is applying. For purposes of this Article, "eligibility category" means the specific Revenue and Taxation Code subdivision under which the employee qualifies (e.g., 17053.74(b)(4)(A)(iv)(IV)(bb), 23622.7(b)(4)(A)(iv)(VII)(cc), or 23622.7(b)(4)(A)(iv)(IX)).

(4) All of the Information and documentation required by Section 8466.

(5) A statement by the Applicant, stating that it provided the priority for employment required by subdivision (b)(4)(B) of Revenue and Taxation Code Sections 17053.74 and 23622.7.

(6) A statement by the Applicant that it is engaged in a trade or business within the zone.

(b) A voucher shall contain all of the following:

(1) The name of the enterprise zone issuing the voucher, and the address, phone number, and e–mail address of the zone manager at the zone office.

(2) The employee's name, home address, telephone number (if applicable), e–mail address if available, social security number or other identifying number approved by the Department, date of commencement of employment, and date of termination if no longer employed by the Applicant.

(3) The Applicant's name, Applicant contact name, address, address of business location in the zone if different (if applicable), telephone number, e–mail address (if applicable) of the appropriate contact person, and federal tax identification number.

(4) The "qualified employee" eligibility category under which the voucher is being issued.

(5) The name and signature of the zone manager and the date of issuance.

HISTORY

1. New section filed 11–27–2006; operative 11–27–2006 pursuant to Government Code section 11343.4 (Register 2006, No. 48).

§ 8465. Issuance of a Voucher.

(a) An enterprise zone manager shall issue a voucher if all of the following criteria are satisfied:

(1) The voucher is requested by an eligible Applicant

(2) The voucher application contains all the information required by Sections 8464 and 8466.

(3) The voucher application demonstrates that the employee meets the eligibility requirements of Subdivision (b)(4)(A)(iv).

(b) After the zone termination date, the zone manager may continue to issue vouchers for applications for qualified employees who are employed by the Applicant within the enterprise zone within the 60–month period prior to the zone expiration date, provided that the criteria in subdivision (a) are satisfied. If the zone manager of the local government administering the enterprise zone is no longer issuing vouchers, an Applicant may request a voucher from the local county or city WIA administrative entity, or the local county Work Opportunity Tax Credit office or social services agency, who may issue vouchers for applications for qualified employees who are employed by the Applicant within the enterprise zone within the 60–month period prior to the zone expiration date, provided that the criteria in subdivision (a) are satisfied.

HISTORY

1. New section filed 11–27–2006; operative 11–27–2006 pursuant to Government Code section 11343.4 (Register 2006, No. 48).

§ 8466. Acceptable Documentation.

(a) To demonstrate that an employee is a qualified employee under Subdivision (b)(4)(A)(iv)(I), (b)(4)(A)(iv)(II), or (b)(4)(A)(iv)(XI), the Applicant shall provide one of the following documents pertaining to the employee's status immediately preceding commencement of employment with the Applicant:

(1) A document issued by the local CalWORKS administrator stating that the employee was eligible for CalWORKS.

(2) A document issued by the local WIA case manager or administrator stating that the employee is enrolled in, or eligible for, WIA Intensive Services or Core B.

(3) A document issued by the Work Opportunity Tax Credit or successor program's "designated local agency" (as defined in Internal Revenue Code Section 51(d)(15)) stating that the employee was a member of a targeted group, as defined in Internal Revenue Code Section 51(d), or its successor.

(b) To demonstrate that the employee is a qualified employee as an economically disadvantaged individual under Subdivision (b)(4)(A)(iv)(III), the Applicant shall provide:

(1) An official identification card or other document issued by the federal government or any state or local government that shows the employee's age or date of birth, and indicates that the employee is at least 14 years of age; and

(2) Documentation that, immediately preceding the commencement of employment with the Applicant, the employee was an economically disadvantaged individual or economically disadvantaged youth as defined in subdivision 8461(d).

(c) To demonstrate that, immediately preceding the commencement of employment with the Applicant, the employee is a qualified employee as a dislocated worker under Subdivision (b)(4)(A)(iv)(IV)(aa), the Applicant shall provide at least one item from each of subdivisions (1), (2) and (3) below:

(1) To document that an employee has been terminated, laid off, or received a notice of termination or layoff:

(A) Copy of a termination notice or other company documentation of employee's termination or layoff.

(B) Employer or union representative letter identifying the employee's termination date.

(C) Photocopy of printed media article or announcement, including the name and date of the publication, describing the layoff, along with a copy of the employee's last payroll check prior to hire by the Applicant.

(D) Separation or Termination Report, or equivalent, signed by the employee's former employer.

(E) Document showing that the employee is eligible for or has exhausted entitlement to unemployment insurance benefits as specified in subdivision (c)(2) below.

(2) To document that the employee is eligible for or has exhausted entitlement to unemployment insurance benefits:

(A) Unemployment insurance records.

(B) Statement by an Unemployment Insurance representative.

(3) To demonstrate that the employee is unlikely to return to his or her previous industry or occupation:

(A) Screen print of California Employment Development Department Labor Market Information Division screens that indicates limited opportunities for employment in the same or similar occupation such that the employee is unlikely to return to that occupation.

(B) Doctor's statement indicating employee's inability to return to previous industry/occupation due to physical limitations.

(C) Vocational rehabilitation counselor's statement indicating the employee's inability to return to previous industry/occupation due to physical limitations.

(D) Other third-party documentation that demonstrates the unavailability of similar employment in the employee's previous industry or profession.

(d) To demonstrate that, immediately preceding the commencement of employment with the Applicant, an employee is a qualified employee as a dislocated worker under Subdivision (b)(4)(A)(iv)(IV)(bb) due to plant, facility, or enterprise closure, the Applicant shall provide at least one item from each of subdivisions (1) and (2) below:

(1) To document that there has been a permanent plant, facility, or enterprise closure or substantial lay off:

(A) Bankruptcy documents, if declared under Chapter 7, Title 11 U.S.C., Notice of Foreclosure or a similar document provided by a financial institution when such document clearly shows that a closure or mass layoff will occur as a result of its issuance.

(B) Copy of a printed media article/announcement, including the name and date of the publication, describing the closure/mass layoff.

(C) Statement from the employer or the union representative.

(D) Statement from the employer's bank official, attorney, supplier, or accountant.

(E) WARN (Worker Adjustment and Retraining Notification Act) notice.

(2) To document that an employee has been terminated, laid off, or received a notice of termination or layoff, the Applicant shall provide one of the following documents verifying that the employee was employed at the plant, facility, or enterprise identified in (d)(1) above:

(A) Copy of a notice of termination or layoff or other company documentation of employee's termination.

(B) Employer or union representative letter identifying the employee's termination date.

(C) Separation or Termination Report, or equivalent, signed by the employee's former employer.

(D) Evidence that the employee is or was employed by the plant, facility, or enterprise identified in subdivision (d)(1).

(E) WARN notice.

(e) To demonstrate that an employee is a qualified employee as a dislocated worker under Subdivision (b)(4)(A)(iv)(IV)(cc) as long-term unemployed and has limited opportunities for employment or reemployment in the same or a similar occupation in the area in which the individual resides, the Applicant shall provide at least one item from each of subdivisions (1) and (2) below:

(1) To document that the employee is long-term unemployed, one of the following dated at least 15 weeks prior to commencement of employment with the Applicant:

(A) Proof of receipt of unemployment benefits for at least 15 weeks prior to commencement of employment or proof that unemployment benefits were exhausted.

(B) Unemployment insurance verification (benefits records).

(C) Unemployment insurance award letter with claim history.

(D) Workers Investment Act Displaced Worker Unit Verification.

(E) Statement by an Unemployment Insurance representative.

(F) Documentation that qualifies the employee as a dislocated worker under subdivision (c) or as a dislocated worker due to plant, facility, or enterprise closure under subdivision (d) showing long-term unemployment for at least 15 weeks prior to commencement of employment.

(2) To document that the employee has limited opportunities for employment or reemployment in the same or a similar occupation:

(A) Screen print of California Employment Development Department Labor Market Information Division screens that indicates limited opportunities for employment or reemployment in the same or similar occupation.

(B) Doctor's statement indicating employee's inability to return to previous industry/occupation due to physical limitations.

(C) Vocational rehabilitation counselor's statement indicating the employee's inability to return to previous industry/occupation due to physical limitations.

(D) Other third-party documentation that demonstrates the unavailability of similar employment in the employee's previous industry or profession.

(f) To demonstrate that, immediately preceding the commencement of employment with the Applicant, an employee is a qualified employee as a dislocated former self-employed worker under Subdivision (b)(4)(A)(iv)(IV)(dd), the Applicant shall provide a combination of the following or other documents sufficient to demonstrate that the employee previously was self-employed and was unemployed prior to the commencement of employment due to economic conditions in the community or due to natural disaster:

(1) Bankruptcy documents listing both the name of the business and the employee's name.

(2) A business license or permit listing the employee's name.

(3) Copy of articles of incorporation or documentation of dissolution for the business listing the employee as an owner.

(4) Prior year's income tax return.

(g) To demonstrate that, immediately preceding the commencement of employment with the Applicant, an employee is a qualified employee under Subdivision (b)(4)(A)(iv)(IV)(ee) as a dislocated civilian employee of the Department of Defense employed at a military installation being closed or realigned under the Defense Base Closure and Realignment Act of 1990, the Applicant shall provide a copy of the employee's termination notice and either a copy of a media article or announcement describing the layoff or closure, or an employer or union representative letter describing the layoff or closure.

(h) To demonstrate that, immediately preceding the commencement of employment with the Applicant, an employee is a qualified employee under Subdivision (b)(4)(A)(iv)(IV)(ff) as a dislocated worker who was an active member of the armed forces or National Guard as of September 30, 1990, and was involuntarily separated or separated pursuant to a special benefits program, the Applicant shall provide one of the following documents demonstrating that the employee meets the above qualifications:

(1) Report of separation or discharge from the armed services or the National Guard.

(2) Veterans Administration documentation.

(3) Verification by State Veterans Agency.

(i) To demonstrate that, immediately preceding the commencement of employment with the Applicant, an employee is a qualified employee under Subdivision (b)(4)(A)(iv)(IV)(gg) as a dislocated worker due to seasonal unemployment, the Applicant shall provide one of the following documents demonstrating that the employee was a seasonal or migrant worker:

(1) Documentation of employee's migrant employment in a seasonal occupation.

(2) Employer or union representative letter describing seasonal layoff in employee's seasonal occupation.

(3) Copies of termination notices identifying employer and employee.

(4) Copies of employee's pay stubs identifying seasonal employer.

(j) To demonstrate that, immediately preceding the commencement of employment with the Applicant, an employee is a qualified employee under Subdivision (b)(4)(A)(iv)(IV)(hh) as a dislocated worker due to Clean Air Act compliance, the Applicant shall provide a copy of the employee's termination notice and either a photocopy of a media article or announcement describing the reason for the layoff, or an employer or union representative letter stating that compliance with the Clean Air Act was the reason for the layoff.

(k) To demonstrate that, immediately preceding the commencement of employment with the Applicant, an employee is qualified as a disabled individual under Subdivision (b)(4)(A)(iv)(V), the Applicant shall provide the documentation required either by (1) or (2):

(1) The Applicant shall provide one of the following documents demonstrating that the employee was disabled and is eligible for, enrolled in, or has completed a state rehabilitation plan:

(A) Physician's statement.

(B) Rehabilitation plan.

(C) Vocational rehabilitation letter.

(D) Verification by state or federal rehabilitation counselor.

(E) Letter from a state drug or alcohol rehabilitation agency.

(F) Medical records.

(G) Social Security Administration disability records.

(H) Social Service records/referral.

(2) The Applicant shall provide one of the following documents demonstrating that the employee is a service-connected disabled veteran:

(A) DD-214 Defense Department Report of Separation.

(B) Veterans Administration documentation.

(C) Verification by State Veterans Agency.

(l) To demonstrate that an employee is a qualified employee under Subdivision (b)(4)(A)(iv)(V) as a Vietnam era veteran or a veteran recently separated from military service, the Applicant shall provide one of the following documents demonstrating that the employee meets the above qualifications:

(1) Report of separation or discharge from the armed services or the National Guard.

(2) Veterans Administration documentation.

(3) Verification by State Veterans Agency.

For purposes of this subdivision, "recently separated" means within 48 months preceding commencement of employment with the qualified taxpayer; and the term "Vietnam era veteran" means a veteran any part of whose active military service occurred between August 5, 1964, and May 7, 1975.

(m) To demonstrate that an employee is a qualified employee as an ex-offender under Subdivision (b)(4)(A)(iv)(VI), the Applicant shall provide one of the following documents verifying that immediately preceding commencement of employment the employee was an ex-offender as defined in subdivision 8461:

(1) Court documents.

(2) Letter of parole.

(3) Letter from probation officer.

(4) Police records.

(5) A copy of a background check report or independent court records report showing the employee as an ex-offender as defined in subdivision 8461(e), signed by a background checking business or independent court records business, licensed and/or certified if required by California or federal law.

(6) Other government document verifying ex-offender status, such as a letter from the Board of Prison Terms, or a letter from the Governor's Office.

(n) To demonstrate that an employee is a qualified employee under Subdivision (b)(4)(A)(iv)(VII) as a recipient of, or eligible for, public assistance, the Applicant shall provide one of the following documents verifying that the employee was receiving, or was eligible to receive, the assistance immediately preceding the commencement of employment:

(1) Public assistance award letter.

(2) Benefit printout.

(3) Current food stamp identification card or award letter.

(4) Social Security Insurance award letter or check stub.

(5) Refugee Cash Assistance.

(6) Verification by Department of Social Services.

(7) Written statement from county welfare office or telephone verification by zone manager.

(8) Public assistance records/printout.

(o) To demonstrate that an employee is a qualified employee under Subdivision (b)(4)(A)(iv)(VIII) as a Native American, Native Samoan, Native Hawaiian, or member of another group of Native American descent, the Applicant shall provide one of the following documents:

(1) Native American tribal record document.

(2) Certified Degree of Indian Blood (CDIB) card, issued by the Bureau of Indian Affairs.

(3) Documentation that the employee is a Native Samoan, Native Hawaiian, or a member of another group of Native American descent.

(p) To demonstrate that an employee is a qualified employee under Subdivision (b)(4)(A)(iv)(IX) as a resident of a targeted employment area ("TEA"), as defined in Section 7072 of the Government Code, the Applicant shall provide a copy of the officially listed TEA address range and one of the following documents, verifying that the employee resided in a TEA immediately preceding the commencement of employment:

(1) Form I-9, U.S. Department of Justice, Immigration and Naturalization Service.

(2) Driver's license or State Identification Card.

(3) Landlord statement.

(4) Lease or rental agreement.

(5) Utility bill.

§ 8467. Voucher Appeals.

Appeal of a denial of a voucher application shall be made in accordance with the provisions of this Section.

(a) All appeals shall be in writing and shall include the following information:

(1) Name and address of the business, and, if applicable, the business's representative for the purposes of the appeal;

(2) Signature of the business or the business's authorized representative;

(3) Narrative discussion of why the denial should be reversed and any additional information or documentation not previously provided in support of the application; and,

(4) A copy of all denial notices.

(b) A denial issued by a zone manager may be appealed to the zone manager within 60 calendar days of the date of the denial. The zone manager shall respond to the appeal, with a final decision in writing, within 60 calendar days of receipt of the appeal. The zone manager's final decision shall set forth the basis for the zone manager's decision to accept or reject the appeal and shall be sent to the Applicant and the Department.

(c) A final decision by a zone manager denying an application may be appealed to the Department within 30 calendar days of the date of the final decision by the zone manager. The Department shall have 90 calendar days from receipt of an appeal from an Applicant to issue a written response granting or denying the appeal.

(d) The decision of the Department shall be final, shall be rendered in writing, and shall be sent to the Applicant, the Applicant's authorized representative if applicable, and the zone manager. If the Department grants the appeal, the zone manager shall issue a voucher to the appealing party.

Chapter 1. General

Article 1. Conflict of Interest Code

§ 10001. General Provisions.

The Political Reform Act, Government Code sections 81000, et seq., requires state and local government agencies to adopt and promulgate Conflict of Interest Codes. The Fair Political Practices Commission has adopted a regulation, 2 California Code of Regulations section 18730, which contains the terms of a standard Conflict of Interest Code, which can be incorporated by reference, and which may be amended by the Fair Political Practices Commission to conform to amendments in the Political Reform Act after public notice and hearings. Therefore, the terms of 2 California Code of Regulations section 18730 and any amendments to it duly adopted by the Fair Political Practices Commission, along with the attached Appendix in which officials and employees are designated and disclosure categories are set forth, are hereby incorporated by reference and constitute the Conflict of Interest Code of the California Housing Finance Agency (the Agency).

Designated employees shall file statements of economic interests with the Agency, which will make the statements available for public inspection and reproduction. (Govt. Code Section 81008). Upon receipt of the statements of Board Members and the Executive Director, the Agency shall make and retain a copy and forward the original of these statements to the Fair Political Practices Commission. Statements for all other designated employees will be retained by the Agency.

NOTE: Authority cited: Sections 87300 and 87304, Government Code. Reference: Sections 87300, et seq., Government Code.

(c) "Affordable rent" shall mean:

(1) In Section 8 assisted developments the "total tenant payment" as defined by HUD 24 C.F.R. Section 813.107.

(2) For purposes of dwelling units for occupancy by lower-income households in multifamily rental housing, the rehabilitation of which is financed by the Agency and which is not a Section 8 assisted housing development, (i) an amount not exceeding thirty percent (30%) of fifty-eight percent (58%) of the applicable county median income as set forth in Title 25, Section 6932; or (ii) when the Agency determines that the cost of rehabilitation or acquisition of the multifamily rental housing makes such rents economically infeasible, thirty percent (30%) of seventy percent (70%) of the applicable county median income as set forth in Title 25, Section 6932.

(3) For purposes of section (c)(2), the applicable county median income for zero bedroom (studio) units shall be the county median income for one person, for one bedroom units it shall be the county median income for a two-person family, for two-bedroom units it shall be the county median income for a four-person family, and for three-bedroom units it shall be the county median income for a six-person family.

(4) For purposes of section (c)(2), if tenants are required to pay for their own utilities, an allowance for utilities other than telephone shall be the same as that used by the local housing authority in which the project is located for the Section 8 existing certificate holders for determining the utility allowance and shall be deducted from affordable rent to determine the actual rent to be charged to the tenant.

(d) "Agency" means the California Housing Finance Agency.

(e) "Board" means the Board of Directors of the California Housing Finance Agency.

(f) "C.F.R" means Code of Federal Regulations.

(g) "Code" means the Health and Safety Code.

(h) "Housing development" means "housing development" as defined by Section 50073.5 of the Code and may include such nonhousing facilities as are approved pursuant to Section 11103 of this chapter.

(i) "Housing sponsor" means any "housing sponsor" within the definition of Section 50074.5 of the Code.

(j) "HUD" means the United States Department of Housing and Urban Development or its designee.

(k) "Market rent" means that monthly rental determined by the Agency to be comparable to the rent charged for units of similar size, construction type, amenity level, and other characteristics within the market area of the housing development.

(l) "Persons and families of low or moderate income" includes any of the following:

(1) A "very low income family" is a family whose income does not exceed 50 percent of the median income for the area, as determined by HUD, with adjustments for smaller and larger families.

(2) A "low income family" is a family whose income does not exceed 80 percent of the median income for the area as determined by HUD with adjustments for smaller or larger families, except that income limits higher or lower than 80 percent may be established on the basis of its findings that such variations are necessary because of the prevailing levels of construction costs, unusually high or low incomes, or other factors.

(3) A "moderate income family" is a family whose income does not exceed 120 percent of the median income for the area, as determined by HUD, with adjustments for smaller and larger families.

(4) For purposes of this section, "family" includes an elderly, handicapped, disabled, or displaced person and the remaining member of a tenant family as defined in Section 201(a) of the Housing and Community Development Act of 1974 (42 U.S.C. 1437a).

(m) "Rental housing development" shall not include owner-occupied housing development nor mutual self-help housing.

(n) "Section 8 assisted housing development" means a housing development, or that part of a housing development, containing units subject to an "Annual Contributions Contract" as defined by 24 C.F.R. Section 883.302.

(o) "Person" means an individual, family, corporation, proprietorship, partnership, association or any other entity.

(p) Section references are to sections of this chapter unless indicated otherwise.

Article 2. Construction and Mortgage Loans

§ 11101. Qualification of Housing Sponsors for Rental Housing Developments to Be Constructed.

Before the agency may make or approve a commitment to any person for a construction or mortgage loan, the agency shall determine, taking into account the nature of the housing development and the person (whether a natural person or a public or private entity), that said person

(a) Is credit worthy,

(b) Is financially responsible,

(c) Is (if not a natural person) duly organized and qualified to do business in this state,

(d) Is capable of proceeding promptly to construct and complete the housing development,

(e) Has the ability to operate the housing development,

(f) Has a commitment to construct and operate the housing development in accordance with all applicable federal and state "Equal Opportunity," "Employment of Project Area Residents and Contractors" and "Affirmative Fair Housing Marketing" regulations.

NOTE: Authority cited: Sections 50955, 51050(e) and 51101, Health and Safety Code. Reference: Sections 50051, 50094 and 50100, Health and Safety Code.

HISTORY

1. Repealer of first paragraph and new NOTE filed 12-19-2005; operative 12-19-2005 pursuant to Government Code section 11343.4 (Register 2005, No. 51).

§ 11102. Criteria for Rental Housing Developments to Be Constructed.

In order to obtain financing in the form of a construction or mortgage loan from the agency or from a qualified mortgage lender for a rental housing development to be constructed, a housing sponsor or other person applying to be certified as a housing sponsor pursuant to Section 11101 of this article shall submit to the agency such information as is required by the agency to enable the agency to make the determinations required by this section.

(a) Mandatory Requirements. No application for a construction or mortgage loan shall be approved unless the agency is assured:

(1) That the proposed housing development will be economically feasible, and

(2) That the proposed housing sponsors and prospective tenants will be eligible for financial assistance under the Act, and

(3) That the proposed housing development is consistent with the current housing objectives of the agency, and

(4) That the proposed housing development has or will have sufficient access to supporting social services, transportation, schools, employment and retail merchants, and

(5) That the location of the proposed housing development is consistent with the agency's policies of dispersing housing developments throughout communities and avoiding undue concentrations of persons and families of low income except where overriding considerations of economic need necessitate modifying these requirements in order to accomplish the housing objectives of the agency in concentrated rehabilitation areas and participating mortgage funds assistance areas, and

(6) That the proposed housing development will provide safe, sanitary and decent housing meeting the requirements of all applicable building standards, and

(7) That the housing sponsor is prepared to meet any relocation obligations imposed by the Act.

(b) Priorities in Selection of Developments for Financing. Various sections of the Act designate housing priorities to be reflected in the agency's activities. Necessarily, the emphasis on particular priorities, as reflected in the agency's current housing objectives, will change over time due to circumstances and conditions. Within these parameters, the agency will give priority consideration in approving loan commitments to housing developments which:

(1) Assist the agency in making full use of available federal subsidies;

(2) Are consistent with the agency's objective of providing that not less than 30% of the units for which commitments are made are for very low income households;

(3) Assist the agency in balancing its financing activities among rural, metropolitan and nonmetropolitan areas of the state in general proportion to the relative needs for housing assistance in those areas identified in the California Statewide Housing Plan adopted by the Legislature. In the absence of such an adopted plan the agency will consider data relating to such needs developed by the Department of Housing and Community Development.

(4) Reflect the housing needs of identifiable groups of persons such as but not limited to the elderly, handicapped, large households, and persons displaced from housing by governmental actions or natural disasters, as those needs are identified in an adopted California Statewide Housing Plan adopted by the Legislature. In the absence of such an adopted plan the agency will consider data relating to such needs developed by the Department of Housing and Community Development.

(5) Whether the housing development is consistent with local governmental housing needs and priorities as reflected in areawide and local housing elements, housing assistance plans, housing allocation plans, and comments from A-95 clearinghouse(s).

(c) Additional Objectives. In addition to the foregoing mandatory requirements and priorities in selecting housing developments for approval, the agency shall review the following factors in determining whether a loan commitment shall be approved.

(1) Whether the housing development is superior in terms of amenities, scale of the development, architectural treatment and aesthetic impact on the surrounding community;

(2) Whether the housing development will contribute to employment opportunities; is located in an area with low vacancy rates; whether the development will promote the recovery and growth of economically depressed businesses located in areas of minority concentration and in mortgage deficient areas;

(3) Whether the housing development will increase the range of housing choices for minorities of low income and low-income persons rather than increasing the impaction of low-income areas.

§ 11102.5. Construction Standards, Access for Physically Handicapped.

HISTORY

1. Repealer filed 11-12-96; operative 12-12-96 (Register 96, No. 46).

§ 11103. Nonhousing Facilities.

(a) Housing developments may include such streets, sewers, utilities, site preparation, open space, and landscaping as the agency determines are necessary or appropriate in connection with the housing development.

(b) Housing developments may include other nonhousing facilities such as administrative, community, health, recreational, educational, commercial, dining, and childcare facilities. The agency shall exercise reasonable judgment in encouraging and approving applications for financing assistance for housing developments containing such nonhousing facilities, taking into account the following factors:

(1) Whether said facilities will directly benefit the occupants of the development,

(2) Whether said facilities will be compatible with a suitable living environment for the occupants,

(3) The nature of the intended occupants of the development, whether families with children, the elderly, the handicapped, or others,

(4) The views of local organizations and groups as to the needs of occupants and whether such facilities are or will be otherwise provided within the community for occupants of the housing development.

(5) The prior availability of such facilities in the community,

(6) The economic feasibility of including such facilities,

(7) The availability of and feasibility of using other sources of financing for such facilities,

(8) The availability of federal subsidies for housing developments containing such facilities.

(c) In reviewing the factors enumerated in (b) above, for the inclusion of nonhousing facilities within any request for a construction or mortgage loan commitment the agency shall be guided by the policies of:

(1) Encouraging common areas, play areas and childcare facilities in family housing developments, and congregate dining facilities in housing projects primarily for elderly persons;

(2) Requiring all such commercial facilities financed with a below-market-interest rate, to the extent of any benefit from such rate, to contribute to the support of the residential units in the housing development, and

(3) Avoiding duplication of services or functions existing within the community in areas convenient to the housing development which are provided at reasonable cost to the occupants of housing development.

§ 11104. Terms and Conditions of Loans.

(a) Each construction and/or mortgage loan to a housing sponsor for a rental housing development shall be made on such terms and conditions as the agency shall determine are necessary or appropriate to provide sufficient security for obligations to and of the agency to ensure that the construction and mortgage loan programs of the agency are economically viable. Said terms and conditions shall include, but are not limited to, the following:

(1) That the deed of trust securing said loan shall create a first, second or more junior lien on the housing development with respect to which said loan is made and shall be executed and recorded in accordance with existing applicable laws,

(2) That the deed of trust shall provide, among other things, that the agency, upon default by the housing sponsor under the terms of the deed of trust and in the agency's discretion, either may declare all sums secured thereby immediately due and payable by executing and recording or causing to be executed and recorded a notice of default and election of sale or by commencing an appropriate foreclosure action. In addition, upon the occurrence of a default, the agency may, in person, by agent or by receiver appointed by a court enter upon and take possession of the housing development, collect all rents, and perform any acts necessary to maintain or operate it, all in such manner as to not cause the cessation of any federal subsidies.

(3) That the amount of said loan shall be within all limitations prescribed by law,

(4) That the scheduled loan repayments, including fees and charges together with interest accumulated on disbursal funds shall be estimated to be sufficient in amount and time to enable the agency to meet its administrative expenses and debt service on any notes or bonds issued or to be issued in connection with said loan,

(5) That the housing sponsor shall have or acquire title to the site of the housing development free and clear of all liens or encumbrances which would materially affect the value of said site as a site for the housing development or a leasehold interest in the site of duration and terms found acceptable by the General Counsel,

(6) That the housing development shall have been approved by the agency pursuant to Section 11102 of this article,

(7) That any contract for the construction of the housing development shall be approved by the agency pursuant to Article 4 of this chapter, and

(8) That disbursements of loan proceeds from the agency to the housing sponsor for progress payments for construction work shall be pursuant to procedures as provided in Section 11106.

(b) The agency may make mortgage loans, for the purpose of creating or preserving rental housing developments in accordance with the Act. "Refinancing" as used herein shall mean providing new financing for a rental housing development for which the original construction was completed more than one (1) year prior thereto. "Completed" as used herein shall mean that certificates of occupancy shall have been issued for at least ninety percent (90%) of the units.

(c) The development cost limitation of Section 50958 of the Code shall mean that the agency's mortgage loan amount, when combined with the amounts owed on any senior encumbrances, shall not exceed 95% (in the case of a housing sponsor other than a local public entity or nonprofit) or 100% (in the case of a local public entity or nonprofit), as applicable, of the development costs.

(d) In the case of a refinancing mortgage loan, the term "development costs" as defined in Section 50065 of the Code shall mean the fair market value of the housing development as substantiated by an appraisal acceptable to the agency.

(e) For the purposes of Section 51104(b) of the Code, ". . . guaranteed . . . by an agency of the state . . ." and, for the purposes of Section 51104(d) of the Code, ". . . guaranteed in whole or in part by an agency of the state, including the California Housing Finance Agency, a political subdivision of the state, . . ." shall include but not be limited to arrangements whereby the agency secures the bonds by pledging its interests in mortgages pledged by the Federal National Mortgage Association upon conditions satisfactory to the agency.

§ 11105. Interest Rate Limitations.

The yield to the agency with respect to any construction or mortgage loan on a rental housing development, which loan is made by the agency or by a qualified mortgage lender (taking into consideration any fees and charges imposed by the agency) shall be such that any bonds or notes issued by the agency shall be not "arbitrage bonds" within the meaning of Section 103(d)(2) of Title 26 of the United States Code.

Article 3. Equal Opportunity

§ 11201. Equal Employment and Business Opportunity; Equal Housing Opportunity.

Every contract let for the management, construction, or rehabilitation, or let in the performance of the management, construction or rehabilitation of any CHFA financed housing development shall comply with all required state and federal equal opportunity laws, regulations and orders.

Any housing development assisted by any program of the agency shall be open for occupancy by all, regardless of race, sex, sexual orientation, marital status, familial status, color, religion, national origin, ancestry, or handicap, in accordance with all appliable state and federal laws.

HISTORY

1. Amendment of article 3 heading, repealer of former section 11201 and renumbering and amendment of former section 11204 to new section 11201 filed 11–12–96; operative 12–12–96 (Register 96, No. 46).

§ 11202. Affirmative Marketing Programs.

It shall be the policy of the agency to achieve greater access to housing opportunities created by programs assisted by the agency for all persons regardless of race, sex, sexual orientation, marital status, familial status, color, religion, national origin or handicap. An Affirmative Fair Housing Marketing Plan (the "Plan") furthering this policy shall be submitted to the agency by any housing sponsor who seeks financial assistance from the agency. The Plan shall satisfy all requirements of the Affirmative Fair Housing Marketing Regulations in 24 C.F.R. Section 200.600 et seq., and shall remain in force and effect until the deed of trust securing any agency financing is terminated.

In addition, the Plan shall satisfy the following requirements:

(a) It shall contain an undertaking by the housing sponsor to rent the units in the development in a manner consistent with giving notice of the availability of such units to all persons in the housing market of the community irrespective of race, sex, marital status, color, religion, national origin or handicap.

(b) All advertising should state "Financed by the California Housing Finance Agency" and "Equal Housing Opportunity," with the appropriate HUD logo.

(c) It shall identify by language and by number any significant number of persons in a community within the housing market area who have a limited fluency in the English language.

(d) Where there is a significant number of persons in a community within the housing market area who have a limited fluency in the English language, the Plan shall:

(1) Identify the media most likely to reach such persons,

(2) Provide that in advertisements for the housing development the publication will be made in the native language of such persons, in addition to advertisements in the English language, and

(3) Describe the provisions which the housing sponsor will make for handling inquiries by and negotiations with such persons for the rental of units in the development.

(e) The housing sponsor shall keep a record of all advertisements made pursuant to the Plan. The records shall include a copy or transcript of the advertisement copy, the identity of the media in which it was disseminated, and the date(s) of each appearance. The housing sponsor shall also keep a record of the dates and places of any meetings or communications between the housing sponsor and any individual or group referred to the housing sponsor by the agency or organizations, representing any of the groups within the community acting on behalf of any classification of persons described in (a) above. Such records shall be retained for a period of two years.

The agency may from time to time review the Plan and the housing sponsors' activities pursuant to the Plan and may require amendments to the Plan if it does not fully comply with the requirements of this section.

Nothing in this section shall be construed to require the housing sponsor to make units available to the handicapped in excess of the number of such units required under the regulatory agreement (or other contractual documents) between the housing sponsor and the agency. This section shall not apply to an "owner–occupied housing development" or to "mutual self–help housing" except to the extent required by any applicable Federal law(s).

Article 4. Tenancy Standards and Procedures

§ 11401. Selection of Tenants.

Each housing sponsor receiving a construction or mortgage loan commitment shall develop a Resident Selection Plan. The plan shall be submitted to and approved by the agency prior to the loan closing.

The plan shall:

(a) Establish income limits for the rental of each unit within the housing development.

(b) Provide for a tenant counseling program for tenants unless this requirement is waived in writing by the agency.

(c) Detail the manner in which the housing sponsor will give preference in the renting of units to tenants:

(1) Displaced from housing by this or another housing development;

(2) Displaced from housing by governmental actions or natural disasters;

(3) Who are elderly;

(4) Who are handicapped;

(5) Who are persons or families of low, very low and moderate income; and

(6) Who are tenants constituting large families.

(d) Within the classifications set forth in (c) above, provide, unless this requirement is waived in writing by the agency, that not less than twenty percent (20%) of the units in the housing development shall be rented to persons of very low income.

(e) Shall provide that the housing sponsor will notify each person making an application to rent a unit within the housing development within ten (10) days from the date of such application, in writing of:

(1) Whether the tenant is eligible to rent such unit;

(2) Whether, based upon turnover history, if any, a unit for which the tenant is eligible will be available within six (6) months; and

(3) If the tenant is not eligible, a statement of the reasons for such lack of eligibility.

(4) The applicant's right to be placed on a waiting list for vacancies occurring in the housing development, and notified by the housing sponsor of vacancies for which the applicant is an eligible tenant, subject to the rental priorities for the housing development approved by the agency.

(f) Require that a list of all applicants for tenancy within the housing development be kept for a period of one year from the date the application is filed with the housing sponsor.

(g) Explicitly provide that the housing sponsor shall not utilize status criteria (e.g., source of income, sexual preferences, marital status, dress and grooming standards) in determining tenant eligibility under the plan.

HISTORY

1. Repealer of former article 4 (sections 11301–11303) and renumbering of former article 5 to new article 4 filed 11–12–96; operative 12–12–96 (Register 96, No. 46). For prior history of article 4, see Register 90, No. 14.

§ 11402. Leases.

The Agency shall provide a lease, consistent with all applicable federal and state laws, regulations, and orders, to housing sponsors for those units regulated under this chapter.

All leases subject to this chapter shall:

(a) Contain an explicit statement of the tenant's rights under Section 1942 of the Civil Code.

(b) Provide that at least thirty (30) days before filing an application with the agency for an increase in the maximum permissible rent or utility service charges to be paid by tenants, the housing sponsor shall notify the tenants of the proposed rent and/or utility increases.

(c) Copies of such notice shall be delivered directly or by mail to each tenant. The notice shall:

(1) State the proposed date of which the application for increases is to be filed with the agency;

(2) Set forth the reasons for requesting the increases, the amount of the increases for each type of unit in the housing development, and provide that any tenant or representative of the tenant may inspect any documents the housing sponsor intends to forward to the agency in connection with its application at a designated place within the housing development during regular business hours of the housing sponsor;

(3) Provide that the housing sponsor shall meet at a designated place within the housing development with all interested tenants and their representatives at least ten (10) but not more than fifteen (15) days prior to submitting the application for such increases to the agency and shall further state that written comments on the proposed increases may be submitted to the agency by the tenants at: (insert address of applicable agency office).

(d) Provide that the housing sponsor will give at least seventy-two (72) hours written notice of any proposed annual inspection of the tenant's unit by the agency.

NOTE: Authority cited: Section 51050, Health and Safety Code.

HISTORY

1. Amendment of section and new NOTE filed 11–12–96; operative 12–12–96 (Register 96, No. 46).

§ 11403. Tenant Grievance Procedures.

Each housing sponsor of a rental housing development shall submit, together with its affirmative marketing program, proposed grievance procedures for resolving complaints by the housing sponsor concerning the housing sponsor's tenants and by its tenants concerning the housing sponsor or the housing sponsor's other tenants. The proposed procedures shall be reviewed by and subject to the approval of agency, which shall require such modifications in the procedures prior to approval as may be necessary or appropriate in the circumstances. The procedures shall contain such informal and/or formal mechanisms for dispute resolution as are appropriate given the nature of the housing sponsor, the size and nature of the housing development, and the characteristics of the tenants (including the extent of English language fluency).

A written copy of the procedures as approved shall be given to each tenant at the time of admission to the housing development and at such times as the procedures are changed or amended thereafter.

Neither utilization of nor participation in such dispute resolution procedures shall constitute a waiver of, or affect in any manner whatever, any rights the tenant or the housing sponsor may have to a trial de novo or judicial review in any judicial proceedings, which may thereafter be brought in the matter. The procedures specified in this section shall be in addition to the eviction hearings procedure required by Section 11406.

Where appropriate the grievance procedures shall provide that any unresolved disputes shall be referred to the agency for its recommendation of a proposed resolution of the dispute.

§ 11404. Housing Sponsor Grievance Procedure.

Any grievance (other than one involving tenants) including any contractual dispute, of a housing sponsor concerning another housing sponsor or the Agency shall be presented either orally or in writing, to the Chief Deputy Director so that the grievance may be discussed informally and settled without a formal hearing. Neither utilization of nor participation in this grievance resolution procedure shall constitute a waiver of, or affect in any manner whatever, any rights that any housing sponsor or the agency may have to a trial de novo or judicial review in any judicial proceedings which may thereafter be brought in the matter.

HISTORY

1. Amendment of section and new NOTE filed 11–12–96; operative 12–12–96 (Register 96, No. 46).

§ 11405. Termination of Tenancies Other Than by Eviction.

A tenancy may be terminated without the termination being deemed an eviction under the following circumstances:

(a) Death of the sole tenant of a unit.

(b) By the tenant at the expiration of the term of the tenancy.

(c) By abandonment of the premises by the tenant providing the housing sponsor complies with the provisions of Section 1951.3 of the Civil Code to establish such abandonment.

(d) By the housing sponsor where the tenant has furnished uncontradicted information to the housing sponsor which fails to establish the tenant's financial eligibility to remain in the tenant's unit, providing the housing sponsor gives the tenant written notice of such termination pursuant to Section 1946 of the Civil Code.

Any termination of a tenancy other than for the reasons set forth in this section shall constitute an "eviction" and shall be effected only pursuant to the provisions of Section 11406.

§ 11406. Eviction Hearing Procedure.

(a) Notice to Tenant. Termination of the lease other than pursuant to the provisions of Section 11405 shall constitute an "eviction" for purposes of this section. Eviction proceedings shall be commenced by the giving of notice as required by Section 51066(b) of the Act. In the case of an eviction upon the ground of "other good cause" as permitted by subsection g(3) of this section, the notice shall be given pursuant to Section 1946 of the Civil Code and shall otherwise comply with the requirements of 24 C.F.R. Section 883.708(c)(2).

(b) Notice to Agency. As soon as practicable after the receipt by the housing sponsor of a request for a hearing pursuant to Section 51066(c) of the Act ("Hearing"), the housing sponsor or the tenant shall give notice to the agency of a request for a Hearing. However, the housing sponsor shall remain ultimately responsible for notifying the agency of a request for a Hearing. Said notice shall include a statement of the cause for eviction.

(c) Presiding Officers. The Hearing shall take place before a hearing officer who shall be an impartial, disinterested person, or, at the discretion of the agency, a hearing panel. Said hearing officer or hearing panel shall be selected by the agency. A party may, within twenty–four (24) hours of receiving the initial written notification from the agency identifying the hearing officer or hearing panel, request that a new hearing officer or hearing panel be assigned. The other party may, within twenty–four (24) hours of receiving the written notification from the agency identifying the reassigned hearing officer or hearing panel, request that a new hearing officer or hearing panel be assigned. Each party may request the assignment of a new hearing officer or hearing panel only once during the hearing process.

(d) Escrow Deposit. The tenant shall deposit in an escrow account maintained by the agency rent for the two week Hearing period if not already paid by such time. The escrow deposit must be received by the agency no later than twenty–four (24) hours prior to the commencement of the hearing as indicated in the written notice prepared by the agency. Failure to provide the escrow deposit in accordance with this paragraph shall result in a waiver of the tenant's right to the Hearing.

(e) Scheduling of Hearing. The agency shall schedule a Hearing promptly for a time and place reasonably convenient to both the housing sponsor and the tenant but not more than two weeks from the date the notice of request for a Hearing was received by the agency. A written notification specifying the time, place, and the procedures governing the Hearing shall be delivered to the housing sponsor and the tenant.

(f) Procedures Governing the Hearing.

(1) The housing sponsor and the tenant shall be afforded a fair hearing providing the basic safeguards of due process which shall include:

(A) The opportunity by the tenant to examine prior to the Hearing and, at the expense of the tenant, to copy, all documents and records of the housing sponsor that are relevant to the hearing and not privileged (any document not so made available after request therefore by the tenant may not be used or relied on by the housing sponsor at the Hearing),

(B) The right to representation, so long as an appearance by the representative does not delay the scheduling of the Hearing beyond the two week period specified in subsection (e),

(C) A private Hearing, unless both the tenant and housing sponsor request a public Hearing,

(D) The right to present evidence and arguments in support of his or her position, to controvert evidence relied on by the opposing party, and to confront and cross–examine all witnesses testifying at the Hearing, and

(E) A decision based solely and exclusively upon the facts presented at the Hearing that "good cause," as defined by subsection (g) of this section, for eviction has or has not been shown by a preponderance of the evidence.

(2) At the Hearing, the housing sponsor must first make a showing of "good cause" for eviction and must thereafter sustain the burden of proof as to that issue.

(3) The Hearing shall be conducted informally by the hearing officer or hearing panel and oral or documentary evidence relevant to the "good cause" issue may be received without regard to admissibility under the rules of evidence applicable to judicial proceedings. The hearing officer or hearing panel shall require the housing sponsor, the tenant, representatives of the housing sponsor or tenant, and other participants or spectators to conduct themselves in an orderly fashion. Failure to comply with the directions of the hearing officer or hearing panel to obtain order may result in exclusion from the proceedings. Either the housing sponsor or the tenant may arrange, in advance and at the expense of the party making this arrangement, to make a transcript of the Hearing.

(4) If the housing sponsor or the tenant fails to appear at a scheduled Hearing (either personally or by representative), or notifies the Agency of an intent not to be present at the scheduled Hearing, the hearing officer or hearing panel may make a determination to postpone the Hearing for a period not to exceed five business days or may make a determination that the party has waived his or her right to a Hearing. Both the housing sponsor and the tenant shall be notified of any such determination by the hearing officer or the hearing panel, such notification to include the date, time, and place of the rescheduled Hearing, if any.

(5) The hearing officer or hearing panel shall prepare a written decision, together with the reason therefor, within a reasonable time after the Hearing but, unless said Hearing was a rescheduled Hearing pursuant to subsection (f)(4) of this section, not later than two weeks after the date of receipt by the agency of the request for Hearing. A copy of the decision shall be sent to the housing sponsor, the tenant and the agency.

Neither utilization of nor participation in the Hearing process of this section shall constitute a waiver of, or affect in any manner whatever, any rights that the tenant or housing sponsor may have to a trial de novo or judicial review in any judicial proceedings, which may thereafter be brought in the matter.

(g) Definition of "Good Cause."

The housing sponsor may evict a tenant only upon the following grounds:

(1) Material noncompliance with the lease, which includes:

(A) one or more substantial violations of the lease, or

(B) habitual minor violations of the lease which:

1. Disrupt the livability of a building,

2. Adversely affect the health or safety of any person or the right of any tenant to the quiet enjoyment of the leased premises and related facilities,

3. Interfere with the management of the building, or

4. Have an adverse financial effect on the building. Rent shall be due on the first day of the rental period but will not be late until after the fifth day of that period. Unjustified non–payment of rent after the fifth day of the rental period but before either the running of a three–day notice to pay rent or quit or the close of business of the day after the day on which a Hearing decision is issued shall constitute a minor violation under the lease, but non–payment of rent or any other financial obligation under the lease after either such period shall constitute material noncompliance with the lease.

(2) Material failure to carry out obligations under state law, or

(3) Any other good cause, which may include the refusal of a family to accept an approved modified lease, for which a notice has been given as required by 24 C.F.R. Section 880.607(b)(2) or (d).

Chapter 3. Restrictions on Agency Public Benefits to Aliens

Article 1. General

§ 12001. Authority and Purpose.

This chapter is adopted pursuant to Section 51050(e) of the California Health & Safety Code in order to implement the provisions of federal legislation known as the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Pub.L. No. 104–193, 8 U.S.C. § 1601, et seq.), which provides that only citizens or other nationals of the United States or qualified aliens may receive agency public benefits. The purpose of this chapter is to implement those requirements by establishing rules and procedures for verifying the eligibility of applicants for agency public benefits.

NOTE: Authority cited: Sections 51050(e), 51050(s), 51067 and 51349, Health and Safety Code. Reference: 8 U.S.C. §§ 1601, 1621, 1625, 1641 and 1642; and Sections 51050–51070, 51100–51253 and 51325–51340, Health and Safety Code.

HISTORY

1. New chapter 3 (articles 1–2), article 1 (sections 12001–12005) and section filed 6–9–98 as an emergency; operative 8–1–98 (Register 98, No. 24). A Certificate of Compliance must be transmitted to OAL by 11–30–98 or emergency language will be repealed by operation of law on the following day. For prior history, see Register 84, No. 8.
2. Certificate of Compliance as to 6–9–98 order transmitted to OAL 9–21–98 and filed 10–28–98 (Register 98, No. 44).
3. Amendment of section and NOTE filed 11–2–98; operative 12–2–98 (Register 98, No. 45).

§ 12002. Definitions.

(a) Any term defined in Chapter 2 (commencing with Section 50050) of Part 1 of Division 31 of the California Health & Safety Code shall have the same meaning when used in this chapter as is given to it by said chapter of the California Health & Safety Code unless further or otherwise defined in this section.

(b) "Adult" means an individual who is 18 years of age or older or an emancipated minor (under 18 years of age).

(c) "Agency" means the California Housing Finance Agency.

(d) "Agency public benefit" means either of the following (excluding any benefit provided from the California Housing Loan Insurance Fund):

(1) any multifamily program unit, or

(2) any single family program loan.

(e) "Alien" means any person who is not a citizen or other national of the United States.

(f) "Applicant" means any of the following:

(1) In the case of a new tenancy for a multifamily program unit, each adult member of the household that intends to occupy the unit, or

(2) In the case of an existing tenancy for a multifamily program unit, either the head of the household that intends to continue to occupy the unit, or his or her spouse, provided however that if the household includes any other adult members other than the applicant's spouse, lineal ascendants (including but not limited to parents and grandparents) of the applicant or of his or her spouse, then such person shall also be subject to verification as an applicant, or

(3) In the case of a single family program loan, each person whose name will appear on the legal title to the residential structure which secures the loan.

(g) "Citizen" means a "citizen of the United States" as defined in the INA.

(h) "Existing tenancy" means either of the following:

(1) a tenancy which occupied a multifamily program unit before the effective date of this chapter and continues to occupy it thereafter, or

(2) a tenancy which occupied a multifamily program unit before the agency financed the applicable housing development or residential structure and continues to occupy it thereafter.

(i) "Final verification" or "finally verified" means a determination that an applicant is eligible pursuant to this chapter upon completion of the steps, as applicable, set forth in subparagraphs (a), (b), (c) and (d) of Section 12104 of this chapter.

(j) "Head of household" means the adult member of the household who is the head of the household for the purposes of determining income eligibility.

(k) "Housing development" means as defined by Section 50073.5 of the California Health & Safety Code. Housing development shall also include multifamily rental housing projects financed pursuant to Chapter 6.7 of Part 3 of Division 31 of the California Health & Safety Code.

(l) "Housing sponsor" means as defined by Section 50074.5 of the California Health & Safety Code. Housing sponsor shall also include the agency in any case where the agency owns or operates a housing development or residential structure.

(m) "INA" means the Immigration and Nationality Act (8 U.S.C. § 1101, et seq.).

(n) "INS" means the Immigration and Naturalization Service of the United States Department of Justice.

(o) "Member of spouse's or parent's family" means any person related by blood, marriage or adoption to the spouse or parent, or any person hav-

ing a relationship with the spouse or parent that is covered by civil or criminal domestic violence statutes of the State of California.

(p) "Multifamily program unit" means any rental dwelling unit which is located in a housing development or residential structure and required by the agency, pursuant to a law or regulatory or other agreement, to be occupied by a lower income household or very low income household.

(q) "National" means, as provided in the INA, either of the following:

(1) a citizen, or

(2) a person who, though not a citizen, owes permanent allegiance to the United States.

(r) "New loan" means a single family program loan for which a loan application package is received by the agency for approval after the effective date of this chapter.

(s) "New tenancy" means either of the following:

(1) a household that intends to commence occupancy of a multifamily program unit, or

(2) a household that intends to join another household which already occupies a multifamily program unit.

(t) "Nonimmigrant" means as defined in Section 101(a)(15) of the INA (8 U.S.C. § 1101(a)(15)).

(u) "Nonprofit charitable organization" means a "nonprofit charitable organization" as provided in Section 432 of PRWORA, as amended by Pub.L. No. 104–208 (8 U.S.C. § 1642(d)) which shall include, but not necessarily be limited to, organizations which have received a tax exemption pursuant to Internal Revenue Code Section 501(c)(3) and which shall exclude, but which exclusion shall not necessarily be limited to, partnerships which have a nonprofit charitable organization as a general partner unless the partnership itself is both nonprofit and charitable. An organization is "nonprofit" if it is organized and operated for purposes other than making gains or profits for the organization or its members or shareholders and is precluded from distributing any gains or profits to its members or shareholders. An organization is "charitable" if it is organized and operated for charitable purposes, including, but not limited to, relief of the poor and distressed or of the underprivileged, advancement of religion, or advancement of education.

(v) "Preliminary verification" or "preliminarily verified" means that a citizen or other national of the United States applicant has completed the steps set forth in subparagraph (a)(1) and (2) of Section 12104 of this chapter and that an alien applicant has completed the steps set forth in subparagraphs (a)(1), (2) and (3) of Section 12104 of this chapter.

(w) "PRWORA" means the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Pub.L. No. 104–193, 8 U.S.C. § 1601, et seq.) as amended.

(x) "Qualified alien" means an alien who, at the time he or she is an applicant for an agency public benefit, is any of the following:

(1) An alien lawfully admitted for permanent residence under the INA (8 U.S.C. § 1101, et seq.).

(2) An alien who is granted asylum under Section 208 of the INA (8 U.S.C. § 1158).

(3) A refugee who is admitted to the United States under Section 207 of the INA (8 U.S.C. § 1157).

(4) An alien who is paroled into the United States under Section 212(d)(5) of the INA (8 U.S.C. § 1182(d)(5)).

(5) An alien whose deportation is being withheld under Section 243(h) of the INA (8 U.S.C. § 1253(h)) (as in effect prior to April 1, 1997), or whose removal is being withheld under Section 241(b)(3) of the INA (8 U.S.C. § 1231(b)(3)).

(6) An alien who is granted conditional entry pursuant to Section 203(a)(7) of the INA as in effect prior to April 1, 1980. (8 U.S.C. § 1153(a)(7)) (See editorial note under 8 U.S.C. § 1101, "Effective Date of 1980 Amendment.").

(7) An alien who is a Cuban or Haitian entrant (as defined in Section 501(e) of the Refugee Education Assistance Act of 1980 (8 U.S.C. § 1522 note)).

(8) An alien who meets all of the conditions of subparagraphs (A), (B), (C) and (D) below:

(A) The alien has been battered or subjected to extreme cruelty in the United States by a spouse or a parent, or by a member of the spouse's or parent's family residing in the same household as the alien, and the spouse or parent of the alien consented to, or acquiesced in, such battery or cruelty. For purposes of this subparagraph, the term "battered or subjected to extreme cruelty" includes, but is not limited to being the victim of any act or threatened act of violence including any forceful detention, which results or threatens to result in physical or mental injury. Psychological or sexual abuse or exploitation, including rape, molestation, incest (if the victim is a minor), or forced prostitution shall be considered as acts of violence.

(B) There is a substantial connection between such battery or cruelty and the need for the benefits to be provided in the opinion of the agency. For purposes of this subparagraph, the following circumstances demonstrate a substantial connection between the battery or cruelty and the need for the benefits to be provided:

1. The benefits are needed to enable the alien to become self–sufficient following separation from the abuser.

2. The benefits are needed to enable the alien to escape the abuser and/or the community in which the abuser lives, or to ensure the safety of the alien from the abuser.

3. The benefits are needed due to a loss of financial support resulting from the alien's separation from the abuser.

4. The benefits are needed because the battery or cruelty, separation from the abuser, or work absences or lower job performance resulting from the battery or extreme cruelty or from legal proceedings relating thereto (including resulting child support, child custody, and divorce actions) cause the alien to lose his or her job or to earn less or to require the alien to leave his or her job for safety reasons.

5. The benefits are needed because the alien requires medical attention or mental health counseling, or has become disabled, as a result of the battery or extreme cruelty.

6. The benefits are needed because the loss of a dwelling or source of income or fear of the abuser following separation from the abuser jeopardizes the alien's ability to care for his or her children (e.g., inability to house, feed, or clothe children or to put children into a day care for fear of being found by the abuser.

7. The benefits are needed to alleviate nutritional risk or need resulting from the abuse or following separation from the abuser.

8. The benefits are needed to provide medical care during pregnancy resulting from the abuser's sexual assault or abuse of, or relationship with, the alien and/or to care for any resulting children.

9. Where medical coverage and/or health care services are needed to place medical coverage or health care services the alien had when living with the abuser.

(C) The alien has been approved or has a petition pending which sets forth a prima facie case for:

1. status as a spouse or child of a United States citizen pursuant to clause (ii), (iii) or (iv) of Section 204(a)(1)(A) of the INA (8 U.S.C. § 1154(a)(1)(A)(ii), (iii) or (iv)),

2. classification pursuant to clause (ii) or (iii) of Section 204(a)(1)(B) of the INA (8 U.S.C. § 1154(a)(1)(B)(ii) or (iii)),

3. suspension of deportation and adjustment of status pursuant to Section 244(a)(3) of the INA (8 U.S.C. Section 1254) as in effect prior to April 1, 1997 [Pub.L. 104–208, Section 501 (effective September 30, 1996, pursuant to Section 591); Pub.L. 104–208, Section 304 (effective April 1, 1997, pursuant to Section 309); Pub.L. 105–33, Section 5581 (effective pursuant to Section 5582)] (incorrectly codified as "cancellation of removal under section 240A of such Act [8 U.S.C. Section 1220b] (as in effect prior to April 1, 1997),

4. status as a spouse or child of a United States citizen pursuant to clause (i) of Section 204(a)(1)(A) of the INA (8 U.S.C. § 1154(a)(1)(A)(i), or classification pursuant to clause (i) of Section 204(a)(1)(B)(i) (8 U.S.C. § 1154(a)(1)(B)(i)), or

5. cancellation of removal pursuant to Section 240A (b)(2) of the INA (8 U.S.C. § 1229b (b)(2)).

(D) For the period for which benefits are sought, the individual responsible for the battery or cruelty does not reside in the same household or family eligibility unit as the individual subjected to the battery or cruelty.

(9) An alien who meets all of the conditions of subparagraphs (A), (B), (C), (D) and (E) below:

(A) The alien has a child who has been battered or subjected to extreme cruelty in the United States by a spouse or a parent of the alien (without the active participation of the alien in the battery or cruelty), or by a member of the spouse's or parent's family residing in the same household as the alien, and the spouse or parent consented or acquiesced to such battery or cruelty. For purposes of this subparagraph, the term "battered or subjected to extreme cruelty" includes, but is not limited to being the victim of any act or threatened act of violence including any forceful detention, which results or threatens to result in physical or mental injury. Psychological or sexual abuse or exploitation, including rape, molestation, incest (if the victim is a minor), or forced prostitution shall be considered as acts of violence.

(B) The alien did not actively participate in such battery or cruelty.

(C) There is a substantial connection between such battery or cruelty and the need for the benefits to be provided in the opinion of the agency. For the purposes of this subparagraph, the following circumstances demonstrate a substantial connection between the battery or cruelty and the need for the benefits to be provided:

1. The benefits are needed to enable the alien's child to become self-sufficient following separation from the abuser.

2. The benefits are needed to enable the alien's child to escape the abuser and/or the community in which the abuser lives, or to ensure the safety of the alien's child from the abuser.

3. The benefits are needed due to a loss of financial support resulting from the alien's child's separation from the abuser.

4. The benefits are needed because the battery or cruelty, separation from the abuser, or work absences or lower job performance resulting from the battery or extreme cruelty or from legal proceedings relating thereto (including resulting child support, child custody, and divorce actions) cause the alien's child to lose his or her job or to earn less or to require the alien's child to leave his or her job for safety reasons.

5. The benefits are needed because the alien's child requires medical attention or mental health counseling, or has become disabled, as a result of the battery or extreme cruelty.

6. The benefits are needed because the loss of a dwelling or source of income or fear of the abuser following separation from the abuser jeopardizes the alien's child's ability to care for his or her children (e.g., inability to house, feed, or clothe children or to put children into a day care for fear of being found by the abuser).

7. The benefits are needed to alleviate nutritional risk or need resulting from the abuse or following separation from the abuser.

8. The benefits are needed to provide medical care during a pregnancy resulting from the abuser's sexual assault or abuse of, or relationship with, the alien's child and/or care for any resulting children.

9. Where medical coverage and/or health care services are needed to replace medical coverage or health care services the alien's child had when living with the abuser.

(D) The alien meets the requirements of subparagraph (x)(8)(C) above.

(E) For the period for which benefits are sought, the individual responsible for the battery or cruelty does not reside in the same household or family eligibility unit as the individual subjected to the battery or cruelty.

(10) An alien child who meets all of the conditions of subparagraphs (A), (B), and (C) below:

(A) The alien child resides in the same household as a parent who has been battered or subjected to extreme cruelty in the United States by that parent's spouse or by a member of the spouse's family residing in the same household as the parent and the spouse consented or acquiesced to such battery or cruelty. For purposes of this subparagraph the term "battered or subjected to extreme cruelty" includes, but is not limited to being the victim of any act or threatened act of violence including any forceful detention, which results or threatens to result in physical or mental injury. Psychological or sexual abuse or exploitation, including rape, molestation, incest (if the victim is a minor), or forced prostitution shall be considered acts of violence.

(B) There is a substantial connection between such battery or cruelty and the need for the benefits to be provided in the opinion of the agency. For purposes of this subsection, the following circumstances demonstrate a substantial connection between the battery or cruelty and the need for the benefits to be provided:

1. The benefits are needed to enable the alien child's parent to become self-sufficient following separation from the abuser.

2. The benefits are needed to enable the alien child's parent to escape the abuser and/or the community in which the abuser lives, or to ensure the safety of the alien child's parent from the abuser.

3. The benefits are needed due to a loss of financial support resulting from the alien child's parent's separation from the abuser.

4. The benefits are needed because the battery or cruelty, separation from the abuser, or work absences or lower job performance resulting from the battery or extreme cruelty or from legal proceedings relating thereto (including resulting child support, child custody, and divorce actions) cause the alien child's parent to lose his or her job or to earn less or to require the alien child's parent to leave his or her job for safety reasons.

5. The benefits are needed because the alien child's parent requires medical attention or mental health counseling, or has become disabled, as a result of the battery or extreme cruelty.

6. The benefits are needed because the loss of a dwelling or source of income or fear of the abuser following separation from the abuser jeopardizes the alien child's parent's ability to care for his or her children (e.g., inability to house, feed, or clothe children or to put children into a day care for fear of being found by the abuser).

7. The benefits are needed to alleviate nutritional risk or need resulting from the abuse or following separation from the abuser.

8. The benefits are needed to provide medical care during a pregnancy resulting from the abuser's sexual assault or abuse of, or relationship with, the alien child's parent and/or to care for any resulting children.

9. Where medical coverage and/or health care services are needed to replace medical coverage or health care services the alien child's parent had when living with the abuser.

(C) The alien child meets the requirements of subparagraph (x)(8)(C) above.

(11) A nonimmigrant.

(y) "Qualified mortgage lender" means a mortgage lender who, pursuant to a mortgage purchase and/or servicing or other agreement with the agency, is authorized by the agency to originate for sale to the agency and/or to service single family program loans. Qualified mortgage lender shall also include the agency in any case where the agency is directly originating or servicing, as applicable, single family program loans.

(z) "Residential structure" means as defined by Section 50099.5 of the California Health & Safety Code.

(aa) "Status verifier" means the entity, including the agency or qualified mortgage lender, as applicable, responsible for verifying the eligibility of an applicant pursuant to this chapter.

(bb) "Single family program loan" means any mortgage loan originated or purchased, and owned, by the agency for the purpose of financing the construction, acquisition and/or rehabilitation of an owner-occupied residential structure.

(cc) "Unqualified alien" means an alien who is not a qualified alien.

(dd) "Written notice" means a written notification which is either hand-delivered, facsimile-transmitted or sent by certified mail. Hand-delivered notices shall be deemed received when delivered. Facsimile-transmitted notices shall be deemed received when transmitted. Certified mail notices shall be deemed received on the third calendar day following the date it is mailed.

HISTORY

1. New section filed 6–9–98 as an emergency; operative 8–1–98 (Register 98, No. 24). A Certificate of Compliance must be transmitted to OAL by 11–30–98 or emergency language will be repealed by operation of law on the following day.
2. Certificate of Compliance as to 6–9–98 order transmitted to OAL 9–21–98 and filed 10–28–98 (Register 98, No. 44).
3. Amendment of section and NOTE filed 11–2–98; operative 12–2–98 (Register 98, No. 45).
4. Amendment of subsection (y), redesignation and amendment of former subsection (bb) to new subsection (aa), and redesignation of former subsection (aa) as new subsection (bb) filed 2–4–99 as an emergency; operative 2–4–99 (Register 99, No. 6). A Certificate of Compliance must be transmitted to OAL by 6–4–99 or emergency language will be repealed by operation of law on the following day.
5. Reinstatement of section as it existed prior to 2–4–99 emergency amendment by operation of Government Code section 11346.1(f) (Register 2000, No. 5).

§ 12003. Limitation.

The purpose of this chapter is limited to establishing rules and procedures for verifying the eligibility of applicants for agency public benefits on the basis of United States citizenship, nationality or qualified alien status. In addition to the eligibility requirements set forth in this chapter, an applicant must also satisfy all other eligibility requirements pertaining to an agency public benefit.

Article 2. Eligibility for Benefits

§ 12101. Eligibility for Agency Public Benefits.

To be eligible to receive an agency public benefit, an applicant must be a citizen or other national or qualified alien, as provided herein. In the case of a multifamily program unit, if, and so long as, any applicant in a household is ineligible then the entire household is ineligible. It is an applicant's responsibility to affirmatively establish his or her eligibility.

HISTORY

1. New article 2 (sections 12101–12108) and section filed 6–9–98 as an emergency; operative 8–1–98 (Register 98, No. 24). A Certificate of Compliance must be transmitted to OAL by 11–30–98 or emergency language will be repealed by operation of law on the following day.
2. Certificate of Compliance as to 6–9–98 order transmitted to OAL 9–21–98 and filed 10–28–98 (Register 98, No. 44).
3. Amendment of section and NOTE filed 11–2–98; operative 12–2–98 (Register 98, No. 45).

§ 12102. When Must Eligibility Be Verified.

(a) In the case of a new tenancy, a multifamily program unit shall not be occupied unless and until the eligibility of all applicants for that unit has been preliminarily verified in accordance with this chapter. Following occupancy the remainder of the applicant's final verification process shall be continued on or before the next scheduled annual eligibility recertification, or, if none is scheduled, within one hundred eighty (180) calendar days of occupancy.

(b) In the case of an existing tenancy, the final verification process shall be commenced on or before the next scheduled annual eligibility recertification of that unit, or if none is scheduled, within one hundred eighty (180) calendar days of the effective date of this chapter. Notwithstanding the foregoing, when a tenancy occupies a non–multifamily program unit within a housing development or residential structure and that unit is substituted by the housing sponsor for a multifamily program unit within such housing development or residential structure, the tenancy shall be treated as an existing tenancy except that the eligibility of all applicants shall be finally verified before it shall be deemed to be qualified as a multifamily program unit.

(c) In the case of a new loan, a single family program loan shall not be made unless and until the eligibility of all applicants has been finally verified in accordance with this chapter. Notwithstanding any other provision of this chapter, in the event that an applicant's new loan verification process is not completed within fifteen (15) calendar days following the commencement of such process, neither the agency nor the qualified mortgage lender shall be required to continue to process or make the loan if either determines, in its sole discretion, that further delay will cause the loan to be uneconomical or otherwise not feasible. In the event that such a determination is made, and notwithstanding any other provision of this chapter, the verification process shall be terminated without further processing or appeal. If such a determination is made, the applicant(s) shall immediately be given a written notice of it.

(d) In the case of any single family program loan, the eligibility of any applicant who wishes to acquire, or be added to the title to, the residential structure shall be finally verified before the agency grants any necessary approval of such acquisition or addition to title.

(e) Except as provided in subparagraph (a) and (c) of this section, once a final verification process is commenced, it shall be diligently pursued to completion.

(f) Generally an applicant's eligibility need only be finally verified once during the life of the loan provided however that in any case where there is reasonable cause to believe that an applicant's eligibility status has been misrepresented, the applicant's eligibility may be reverified.

History

1. New section filed 6–9–98 as an emergency; operative 8–1–98 (Register 98, No. 24). A Certificate of Compliance must be transmitted to OAL by 11–30–98 or emergency language will be repealed by operation of law on the following day.
2. Certificate of Compliance as to 6–9–98 order transmitted to OAL 9–21–98 and filed 10–28–98 (Register 98, No. 44).
3. New subsections (a) and (b), subsection relettering, amendment of newly designated subsections (c), (e) and (f) and NOTE filed 11–2–98; operative 12–2–98 (Register 98, No. 45).

§ 12103. Who Must Verify Eligibility.

(a) When a new loan is being made, eligibility shall be verified by the qualified mortgage lender who originates the loan. When an applicant is acquiring, or being added to the title to, the residential structure of a single family program loan, eligibility shall be verified by the qualified mortgage lender who is servicing the loan.

(b) In the case of a multifamily program unit, eligibility shall be verified by the housing sponsor which owns the housing development or residential structure.

(c) Pursuant to Section 432(d) of PRWORA (8 U.S.C. § 1642(d)) and notwithstanding any other provision of this chapter, a nonprofit charitable organization that provides agency public benefits is not required to determine, verify, or otherwise require proof of eligibility of any applicant for such benefits nor is any such applicant required to be eligible. A nonprofit charitable organization shall be deemed to be providing an agency public benefit only when it is the qualified mortgage lender for a single family program loan or housing sponsor which owns a multifamily program unit, as applicable.

(d) In the case of a multifamily program unit, the reasonable cost of performing eligibility verifications shall be treated as an operating expense of the housing development or residential structure and the housing sponsor may charge a new tenancy applicant (but not an existing tenancy applicant) a reasonable eligibility verification fee only if approved in writing by the agency. In the case of a single family program loan, the qualified mortgage lender may charge an applicant a reasonable eligibility verification fee only if approved in writing by the agency.

(e) Notwithstanding the provisions of subparagraph (a) and (b) of this section, in the event that an applicant claims qualified alien status on the basis of facts and circumstances as set forth in subparagraphs (x)(8), (x)(9) or (x)(10) of Section 12002 of this chapter (involving a person who was battered or subjected to extreme cruelty in the United Sates), then the agency shall determine such eligibility as further provided in subparagraph (a)(3) of Section 12104 of this chapter.

(f) The status verifier shall keep a record of the information upon which an applicant's eligibility verification or ineligibility determination is based and shall retain such records for at least four (4) years following the completion of the verification process, except that when a single family program loan is made, the qualified mortgage lender shall keep such information for the life of the loan.

History

1. New section filed 6–9–98 as an emergency; operative 8–1–98 (Register 98, No. 24). A Certificate of Compliance must be transmitted to OAL by 11–30–98 or emergency language will be repealed by operation of law on the following day.
2. Certificate of Compliance as to 6–9–98 order transmitted to OAL 9–21–98 and filed 10–28–98 (Register 98, No. 44).
3. Amendment of section and NOTE filed 11–2–98; operative 12–2–98 (Register 98, No. 45).

§ 12104. Method of Verifying Eligibility.

(a) To obtain a final verification of eligibility for agency public benefits, the following requirements must be met:

(1) The applicant must declare under penalty of perjury, that he or she is either a citizen or other national of the United States or a qualified alien, by completing and signing the "Statement of Citizenship, Alienage and Immigration Status for State Public Benefits" form, CHFA Benefit Status Form 1, 9/98 ("Form 1") which is incorporated herein by this reference. If the applicant is an unemancipated minor (under 18 years of age) or an adult who is not competent to or has a disability which renders him/her unable to understand or execute the Form 1, the Form 1 must be executed by a parent, legal guardian, or other person legally qualified to act on behalf of the applicant; and

(2) The applicant must present documentation which contains a photograph or other information which describes the applicant (i.e. height, weight and age) that is sufficient to identify the applicant as the person named in the signed Form 1. In the event that the applicant fails to produce proper identification, the agency public benefit shall be denied without further verification; and

(3) The applicant must present documents, of a type acceptable to the INS (as set forth in List A of Form 1 in the case of an applicant who is a citizen or other national or as set forth in Section B or List B of Form 1, as applicable, in the case of an applicant who is an alien), in support of the applicant's declared status. An alien applicant must present unexpired originals of the most recently issued evidence of alien registration. In the event that an applicant claims qualified alien status pursuant to facts and circumstances as set forth in subparagraphs (x)(8), (x)(9) and (x)(10) of Section 12002 of this chapter (involving a person who was battered or subjected to extreme cruelty in the United States), then the Form 1 and copies of any identity and supporting documents shall be forwarded to the agency for verification. If an alien applicant has lost his or her original documents or presents expired documents or is unable to present any documentation evidencing his or her immigration status, the applicant shall be referred to the local INS office to obtain appropriate documentation and the agency public benefit shall be denied unless and until such documentation is presented. A fee receipt from the INS for replacement of a lost, stolen or unreadable INS document is not an acceptable substitute for the document it replaces, however, it shall suffice for the purposes of a preliminary verification. If the applicant presents documents which clearly show that the applicant is not a citizen or other national or qualified alien and the applicant does not dispute the status shown, then the agency public benefit shall be denied without further verification.

(4) Where the documents presented pursuant to subparagraph (a)(3) of this section do not on their face appear to be genuine or otherwise to be reasonable evidence of the applicant's declared status, the status verifier shall take appropriate steps to verify the declared status of the applicant. Ordinarily, the government or other entity that originally issued the documents shall be contacted for verification by the status verifier. With regard to naturalized citizens and derivative citizens presenting certificates of citizenship and aliens, the INS shall be contacted for verification. The status verifier shall request verification from the INS by sending INS Form G–845 (or any successor form designated by the INS) with copies of the pertinent documents provided by the applicant to the appropriate INS office as directed by the INS. Notwithstanding the foregoing, in the event that the INS will only accept INS Form G–845 filings from the agency, the status verifier shall forward the completed form to the agency who shall then send it to the INS. In the event that the INS then returns their response to the G–845 to the agency, the agency shall forward it to the status verifier.

(5) The type of documentation referred to the INS for verification pursuant to INS Form G–845 shall include, but not necessarily be limited to, the following:

(A) The document presented indicates immigration status but does not include an alien registration or alien admission number.

(B) The document is suspected to be counterfeit or to have been altered.

(C) The document includes an alien registration number in the A60 000 (not yet issued) or A80 000 (illegal border crossing) series.

(D) The document is one of the following: an INS Form I–181b notification letter issued in connection with an INS Form I–181 Memorandum of Creation of Record of Permanent Residence, an Arrival–Departure Record (INS Form I–94) or a foreign passport stamped "PROCESSED FOR I–551, TEMPORARY EVIDENCE OF LAWFUL PERMANENT

RESIDENCE" that INS issued more than one year before the date of application for the agency public benefit.

(6) If the INS advises that the applicant is a citizen, other national or a qualified alien, the INS verification shall be accepted and the applicant determined to be eligible. If the INS advises that it cannot verify that the applicant is a citizen, other national or a qualified alien, the agency public benefit shall be denied unless citizenship or other national status can be verified from another source.

(b) Notwithstanding any other provisions of this chapter, where an applicant has been verified by another federal, state or local entity as eligible to receive some other federal, state or local public benefit as provided by PRWORA, such verification may be accepted by the status verifier as a verification which satisfies this chapter so long as the status verifier has a reasonable belief that such verification process ensures the eligibility of the applicant as required by this chapter.

(c) If determined to be ineligible, the applicant shall be given a written notice of such determination which includes the following information:

(1) Provides the basis of the denial (i.e. his/her immigration status), and

(2) Provides information on how the applicant may contact the INS to provide additional oral or written information to the INS if he/she believes that any information provided by the INS to the status verifier was erroneous, and

(3) Provides information which identifies the status verifier, the agency and the agency public benefit and includes the agency's address, and telephone number, and

(4) Provides a description of the agency appeal process which is available to the applicant.

(d) The verification process shall be deemed to have commenced when the applicant completes and signs the Form 1 referred to in subparagraph (a)(1) of this section and to be completed upon the completion of the applicable appeals process as provided in Section 12107 of this chapter. In the event that the applicant does not request an appeal in a proper and timely manner, then the verification process shall be deemed to be completed upon the expiration of the time limit for requesting the appeal. The applicant may waive, in writing, his or her right to appeal at any time prior to the expiration of the time limit for requesting the appeal and the verification process shall be deemed to be completed upon receipt by the status verifier of such waiver.

(e) The agency and any housing sponsor or qualified mortgage lender acting pursuant to this chapter shall not be liable for any action, delay or failure of the INS or any other person or entity in conducting the verification process.

HISTORY

1. New section filed 6–9–98 as an emergency; operative 8–1–98 (Register 98, No. 24). A Certificate of Compliance must be transmitted to OAL by 11–30–98 or emergency language will be repealed by operation of law on the following day.
2. Certificate of Compliance as to 6–9–98 order transmitted to OAL 9–21–98 and filed 10–28–98 (Register 98, No. 44).
3. Repealer of former section 12105 and renumbering of former section 12106 to section 12105, including amendment of section and NOTE, filed 11–2–98; operative 12–2–98 (Register 98, No. 45).
4. Amendment filed 2–4–99 as an emergency; operative 2–4–99 (Register 99, No. 6). A Certificate of Compliance must be transmitted to OAL by 6–4–99 or emergency language will be repealed by operation of law on the following day.
5. Reinstatement of section as it existed prior to 2–4–99 emergency amendment by operation of Government Code section 11346.1(f) (Register 2000, No. 5).

§ 12106. Remedies for Ineligibility.

(a) In the case of a new tenancy, any household containing one or more applicants who are determined to be ineligible prior to occupancy, shall be denied occupancy to the multifamily program unit.

(b) Where a multifamily program unit is occupied by an ineligible household, the housing sponsor shall, within one hundred eighty (180) calendar days following the completion of the eligibility verification process, either commence proceedings to evict the ineligible household or substitute for the noncompliant multifamily program unit another unit within the housing development or residential structure which is occupied by an eligible household (or which is vacant and reserved for occupancy by an eligible new tenancy household) and which is otherwise compliant with the agency's requirements. Notwithstanding any other provision of this chapter, in no event shall an eviction be commenced with respect to a multifamily program unit before one hundred eighty (180) calendar days following the effective date of this chapter. Once an eviction is commenced it shall be diligently pursued by the housing sponsor until the ineligible household is removed, unless prior thereto, the housing sponsor substitutes a compliant multifamily program unit for the noncompliant one. So long as such eviction is diligently pursued, the housing sponsor and the affected unit shall not be in violation of this chapter with respect to such unit.

(c) In the case of a new loan, all applicants who are not finally verified as eligible shall be denied the single family program loan. In the case of any single family program loan, all applicants who are not finally verified as eligible shall be denied any necessary agency approval of their acquisition of, or addition to title to, the residential structure.

(d) In the event that an applicant's citizenship, other nationality or alien status is misrepresented to a housing sponsor, qualified mortgage lender, the agency or their representatives for the purpose of obtaining an agency public benefit, such housing sponsor, qualified mortgage lender, the agency or their representatives may take appropriate remedial action against such applicant which may include but shall not necessarily be limited to denial of a single family program loan, denial of approval of the applicant's acquisition, or addition to title to, the residential structure securing a single family program loan, foreclosure of a single family program loan or debarment from the receipt of future agency public benefits.

(e) In the event that a housing sponsor or qualified mortgage lender fails to comply with the requirements of this chapter, such noncompliance shall be deemed to be a violation of not only this chapter but also a violation of any regulatory and/or other loan agreement with the agency or mortgage purchase and/or servicing and/or other agreement with the agency, as applicable, which violation shall entitle the agency to pursue any appropriate remedies against the housing sponsor or qualified mortgage lender under any provisions of such agreements or otherwise available at law or in equity. Notwithstanding the foregoing, a qualified mortgage lender shall only be liable for repurchasing a loan if it intentionally or negligently made the loan to an ineligible applicant.

HISTORY

1. New section filed 6–9–98 as an emergency; operative 8–1–98 (Register 98, No. 24). A Certificate of Compliance must be transmitted to OAL by 11–30–98 or emergency language will be repealed by operation of law on the following day.
2. Certificate of Compliance as to 6–9–98 order transmitted to OAL 9–21–98 and filed 10–28–98 (Register 98, No. 44).
3. Renumbering of former section 12106 to section 12105 and renumbering of former section 12107 to section 12106, including amendment of section and NOTE, filed 11–2–98; operative 12–2–98 (Register 98, No. 45).

§ 12107. Appeal Process.

(a) Any applicant who is determined to be ineligible to receive an agency public benefit pursuant to this chapter may appeal such determination as provided in this section.

(b) The applicant shall utilize the following appeal process:

(1) To be considered, an appeal: (A) must be submitted in writing to the agency; (B) must be either hand–delivered, facsimile–transmitted or postmarked within fifteen (15) calendar days from the applicant's receipt of the written notice of determination of ineligibility; and (C) must state the reason the applicant believes the determination was in error.

(2) Upon receipt of an appeal, the agency shall appoint a person to serve as a review officer which person may be either an employee or independent contractor of the agency. The review officer shall not be the same person as rendered the determination being appealed nor a subordinate of such person.

(3) The review officer may determine the relevance of the submitted information and may request additional information from the applicant or the person who rendered the determination being appealed and any other source he or she determines, in his or her sole discretion, has relevant and reliable information, including but not limited to, the INS. The review officer may set a cut–off time after which no additional information will be accepted.

(4) The review officer shall conduct a review of the determination being appealed, including all information upon which it was based as well as all information submitted by the applicant in support of his or her appeal. The authority of the review officer shall be limited to determinations of eligibility pursuant to this chapter and he or she shall have no authority to overrule any decision or conclusion of the INS regarding the applicant's immigration status.

(5) Notwithstanding any other provision of this chapter, if, during the appeal process, the review officer is informed by the agency that the applicant is ineligible to receive the agency public benefit for reasons other than those set forth in this chapter, the appeal shall be dismissed.

(6) The review officer shall use his or her best efforts to provide a written notice of decision to the applicant within fifteen (15) calendar days following the receipt of the appeal provided, however, that in the event the review officer is unable to do so, he or she shall provide a written notice to the applicant that (A) additional time is necessary, (B) the reasons why, and (C) the date by which the decision will be rendered. In the event that the review officer is unable, after using his or her best efforts to do so, render the decision within the specified time frame, the review officer may repeat the extension process, as necessary, until the decision is rendered. The decision of the review officer shall be a final administrative decision which completes the final verification process.

2. Repealer of Articles 1–3 (Sections 13000–13203, not consecutive) and Article 4 (Section 13302), and renumbering of Article 4 (Sections 13300 and 13301) to Article 1 (Sections 13300 and 13301) filed 7–28–83; effective thirtieth day thereafter (Register 83, No. 31).

§ 13301. Vote Requirement.

No action shall be taken by the Board of Directors without the affirmative vote of fifty–one percent (51%) of the voting Board members then in office at the duly called Board meeting.

NOTE: Authority cited: Section 51050(e), Health and Safety Code. Reference: Sections 50901 and 50916, Health and Safety Code.

§ 13302. Approval of Contractual Agreements and Debt Obligations.

(a) The Board of Directors shall authorize any sale of obligations or securities or other debt obligations and shall approve other major contractual agreements. Any other contractual agreements or debt obligations may be approved by the Executive Director pursuant to this section. The Board of Directors may also delegate any contracting authority to the Executive Director on terms provided by Board resolution.

(b) "Major contractual obligations" shall mean operating agreements or obligations which in any fiscal year exceed, or are reasonably expected to exceed the higher of $1,000,000, or such other sum as the Board of Directors may establish from time to time by resolution. Obligations which in any fiscal year do not exceed, or are not reasonably expected to exceed the amount established above may be approved by the Executive Director. The Board of Directors may approve any major contractual obligation either by resolution; or by approving the Agency's annual operating budget, provided that any such major contractual obligation is set forth in a line item in such budget. If the Executive Director determines that there is an emergency, and that such emergency requires the Agency to enter into a major contractual obligation on an expedited basis, the Executive Director may approve the obligation, but shall bring the obligation to the Board for review and ratification at the next regularly scheduled Board meeting.

(c) The Executive Director may delegate his/her authority to approve contractual agreements or debt obligations to any employee of the Agency. Except in the event of extraordinary circumstances, any such delegation of authority shall be in writing and a copy filed with the General Counsel prior to the exercise of such authority. Under extraordinary circumstances, the Executive Director may delegate orally his/her authority to approve contractual agreements or debt obligations. In delegating his/her authority to approve contractual agreements or debt obliga-

tions the Executive Director may impose limitations and/or conditions on such authority and may permit further delegation of such authority to any other employee of the Agency.

(d) "Extraordinary circumstances," as used in subdivision (c) above, means such circumstances as the Executive Director shall determine are sufficient to justify an oral delegation of his/her authority to approve contractual agreements or debt obligations. A determination by the Executive Director that extraordinary circumstances exist may be validly communicated, orally or in writing, to any employee of the Agency.

(e) The Executive Director may ratify the purported approval by any employee of the Agency of any contractual agreements or debt obligations which would have been within the authority of the Executive Director to approve at the time of such purported approval.

(f) No sale of obligations or securities or debt obligations or contractual agreements shall be approved unless and until they have been approved by the General Counsel as to legal sufficiency. The General Counsel shall determine which contractual agreements or debt obligations require Board of Director approval as provided herein and which do not. The General Counsel may issue opinions which interpret this section and any employee of the Agency may act in reliance upon such opinion. The General Counsel may delegate his/her authority under this section to other attorneys employed by the Agency.
